## Admiral Lawrence to receive Teddy

Vice-Admiral William P. Lawrence, a former prisoner-of-war and currently chief of personnel for the U.S. Navy, has been named recipient of this year's Theodore Roosevelt Award.

Lawrence will be honored at the Association's honors luncheon January 9, 1984, at Loews Anatole in Dallas during the opening day of the 1984 Convention.

The Theodore Roosevelt Award is presented annually to a prominent American "for whom competitive athletics in college and attention to physical well-being thereafter have been important factors in a distinguished career of national significance and achievement."

The award is named for the 26th President of the United States, who played a key role in organizing what later became the NCAA.

Arnold Palmer, who won more than 80 titles on the professional golf circuit after winning two individual collegiate titles while competing at Wake Forest University, was the 1983 "Teddy" winner.

Other previous winners include President Dwight D. Eisenhower, U.S. Senator Leverett Saltonstall, U.S. Supreme Court Justice Byron H. White, Purdue University President Frederick L. Hovde, National Aeronautics and Space Administration official Christopher C. Craft Jr. and Jerome H. "Brud" Holland, United States Ambassador to Sweden.

Also, General of the Army Omar N. Bradley; Jesse Owens, perhaps the greatest track and field athlete of

## Limits on recruiting sought in proposals

*Editor's Note: This is the sixth article in a series on legislation to be considered at the 78th annual NCAA Convention. The topical groupings treated in this issue is recruiting. In the remaining issues of The NCAA News preceding the Convention, legislation in the following topical groupings will be discussed: playing and practice seasons, personnel limitations, and general.*

A proposal to prohibit all in-person recruiting contacts 48 hours prior to and 36 hours after the National Letter of Intent signing date will be voted on by delegates to the 1984 NCAA Convention in Dallas in January.

The legislation, Proposal No. 97, is sponsored by the NCAA Council on the recommendation of the Collegiate Commissioners Association. Additionally, the proposal would limit in-person recruiting by any institutional staff member or representative of an institution's athletic interests beginning on the Thursday prior to the NCAA Division I Men's Basketball Championship and ending

at noon on the Tuesday after the final game. No other officially recognized recruiting period would be affected by the proposal, which will be voted on by Divisions I and II and has an immediate effective date.

Proposal No. 102 seeks similar recruiting prohibitions in connection with the Division I Women's Basketball Championship. Sponsored by the Council on the recommendation of the Women's Basketball Coaches Association, the proposal would prohibit any in-person recruiting in Division I women's basketball by an institution's staff member during the semifinal and final rounds of the championship. The legislation would take effect immediately.

Proposal No. 103, sponsored by the Council as recommended by the American Football Coaches Association, would limit recruiting contacts in person by a Division I institution's coaching staff during the AFCA convention; specifically, the period between 12:01 a.m. on the day of registration and 12:01 a.m. on the day after adjournment of the AFCA convention. If approved, the legislation would be in effect immediately.

The eight members of the Ivy Group are seeking an exemption from the prohibition on off-campus recruiting by an institution's alumni or athletics interests via Proposal Nos. 94, 95 and 96. All have immediate effective dates.

Proposal No. 94 would exempt institutions that do not offer athletic grants-in-aid; Proposal No. 95 would exempt institutions that do not subscribe to the National Letter of Intent, and Proposal No. 96 would authorize the Council to waive the recruiting restriction for institutions that do

## Football attendance drops despite I-A gains

By James M. Van Valkenburg  
NCAA Director of Statistics

Despite a per-game increase in Division I-A and record years for the Big Ten, Southeastern and Atlantic Coast Conferences and I-A Southern independents, college football attendance in 1983 dropped for the first time in nine years and for only the second time since 1953.

The national decrease was 236,760 spectators, making the total 36,301,877 for all 651 four-year colleges in the United States with varsity teams (505 are NCAA members). In percentage terms, the decrease was 1.44 percent. The decline in 1974 was only 0.15 percent, or 47,685 spectators.

In 1953, attendance declined 606,331, dropping to 16.7 million. It increased in 1954 (third year of the NCAA Football Television Plan), reaching 17 million, and until this year had increased every year since, except for 1974. The NCAA television

plan was instituted in 1952, after major attendance declines in 1951 (almost 1.5 million) and 1950 (nearly 700,000) with no television restrictions.

The increase in Division I-A was a modest 171 spectators per game, or 0.41 percent. Total attendance in I-A, however, was down a little more than 100,000, because I-A teams played five fewer home games in 1983 than in 1982 (while Division I-AA teams played seven more home games than a year ago).

Attendance comparisons reflect 1983 changes in conference, division, independent and association lineups to provide a valid comparison (the 97 teams in I-A in 1982 averaged 43,689, but when eight teams that moved back to I-A this season are added, this fell to 41,991 for the 105 current I-A teams, which averaged 42,162 this fall.)

### Schedule quirks a factor

Much of the reason for the attend-

ance decline involves quirks, or cycles, in the national schedule. For instance, the top 100 teams in attendance (90 are I-A members) this season averaged 44,155 per game—up 873. However, they played nine fewer home games than in 1982, so their total would have been nearly 400,000 higher had they played the same number of home games. The 100th-place team averaged 17,475, so simple

mathematics will show that this factor alone caused more than the national decline.

(These nine games by the top 100 teams were on the road and had to be against teams averaging 17,474 or less for a total of 157,266 at most; so this factor caused a minimum drop of 240,129, and the national decline was 236,760.)

See Football, page 9

## Basketball rules committee for women is recommended

The Special NCAA Committee on Publication of NCAA Women's Basketball Rules will ask the NCAA Council to sponsor legislation at the 1985 Convention to create a separate NCAA women's basketball rules committee.

The special committee will ask the Council at the 1984 Convention to support a resolution calling for the

creation of a 13-member women's rules committee that would determine rules, effective for the 1985-86 season. Should that resolution be approved, a special interim committee would be established to begin determining such rules.

Currently, women's intercollegiate basketball rules are maintained and administered by the U.S. Girls' and Women's Basketball Rules Committee under the auspices of the National Association for Girls and Women in Sport.

Acting on behalf of the Council, the NCAA Administrative Committee appointed the special committee this fall, instructing it to explore the feasibility of publishing and administering NCAA women's basketball rules. The special committee met in October to review its charge and identify problems, ques-

## More teams for women advocated

*Editor's Note: This is the seventh article in a series on legislation to be considered at the 78th annual NCAA Convention. The topical groupings treated here are membership and classification, and amateurism. In the remaining issues of The NCAA News preceding the Convention, legislation in the following topical groupings will be discussed: playing and practice seasons, personnel limitations, and general.*

A proposal to require Division I institutions to sponsor eight sports for women by the 1987-88 academic year will be considered by the NCAA Convention in January. Another proposal would require Division II members to sponsor six women's sports by the 1986-87 academic year.

Proposal No. 109, sponsored by all members of the Big Ten Conference and five other member institutions, would require Division I members to sponsor six women's sports during 1985-86, seven women's sports in 1986-87 and eight women's sports by 1987-88.

The legislation provides for exceptions, based on interest or enroll-

# Carnival atmosphere exists at Mirage Bowl

By Ed Fowler  
Houston Chronicle

There comes a point in the life of each of us when we must stop and confront that centuries-old question: What in blazes am I doing here? Thus . . .

The Mirage Bowl, in Tokyo, Japan, reflects a happy symbiosis of two Japanese traits, a penchant for graciousness and ceremony and a healthy respect for the value of a yen. At the bottom line, it is a promotional gimmick, but the blaring capitalist strains are muted by cultural and cross-cultural themes of a more subtle quality.

It began in 1976 as the Pioneer Bowl, sponsored by the stereo manufacturer, when Atsushi Fujita, a television executive, was approached about presenting a concert of American marching bands. Fujita had enough experience with the United States to realize the event envisioned was essentially a half-time show and decided he might as well import the whole package.

Grambling State met Morgan State in the first—and only—Japanese Pioneer Bowl, played at Mourakuen Stadium, a 50,000-seat facility that is the home of the baseball Tokyo Giants. When Pioneer dropped its sponsorship after its inaugural game, Mitsubishi, a major auto maker, picked it up. It has maintained it since.

If any altruism was involved in Mitsubishi's decision, it is less evident than the commercial implications. Under Japanese law, no product that has not been approved for the market by the appropriate government agency may be advertised.

Two months after the company's backing and the name change were announced, Mitsubishi's Mirage model was introduced, with substantial name identification already developed. (The Mirage is sold in the United States as the Dodge Colt.)

Grambling returned against Temple for the first Mirage Bowl, and Temple played Boston College in 1978. "You can tell by the caliber of teams we had in the beginning," says Cellin Gluck, a Japanese-Jewish executive of Tele Planning International, organizer of the game, "that getting started wasn't easy. Notre Dame got the game mentioned in People Magazine and Sports Illustrated and put a mark on the Mirage Bowl that it wasn't just a flash in the pan."

Notre Dame defeated Miami (Florida), 40-15, in the 1979 game, the first played in Olympic Stadium, which seats 71,000 fans but strains to contain 80,000 with standing room each year. "Notre Dame was looking for a trip," says Michi Jinno, general manager of Tele Planning's New York operations, "and we were talking about adding one more zero to the guarantee money."

"To make it feasible," says Gluck, "we've got to guarantee the minimum they would expect to get from the gate at home."

Its credibility established by Notre Dame's appearance, the game picked up more the next year when UCLA drubbed Oregon State, 34-3. Major West Coast universities enjoy a recognition factor in Japan that may surpass that of the Irish.

## Columnary Craft

Air Force beat San Diego State, 21-16, in 1981, and last year Clemson defeated Wake Forest, 21-17.

Southern Methodist defeated Houston in the seventh Mirage Bowl this year.

The organizers paid the schools a guarantee plus expenses, and they do not stint. Transportation by Japan Air Lines charter and hotel accommodations are top-drawer. A welcome dinner for both teams, plus bands, cheerleaders and the remainder of the traveling parties, at least matched the best parties thrown by U.S. bowls, featuring excellent entertainment, escargot, raw oysters and rare roast beef as well as tempura and sushi. It was held in the opulent New Otani Hotel, at which President Reagan was feted earlier last month.

The guarantee is negotiated anew each year. The participants this year are due \$150,000 each, making it in Jinno's words, "one of the expensive ones." He adds, "The universities are getting more demanding now that our game is getting bigger."

Executives refused to reveal financial data, but expenses are offset by the sale of nationwide television rights and tickets that sell for up to \$60 for a "sky-box" seat, the price of which includes lunch and souvenirs.

"It's a pretty good bargain," says Jinno, who attended

college in Canada and California, "for a businessman who wants to take a couple of clients, especially if he wants to do business in the United States. For \$200, you can't stay too long in the bars in Ginza (a fashionable nightclub district)."

Although American football is played on a small scale at some Japanese universities, no one pretends the public is knowledgeable of the sport. Organizers say proudly that a substantial percentage of Tokyo's 11 million citizens have seen the game, assuming near-complete turnover in the live audience each year.

Tele Planning officials are sensitive to comments on the commercial implications of the game, which has been described, based on such phenomena as cars on display in the end zones, as nothing more than a strident marketing ploy.

"The bottom line," says Gluck, "is that it's our client's sales tool. But the cultural exchange is very important, too. That's why Fujita (who started the game and heads Tele Planning) wants prestige, wants it to be first-class."

"We could do it cheaper, but the next generation of Americans is participating, and Mitsubishi wants them to get the feel of what Japan is like. You can't really do that in a week, but at least they can say they've had a good time. It's good public relations for the company."

For the Japanese, it has its uplifting aspects as well. A major sumo tournament is in progress in Tokyo, but, says Gluck, "That's a sporting event, not a festival."

"This is more of a circus atmosphere. People don't follow the teams through the year, they couldn't care less who wins. It's the parades and spectacle they like. After the game, everyone, even the band members, will be asked for their autographs, and people will trade anything they have for those signatures. It's almost like being in a Boy Scout jamboree, where kids trade everything."

"It's the only real annual festival Tokyo has anymore. When I was growing up in Japan, every community in Tokyo had its own festival. Those have been swallowed up by the size of the city. The appeal of the Mirage Bowl is in the parades and other activities."

Or, as a TV announcer who will call the game put it, "We'll focus on the players, bands and cheerleaders, not necessarily in that order."

# Freshmen need adjustment time

Dean Smith, basketball coach  
University of North Carolina, Chapel Hill  
*The New York Times*

"The young student-athlete, like all students, must make the adjustment to living away from home, to a more demanding and competitive academic environment, and to a changed social setting. In addition to these adjustments, we have been asking the freshman athlete to give many hours of time and attention prematurely to another major dimension of his college life, the 'high profile' teams of football and basketball. It is common sense that the diversion of the student-athlete from what should be primary in his freshman year is not in his best interests."

Editorial  
*The Sporting News*

"Ruling freshmen ineligible would not attack the real mess—admission of athletes with no realistic hope of doing college work. They're labeled 'nonpredictors,'

## Opinions Out Loud

which translates into high school grades and test scores too low to warrant admission to college. But if a nonpredictor is a brilliant basketball or football prospect, he'll get an athletic scholarship from one of our institutions of higher learning."

Greg Dreiling, basketball player  
University of Kansas

*United Press International*

"It was tough to keep the probation (Wichita State University) out of my mind. You could see that the other players on the team were having a hard time dealing with it also. There were times when you wanted to talk to someone about it but you just didn't."

"I wasn't getting things done. There were always friends around who wanted me to do this and that. As a result, I probably wasn't in the best shape I could have been or didn't dedicate the time it takes to develop your game into that of a top-flight college player."

"After sitting out a year, I can see the benefits of coming into college and having a year to adjust. There was a lot of pressure when I arrived at Wichita State, and it would have been nice to have some time away from it."

Stephen Horn, president  
California State University, Long Beach  
*Los Angeles Times*

"I personally never have seen any studies supporting the contention that freshmen would do better in the

classroom without the demands of varsity athletics, but I have been sympathetic to that view, and I have argued on the floor of the NCAA Convention against the eligibility rule."

"However, when weighed against the complete nonsense of increasing scholarships simply to start a freshman program, I would favor retention of the eligibility rule."

"What's the purpose of trying to find more study time, of trying to make the transition easier for freshman athletes, if you're simply going to create another program for them? What's the purpose of trying to economize if you're going to increase scholarships?"

Linda Petlichkoff, doctoral student  
Kansas State University

*Juco Review*

"Both research and experience have shown that to be effective, goals should be difficult. If not, the athletes lose interest because they are not challenged. We must be careful, however, that the goals our players set are not excessively difficult; they also must be realistic, given their ability and experience. Setting unrealistic goals will only cause frustration and decreased motivation. Thus, a good coaching rule is to help your athletes set goals that are difficult enough to challenge but realistic enough to achieve."

Marino H. Casem, football coach  
Alcorn State University

*The Washington Post*

"In the East, college football is a cultural exercise. On the West Coast, it is a tourist attraction. In the Midwest, it is cannibalism. But in the South, it is religion, and Saturday is the holy day."

Wilma Scott, former president  
National Organization for Women

*USA Today*

"Fifteen years ago, they said women weren't interested in playing sports, but now we know they are when the resources and opportunities are there. Women do gain self-confidence from developing their bodies as well as their minds."

Tom Merritt, NBC

*The Washington Post*

"The demand on the viewer to be more discerning is greater now with so many options. Five or six years ago, if there was a blowout or a bad game in any sport, the viewer might have had nothing else to go to. Now, you can spin the dial and there's boxing, some sports news show, a greater volume of choice. That goes for college football or anything else on the weekends."

## Questions/Answers

**Q.** What do the symbols SA, BS, DG, K, E and TA signify in volleyball box scores, and how are percentages derived?

**A.** SA stands for service ace, which is a serve that directly results in a point. BS represents a block solo, or a block at the net by a player on the spiking (attacking or offensive) attempt that directly results in a point or side-out. DG signifies dig. A dig is awarded to a player who makes an exceptional pass on a ball that has been attacked by the opponent. A dig that goes over the net does not receive credit. Digs only are awarded when a player receives an attacked ball. A kill (K) is awarded to a player any time the opposition is unable to return an attack or any time the attack directly leads to a blocking error by the opponent. E means error, which is a spiking attempt that directly results in a point or side-out for the opponent. Errors include spiking the ball into the net, spiking the ball out of bounds, committing a net or center-line violation while spiking the ball, opponent blocks for a point or side-out, or illegal contact while attempting to spike. Total attempts (TA) include the total number of kills and errors. Percentages are derived by subtracting errors from kills and dividing that product by total attempts. An instruction sheet, which contains information on how to score matches and definitions of volleyball terms, is available from the NCAA.

## Basketball notes

## Women's teams gain in spectator interest

Attendance figures for women's college basketball, collected and compiled for the first time after the 1982 and 1983 seasons, show that the sport is gaining increasing interest among spectators. NCAA Division I attendance, near the two-million mark in 1982, surpassed that plateau in 1983 with an increase of 201,152 or 9.84 percent.

Increases of 8,743 and 13,046 for Divisions II and III, respectively, and a slight increase by non-NCAA teams raised the total for senior-college varsity teams from 3,622,508 to 3,863,199. An increase of the same size (240,691) in 1984 would mean more than four million people will attend women's basketball games at 963 institutions (764 are NCAA members).

Division I attendance increased 51 per game from 1982 to 1983, for an average of 691. The Division I tournament average of 2,105 per session brought the total to 73,687 in 1983. Attendance at the Divisions II and III tournaments also showed sizable increases (see table.)

The list of Division I team leaders—topped by Louisiana Tech, Kentucky and Tennessee—features some familiar names. The chart will show that most of the attendance leaders also are teams that have long been powerhouses in the women's game. (It should be noted that some women's teams play double-headers with the men's teams at their schools; however, double-headers are omitted when figuring attendance.) Team leaders below the Division I level include Savannah State, 1,631; Pembroke State, 1,303, and Texas A&I, with an average of 1,062 per game (all figures are for the 1983 season).

Division I conference attendance leaders, based on conference lineups and averages for the 1983 season, include the Southeastern (10 teams), 1,894 per game; Atlantic Coast (eight teams), 791 per game; High Country (Brigham Young, Colorado State, New Mexico State, New Mexico, Utah and Wyoming), 728 per game; the Big Ten, 578 per game, and the Southwest (nine teams), 524 per game.

**Add winningest coaches**

Omitted from the Division II winningest active coaches list published in last week's issue of The NCAA News was St. Cloud State's Gladys Ziemer. In her 11th season as the St. Cloud coach, Ziemer had a 157-93 record prior to the 1984 season, for a percentage of .628, 18th on the list.

**The gentle giant**

Clarence "Bighouse" Gaines, who recently became the fourth coach in college basketball history (all divisions and associations) to win 700 games (he has since been joined by DePaul's Ray Meyer in the 700 club), is a big man. At 6-4½ and 290 pounds, he played tackle at Morgan State—twice earning black all-America honors—as well as basketball. Upon graduation, he was offered a job teaching and coaching at Winston-Salem State ("I was a little nuts," he recalled).

A year after he took the job, the athletics director moved to another college and left Gaines in charge. "I was the coach, the manager, the statistician, the janitor and everything else," he told The New York Times.

Besides coaching football, boxing, tennis and basketball and overseeing the athletics program, Gaines taught classes in mathematics, health and physical education. In the summers, he earned a master's degree in physical education at Columbia University.

Gaines decided after the 1950 season to concentrate on basketball and give up the football head-coaching job. But Earl "The Pearl" Monroe, who led Winston-Salem to the NCAA Division II championship in 1967 (the first time a predominately

black college had won an NCAA basketball championship), recalls that Gaines kept his interest in football: "Coach hasn't changed. I guess he's mellowed out a bit. When I was there, he used to practice with the football team without pads on. He was rough guy, but he was a gentle giant, if you know what I mean."

Before a recent game, a little girl stood before the huge gray-haired man seated in the bleachers at the C.F. Gaines Center and asked, "Are you the real coach?" Gaines smiled and said, "When we win, I'm the coach. When we lose, I'm somebody else." Gaines has become a legend; he is one of the great coaches, and his players will tell you he always is there when you need him for guidance. But that does not help him recruit the talent he once commanded.

"The same quality athletes we came up with 10 years ago are almost off limits," he said. High school coaches tell him, "This is a Division I kid—keep your hands off, Gaines." So, Gaines tries to be content taking players referred by the school's alumni and operating his entire athletics program on \$250,000—about what many major colleges allot for football recruiting alone. "The only thing that really saves you," he said, "is that there are just a whole lot of kids playing basketball."

**Quotes of the week**

DePaul's Ray Meyer, who recently became the fifth coach in all of college basketball history (all divisions) to win 700 games, believes in an open locker room. Players sometimes need a second wind to handle the second-guessers, but Meyer has no second thoughts about letting them answer media questions for themselves. "They've got to go through life," he told Joel Bierig, Chicago Sun-Times. "It's better to learn now than five years from now. They've got to face reality. Life is very real."

Prior to the game with Indiana at El Paso, UTEP coach Don Haskins presented his fishing buddy Bob Knight with a large cowboy hat. Haskins said, "I tried to find the proper color for you—black—but I

Louisiana State senior Joyce Walker is among the leading scorers with an average of 26.8

couldn't find it." Moments before the tipoff, Knight walked down to Haskins, put his arm around him and said, "Here, have a mint. . . and stay off the refs." (Haskins' team won, 65-61.) (Eddie Mullins, UTEP SID)

Oklahoma State coach Paul Hansen, after his team's final intra-squad game: "It wouldn't be fair for me to criticize the defense—there wasn't any."

Hansen before the St. Louis game: "Because of the economy, the state of Oklahoma wants us to conserve, so I might just start four people Saturday." (Steve Buzzard, Oklahoma State assistant SID)

After every game, the Illinois basketball team holds a short prayer in the dressing room. After the Loyola (Illinois) game, in which sophomore guard Doug Altenberger missed an attempt at a dunk late in the game, Altenberger was the one giving the prayer. He ended with, ". . . and Lord, please help Doug Altenberger get a dunk this year. . . Amen." (Tab Bennett, Illinois SID)

New Mexico coach Gary Colson immediately after his team's 65-60 victory at UCLA: "I feel like crying.

Danny Tarkanian, Nevada-Las Vegas, leads the assists category with 10.5 per game

I've never felt like this after winning a game, and I'm doing it right here at Pauley Pavilion. I guess we made a lot of people happy." (Greg Remington, New Mexico assistant SID)

Navy, now 8-0, is off to its fastest start in almost 40 years (the 1944-45 team started 12-0), and its winning streak is the longest since the 1961-62 season. Before victory No. 7 at Lehigh, coach Paul Evans says he had the eating experience of a lifetime. Evans, his three assistants and four others with the Navy team were guided to Al's Lunch, where they met Helen, matriarch of the eight-stool diner. After a dinner of bacon cheeseburgers, homemade french fries, unlimited soda pop, dessert, and a special side dish of meatball sandwiches, Helen announced the bill. "I'll give you the same rate I give my kids," Helen said. "Eight dollars for everybody." (The Navy contingent finally was able to give the protesting Helen \$20, but she wouldn't take a penny more.) (Rick Christ, Navy assistant SID)

In an interview in Charleston with The News and Courier, South Carolina State first-year head coach Chico Caldwell took note of the

Akron's Joe Jakubick is fifth in Division I scoring with a 26.9 average

team's average of 22 turnovers a game last season and predicted that would change: "The first thing I told the players when I got here was that a basketball cost \$54, and we can't afford to be throwing it away." (Bill Hamilton, South Carolina State SID)

Before the Notre Dame game at South Bend, Lehigh freshman guard Mike Polaha, who had never been in a plane or stayed at a hotel, started to make his bed. Statistician Ron Ticho said, "Hey, Mike you don't have to do that." Mike said, "But I don't want to go to sleep tonight in a messy bed." Ticho said, "They make it for you." Replied Mike, "Golly, wow, that's great." (Ron Ticho, Lehigh statistician)

**Double streaks at Louisiana Tech**

Louisiana Tech's men's team has won 14 in a row at home and Tech's women's team 22 straight at home since their new home, Thomas Assembly Center, opened December 4, 1982. The men lost, 46-45, to Southwestern Louisiana that opening night, and the Lady Techsters dropped a 64-58 decision. (Randall Reese, Louisiana Tech graduate assistant SID)

**Double-sport excellence**

Junior guard Tim Pfaff decided to compete in cross country at Swarthmore the night before preseason practice started, just to stay in shape for basketball. Pfaff surprised everyone by shattering the course record by 22 seconds and becoming only the second Swarthmore runner since 1972 to qualify for the Division III national championships, which were held at Newport News, Virginia, the same day the basketball season opened. He finished in the middle of the pack, hopped a plane for Philadelphia, then scored 20 points and handed out five assists in an 84-51 victory over Penn State-Capitol. (Elliott Tannenbaum, Swarthmore SID)

**Student-athletes**

The term student-athlete has a special meaning at Drexel. Coach Eddie Burke's 13-man roster this season includes 10 players who were honor roll or National Honor Society members in high school. In addition, Drexel is a member of the East Coast Conference, which was found, in a recent survey, to have the second-highest percent of "on-time" graduation rates for athletes in the nation (behind only the Ivy Group). In his seven years at Drexel, 13 of the 15 players recruited by Burke graduated on time. (Bob McComas, Drexel SID)

Ohio Northern senior point guard Scott Stemple wears many hats. As well as being a two-year starter, he holds down two jobs, is married and has a daughter. With a regular course load as well, he still has managed a 3.200 grade-point average. (Tom Didato, Ohio Northern SID)

NATIONAL WOMEN'S COLLEGE BASKETBALL ATTENDANCE  
(For U.S. Senior-College Women's Varsity Teams)

## SMU has the 'horses' to win it all again

Villanova's Marcus O'Sullivan anchors two-mile relay victory

By Wallace I. Renfro  
The NCAA News Staff

There probably is more balance among college teams around the country in men's indoor track in 1984 than in the past several years. But that balance does not mean that the competition will be greater.

One of the reasons is the abundance of talented athletes who are hoping to qualify for the Olympics. The American and foreign athletes competing in collegiate meets are pacing themselves as the Olympics draw near. And coaches admit that they will not overwork their athletes prior to the Olympics and that if something has to receive less emphasis, it probably will be indoor track.

Another factor is the selection process for the NCAA championships that narrows the field to a specific number of athletes who have met a qualifying standard. The process tends to discourage team development because athletes must continue to improve their times to survive the selection cuts.

For the first time, the NCAA Men's Indoor Track Championships will not be held in Michigan. The 1984 meet moves to the Carrier Dome in Syracuse, New York.

It also will be the first time that the meet will be run over metric distances and on a flat, nonwooden track.

"I don't think the new track will be a disadvantage to us," said Ted McLaughlin, coach of the indoor and outdoor defending champion Southern Methodist Mustangs. "Actually, I think we will perform better."

SMU is one of the teams that will dominate indoor track in 1984. The

Mustangs have a strong nucleus of returning weightmen, and that is where they scored 23 of their 43 points in the NCAA championship last year.

Michael Carter already has collected a total of six championships in the shot put in indoor and outdoor competition, and he has his heart set on capturing two more in 1984. He is the defending indoor champion.

Robert Weir, the defending 35-pound weight throw champion, also is back, along with Anders Hoff and Keith Bateson.

Russell Carter will not be returning to lead off the mile relay for SMU, but McLaughlin has enough sprinters for a competitive unit. SMU was second nationally in the event last year.

Two Mustangs who should score are Paul Rugut and Henry Andrade. Rugut ran the fastest collegiate indoor 1,500 last year at 3:36.34 but failed to qualify for the finals at the NCAA indoor meet. Andrade was fifth in the outdoor 110-meter hurdles last spring.

"I don't like the position, but I guess we are one of the favorites," said McLaughlin.

A team that has dominated collegiate track for a decade is UTEP. The Miners won three NCAA championships in a row and had not finished lower than second since 1973 before SMU broke the string last year.

With a cadre of distance runners and an assortment of individual superstars, the Miners were untouchable. But injuries dropped UTEP to fourth last year. However, the Miners served notice in cross

country this fall that they are back, winning the NCAA Division I meet.

Coach Larry Heidebrecht is using the formula that has worked for the Miners in the past. He will try to accomplish in the two-mile run what SMU does in the weight events.

Zak Baric, Gidamis Shahanga and Sam Ngatia are the heirs apparent to the two-mile domination that UTEP once enjoyed. If any of them falter, Heidebrecht also has Mohamed Rutiginga and Mathews Motshwaratu.

Milt Ottey was second in the indoor high jump in 1982 and won the outdoor event, but a broken arm sidelined the 7-7½ jumper last year. He is back this year.

Another 1982 performer who missed last year is spring Fabian Whymns, who was fifth in the 60-yard dash two years ago. He has a personal best of 6.13 in the 60.

SMU's chief competition in the 35-pound weight throw has been UTEP's Tore Johnsen, and he returns. Johnsen won the event in 1982 and finished second last year.

Other UTEP standouts are Carl Meylor in the 400, freshman Joey Wells in the 55-meter dash and long jump, and junior Norbert Elliott in the triple jump.

Villanova is another team with a rich track tradition. The Wildcats have won three indoor championships and finished second five other times, including last year.

The Wildcats have used the middle-distance events and relays to stay in the national limelight. Coach Charlie Jenkins will put together a similar type of team in 1984.

The biggest name in the Villanova lineup is John Marshall, who can run competitively anywhere from 500 to 1,000 meters. He won the 880 at the NCAA indoor meet last year and finished fifth in the 1,000.

Marcus O'Sullivan was fourth in the mile in 1982 but was too ill to run the event last year. However, he did run the anchor leg for the first-place two-mile relay team that set an NCAA record.

Also back in the relays and in the 3,000 is John Keyworth, a member of the two-mile relay team.

Jenkins has recruited some freshmen who will add depth to the Wildcats' lineup. Tony Valentine has recorded 47.07 in the 400 in high school competition. Sean O'Neill, from Northern Ireland, holds that country's 800-meter record of 1:48.82.

Another talent-laden indoor team and probably the most unpredictable is Washington State. The Cougars' unpredictability for NCAA competition is a result of coach John Chaplin's not emphasizing indoor track.

"This is voluntary here. If the kids don't want to go, we don't go," Chaplin said. "This may be the last time we ever run indoors."

Washington State has what it takes to be a top national contender.

Richard Tuwei was sixth in the NCAA indoor mile in 1982 and second in 1983 in both the mile and 1,000. He also was the 1982 steeplechase winner.

Sotirios Moutsanas owns a 1:46.66 in the 800 and was sixth in the event in the 1982 NCAA meet.

Peter Koech and Julius Korir, both Kenyans, are strong contenders in the 3,000. Koech was third in the two-mile in 1982 and sixth in 1983 and was second in the 5,000 and third in the 10,000 outdoors in 1982. Korir was second in the steeplechase in 1983.

See Nebraska, page 8

See SMU, page 8

## Nebraska women retain championship form

Women's collegiate track and field continues to improve so rapidly that last year's record performances have become fairly routine this year.

Indoor track will be the first glimpse of what to expect in 1984.

What can be expected is that there are a number of teams pushing Nebraska for national honors. The Cornhuskers are the defending indoor champions; on paper, they are as strong as they were a year ago.

"If we can keep everyone healthy, we should be pretty good," coach Gary Pepin said. "We are at least as good as we were last year. But we have a small squad, and injuries could hurt us."

The Cornhuskers are well-suited for indoor competition. Until next year when the triple jump is added to the list of events, there are only three field events; that is the area of Nebraska's greatest weakness.

On the other hand, the Cornhuskers are loaded with talent in the sprints and relays. They scored all but 16 of their 47 points in the NCAA meet last year in sprints and relays, and all of those scorers return.

And they did it without Merlene Ottey, who sat out the indoor season to concentrate on the outdoor events.

Ottey is back for her last NCAA competition, and she is a two-time AIAW national champion in the short sprint, with a personal best of 6.61 in the 60.

Also back in the sprints are Janet Burke, the defending NCAA champion; Angela Thacker, a sophomore who was third in the same meet, and Rhonda Blanford, who was third in the outdoor 100 last spring.

Blanford was sixth in the 60-yard hurdles at the NCAA meet last March, and she was third in the 100 outdoors.

Ottey and Burke also are among the fastest in the nation in the 400; and Pepin says Jennie Gorham, a former American record-holder has returned to form. Ottey has a world best of 53.20 in the 440.

In the 600, Nebraska has Marcia Tate, who was third in the event at the NCAA meet last year, and Nicole Ali, only a sophomore. Burke, Ali, Gorham and Tate all ran on the mile-relay team that finished second last year; and with the addition of Ottey, Nebraska has a lot of maneuvering room.

Pepin also expects some immediate help from English freshman Laura Wight, who has a 2:07 in the 800, and South African freshman Nicole Landeman, who has a 2:06 in the 800 and a 4:24 in the 1,500. These two freshmen also should give Nebraska a strong two-mile relay team.

Nebraska is not without potential in the field events. Thacker was second in the long jump last year and sixth outdoors, but she is hampered by tendinitis that affects her jumping.

"I can't believe how absolutely great she is running now," Pepin said. "But the tendinitis is bothering her when she jumps."

Nebraska will be the team to beat.

One of the biggest question marks is Florida State's potential. Coach Gary Winckler does not emphasize the indoor program, but the Seminoles finished second outdoors last spring and have the sprint talent to give Nebraska fits indoors.

With Marita Payne, Brenda Cliette and Randy Givens returning and freshman Samantha Givens joining the group, the Seminoles are dangerous in the sprints and mile relay.

A team that is certain to be a

challenger for national honors is Tennessee. Coach Terry Crawford's Volunteers came within three points of Nebraska last year.

Crawford lost some major talent in hurdler Benita Fitzgerald, 600-yard champion Delisa Walton Floyd and sprinter Sharrieffa Barksdale, but she has plenty of talent back.

"I don't see how we can dominate," Crawford said. "This really is a transition year for us. We have some good young people coming in, but I don't think they are ready."

Tennessee should have the kind of transition year that most other teams would like to have every year.

Joetta Clark is the defending champion in the 880, and Cathy Rattray was fourth in the 600 last year. Those two also ran on the winning mile relay team.

Tennessee's biggest question will be whether it can fill some holes in the individual running events and the relay with freshman sprinter Mary Bolden and middle-distance runner Liz Natale.

Also returning is Patricia Walsh, who was fifth in the shot put last year indoors, and Allison Quelch, who helped the Volunteers to fourth place in the cross country championship this fall.

Houston is another team with sprint talent. Michele Clover was second in the 60 last year, and she returns. The Cougars have two other sprinters—Jackie Washington, who the coaching staff says probably is the best sprinter on the squad, and Tara Mastin—who are both under 7.0.

Coach Tom Tellez also has Cindy Angalone, a sophomore who was third in the 1,000 indoors last year, and Carol Lewis, who is the defending

long jump champion both indoors and outdoors.

Houston could be helped by some outstanding freshmen. Theresa Dunn has run a 2:09 outdoors in the 800, Kym Carter cleared 6-2½ in the high jump in high school two years ago but was hurt last year and Kim McDole has jumped 20-1 in the long jump.

The Cougars are a potential top-five team.

Alabama tied for 10th in the NCAA meet last year with 10 points, all on the high-jumping ability of Disa Gisladdottir, who won both the indoor and outdoor championships in 1983.

Gisladdottir is back and will be the cornerstone on which coach John Mitchell builds his team. The senior from Iceland has a personal best of 6-2.

Mitchell is not without other talent. Barbara Scott, a junior, has a personal best in the long jump of 20-9¼; and Pia Iacovo will try to convert her fourth-place discus finish in the outdoor meet into points indoors in the shot.

Mitchell believes he will have a mile-relay team, but he still is adjusting the runners. The possibilities are Belinda Little, Barbara Scott, Lillie Leatherwood and Inger Bjertnes.

That means he also likely will have talent in the 400 and 500, and he has junior college transfer Diana Horton in the 800.

Brigham Young returns a national champion in Aisling Molloy, who won the indoor mile in 1983. She is from Ireland and so is Carey May, who won the Osaka Marathon last year. May is a contender in the two-mile run.

# Vermont, Utah look like teams to beat again

By Wallace I. Renfro  
The NCAA News Staff

There is plenty of snow on the ground in the West and in the East, and that is good news for everyone in intercollegiate skiing. But it is doubtful that the sharing of favorable conditions will affect the West's chances of dominating the sport again.

"We have a good base. And after four lean years in the East, it is good to see," said Chip LaCasse, men's skiing coach at Vermont. "But right now, I'm more worried about what effect the Olympics may have on our squad."

Vermont, the NCAA runner-up the past three years and the 1980 champion, is the only team from the East to win the NCAA meet since Dartmouth captured the title in 1958. Dartmouth also tied Colorado for the crown in 1976.

Vermont is expected to be the class of the East again this winter and a top contender for national honors, but the winter Olympics in 1984 could make a difference. Bruce Likly and Todd Boonstra were named to the World Cup team earlier this year, and both are strong contenders for the Olympic team.

"If they make it, they probably will leave school in late January to start training," LaCasse said. "It would be difficult to make up for the loss of talent. On the other hand, to make the Olympic team probably is a one-shot opportunity, maybe once in a lifetime."

The Catamounts lost national champions in Alpine skier Tor Melander and Nordic skier Beth Heiden. Also gone is Pal Sjulstad, who raced on the national champion cross country relay team last year.

"We've never lost such high-caliber skiers all in one year like this year," said LaCasse. "You can't replace the experience; you can only hope to replace some of their skill. It is really our greatest loss ever."

However, LaCasse is far from being despondent. Among the Alpine skiers, he has Mark Smith, Andrew Shaw and Scott Heald, and he has freshman Dean Keller joining the squad.

Smith was ranked No. 1 in the East in the slalom last year and finished 10th in the NCAA meet. He was fourth in the slalom in 1982. Shaw was 11th in the country in giant slalom last year, and Heald was eighth in the slalom. Keller was a member of the U.S. development team.

Vermont's Nordic skiers include Boonstra, third in NCAA cross country competition last year, and Fredrik Thaulow, who was seventh. Boonstra and Thaulow are two-thirds of the championship relay team.

Also back is Jon Zdechlik, a senior who was a member of the NCAA championship relay team in 1981.

The star newcomer is Likly, also a member of the U.S. development team. The weakest part of Vermont's program may be women's Alpine. Vermont lost Laurie Baker, who finished fifth in the NCAA slalom last year. Returning are Gayle Voelker, Jennifer Kennedy and Amy Bergstrom.

To strengthen the Alpine program, Vermont brought in freshman Julie Woodworth, who the coaching staff says is "probably the best woman ski recruit in the nation."

Even with Heiden gone, Vermont will have a strong women's Nordic team. Returning are Joanne Musolf, third in individual cross country competition in the NCAA meet last year, and Betsy Haines, who was

Utah's Harold Gefele, second in men's slalom in 1983 NCAA championships

sixth. They make up two-thirds of the cross country relay team that finished third.

The other likely relay member will be Jorunn Gran-Henrkisen, a sophomore who was seventh in the individual competition last year.

Middlebury has consistently finished behind Vermont in the East, but the Panthers will have to depend on their Nordic skiers to stay in contention.

"Our Alpine teams have been decimated by graduation, and we look for this to be a rebuilding year for both the men's and women's teams," said coach Terry Aldrich.

The men's Nordic team includes Mike Graham, Dave Spaidal and Mark Larsen, all veterans. The women's Nordic team is anchored by Wendy Reeves, who finished second in the NCAA meet last year.

Dartmouth has been improving; and one of the reasons is Jory Macomber, who finished fifth in the NCAA slalom competition last year and second in the giant slalom.

The probable leaders of the Dartmouth women's Alpine team are freshmen Debby Rowe, the junior Eastern slalom champion in 1982, and Nancy Lane, third in the junior Eastern meet last year.

The Big Green has two outstanding Nordic performers in Erich Wilbrecht and Glenn Eberle. Both are contenders for the Olympic team.

Williams' Nordic team probably will not appear in the national limelight, but the Alpine skiers are among the best in the East. Crawford Lyons and John Pier lead the slalom and giant slalom teams. Heidi Knight is the top returning women's Alpine skier. She was sixth in the NCAA giant slalom.

On the whole, the West has greater balance than the East, where Vermont is the unchallenged leader.

Utah is the defending national champion, and the Utes proved that it does not require a lot of superstars to win nationally. Utah won only one individual championship but outscored runner-up Vermont, with three champions, by 46 points.

Coach Pat Miller consistently brings in new blood at Utah without the need of a major transfusion. The Utes lost four key skiers, including two men and two women from the Alpine and the Nordic programs, but Miller recruited seven freshmen.

Bjorn Gefele is gone; but brother Harold, second in the men's slalom in the NCAA meet last year, returns. Also back for the men's Alpine events are David Roth, a sophomore who was 10th in the nation in giant slalom last year, and Albert Innamorati, who was on the U.S. team at the World University Games last year but who was fourth in the giant slalom in 1982.

The stars of the Utah program may be the women's Alpine skiers. Kathy Kreiner captured the women's giant slalom last winter for the Utes' only NCAA individual championship; she also was sixth in the slalom. Beate Bahlum was third in the giant slalom and fourth in the slalom, and Jill Robins was fourth in the giant slalom. Those three scored almost 25 percent of Utah's total points in the 1983 national championships.

If that does not give Utah enough Alpine depth, five of Miller's seven

Vermont's Joanne Musolf

recruits are Alpine skiers. Three of the five were members of the U.S. development team and a fourth was on Norway's national team last year.

The men's Nordic program is solid, with Bernt Lund, a three-time all-America skier and fourth in the nation last year, and Knute Engbretsen, eighth in the country, both back. They also are two-thirds of the second-place relay team. The other two recruits are men Nordic skiers.

It is the women's Nordic squad that is Utah's "weakness." Miller returns Tone Jahren and Runa Skyttersaeter. Both were members of the relay team that finished fifth in the nation last year, and both are good individual skiers.

However, Miller was unable to recruit anyone for the women's Nordic team.

With a firm grasp of understatement, Miller predicted that the Utes "should be as strong as we were in 1983."

The team that looked unbeatable on paper a year ago was Colorado. The Buffaloes were the defending team champion and the winners of 11 NCAA championships; and for 1983, they were strong and deep.

Then the injuries came; and Colorado "fell" to fourth, its worst finish in 14 years.

Under new head coach Alan Ashley, the Nordic coach under former head coach Tim Hinderman and a member of two national-championship teams at Colorado, the Buffaloes are not as strong on paper in 1984. But that could be to their advantage.

After an injury kept him out of competition last year, Seth Bayer is back and healthy. He was the 1982 giant slalom champion. Bayer also was fifth in the slalom in 1982.

Also returning is Alpine skier Brenda Muglione, a former AIAW all-America who sat out last year to compete with the U.S. ski team. Joining her is Barbie Standteiner, who transferred from Denver when the skiing program was dropped.

Standteiner was fifth in the nation in the giant slalom last year and ninth in the slalom.

Colorado also has consistent Nordic skiers in Egil Nilsen, the 1982 cross country champion, and Lynda Walters, eighth in the nation last year.

A team that is closing fast on the leaders in the West is Wyoming. The Cowboys were third in the nation last year and boasted two national champions.

Asa Svedmark, who won the women's slalom, is gone; but Cowboy coach Tom Ameel recruited well.

Wyoming's other national champion, Rune Helland in men's cross country, is back to anchor the Nordic team. Hege Peikli was fourth in the women's cross country race, and she returns.

"Since we brought in more skiers than we lost, we feel like we should be slightly improved over last year," said Ameel. "We'll have more depth in cross country, and the Alpine team should be as good as last year's group."

Even more promising for the Cowboys is that the two relay teams that finished second in the women's event and third in the men's return intact.

New Mexico may have the strongest women's Nordic team in the country; it certainly was a year ago. The Lobos won the relay, and the entire three-woman team returns.

Additionally, New Mexico's Heidi Sorensen finished fourth in the cross country race.

# Basketball

Continued from page 1

tions and concerns (see The NCAA News, October 24). Following extensive discussions with coaches at NCAA institutions and NAGWS representatives, the committee reconvened December 11-12 in Kansas City.

The consensus of the coaches contacted was that there is a need for more effective and efficient administration of the rules and interpretations and that this need could best be met by an NCAA committee whose sole responsibility was to the membership, according to special committee chair Pam Gill, University of California, Davis.

The resolution adopted by the

special committee cited the structure of the current rules committee, "which comprises representatives from six organizations with varied interests in and emphasis on women's basketball," and concluded that the NCAA membership "would be served more effectively and efficiently by an NCAA committee whose responsibility and obligation is to serve that specific membership. . . ."

Also contained in the resolution is a request that the provisions of Bylaw 3-5 be applied to such NCAA women's basketball rules. This bylaw currently stipulates that NCAA men's basketball and football rules must be followed during regular-season play.

## All-Americas named in volleyball

All-America players in Divisions II and III women's volleyball have been selected by the Collegiate Volleyball Coaches Association, and awards have been presented by Russell Athletic Company, the CVCA sponsor.

Division II winners were announced at the NCAA Division II Volleyball Championship in Lakeland, Florida. Division III winners received their awards at the NCAA Division III Volleyball Championship in La Verne, California.

Following are the CVCA all-

Americas:

### Division II

Kim Holder, outside hitter, California-Riverside; Lynda Johnson, setter/hitter, Portland State; Linda Wilson, middle blocker, Cal State Northridge; Cheryl DeVita, middle blocker, Air Force; Debbie Bush, setter, California-Riverside, and Shelli Mosby, setter, Cal State Northridge.

### Division III

Jennifer Townsend, outside hitter, Occidental; Lori Cantu, outside hitter, MIT; Molly Wheatley, outside hitter, UC San Diego; Kristin Kilbourn, middle blocker, UC San Diego; Cathy Dulkowski, setter/hitter, Elmhurst, and Louise Schwartz, setter, UC San Diego.

## NCAA rules lacrosse handle is illegal

A two-piece, extendable handle for use in lacrosse will not be legal for NCAA competition during the 1984 season, according to E. Richard Watts Jr., chair of the NCAA Men's Lacrosse Committee.

At the recent rules meeting of the United States Intercollegiate Lacrosse Association, a model of this handle was evaluated by members of the NCAA committee.

"The handle in question had been approved for use by the USILA, but NCAA Rule 1-22 provides that any new equipment also must be evaluated and approved by the NCAA committee," Watts noted.

After reviewing the two-piece, metal-plastic handle, the committee determined that it would not recommend its use during the 1984 season. "We suggested that the vendors

## Clemson's two-sport star Eppley is a Tiger in the classroom, too

By Michael V. Earle  
The NCAA News Staff

Clemson rarely honors its athletes by retiring their jerseys, despite its tradition-rich football program. Only one football jersey—No. 4, won by quarterback Steve Fuller—has been retired. Hanging next to Fuller's jersey in the glass enclosure in the varsity athletes' dining hall is the No. 30 of Wayne "Tree" Rollins, who starred in basketball in the mid-1970s.

Mike Eppley probably deserves a similar honor, but he most likely will not get it.

Eppley defies the demands of today's major college athletics programs. After quarterbacking Clemson to a 9-1-1 record this season, Eppley took a 24-hour break and reported for basketball practice. Within a week, Eppley was playing in a basketball tournament. He led a comeback and directed the Tigers to a 66-61 overtime victory over Marquette to win the four-team tournament.

For the past two years, Eppley has been the only Division I-level athlete to start in football and basketball. But Eppley's athletic accomplishment is not the only reason that an argument could be made to retire his No. 14 football jersey and his No. 10 basketball jersey. Eppley has managed to be outstanding in the classroom, too. After coming to

Mike Eppley

Clemson on the Frank Johnstone Jervey Scholarship, which is awarded to outstanding student-athletes, Eppley has maintained a 3.500 grade-point average in administrative management.

"I'm happy doing something I enjoy doing," Eppley said. "If recognition is added to it, that's a plus. Playing football and basketball and keeping the grades up aren't as difficult as some people make it out to be."

"I like being involved in sports, but there is still plenty of time for homework or going out with the guys. But I'm here for an education; it comes before athletics."

Eppley credits his family's influence. His father was a three-sport athlete as a prepster, and his mother played basketball in high school and college. Eppley's older sister played volleyball at Virginia Tech for four years and currently assists the Western Carolina volleyball team.

One of Eppley's most devoted admirers is his grandfather, who attends all of Clemson's home football

games dressed in burnt orange and wearing a button that proclaims "No. 14 is my grandson."

"I've been fortunate here because my parents come to the home games and make the road trips when they are within a reasonable distance," Eppley said. "They're both great athletes, and they worked with me when I was young. I think they always wanted me to play ball, but it was never like a weight on my shoulders."

Eppley says football is his better sport, but he enjoys basketball more because he likes the fast pace and playing offense and defense.

Eppley has had his share of injuries. In 1981 spring football drills, he suffered a broken wrist. Later, he damaged ligaments in his left knee in a pickup basketball game. He re-injured the same knee in a basketball game last February, came back with the help of a heavy knee brace to play in the last three games and then had arthroscopic surgery last March.

But Eppley was ready for the 1983 football season. He directed Clemson's I-formation offense to 250 yards per game rushing and finished the year as No. 1 ranked passer in the Atlantic Coast Conference.

Eppley has one more year of football eligibility (he was redshirted in 1981). This will be his last season of basketball. The highlight of his basketball career was when he started 15 of Clemson's last 16 games and led the Tigers to a National Invitation Tournament berth as a sophomore.

Perhaps basketball coach Bill Foster summed up Eppley's character best when he said, "You could go 0-28 with a team full of Mike Eppleys. You'd hate like the devil to be losing, but you could handle it with a bunch like him."

But, obviously, Mike Eppley is not a loser.

## SMU

Continued from page 6

High jumper Brent Harken (7-6½) was third in the nation in 1982 and was fifth in 1983.

Joseph Taiwo was third in the NCAA indoor triple jump in 1981 and was second in 1983. His best jump is 55-5¼.

Tore Gustafsson was seventh in the 35-pound weight throw last year.

That is not all Chaplin has, but it is enough to get the point across: Washington State is loaded.

Iowa State should be greatly improved in 1984. The Cyclones finished 11th at the 1983 NCAA indoor meet.

Sunday Uti is back. He was second in the 440 last year; and with Villanova's Carlton Young and UTEP's Bert Cameron gone, he might be the country's top 400-meter runner. He also finished second in the event outdoors last spring.

The Cyclones also have Yobes Ondieki, third in the outdoor 5,000 in 1983 and second in the NCAA Division I Men's Cross Country Championships this fall. The Cyclones' Joseph Kipsang was fourth in the 10,000 last spring.

Bob Verbeeck was fifth in the indoor mile in 1982 but missed the 1983 season. He is back this year.

High jumper Brian Tietjens recovered from an accident to finish third in the 1983 outdoor meet. And Iowa State returns three-fourths of its third-place indoor mile relay team.

Tennessee, Alabama and Houston have been the major contributors to the short sprints; they probably will be again in 1984, but with some new blood.

Tennessee no longer has Willic Gault, and Alabama is without Calvin Smith and Emmitt King. That makes Houston's Mark McNeil the top returning place-finisher in the 55-meter dash.

Houston also has Ferran Tyler,

who may be the country's best freshman recruit.

Tennessee returns Sam Graddy, a sophomore who was fifth in the 100 outdoors last spring and third in the Pan American Games last summer. Coach Stan Huntsman also has sophomore Terry Scott, third in the 100 last spring, and Terry McDaniel, a freshman who was a two-time Michigan state high school champion in the 100.

Alabama has Walter Monroe, a senior, and Lamar Smith, a sophomore, who have been running in the shadows of Calvin Smith and King. Coach John Mitchell believes his

Crimson Tide could provide some surprises this winter.

He also has Cedric Vaughans, Terry Menelee and William Wuyke, who are competitive in the 400 through the 1,000 and who will combine with Monroe and Smith to give Alabama relay material.

Houston also will be heard from in other events. Coach Tom Tellez has Cletus Clark and Stefan Baker in the hurdles, a mile relay team that could include Anthony Ketchum, high jumper Marshall Broadway (7-5), and Lyndon Sands and Byron Criddle in both the long jump and triple jump.

At Tennessee, Huntsman almost always has relay material available; with quartermilers Laron Brown, Darryl Canady, Anthony Bowie and Doug Hedrick, he hopes to have a competitive mile relay, plus having Brown and Canady in the 400.

Tennessee also has long jumper Greg Neal (25-10¼).

Texas Tech's Delroy Poyser and Arkansas' Michael Conley are among the best long jumpers around. Poyser was third in the NCAA meet last year, and Conley was sixth. Conley is the defending triple jump champion.

Arkansas was third in the nation last year and certainly will be a contender in 1984. The Razorbacks were fourth in the two-mile relay in 1983, and that gives them plenty of entries in other events. All members of the relay team—Paul Donovan, David Swain, Thomas Moloney and Ed Williams—return.

The other two returning national champions from last year's NCAA indoor meet are Indiana's Sunder Nix in the 600 and San Jose State's Felix Bohni, winner of both the indoor and outdoor pole vaults.

## Nebraska

Continued from page 6

BYU also finished fourth in the two-mile relay last year; half the team returns, with Karen Alexander and Jill Holiday. With May, Molloy and Janell Neeley, BYU should be competitive in the relay.

Stanford never can be ignored in women's track. The Cardinal, coached by Brooks Johnson, finished third indoors last year, sixth outdoors and second in cross country this fall.

Always on the verge of greatness, the Cardinal has been plagued by injuries. For a team that relies primarily on its distance runners to score national points, the injuries have had an effect on Stanford's depth.

If everyone stays healthy, the Cardinal will be in the thick of things again in 1984.

Ceci Hopp won the outdoor 3,000 two years ago but was redshirted for track in 1983. She still is bothered by injuries but certainly is capable of scoring points.

Alison Wiley, a Canadian sophomore, picked up where Hopp left off and won the outdoor 3,000 last spring. She was second in the indoor two-mile in 1983. Winning the event was Patti Sue Plumer, and she returns.

The Cardinal also has Regina Jacobs, ninth in the outdoor 800 last spring and the first Cardinal to cross the line in cross country this fall, and Cory Schubert, who was 31st in cross country.

Carol Cody is another standout. She was second in the shot indoors in 1983 and won the outdoor event.

Wisconsin won the two-mile relay last year, and half of the squad is back. The Badgers also have Cathy Branta, fifth in the two-mile run in 1983.

Coach Peter Tegen could score points again in the two-mile relay with Sue Spatholz and Mary Anne Brunner, and he will try to qualify them in the 800 or 1,000.

Wisconsin could score with Kris Eiring, a sophomore who set a school

record in the 60-yard dash at 6.90, and freshman Renee Jones, who owns a personal best of 6.93.

Michigan State lost NCAA 400-meter hurdle champion and Pan American gold medalist Judi Brown, but coach Karen Dennis returns Jacquie Sedwick, who was second in the indoor 880 last year and was a member of the mile-relay team that finished third.

Dennis also has a healthy Anne Pewe, a former AIAW all-America who missed last year with an injury. And Dennis recruited well, getting freshmen Marcelle Kendall, the New York state 440 champion last year, and Connie Burnett, the Pennsylvania state champion in the outdoor 440 and the indoor 600.

Michigan could score points in the long jump with senior Candy Burkett, who has jumped 19-11¼.

A team that worries Nebraska coach Pepin is Virginia. The Cavaliers recruited a host of freshmen who may pay off in 1984 but certainly are

investments in the future for coach Dennis Craddock.

The names to look for are Sonja Fridy and Ellen Fox in the sprints; Phyllis Buber, who has a 54.4 outdoors in the 400 and a 1:23 in the 500; Kim Kelly, Sandra Williams and Michelle Rowen, all at 2:10 or better in the 800; Rowen, who also has a 4:19 in the mile, and Patty Matava, 9:25 in the 3,000.

Fridy and Fox both have jumped 19-10 or better in the long jump.

UTEP has a couple of athletes who will score indoors in 1984. Linda McCurdy was sixth in the high jump last year at 6-0, Cynthia Henry has cleared 20-8¼ in the long-jump, Debbie Green has a long jump of 20-3¼ and freshman Deborah Givens owns a 55.1 in the 440 outdoors.

Two more national champions who will return are Clemson's Tina Krebs in the 1,000 and Fairleigh Dickinson-Teaneck's Candy Young, the hurdles champion.

# Football

Continued from page 1

In 1982, it was just the reverse: The top 100 teams in attendance played more home games than in 1981. Division I-A played more home games and I-AA fewer home games. (And we pointed out in this story a year ago that this contributed to the big national increase.) In 1981, like 1983, the top 100 again played fewer home games, I-A fewer and I-AA more. And guess what? The national increase was the smallest in seven years.

Division I-AA declined 2.74 percent to 10,844 per game, but its total was down only a little more than 59,000 because of more home games. Similarly, the "grass roots" teams—the 462 below I-AA—were down only a little less than 71,000, to 6,040,407, because of more home games. In per-game average, NCAA Division II declined 2.03 percent to 4,429, and Division III declined 5.87 percent to 2,069. The 146 non-NCAA teams were up 2.29 percent to 2,142 per game. A year ago, it was just the reverse, as the non-NCAA sector was the only one showing a decline.

## Big Ten, SEC lead the big seven

As always, the Big Ten Conference led the country in per-game attendance and once again set an all-time national record at 67,471 per game—764 above the old record it had set in 1982. Big Ten total attendance was down only because four fewer home games were played.

The Southeastern Conference, which annually plays more home games than the Big Ten, set an all-time national high in total attendance at 4,214,702—8,195 above the record it had set a year ago, even though it played one less home game. The SEC also reached a record high in per-game average at 64,842, breaking its record in 1982.

For the fifth straight year, the top seven conferences totaled more than the rest of the country combined, and the margin was the widest ever—19 million vs. 17.3 million. The 64 teams in these seven conferences averaged 49,509.

In the past, the top seven have been referred to as the one-million-attendance conferences, but this is nearly out of date. Now six of them total two million or more—all but the Western Athletic. The Atlantic Coast reached two million for the first time this year and set a per-game record at 42,608, breaking the record it set in 1982. The Pacific-10 reached 47,248—second in its history to 47,882 in 1980. The WAC came down only slightly from its all-time high of 1982, while the Big Eight and Southwest declined slightly.

The Southern independents zoomed up 16.77 percent to a record 38,383 per game, while the Eastern independents, at 43,491, showed a tiny decline of 70 spectators per game from a record 1982 figure. The 22 I-A independents as a group averaged 39,414 per game—up 1,200.

In I-AA, perennial leader Southwestern Athletic again led the way at 16,117 per game, while the Ivy jumped 10.88 percent—biggest 1983 increase by any conference—to second place at 15,192. The Big Sky amazingly equaled its 1982 average exactly, while the other I-AA conferences declined slightly.

In percentage of capacity, the SEC again led the way with a remarkable 98.5 percent, the Big Ten was again second at 94.1 percent and the ACC again was third at 88.6 percent. Next were the Big Eight at 85.7 percent and Eastern independents 77.7. In I-AA, the Big Sky (69.2), Southern (67.7) and Southland (67.6) were I-2-3, but the I-A Mid-American was above them at 75.7.

## Conferences below I-AA

For the third straight year, the Lone Star led all conferences below the I-AA level, averaging 7,228 per

game. The Central Intercollegiate and Gulf South again ranked second and third (although the top three all declined). The North Central increased and moved up a notch to fourth while the Southern Intercollegiate dropped one place to fifth. The two newcomers to the top 10 are the Western Football (13th to sixth) and Oklahoma Intercollegiate (14th to eighth). The 31 conferences averaging above 2,000 (same total as 1982) are listed below:

CONF. (Teams)	AVG.	CHANGE	PCT.
Lone Star (8)	7,228	Down 15.03	
Central Inter. (12)	6,192	Down 0.53	
Gulf South* (9)	5,702	Down 0.28	
North Central (10)	5,235	Up 3.91	
Southern Inter.* (11)	4,953	Down 12.89	
Western Football* (4)	4,384	Up 17.98	
Pennsylvania (14)	4,352	Down 4.12	
Oklahoma Inter. (5)	4,347	Up 34.58	
South Atlantic (8)	3,956	Up 5.61	
Little Three (3)	3,821	Down 7.86	
Central States (8)	3,570	Up 6.28	
Missouri Inter. (6)	3,520	Down 5.76	
Arkansas Inter. (7)	3,432	Down 10.39	
Heartland* (7)	3,384	Up 9.55	
Great Lakes (7)	3,192	Up 7.26	
Independent College (5)	2,615	Up 5.96	
Northern Calif. (7)	2,589	Down 35.93	
Wisconsin State (9)	2,401	Down 0.99

Presidents* (8)	2,052	Down 7.57	
Iowa Intercollegiate (8)	2,034	Down 8.58	
Michigan Inter. (6)	2,033	Down 6.87	
West Va. Inter. (9)	2,015	Up 7.29	

\*Reflects 1983 changes in conference alignments, providing valid comparisons.

## Team leaders

Michigan increased its record streak of 100,000-plus crowds to an amazing 53 and won its 10th consecutive national-attendance championship in 1983 with an average of 104,486 per game.

Tennessee would have finished second again counting only its games at Knoxville, where it averaged 94,184—up 667. But its game with Citadel at Memphis was counted as a home game, and it drew only 20,135; so Tennessee slipped to third behind Ohio State's 89,018 average. Georgia in fourth and Penn State in fifth exchanged places from 1982, while Louisiana State, Nebraska and Oklahoma again finished 6-7-8. Then came two newcomers to the top 10: Auburn and Clemson, moving up from 19th and 18th, respectively.

The top 20 also has a familiar look. In fact, the only new team in the top 20 is Iowa, and it was 21st a year ago. Brigham Young, despite an increase, slipped from 16th to 21st. Iowa and Clemson were helped by stadium expansions.

Miami (Florida), which plays its home games in the Orange Bowl, and Memphis State, which plays in the Liberty Bowl, produced two of the biggest increases ever not helped by stadium expansions. Miami, aided by a 10-1 record that produced a home town bowl berth opposite 12-0 Nebraska, jumped 21,312 per game to 47,773 and vaulted from 68th place to 36th nationally in attendance.

Memphis State increased by 19,990 per game to 36,734 and jumped from 109th to 51st as the team coached by the late Rex Dockery (who was killed recently in a plane crash) improved dramatically from 1-10 in 1982 to 6-4-1.

Others that increased at least 7,000 per game without benefit of a stadium expansion or a big off-campus game were Auburn, up 11,785, South Carolina at 10,248, Virginia 10,153, Oklahoma State 7,973, Michigan State 7,764, Maryland 7,078 and Oregon 7,034 (see table for their 1983 averages). Boston College went up 12,319 per game, helped by two games at Foxboro; Army by 12,290 because it was home team vs. Navy this year; Clemson 11,110 with its stadium expansion, and Southern Mississippi 8,362, helped by a game

See Football, page 10

## DIVISIONS I-A AND I-AA CONFERENCES AND INDEPENDENT GROUPS

CONFERENCE OR GROUP AND DIVISION	TEAMS	*1982 GAMES	*1982 ATTENDANCE	AVG.	1983 GAMES	1983 ATTENDANCE	AVG.	PCT. CHANGE IN AVERAGE	PCT. OF CAPACITY
Big Ten (I-A) -----	10	59	3,935,722#	66,707	55	3,710,931	67,471#	Up 1.15	94.1

# FTC is investigating NFL rule barring college-eligible players

Federal antitrust officials have started an investigation into professional football's "four-year rule," which basically declares that college players are not eligible to compete in professional football until their collegiate eligibility has been exhausted.

The Federal Trade Commission, which shares the responsibility with the Justice Department for administering the Federal antitrust laws, has sent letters to the National Football League requesting voluntary cooperation in an investigation to determine whether the four-year rule can be justified.

The four-year rule is nearly identical for the NFL and USFL and states that a college athlete may not sign a professional contract until his college eligibility has been exhausted or he has earned a diploma or until five years have elapsed since he began college. The USFL made an exception in the case of Herschel Walker, a former University of Georgia running back, and allowed the New Jersey Generals to sign him after his junior year.

Among other things, the rule, which has been observed in the NFL for nearly 50 years, is intended to reduce competition between leagues for players and to provide for orderly entry of players into the professional leagues. Similar rules in professional basketball and ice hockey have been struck down by the courts in the past several years.

Jay Moyer, general counsel for the NFL, defended the rule but said the league could operate without undue harm if it were abolished.

The annual player draft, he said, was created to provide "an orderly entry" of players into the NFL and

that it "had nothing to do with eligibility rules." Moyer added that the NFL was "convinced that the policy has worked well over the years for all of us."

Many believe that if professional football's four-year rule were to be struck down, colleges and universities would lose players to the professional leagues prematurely and there would be far-reaching economic effects on both college and professional football as well as entire athletics programs, many of which rely on football revenue.

The impact that abolishment of the rule would have on college athletics is uncertain, but Wiles Hallock, chair of the NCAA Professional Sports Liaison Committee, believes the Association could withstand a change in the rule, just as it did when a similar rule was struck down for the National Basketball Association in 1971.

"I don't think doing away with the rule will be as serious as some people might think," Hallock said. "I also don't think the professional leagues want to sign these young people early. If the rule is struck down, I don't see a number of serious problems."

"If the present trend continues toward emphasizing the importance of getting a good education, I believe a young man will be more and more inclined to complete his college eligibility."

"Agents will be the biggest danger."

Charles McClendon, executive director of the American Football Coaches Association, said abolishing the rule could have a serious effect on undergraduate student-athletes who decide to forfeit their college

eligibility and subsequently do not have a career in the professional leagues or are not drafted.

"I don't think abolishing the rule will have a great effect on college football," McClendon said. "But I am concerned about the effect it would have on the players. They're the ones who will be hurt. Of the 100 who are drafted, one exceptional athlete will make it. Where does that leave the other 99?"

"I think it's ridiculous to assume that agents won't get involved and endanger undergraduates' eligibility. They don't care about the individual; they are just interested in making a buck. What happens to undergraduates who find themselves ineligible and then aren't even drafted? I don't think a lot of people have looked at it from that angle."

The NCAA Council is sponsoring legislation at the 1984 Convention that would allow member institutions to provide counseling and advice to their student-athletes concerning potential professional careers.

The FTC investigation is expected to be completed by next summer. At that time, the staff could recommend action by the five-member commission or could decide that there is no need.

The four-year rule is being contested in a lawsuit against the USFL and the Arizona Wranglers by former University of Arizona punter Bob Boris, who left school without graduating. The lawsuit contends that the new league's eligibility rules prevent Boris from making a possible living in professional football until after his college eligibility expires in 1984. Boris never tried out for the Wranglers but filed suit against the club last summer because it had territorial rights to players from Arizona, and he contends he had been denied the opportunity to negotiate a contract freely because of the four-year rule and that his professional career had been jeopardized.

The FTC is concerned that such cases perhaps would be resolved out of court in a way that does not address the underlying antitrust issue.

Don Meyers, an attorney for the USFL, believes the "case is going to turn out to be a landmark case in college football" and could possibly reach the U.S. Supreme Court.

"Ultimately, college coaches and the American Football Coaches Association are going to have to defend this rule or watch it go by the boards," Meyers said. "It's a unique situation but a very difficult question to answer. I'm surprised it was not raised 10 years ago."

## Football

Continued from page 9 at Jackson.

Jackson State won the attendance crown in I-AA, breaking the Grambling-Southern monopoly, by jumping from 14th place to the top at 29,117, helped by another big season on the field. Yale moved up to No. 2, helped by its 100th meeting with Harvard, and Holy Cross jumped from 23rd to fifth. Jackson State's 10,244 increase was biggest in I-AA, with Yale's 6,753 next.

Norfolk State repeated as Division II attendance leader at 15,417 per game, and Dayton again won the title in Division III at 6,542 (both were down from 1982). Northeastern Oklahoma State led among non-NCAA teams at 7,575, replacing Lenoir Rhyne, Central Florida, up 4,509 (to 10,359), had the biggest increase in Division II, with Albany State (Georgia) next at 4,115 and Winston-Salem State third at 3,999. Williams had the biggest increase in Division III at 2,739 (to 5,787).

## TV in the News

### Enberg, Madden awarded Emmys

Professional football announcers Dick Enberg and John Madden have won 1982-83 Emmy awards for excellence in sports television.

Enberg of NBC was named the "the outstanding sports personality: host." Madden was the top analyst.

Other winners announced by the National Academy of Television Arts and Sciences were the World Series (NBC), sports special; National Football League (CBS), sports series; Wimbledon '83 (NBC), edited sports special; the American Sportsman (ABC), edited sports series-anthologies. An American Sportsman segment transmitted from the summit of Mount Everest was honored for "innovative technical achievement."

ABC's Wide World of Sports, PBS' Football in America, The American Sportsman and ABC's Sportsbeat were named in a "special classification of outstanding achievement." Individual winners for writing included George Bell Jr., "The American Sportsman—A Retrospective of William Holden's Africa," and Steve Sabol and Phil Tuckett for "Wake Up the Echoes: The History of Notre Dame Football" on an independent network.

### ESPN starts advertising drive

ESPN has launched an advertising campaign in an attempt to link the sports cable network to network television advertising.

The campaign, according to Advertising Age, is targeted at network sports advertisers seeking a male audience. ESPN claims that by designating 15 percent of an advertiser's network budget to ESPN, total gross rating points would increase 15 percent and cost-per-thousand rates would decline 13 percent.

### Sales representative named

Paul L. Paolisso has been named college sales representative for Tel Ra Productions, an independent sports producer.

Paolisso, who heads Paolisso & Associates, Ellicott City, Maryland, will direct new sales of highlight and promotion shows to colleges and universities. He also will develop ideas for nonbroadcast promotion packages and television programming for marketing to sports advertisers.

### Pay-TV networks to merge

Two Chicago-based pay-television networks, SportsVision and ON TV, will merge.

ON TV, owned by Oak Media Corporation, is an over-the-air, pay-television movie channel. Though profitable in Chicago and elsewhere, ON TV has experienced declining subscription rates in Chicago.

SportsVision, headed by Chicago White Sox owner Eddie Einhorn, reportedly has lost \$7 million this year. SportsVision covers games of Chicago professional teams and area college sports.

### Conference starts TV network

The Southern Conference has established a television network, which will telecast the 1984 conference postseason basketball tournament March 2-4 from Asheville, North Carolina.

All seven tournament games will be offered live to stations in the league market, according to Sports Communications, Inc., of Huntington, West Virginia, which will produce the package.

Stations in Chattanooga, Tennessee; Charlotte, North Carolina; Greenville, South Carolina; the Tennessee tri-city area of Bristol, Johnson City and Kingsport; Asheville, and the Huntington-Charleston area in West Virginia have indicated plans to carry the package, along with a Charleston, South Carolina, cable system. USA Cable Network will cablecast the championship game March 4.

### ESPN names three to posts

Three major appointments have been made in ESPN's senior management structure, effective immediately.

Roger L. Werner Jr. has been promoted to executive vice-president, marketing. He has worked in the cable sports network's finance and marketing areas since 1982.

John S. Bonanni has been appointed vice-president, advertising sales. He has worked for ABC and, most recently, was station manager and vice-president of WABC-TV in New York.

Thomas A. Conway has been named vice-president, finance and administration. He had been chief financial officer for RCTV/The Entertainment Channel, a pay-television venture.

### Network's decision pays off

USA Cable Network President Kay Koplovitz recently told Advertising Age that one of the network's key programming decisions during 1983 was the introduction of movies and other entertainment to supplement its prime-time sports.

The move was designed to attract more female viewers and may have been a factor in giving USA the highest percentage of major metropolitan markets of any cable service.

Koplovitz also said USA was continuing to explore programming ideas, such as the early rounds of the Master's golf tournament, under an agreement with CBS. She also indicated the network was attempting to become involved in the 1988 Olympics.

### MAC signs basketball contract

The Mid-American Athletic Conference and SportsTime Cable Network have signed a two-year agreement involving 24 to 36 men's basketball games.

SportsTime, based in St. Louis and affiliated with Anheuser-Busch breweries, is a regional cable operation, scheduled to begin in April 1984. With the agreement, a minimum of 12 and a maximum of 18 MAC games will be carried each year, beginning with the 1984-85 season. Nine conference games will be cablecast as a game-of-the-week series, while the remaining games will be nonconference contests.

The league and SportsTime also have discussed coverage of the conference postseason basketball tournament and football coverage. The MAC has not had a basketball television package since 1979.

## Outdoor track standards set

The qualifying standards for the 1984 NCAA Men's and Women's Outdoor Track Championships are listed below.

Qualifying standards must be competed in meters, except for the 400-meter relay and the 1,600-meter relay, which may be competed in yards. All field-event performances must be measured, recorded and entered in feet and inches.

A wind-gauge reading is required for all manual-time entries in the 100- and 200-meter dashes and the 100- and 110-meter hurdles. The wind reading must be recorded on the entry form and must not exceed 4.473 miles per hour to be acceptable.

### Men's Standards

# Championships Highlights

## Salukis win I-AA event

A swarming defense, complemented by an opportunistic offense, fueled Southern Illinois to a 43-7 victory over Western Carolina in the sixth annual NCAA Division I-AA Football Championship December 17 at Johnson Hagood Stadium in Charleston, South Carolina.

Southern Illinois set a play-off record by intercepting seven passes. The Salukis' defensive effort was led by free safety Greg Shipp, who set school and play-off records with four pass interceptions.

The Salukis' defense throttled Western Carolina's passing attack. The Catamounts, who had averaged nearly 235 yards passing, were held to 154 yards through the air.

Southern Illinois quarterback Rick Johnson, who passed for 213 yards, enjoyed excellent field position throughout the game. Southern Illinois' touchdown drives started on Western Carolina's 20-, 37-, 26-, 13- and 30-yard lines. Three of the scoring drives were set up by interceptions.

"We had tremendous confidence

in both our offense and defense," Johnson said. "We knew they wouldn't score a lot of points on our defense, and we were able to take advantage of their turnovers and convert quickly."

Western Carolina, which ended with an 11-3-1 record, became the first team in NCAA history to play 15 games in one season. The Catamounts defeated Colgate, 24-23; Holy Cross, 28-21, and Furman, 14-7, to reach the championship.

"The fact that every play-off game we played was an emotional one makes me believe that we just ran out of steam," Western Carolina coach Bob Waters said. "They came in seeded No. 1, and they played like No. 1. They were the better team today. I'm not sure what would happen tomorrow."

Southern Illinois finished 13-1. After a first-round bye, the Salukis defeated Indiana State, 23-7, and Nevada-Reno, 23-7, to reach the championship.

The crowd of 15,950 was the largest for an NCAA Division I-AA championship game.

Western Carolina ... 0 0 0 7 - 7

## Hawaii is Division I women's volleyball champion

Hawaii swept UCLA in three straight games to win its second consecutive NCAA Division I Women's Volleyball Championship December 19 at Lexington, Kentucky.

The Rainbow Wahines defeated the Bruins, 15-13, 15-4, 15-10.

Senior all-Americans Deitre Collins and Joyce Kaapuni led Hawaii by combining on 26 kills and seven block solos and dominating play at the net.

Collins had 16 kills in 39 attempts for a .308 percentage. Kaapuni finished with 10 kills in 15 attempts (.667) and no errors.

Senior Kori Pulaski had eight kills and 10 digs for the Rainbow Wahines. All three players, who have had an integral role in Hawaii's recent success, were named to the

all-tournament team.

"I think this group of players has dominated women's volleyball for the last 3½ years," said Hawaii coach Dave Shoji, whose career won-lost record now stands at 248-42. "The fact that UCLA played well against us before helped us play better tonight. We were mostly afraid of their outside hitters, but I felt pushing that 15th point over in the first game took a little out of UCLA and helped us win, 3-0."

Despite the strong net play of Collins and Kaapuni, UCLA's Liz Masakayan managed 15 kills and Patty Orozco 10.

"It was a very experienced Hawaii group," said UCLA coach Andy Banachowski. "They were flawless throughout the tournament. They

played defense extremely well, and it makes up for their lack of size.

"They blocked well tonight and picked up everything we threw at them. I can't remember too many teams that have been able to win back-to-back championships."

UCLA's only charge at the Rainbow Wahines came in the third game when the Bruins pulled to within three points.

In the third-place match, Stanford defeated Pacific, 7-15, 15-8, 15-11, 15-2.

Orozco also was named to the all-tournament team, along with Jan Saunders of Pacific and Kari Rush of Stanford.

Hawaii finished the year 34-2; UCLA compiled a 44-6 record.

At a luncheon held in conjunction

with the championship, the Collegiate Volleyball Coaches Association Division I all-America volleyball team was announced. Named to the team were Jackie Backus, Western Michigan; Marsha Bond, Kentucky; Vicki Cantrell, San Diego State; Deitre Collins, Hawaii; Eileen Dempster, Pacific; Joyce Kaapuni, Hawaii; Carolyn Kirby, Kentucky; Anita Moss, Arizona; Cathy Noth, Nebraska; Kim Oden, Stanford; Patty Orozco, UCLA, and Jan Saunders, Pacific.

Pacific coach Terry Liskevych was selected 1983 coach of the year.

## 1983-84 NCAA championships dates and sites

### Fall

**Cross Country, Men's:** Division I champion—University of Texas, El Paso, Texas; Division II champion—California State Polytechnic University, Pomona, California; Division III champion—Brandeis University, Waltham, Massachusetts.

**Cross Country, Women's:** Division I champion—University of Oregon, Eugene, Oregon; Division II champion—California Polytechnic State University, San Luis Obispo, California; Division III champion—University of Wisconsin, LaCrosse, Wisconsin.

**Field Hockey:** Division I champion—Old Dominion University, Norfolk, Virginia; Division II champion—Bloomsburg University of Pennsylvania, Bloomsburg, Pennsylvania; Division III champion—Trenton State College, Trenton, New Jersey.

**Football:** Division I-AA champion—Southern Illinois University, Carbondale, Illinois; Division II champion—North Dakota State University, Fargo, North Dakota; Division III champion—Augustana College, Rock Island, Illinois.

**Soccer, Men's:** Division I champion—Indiana University, Bloomington, Indiana; Division II champion—Seattle Pacific University, Seattle, Washington; Division III champion—University of North Carolina, Greensboro, North Carolina.

**Soccer, Women's:** Champion—University of North Carolina, Chapel Hill, North Carolina.

**Volleyball, Women's:** Division I champion—University of Hawaii, Honolulu, Hawaii; Division II champion—California State University, Northridge, California; Division III champion—Elmhurst College, Elmhurst, Illinois.

**Water Polo, Men's:** Champion—University of California, Berkeley, California.

### Winter

**Basketball, Men's:** Division I, 46th, The Kingdome, University of Washington, Seattle, Washington, March 31 and April 2, 1984; Division II, 28th, American International and Springfield Colleges, Springfield Civic Center, Springfield, Massachusetts, March 23-24, 1984; Division III, 10th, Calvin College, Grand Rapids, Michigan, March 16-17, 1984.

**Basketball, Women's:** Division I, 3rd, University of California, Los Angeles, Los Angeles, California, March 30 and April 1, 1984; Division II, 3rd, American International and Springfield Colleges, Springfield Civic Center, Springfield, Massachusetts, March 23-24, 1984; Division III, 3rd, University of Scranton, Scranton, Pennsylvania, March 16-17, 1984.

**Fencing, Men's:** 40th championship, Princeton University, Princeton, New Jersey, March 20-21, 1984.

**Fencing, Women's:** 3rd championship, Princeton University, Princeton, New Jersey, March 22-24, 1984.

**Gymnastics, Men's:** Division I, 42nd, University of California, Los Angeles, Los Angeles, California, April 12-14, 1984; Division II, 17th, Springfield College, Springfield, Massachusetts, March 29-31, 1984.

**Gymnastics, Women's:** Division I, 3rd, University of California, Los Angeles, Los Angeles, California, April 6-7, 1984; Division II, 3rd, Springfield College, Springfield, Massachusetts, March 29-31, 1984.

**Ice Hockey, Men's:** Division I, 37th, Clarkson College and St. Lawrence University, Lake Placid, New York, March 22-24, 1984; Division II, 7th, campus site to be determined, March 15-17, 1984.

**Rifle, Men's and Women's:** 5th championship, Murray State University, Murray, Kentucky, March 16-17, 1984.

**Skiing, Men's and Women's:** 31st championship, University of New Hampshire, Attitash Ski Mountain and Jackson Touring Center, Bartlett, New Hampshire, March 7-10, 1984.

**Swimming and Diving, Men's:** Division I, 61st, Cleveland State University, Cleveland, Ohio, March 21-24, 1984; Division II, 21st, Hofstra University, Hempstead, New York, March 7-10, 1984; Division III, 10th, Emory University, Atlanta, Georgia, March 15-17, 1984.

**Swimming and Diving, Women's:** Division I, 3rd, IU-PUI Natatorium, Indianapolis, Indiana (Indiana University, Bloomington, host), March 15-17, 1984; Division II, 3rd, Hofstra University, Hempstead, New York, March 7-10, 1984; Division III, 3rd, Emory University, Atlanta, Georgia, March 8-10, 1984.

**Indoor Track, Men's:** 20th championship, Syracuse University, Carrier Dome, Syracuse, New York, March 9-10, 1984.

**Indoor Track, Women's:** 2nd championship, Syracuse University, Carrier Dome, Syracuse, New York, March 9-10, 1984.

**Wrestling:** Division I, 54th, Meadowlands Arena, East Rutherford, New Jersey (Princeton University host), March 8-10, 1984; Division II, 22nd, Morgan State University, Baltimore, Maryland, February 24-25, 1984; Division III, 11th, State University of New York, Binghamton, New York, February 24-25, 1984.

### Spring

**Baseball:** Division I, 38th, Rosenblatt Municipal Stadium, Omaha, Nebraska (Creighton University host), June 1-10, 1984; Division II, 17th, University of California, Riverside, Riverside, California, May 26-30, 1984; Division III, 9th, Marietta College, Marietta, Ohio, May 31-June 3, 1984.

**Golf, Men's:** Division I, 87th, Bear Creek Golf World, Houston, Texas (University of Houston host), May 23-26, 1984; Division II, 22nd, site to be determined, May 15-18, 1984; Division III, 10th, State University of New York, Oswego, New York, May 15-18, 1984.

**Golf, Women's:** 3rd championship, Innisbrook Resort and Golf Club, Tarpon Springs, Florida (University of Georgia host), May 23-26, 1984.

**Lacrosse, Men's:** Division I, 14th, University of Delaware, Newark, Delaware, May 26, 1984; Division III, 5th, campus site to be determined, May 19, 1984.

**Lacrosse, Women's:** 3rd championship, Boston University, Boston, Massachusetts, May 19-20, 1984.

**Softball, Women's:** Division I, 3rd, Seymour Smith Softball Complex, Omaha, Nebraska (Creighton University host), May 17-18, 1984; Division II, 3rd, site to be determined, May 18-20, 1984; Division III, 3rd, St. Norbert College, DePere, Wisconsin, May 19-22, 1984.

**Tennis, Men's:** Division I, 100th, University of Georgia, Athens, Georgia, May 12-20, 1984; Division II, 22nd, site to be determined, May 7-13, 1984; Division III, 9th, Emory University, Atlanta, Georgia, May 7-12, 1984.

**Tennis, Women's:** Division I, 3rd, University of California, Los Angeles, Los Angeles, California, May 12-20, 1984; Division II, 3rd, University of Tennessee, Chattanooga, Tennessee, May 7-12, 1984; Division III, 3rd, Kalamazoo College, Kalamazoo, Michigan, May 7-12, 1984.

**Outdoor Track, Men's:** Division I, University of Oregon, Eugene, Oregon, May 28-June 2, 1984; Division II, 22nd, Southeast Missouri State University, Cape Girardeau, Missouri, May 21-26, 1984; Division III, 11th, site to be determined, May 21-26, 1984.

**Outdoor Track, Women's:** Division I, 3rd, University of Oregon, Eugene, Oregon, May 28-June 2, 1984; Division II, 22nd, Southeast Missouri State University, Cape Girardeau, Missouri, May 21-26, 1984; Division III, 11th, site to be determined, May 21-26, 1984.

**Volleyball, Men's:** 15th championship, University of California, Los Angeles, Los Angeles, California, May 4-5, 1984.

# NCAA names scholarship winners in football

Postgraduate scholarships of \$2,000 each have been awarded to 25 football players at NCAA member institutions.

The Association annually awards 90 such scholarships. In addition to the 25 in football, 20 awards (10 for men and 10 for women) are presented to student-athletes in basketball, and 45 awards (25 for men and 20 for women) are made in other sports in which the NCAA conducts national championship competition.

The NCAA postgraduate scholarship program has presented scholarships worth \$1,994,000 to 1,469 student-athletes since 1964. To qualify, a student-athlete must maintain a minimum 3.000 grade-point average on a 4.000 scale—or the equivalent—and perform with distinction in a varsity sport.

Following are accomplishments of the 1983-84 postgraduate scholarship winners in football.

## Division I

**Ernest Gerard Gibson** (Furman University, 3.180 grade-point average in political science)—An all-America defensive back, Gibson was a four-year starter for Furman. He earned all-conference honors in the Southern Conference and was on the dean's list at Furman. Gibson also won all-conference honors in track, competing in the 200-meter dash. A member of several campus organizations, including the Fellowship of Christian Athletes, Gibson plans a career in law.

**Terrell Lee Hoage** (University of Georgia, 3.710 in genetics) Hoage played on three Southeastern Conference championship teams at Georgia, including the 1980 national championship team. He was a two-time all-America defensive back and an academic all-America. His 12 interceptions in 1982 set a school record and led the nation. Hoage's postgraduate plans are undecided but will involve either continuing his studies in genetics or entering medical school.

**John E. Frank** (Ohio State University, 3.820 in premed/chemistry) Frank, who plans a career in medicine (probably in orthopedic surgery), already has begun that career as a research assistant at several hospitals as an undergraduate. He was captain of the 1983 Ohio State football team after being selected to the all-Big Ten team the previous season. A two-time academic all-America, Frank holds

Ohio State receiving records for tight ends. He has won three Ohio State scholar-athlete awards and twice won the John Galbreath Outstanding Student award.

**Stefan G. Humphries** (University of Michigan, 3.777 in engineering science)—Humphries was a four-year letterman at Michigan and was team captain in 1983. He was an academic all-America and was an all-America player as an offensive guard in 1983. An NCAA Today's Top Five award winner, Humphries also is a National Football Foundation and Hall of Fame scholar-athlete. He plans to enroll in medical school, with an interest in pediatrics, general practice, orthopedics and sports medicine.

**Jon Steven Young** (Brigham Young University, 3.380 in international relations and finance) Another NFFHF scholar-athlete, Young rewrote the record book with his passing skill at Brigham Young. He earned all-America honors this season and was a strong candidate for the Heisman Trophy. Young has been active in numerous civic organizations, including Utah youth chairman for the American Cancer Society. An NCAA Today's Top Five award winner, Young plans to attend law school to pursue a career in international law or business.

**John David Bergren** (Stanford University, 3.610 in biological science and chemical engineering) A two-time academic all-America and a four-year starter, Bergren was one of Stanford's best defensive players. His 1983 accomplishments included 13 tackles against Oklahoma. Bergren has been active in fraternity, church and community activities at Stanford, including the NCAA Volunteers for Youth program. He is enrolled in a coterminal B.S./M.S. degree program in biology (B.S.) and chemical engineering (M.S.).

## Divisions II and III

**Kenneth Lee Moore** (Indiana University of Pennsylvania, 3.770 in personnel management) Moore earned all-conference and small-college all-America honors as a safety. He was a four-year starter on both defense and offense (tailback) and played two years of baseball. Moore served as junior class president and participated in campus activities as a student-athlete representative on the President's Student Cabinet. He plans to enter graduate business school.

**Thomas Richard Schott** (Canisius College, 3.699 in management)—A record-setting pass receiver, Schott was a four-year starter and received some all-America mention. He also earned academic all-America honors. Schott was active in campus life as a member of two honor societies and a fund-raiser for the Easter Seals campaign. His graduate work will be in business management; eventually, he hopes to operate his family's lumber business in Rochester, New York.

**Michael Robert Jordan** (University of the

South, 3.360 in biology) Cocaptain of the 1983 Sewanee (University of the South) football team, Jordan also is chief of the town's volunteer fire department. He earned all-conference honors as a linebacker this season and holds five school defensive records. He has been a Wilkins scholar, a member of several social societies and coauthor of a biology research paper presented to the American Society of Plant Physiologists. Jordan plans to enter medical school.

**Eddie Norwood Sauls** (Winston-Salem State University, 3.540 in political science)—The Special Olympics, church activities, sickle-cell testing, honor societies and the university choir are among the activities that have kept Sauls busy at Winston-Salem State. He also was a four-year starter as a linebacker and was named the top defensive player in the Central Intercollegiate Athletic Association in 1983. Sauls' graduate-school plans are in public administration.

**Doug James Hushka** (North Dakota State University, 3.390 in psychology) Hushka was a three-year starter in the defensive backfield at North Dakota State and earned all-conference honors. He also was named to the all-academic team in the conference, as well as to a campus honor fraternity. A dean's list selection five times, Hushka will be attending medical school.

**Herman Andrew Motz III** (Colorado College, 3.830 in mathematics)—Motz participated in football and basketball at Colorado College, earning four letters as an offensive tackle and serving as captain of the 1983 team. He wants to continue his sports involvement after completing medical school by serving as team physician in professional sports.

## At large

**Harry Edwin Hamilton** (Pennsylvania State University, 3.580 in prelaw) A two-time academic all-America selection, Hamilton was a three-year starter at linebacker for Penn State. He also participated in track. Hamilton was active in a community program for troubled youths, worked for the Special Olympics, served on a committee that worked on course content for the College of Liberal Arts, and was involved with the campus Minority Educational Development and Cultural Center. He plans to attend law school.

**Derrick Todd Harmon** (Cornell University, 3.530 in applied and engineering physics) The Ivy League player of the year in 1983, Harmon twice earned academic all-America honors. He was one of Cornell's all-time leading rushers. Harmon was elected to Cornell's athletic honorary society and to the Cornell Ambassadors, an organization that represents the university for alumni and friends. In graduate school, he intends to study the mechanics and electronics of space vehicles.

**Stephen James Carmody** (University of

Southern Mississippi, 3.660 in accounting) Carmody handled every snap for four years as Southern Mississippi's center. He earned several team awards for his outstanding play, as well as all-conference recognition. Carmody's campus activities and honors include selection to several honor societies and the university's dean's list. His graduate plans include an accounting program, followed by law school.

**Richard Walter Chitwood** (Ball State University, 3.854 in biology)—Chitwood started at guard, tackle and center during his career at Ball State, lettering for four years. He played all five interior line positions in one game. A first-team academic all-America as a senior, Chitwood was considered one of the top linemen in the Mid-American Athletic Conference. He will be attending medical school.

**Thomas Michael Dixon** (University of Michigan, 3.277 in general studies) A three-year starter at Michigan, Dixon earned all-America honors and academic all-America recognition. He lettered for four years. Dixon's campus activities have included participation in the Fellowship of Christian Athletes; he also was a volunteer in a sickle-cell anemia lab. He intends to enter law school in the fall and hopes to combine law and politics as a profession.

**Kirk Scott Hutton** (University of Nebraska, Omaha, 4.000 in premed) Hutton lettered for three years at Nebraska-Omaha, and started the last two seasons. He was a two-time first-team academic all-America and was one of the top punt returners in the North Central Intercollegiate Athletic Conference. Hutton is active in the Volunteers for Youth program and the Fellowship of Christian Athletes. He intends to enter medical school in the fall.

**Clark J. Toner** (University of Nebraska, Omaha, 3.640 in prelaw) Another academic all-America selection, Toner rooms with Kirk Hutton at Nebraska-Omaha. He served as captain of the 1983 UNO team and led the defense from his linebacker position. Toner, who has been on the University Committee on Teaching Excellence, plans to go to law school. He hopes to open a private practice in his home town of Grand Island, Nebraska.

**Boyce Craig Bailey** (University of Idaho, 3.740 in business education) Bailey was a starter for most of his career at Idaho, earning all-conference honors and serving as defensive captain as a senior. Bailey demonstrated campus leadership and was named a Silver Lance award winner as one of the top nine male juniors at Idaho. He earned three competitive scholarships based on academic accomplishment and leadership. He hopes to teach and coach after earning a master's degree in education.

**Jeffrey James Kubiak** (U.S. Air Force Academy, 3.780 in international affairs) One of the best punters in the academy's history,

Kubiak was a four-year letterman and set a school record this year with a 43.3-yard average. He was named first team academic all-America. Kubiak has earned both academic and military excellence awards and has participated in community activities. He intends to study political science in graduate school.

**Brian Scott Salonen** (University of Montana, 3.405 in business administration)—Salonen was a four-year starter at tight end for Montana and was an all-America in 1983. Salonen also handled deep snaps for Montana this year and earned academic all-America honors. Salonen's campus involvement includes student government and honor society. He also is active in the Fellowship of Christian Athletes and officiates YMCA games. His graduate-school plans are in business administration.

**Joseph John Donohue** (California State University, Long Beach, 3.690 in physical therapy) A part-time job in high school led to Donohue's interest in physical therapy. Upon completion of his five-year program at Long Beach State, he hopes to work as an orthopedic surgeon in a sports-medicine clinic. Donohue twice was elected captain of the Long Beach State football team and was a three-year starter. He received academic all-America recognition in 1982 and in 1983.

**Patrick Sims Lynch Jr.** (Washington State University, 3.400 in business administration)—Lynch was a four-year letterman at Washington State and started at linebacker for more than two years. He earned single-game honors several times and ranked among the team's leading tacklers the past two seasons. Lynch is involved in fraternity activities at WSU and chaired a dance marathon that raised \$30,000 to combat epilepsy. He plans to enter medical school in the fall.

**Richard Gerald Neuheisel** (University of California, Los Angeles, 3.230 in political science) Neuheisel entered UCLA as a non-recruited athlete and ended up as one of the school's more successful quarterbacks. He ranked fifth nationally in passing efficiency in 1983 and led UCLA to the Rose Bowl. Neuheisel's other activities have included serving as an instructor at a YMCA football clinic for underprivileged boys and as a Special Olympics volunteer. He intends to pursue a law career.

## DIRECTORS OF ATHLETICS

NICHOLAS RODIS has resigned at Brandeis to accept a position as special assistant to university President Evelyn F. Handler. Rodis, who has been AD at Brandeis since 1967, will be involved in athletics development projects ... Appalachian State's JIM GARNER has received a four-year contract extension. Garner is in his second year at the school.

**ASSOCIATE DIRECTOR OF ATHLETICS** GORDON McCULLOUGH promoted at Southwest Texas State. He will continue to serve as sports information director.

**ASSISTANT DIRECTOR OF ATHLETICS** JOHN E. KOENIG named assistant AD in charge of finance at Illinois. He has been assistant to the president for university relations at Southeast Missouri State.

## COACHES

**Men's basketball** Long-time Augustana (Illinois) coach JIM BORCHERDING has announced that he will resign, effective at the end of the current season, to enter private business. Borcherding has a 304-91 record since taking over in 1969 at Augustana.

**Football** San Jose State head coach JACK ELWAY named at Stanford. Elway had a 35-20-1 record during five seasons at San Jose State. He will be replaced by defensive coordinator CLAUDE GILBERT ... JIM MCKINLEY has been released at Prairie View A&M after a two-year, 1-21 record ... Kansas assistant coach BILL BALDRIDGE hired at Morehead State. Baldridge was an all-conference lineman at Morehead during the mid-1960s ... STAN PARRISH, previously Purdue's quarterback coach, appointed head coach at Marshall. Prior to his year at Purdue, Parrish was head coach at Wabash ... Illinois offensive line coach BOB SMITH named at Southeast Missouri State. He had been on the Illini staff since 1979 ... Tulane's WALLY ENGLISH, who coached this season without a contract, has signed an agreement with the school. The terms of the contract were not disclosed ... MACK BROWN, who led Appalachian State to a 6-5 record in his first season, has received a four-year contract extension ... BOB WEBER of Louisville has had his contract extended through the 1985 season.

**Football assistants** BOB LACIVITA named recruiting coordinator at Pittsburgh. He had been on the school's health services staff ... JOHNSY MANK, most recently a professional scout, named defensive coordinator at Louisiana State ... The Houston Gamblers of the United States Football League have hired two college

Edward S. Steitz has been recognized for his service to amateur athletics

Jim Garner has been given a four-year contract extension at Appalachian State

coaches JUNE JONES, Hawaii quarterback coach, and DAVID KNAUS, Texas Tech linebacker coach.

**Men's soccer** DIETER FICKEN, who led Columbia to an 18-1 record and the NCAA Division I final this fall, given a three-year contract extension.

## STAFF

**Sports information directors** STEVE HURLBUT and ZACHARY SMITH hired at Georgetown. Hurlbut, who had been acting director since June, will oversee public-relations efforts for Georgetown's 23 varsity teams. Smith, previously a reporter for the Sacramento, California, Observer, will serve as men's basketball SID ... Pennsylvania assistant director FRANK BERTUCCI hired at La Salle.

## CONFERENCES

The Big Ten has announced the appointment of two supervisors of officials PETER J. DUNN JR. will supervise women's volleyball, and MARCY WESTON will supervise women's basketball.

## NOTABLES

EDWARD S. STEITZ, AD at Springfield, has been named the fourth recipient of the National Invitation Tournament Anheuser-Busch Award for outstanding contributions to amateur athletics. Steitz is the long-time secretary-rules editor of the NCAA Men's Basketball Rules Committee and has held a number of posts in the U.S. and international basketball organizations ... Cal-Santa Barbara baseball coach AL FERRER has been selected 1983 District 8 coach of the year by Division I coaches. He led the Gauchos to a 44-20 record and a berth in the NCAA tournament last season ... Middlebury skiing coach TERRY ALDRICH has been named assistant coach of the U.S. Nordic team for upcoming World Cup competition.

## DEATHS

IRVING S. MOSES Sr., 65, a member of the Kentucky State football hall of fame and father of track star Edwin Moses, died December 9 in Dayton, Ohio ... Well-known Texas sports-writer WILLIAM T. "BILL" RIVES, 72, died December 11 at home in Dallas. In 1960, he won the Grantland Rice award for excellence in sports writing ... Memphis State football coach JOHN REX DOCKERY, 41, assistant coach CHRISTOPHER D. FAROS, 31, and freshman player CHARLES GREENHILL, 18, were killed along with the pilot in a plane crash December 12 ... RICHARD GLENN LOYD, a former Olympic and Northwestern (Louisiana) State gymnast, died December 13 in Monroe, Louisiana. During his collegiate career, Loyd, 38, won five national titles. He had been suffering from a long bout with a form of hepatitis ... JAMES L. DANIELL, 65, a former lineman at Ohio State and a 1977 inductee into the college football hall of fame, died December 14 in Pittsburgh. Daniel played professional football after World War II and then went on to a successful business career ... Former Drake running back JOHNNY BRIGHT, 53, died December 14 in Edmonton, Alberta. Bright was an all-conference back at Drake from 1949 to 1951 and later was a standout in the Canadian Football League.

## Briefly in the News

Craig James and Eric Dickerson, football all-Americans last year at Southern Methodist University, each have committed \$7,500, which represent full scholarship donations to the Mustang Club for 1983-84. The Mustang Club raised almost \$3 million for the athletics program last year ... The University of Notre Dame Center for Social Concerns and the athletics department have joined forces to work for needy families in the Michigan-Indiana area of the institution. The project also is supported by the World Hunger Coalition, the NCAA Volunteers for Youth, the Community for International Lay Apostolate and the Notre Dame student government. Collections of food were made at a home basketball game recently ... The International Aquatic Conference is scheduled March 11, 1984, at the Indianapolis Convention Center. Among the sponsors are the American Swim Coaches Association and the National Interscholastic Swimming Coaches Association. For information, contact Julie Taraba, Recreomics Corporation, 1635 Expo Lane, Indianapolis, Indiana 46224.

Lewis University women's volleyball coach Karen Lockyer reached her 300th career coaching victory recently when the Flyers defeated DePaul University ... Hope College will sponsor its 12th annual cheerleaders clinic February 4. Last year, 37 Michigan high schools were represented by 54 cheerleading squads ... Attendance at Oklahoma City University basketball games has jumped dramatically since Abe Lemons has returned as head coach of the Chiefs. Last season, average home attendance was 784 in Frederickson Fieldhouse, which has a capacity of 3,500. So far this season, home attendance is averaging 3,234.

A newly remodeled men's basketball dressing room complex has been dedicated at the University of Kansas. The complex is being named for Charles B. Black, a two-time basketball all-America. Money for the project, which totaled \$135,000, was donated by the Morgan family of Kansas City. The Jayhawks also will renovate Hershberger track in Memorial Stadium with part of a \$190,000 donation from Wichita oilman James W. Hershberger ... A National Football League films production, "Wake Up the Echoes," documenting the history of football at the University of Notre Dame, has won an Emmy for outstanding achievement in sports programming (see page 10). It was the first Emmy awarded to a university-related program.

Seattle University sports information director Jim Zipursky is cautioning other SIDs about a man claiming to be a member of the Seattle staff and requesting press guides and other information from various institutions. The impostor is using the last name of Shelton ... A computerized scoreboard and message center for use in Hooper Eblen Center has been donated to Tennessee Technological University by Atlanta's Omni Center. The scoreboard, valued at \$250,000, will have a dual purpose, according to David W. Coffey, director of athletics. "The purpose is to create a source of revenue five years down the road for the athletics program," Coffey said, by selling advertising space ... The University of South Alabama men's basketball team had a full day of activities, the first of which were not planned, December 12. The team was awakened by a fire alarm at 6 a.m. in a New Orleans hotel and had to descend 20 floors to evacuate the building. The alarm turned out to be false. Still, the Jaguars had enough energy left to regroup and defeat the University of New Orleans that night.

## Tom Harmon wins Camp award

Former University of Michigan running back Tom Harmon, who won the Heisman Trophy in 1940, has been selected as the 1983 Distinguished American of the Year by the Walter Camp Football Foundation.

An all-America halfback in 1939 and 1940, Harmon was one of the first athletes to make the transition successfully from the playing field to the broadcast booth. Harmon played two seasons with the Los Angeles Rams after graduation. He then entered the broadcasting field in 1946, after serving as an Air Force pilot in World War II. During his career, he has broadcast major bowl games, the Olympics, golf tournaments and championship boxing matches.

In addition to his broadcasting duties, Harmon currently is involved in an effort to eliminate drug abuse among athletes. He is working with the National Football League Alumni Association in this effort.

"Surely, Tom Harmon's careers in

sports, broadcasting, service to his country and, most importantly, his current effort to rid the sports world of the menace of drugs, qualify him as a most deserving recipient of this award," said Samuel A. Burrell Jr., Walter Camp Football Foundation president. "We certainly are proud to have the opportunity to pay tribute to this outstanding individual who has accomplished so much with his life."

Harmon will be honored, along with the 1983 Walter Camp all-America football team and Roger Staubach, former Heisman Trophy winner at the U.S. Naval Academy and quarterback of the Dallas Cowboys, who was selected as the foundation's man of the year, at the 17th annual awards dinner February 4 at the Yale Commons in New Haven, Connecticut.

During his three-year career at

Michigan, Harmon gained 2,134 yards rushing, completed 101 passes for 1,304 yards and scored 237 points. He also threw 16 touchdown passes. In addition to the Heisman Trophy, Harmon received the Maxwell Trophy, the Washington Touchdown Trophy and was named the Big Ten Conference most valuable player.

Harmon handles radio and television broadcasts for the Los Angeles Raiders.

"I am greatly disturbed about the influence of drugs within the sports world and will do all within my power to fight this terrible blight," Harmon said. "It will not be an easy job, but it can be done and must be done. If we fail in our responsibility to the young athletes, we have failed in our greater obligation."

Eddie Robinson, Grambling State University football coach, won last year's award.

## Volleyball tryouts planned

Tryouts for the U.S. women's volleyball team will be conducted January 12-15 at the Olympic Training Center in Colorado Springs.

Interested athletes should contact the United States Volleyball Association with the following information by January 3: name, address and telephone number; collegiate volleyball experience; personal data, including birth date, height and weight, and letter of recommendation from their coach.

Information should be sent to: USVBA, 1750 East Boulder Street, Colorado Springs, Colorado 80909.

Room and board for all registrants will be provided by the United States Olympic Committee and the USVBA. Athletes also should indicate their travel schedule, including arrival and departure flights and times, so arrangements can be made for transportation to the training center.

For further information, contact the USVBA at 303/632-5551.

## Junior hockey team selected

Three members of the University of Wisconsin, Madison, men's ice hockey team are among the players selected to play for the 1984 U.S. national junior team.

Jim Johansson, Tony Granato and Marty Wiitala, who compose Wisconsin's top scoring forward line, will compete on the junior team at the International Ice Hockey Federation World Junior Championship. The championship will be held December 25 through January 3 in Sweden.

Other countries competing in the tournament are Canada, Czechoslovakia, the Soviet Union, Finland, West Germany, Switzerland and Sweden.

Tom Harmon

# Admiral

Continued from page 1

the century; President Gerald R. Ford; retired Rear Admiral Thomas J. Hamilton; Los Angeles Mayor Thomas Bradley; Eastman Kodak board chairman Gerald B. Zornow; Los Angeles Times publisher Otis Chandler; heart surgeon Denton A. Cooley; entertainer Art Linkletter; and humorist and educator Bill Cosby.

Lawrence is a 1951 graduate of the U.S. Naval Academy. As senior class president, he led the establishment of the present-day brigade honor concept.

Lawrence was a starter on the 1948 football, basketball and baseball

teams at Navy. He was on the varsity football squad in 1948 and 1949 but did not play during his senior season because of his responsibilities as class president and brigade commander.

He received his aviator wings in 1952 and began his active duty with Fighter Squadron 193, which was deployed to the western Pacific aboard the aircraft carrier USS Oriskany.

Lawrence later attended the Naval Aviation Safety School and the U.S. Naval Test Pilot School. He was an honor graduate of the latter and served as both a test pilot in the flight test division and an instructor

on the test pilot school staff.

As a lieutenant, Lawrence served on several ships, including the aircraft carrier USS Saratoga, the gun cruiser USS Newport News and the attack aircraft carrier USS Franklin D. Roosevelt.

He made cruises to Vietnam aboard the aircraft carriers USS Ranger and USS Constellation. While serving as commanding officer of Fighter Squadron 143, he was shot down over North Vietnam in June 1967 and held as a prisoner of war until March 1973.

After repatriation and convalescence, Lawrence attended the National War College, where he was

a distinguished graduate, and earned a master's degree in international affairs from George Washington University.

Lawrence continued his naval career after a promotion to flag rank by serving in several high-ranking positions. He became superintendent of the U.S. Naval Academy in 1978 and was promoted to vice-admiral August 1, 1980.

He assumed command of the U.S. Third Fleet in September 1981 and, two years later, became the deputy chief of Naval Operations/Chief of Naval Personnel.

The "Teddy" is not the first award given in recognition of Lawrence's

outstanding career and achievements. In 1979, he received the National Football Foundation and Hall of Fame gold medal. Like the "Teddy," the gold medal is that organization's highest honor.

Lawrence's other awards include: Distinguished Service Medal (three), Silver Star (three), Legion of Merit, Distinguished Flying Cross, Bronze Star with Combat V, Air Medal (three), Joint Service Commendation Medal, Navy Commendation Medal with Combat V and Purple Heart (two).

He is married to the former Diane Wilcox of Montoursville, Pennsylvania, and they have four children.

## The NCAA News

## The Market

Readers of The NCAA News are invited to use The Market to locate candidates for positions open at their institutions, to advertise open dates in their playing schedules or for other appropriate purposes.

Rates are 35 cents per word for general classified advertising (agate type) and \$17.60 per column inch for display classified advertising. Orders and copy are due by noon five days prior to the date of publication for general classified space and by noon seven days prior to the date of publication for display classified advertising. Orders and copy will be accepted by telephone.

For more information or to place an ad, call 913/384-3220 or write NCAA Publishing, P.O. Box 1906, Mission, Kansas 66201.

### Positions Available

#### Athletics Director

**Director of Athletics.** The University of the South, Seawee, Tennessee. Seawee is a coeducational Episcopal school of 1,100 students in a secluded setting of 10,000 acres on the Cumberland Plateau. The Director of Athletics has responsibility for all sports at the University, including supervision of athletic personnel and facilities, recreational activities, 15 varsity sports, the intramural program, and a physical education requirement of all students. We seek a man or woman interested in these responsibilities in the context of a college committed to a demanding liberal arts curriculum and a competitive Division III athletic program. Salary dependent upon experience. Position to begin Summer 1984. Application deadline February 1. Address all inquiries to: Department of Athletics, University of the South, Seawee, TN 37375. The University is a voluntary affirmative action/equal opportunity employer.

#### Assistant A.D.

**Assistant Athletic Director for Non-Revenue Sports.** Full-time, 12-month position. One of two assistant directors responsible to the associate director of non-revenue sports for the planning and supervision of specific sports and for the implementation of all applicable athletic department policies. Qualifications: Four years' experience in coaching or athletic administration on the college level. B.A. degree required, master's preferred. Commitment to broad program of intercollegiate sports for men and women on the Division I level. Minimum salary \$22,000. Starting date February 1, 1984. Deadline date for applications January 13, 1984. Apply in writing to: Elroy L. Hirsch, Director, Division of Intercollegiate Athletics, University of Wisconsin, 1440 Monroe Street, Madison, Wisconsin 53711. Include resume, credentials and three letters of reference. The University of Wisconsin is an Equal Opportunity/Affirmative Action Employer.

#### Sports Information

**Assistant Sports Information Director.** Assist in the promotion and publicity of 16 male and female programs. B.S. degree with background in journalism or communications. Resumes submitted by January 16 to: Dick Towers, Director of Athletics, Kansas State University, Manhattan, Kansas 66506.

**Staff Writer/Researcher.** Summary: Responsible for the writing of press releases and programs, compiling sports statistics, and reporting sports information. Acts as liaison between Department of Intercollegiate Athletics and press. Implements the various procedures under general supervision. Reports to the Assistant to the Director of Sports Information. Actual Duties: Writes approximately 120 press releases per year, according to standard format. Maintains contact with the press concerning athletic events and individual athletes. Records statistical information for 33 varsity sports. Reports results for 33 varsity sports to several newspapers. Edits informational pamphlets for the athletic department as a whole, and for various sports individually. Performs other duties as assigned. Travels to sporting events. Hosts championship events. Writes program and compiles statistical information for championship events. Records sports information messages for the Penn Phone. Informs coaches and athletes of various athletic functions and awards for which they may be eligible. Knowledge Needed: Extensive experience in journalism, preferably newspaper reporting. Experience in dealing with the press. Ability and interest in working with people. Willingness to work evenings and weekends. Ability to communicate effectively orally and in writing. Comprehensive under-

standing of a variety of sports. Skills of this nature are generally associated with a Bachelor's degree in journalism, communications, English, or a similar field. Several years of newspaper reporting experience may be substituted for a degree. Applications: Charles S. Harris, Director of Athletics, University of Pennsylvania, 235 South 33rd Street, Philadelphia, Pennsylvania 19104. Application Deadline: December 30, 1983.

#### Fund-Raising

**Executive Director of the Booster Club.** Nicholls State University. Qualifications: Bachelor's degree with experience in fund-raising; knowledge of intercollegiate athletics. Responsibilities: Primary responsibility will be to secure external financial support for a Division I athletic program. Full-time, 12-month job. Send letter of application, resume and letters to Don Landry, Athletic Director, Nicholls State University, Thibodaux, Louisiana 70310.

#### Ticket Manager

**Ticket Manager.** The University of Kentucky is accepting applications for the position of ticket manager. Applicants must have a bachelor's degree with experience in ticket operations at the college level. Preferred experience with computerized ticket systems. Salary negotiable. Resume should be sent to Cliff Hagan, Athletic Director, University of Kentucky, Lexington, Kentucky 40506-0019. Deadline for applications is January 15, 1984. University of Kentucky is an Equal Opportunity/Affirmative Action Employer.

#### Basketball

**Head Coach of Women's Basketball-Assistant Coach of Volleyball and/or Women's Track.** This is a full-time position in the Department of Physical Education and Athletics. Master's

degree preferred. Physical education background desirable. Send resumes and three letters of recommendation to: Dr. William Grice, Chair, Department of Physical Education and Athletics, Case Western Reserve University, Cleveland, Ohio 44106. Application Deadline January 15, 1984.

#### Football

**Assistant Football Coach.** Position(s) available contingent on effective date(s) of any resignation(s) during 1984. Experience in football coaching and recruiting at an NCAA Division I major university required. Bachelor's degree required. Varied duties in coaching and recruiting as defined by the head football coach. Salary commensurate with experience. Applications accepted until position(s) filled. Send letter of application including resume and references to: Jim Dickey, Head Football Coach, Kansas State University, Manhattan, Kansas 66506. Kansas State University is an equal opportunity/affirmative action employer.

**Assistant Coach of Football—Assistant Coach of Baseball or Track.** This is a full-time position in the Department of Physical Education and Athletics. Master's degree preferred. Physical education background desirable. Send resume and three letters of recommendation to: Dr. William Grice, Chair, Department of Physical Education and Athletics, Case Western Reserve University, Cleveland, Ohio 44106. Application deadline February 1, 1984.

**Assistant Football Coach.** Portland State University is seeking applications for offensive coordinator. Must have bachelor's degree, college experience in coaching quarterbacks and receivers and college recruiting experience. Salary commensurate with experience. Send application, resume and two letters of recommendation to: Don Read, Head Football Coach, Portland State University, P.O. Box 751, Portland, Oregon 97207. Deadline December 30, 1983. Affirmative Action/Equal Opportunity Employer.

**Head Football Coach.** University of Redlands is seeking applications for the position of Head Football Coach. Master's degree preferred. University of Redlands is a member of SCIAC, NCAA Division III. Competitive salary. Send letter of application, resume, and three letters of recommendation by January 15, 1984, to: Dr. Donald Kleckman, Associate Vice President for Academic Affairs, University of Redlands, Redlands, California 92373. The University is an Affirmative Action/Equal Opportunity Employer.

**Assistant Football Coach.** Full-time position. Bachelor's degree required, master's degree preferred. Must have demonstrated knowledge of coaching and recruiting on a university, Division I football program level. Coaching assignment to be determined by head football coach. Starting date January 4, 1984. Submit application and credentials by December 22, 1983 to: Ed Swartz, Assistant Athletic Director, University of Illinois at Urbana-Champaign, 112 Assembly Hall, 1800 South First Street, Champaign, Illinois 61820. An equal opportunity employer.

**Head Football Coach.** Heidelberg College, a

member of the Ohio Athletic Conference, NCAA Division III, seeks applicants for the position of Head Football Coach. Duties include overall responsibility for the football program, recruiting, coaching of a winter or spring minor sport and teach undergraduate health and physical education courses. Master's degree is required. Send reply to: Dean Preston Forbes, Heidelberg College, Tiffin, Ohio 44883. Heidelberg College is an equal opportunity institution.

**Assistant Football Coach.** Responsible for the quarterbacks and passing game, with the potential to be the Offensive Coordinator. Responsibilities will include, but are not limited to, working with the quarterbacks and passing game, and contributing to the total preparation of the team as directed by the head coach; in-state and out-of-state recruiting of student-athletes as directed by the Head Coach; representing the University and Athletic programs in clinics and fund-raising events as directed by the Head Coach or Director of Men's Athletics. Desired qualifications: Minimum of a B.S. degree, master's preferred; at least three years' coaching experience at the collegiate level or equivalent; a broad knowledge and understanding of passing game and working with the quarterbacks; demonstrated experience in coaching and counseling individual players; demonstrated ability to recruit high school student-athletes; experience in interaction with the public, alumni, booster groups and the administration; knowledge of and commitment to NCAA rules and regulations in regard to recruiting and academics; experience of special interest in working with the special teams. Salary commensurate with qualifications and experience. One-year, non-tenured appointment, renewable annually on February 1. Screening and interview process will begin no earlier than December 30, 1983, and shall continue thereafter until a candidate is selected. Appointment date will be as close to February 1, 1984, as possible. Send a letter of application, complete resume, three current (within the last year) letters of recommendation and any other written supporting materials to: Dave Arnold, Head Football Coach, Montana State University, Brink Bredon Fieldhouse, Bozeman, Montana 59717-0025. Montana State University is an Affirmative Action/Equal Opportunity Employer.

**Assistant Football Coach.** Position(s) available contingent on effective date(s) of any resignation(s) during 1984. Experience in football coaching and recruiting at an NCAA Division I major university required. Bachelor's degree required. Varied duties in coaching and recruiting as defined by the Head Football Coach. Salary commensurate with experience. Applications accepted until position(s) filled. Send letter of application, including a resume and a list of references to: Coach Sam Bailey, P.O. Box K, University, Alabama 35486. The University of Alabama is an Equal Opportunity Employer.

#### Dartmouth College Head Coach of Women's Basketball Program

(Full-time position beginning April 1, 1984)

**GENERAL DUTIES:** Responsible for the organization, development and administration of a Division I, Ivy League basketball program, including budget preparation, recruiting and supervision of assistant coaches.

These positions will be for a men's head soccer coach and/or a women's head basketball coach. Other duties will include supervising intramurals, assisting with other intercollegiate teams and/or teaching in the instructional program, dependent upon qualifications and departmental needs. Salaries are competitive and based on experience. Incumbent interim coaches are eligible to apply. Haverford College is an Affirmative Action/Equal Opportunity Employer. Send a resume and list of three references to Greg Kannerstein, Director of Athletics, Haverford College, Haverford, Pennsylvania 19041, no later than January 23, 1984.

#### Open Dates

**Football, Division III.** Wartburg College, Waverly, Iowa. Open dates: December 22, 1984; December 21, 1985. Call Don Canfield, 319/352-1200.

**Football, Division II.** Grand Valley State. Open 1984, September 15, October 20, 1985; October 19, 1986. Call Dr. George MacDonald, 616/895-3259.

**Football, Division IAA.** University of Maine at Orono, has open dates 9/15/84 and 9/14/85. Contact Brad Folger, 207/581-1053.

**Football, Division IAA.** University of Massachusetts/Amherst has open date September 15, 1984. Call Al Rufe, 413/545-2342.

**Football, Division II.** Shippensburg University, Shippensburg, Pennsylvania. Open dates: November 10, 1984; November 16, 1985; November 15, 1986, and November 14, 1987. Anyone interested call Jim Philula, 717/532-1711, ext. 1534.

## ATHLETIC DIRECTOR Northern Arizona University

### DEADLINE EXTENDED—SEARCH REOPENED

Northern Arizona University invites applications and nominations for the position of Athletic Director. The Athletic Director is responsible for administering a competitive NCAA Division I intercollegiate athletic program consisting of eight men's and eight women's varsity sports within the Bky Sky Conference.

An appropriate Bachelor's Degree is required, with a Master's Degree being preferred. Applicant should have demonstrated ability in athletic administration, budget preparation and control, fund raising, and public relations. Highly desirable qualities are a commitment to successful academic pursuits by student-athletes and an ability to foster congenial and supportive relationships with the diverse constituencies of the local and university communities.

To ensure complete consideration of applications, applicants shall provide a letter highlighting qualifications, three to five current references and/or letters of recommendation, a complete resume, a statement of philosophy and goals regarding intercollegiate athletics and a plan for achieving those goals.

Submit applications to: Chair, Athletic Director Screening Committee, Box 4115, Northern Arizona University, Flagstaff, AZ 86011.

The deadline for accepting applications/nominations is February 3, 1984.

NAU is an Affirmative Action/Equal Opportunity Employer

## DIRECTOR OF ATHLETICS Liberty Baptist College

Liberty Baptist College in Lynchburg, Virginia, a coeducational, liberal-arts college of 4,332 students, invites applications for the position of Director of Athletics. This non-tenured position is an administrative appointment with a 12-month contract. A bachelor's degree and successful coaching experience are required, and a graduate degree and administrative experience are preferred. The Director of Athletics is responsible for the administration and supervision of varsity athletic programs, facilities, recruiting, team schedules, budgeting and planning. This position requires management and communication skills, leadership, and a thorough knowledge of college athletics. The successful candidate must exhibit a strong commitment to Christian education and building a quality athletic program within the context of Christian values.

Salary is commensurate with experience.

Please send a letter of application, resume and three letters of reference to:

Dr. A. Pierre Guillermain  
President  
Liberty Baptist College  
Box 20000  
Lynchburg, Virginia 24506

Applications are requested on or before January 15, 1984.

## Blue Devils' Mike Jeffries top player

For a second straight year, a Duke defender has won the Hermann Trophy, given annually to the nation's top collegiate men's soccer player.

Mike Jeffries, the Blue Devils' senior sweeperback, was announced as the 1983 winner December 16 in Las Vegas, Nevada, site of this year's Senior Bowl. Jeffries played for the West team in the annual all-star game sponsored by the Intercollegiate Soccer Association of America.

The 1982 Hermann winner was Blue Devil sweeperback Joe Ulrich. Jeffries, who is from Bethesda, Maryland, was the Duke captain this fall and scored five goals and had two assists.

Duke's Atlantic Coast Conference rival Clemson claimed college soccer's other top award when James Swanner was presented the first annual Adi Dassler Memorial Award as the outstanding senior goalkeeper. Swanner posted 15 shutouts and gave up just eight goals.

Jeffries and Swanner also headed the 1983 Division I all-America squad as selected by the National Soccer Coaches Association of America. Joining Jeffries and Swanner were two repeaters from last year's first team—Steve McLean, forward, Philadelphia Textile, and Roy Wegerle, forward, South Florida.

Here are the NSCAA men's all-America teams for all three divisions:

### DIVISION I

**First team:** Goalkeeper—James Swanner, Clemson. Backs—Mike Jeffries, Duke; Jose Vidal, Boston U.; Simon Spelling, Akron; David Mosur, Rutgers. Midfielders—Aidan McCuskey, Fairleigh Dickinson-Teaneck; Michael Brady, American; Neil Ridgway, Bowling Green State. Forwards—Tom Kain, Duke; Steve McLean, Philadelphia Textile; Roy Wegerle, South Florida.

**Second team:** Goalkeeper—Tim Harris, UCLA. Backs—Adubarie Otorubio, Clemson; Steve Perillo, Philadelphia Textile; Joe Schmid, Indiana; Chris Kenny, St. Louis. Midfielders—Steve Sirtis, Columbia; Ken Lolla, Duke; Mike Lopoyda, Hartwick. Forwards—Michael King, FDU-Teaneck; Ali Kazemani, Cleveland State; Sam Okpodu, North Carolina State.

**Third team:** Goalkeeper—Dave Whiteraft, Delaware. Backs—J. B. Delaney, Pennsylvania; Martin Hayes, Providence; Chris Hundelt, Southern Illinois-Edwardsville; Craig Callinan, Loyola (Maryland). Midfielders—Amr Aly, Columbia; Mike Flood, William and Mary;

Mike Jeffries

Mickey Kydes, Long Island. Forwards—J. B. Amangoua, Akron; Christopher Ogu, North Carolina State; Damien Kelly, Eastern Illinois.

### DIVISION II

**First team:** Goalkeeper—Stanley Dippel, Northeast Missouri State. Backs—Hylton Dayes, Wright State; Robby Gould, Lock Haven; Lou Forgiere, Southern Connecticut State; Mundel Numan, Oakland. Midfielders—Ben Collins, Florida International; George Fernandez, Cal State Hayward; Sean Kenny, Keene State. Forwards—Ron Basile, Southern Connecticut State; Frank Wolk, Indiana (Pennsylvania); John McCully, Keene State.

**Second team:** Goalkeeper—Rick Bratincevic, Central Florida. Backs—Darryl Case, Longwood; Steward Dowds, Indiana State—Evansville; Keith Russo, New Haven; William Gerber, Radford. Midfielders—Darius Qualls, Maryland-Baltimore County; Boniface Uchi, New Haven; Edward Ruff, Wright State. Forwards—Wynand Jongen, Randolph-Macon; Kenneth Pearson, Central Connecticut State; Chris Ayers, St. Anselm.

### DIVISION III

**First team:** Goalkeeper—John Amorim, Lynchburg. Backs—Mark McNabb, Babson; John Nathan, Wesleyan; Ray Paulus, New Jersey Tech; Thomas Huber, Cortland State. Midfielders—Charles Gilje, Alfred; Ed Radwanski, North Carolina-Greensboro; Andrew Taylor, Wheaton (Illinois). Forwards—Steve Clark, Plymouth State; Mike Sweeney, North Carolina-Greensboro; Robert DiNunzio, Buffalo State.

**Second team:** Goalkeeper—Bart Lombardi, Middlebury. Backs—Gregory Plummer, Virginia Wesleyan; Amaro Goncalves, Worcester Tech; John McDonough, Glassboro State; Guido Verdelli, Norwich. Midfielders—Tim Stephens, Amherst; Francis Nugent, Middlebury; Jeff McEvoy, Williams. Forwards—Tom Bolster, St. Lawrence; Mark Burke, Colby; Tim Daniels, Wheaton (Illinois).

**Third team:** Goalkeeper—Tim Maccarick, Clarkson. Backs—Gaspar D'Alexis, Plymouth State; Doug Lyons, Amherst; Mustapha Jannet, Buffalo State; Dave Kouwe, Wheaton (Illinois). Midfielders—Rick Wyman, Ohio Wesleyan; James Larkin, Coast Guard; Mike Farrugia, Plymouth State. Forwards—Donovan Scott, Plattsburgh State; Sergio Flores, MacMurray; Scott Taylor, Alfred.

## Revisions suggested in formats of men's soccer championships

Proposed revisions in the men's soccer championship format of each division and three major rules changes were passed during last week's meeting of the NCAA Men's Soccer Committee in Fort Lauderdale, Florida.

All changes in championship fields and formats must be approved by the NCAA Executive Committee. The Men's Soccer Committee will submit its requests in May.

Following is a summary of the format changes proposed by each division:

**Division I**—The current minimum of two teams selected from each of the eight regions would be maintained; however, the committee will ask that the maximum of four teams per region be eliminated, allowing for the flexibility to place no more than two teams in the bracket outside their region. The committee also voted to move the starting date of the 1984 tournament back, with first-round games to be completed by November 18 and second-round play to be completed by November 25. This would shift the current midweek, first-round games to the weekend, permitting more time for preparation.

**Division II**—A realignment from four to six regions will be forwarded to the Executive Committee along with a request for an expansion of the current 12-team field to 13 teams. Two teams would be selected from each region, with the rest selected at large. The top four teams would be seeded and receive first-round byes. Pairings would be based on geography through the second round; then semifinalists would be reseeded. The committee also voted to move the tournament starting dates back one week, with first-round play to be completed by November 18.

**Division III**—A 28-team field will be requested. Regional realignments

## More

*Continued from page 1*  
ment ratio, to be granted by the NCAA Council.

Proposal No. 110, sponsored by the Council on the recommendation of the Division II Steering Committee, provides for a graduated increase in women's sports sponsorship in Division II, beginning with five sports in 1985-86 and going to six women's sports by 1986-87.

Proposal No. 111, sponsored by nine member institutions, has the same intent as Proposal No. 110 except that it would delay the implementation of the graduated plan for increasing women's sports to a total of six until September 1, 1987.

Council-sponsored Proposal No. 113 specifies that changes in membership status would become effective September 1, the beginning of practice in any sport for that fall term or the first day of classes, whichever comes first.

Proposal No. 112, sponsored by all six members of the College Athletic Conference, proposes that a student's high school class rank need not be unavailable in determining whether a student may receive an academic honor award based on a minimum ACT or SAT score at a Division III institution, effective immediately.

### Amateurism

In legislation concerned with amateurism, the Council is sponsoring Proposal No. 119, which would allow a student-athlete to borrow, under specified conditions, against future earnings as a professional athlete to purchase insurance against disabling injury. The student-athlete would be required to inform the institution of any such transaction

also were proposed, with each region to receive at least four and no more than six berths in the field. First- and possibly second-seeded teams would receive first-round byes in regions with more than four berths.

In other championships-related matters, the committee will ask for a backup official at NCAA championship games and an increase in officials' fees. Divisions II and III championships will continue to be played at on-campus sites, but a site for the 1984 Division I final was not determined.

Rules changes included the adoption of the goalkeeper-step rule used by the Federation Internationale de Football Association, a team-bench area and a one-game suspension for players ejected from a game.

The team-bench area would be marked five feet from the sideline and extend 20 yards from the center line. Coaches, players and team

officials would be required to remain in this area, except for substitutes warming up. Under the new rule for ejections, players receiving a red card will be suspended from their next regularly scheduled game, including NCAA championship play or the first game of the following season.

The committee also will ask the Executive Committee and Council to include the sport of men's soccer in Bylaw 3-5 for 1985. This legislation, adopted last year, requires member institutions to conduct regular-season competition in the sports of football and men's basketball under NCAA playing rules. In a related request, the Men's Soccer Committee will ask the Executive Committee to approve a policy that regular-season games not conducted under NCAA rules not be considered for purposes of selection to an NCAA championship.

## Women's Soccer Committee shifts regions for five states

Meeting December 13-15 in Kansas City, the NCAA Women's Soccer Committee voted to adjust its regional alignments; however, the committee postponed decisions on expansion of the field and a 1984 championship site.

All committee recommendations must be approved by the NCAA Executive Committee.

The Women's Soccer Committee will recommend that the states of Missouri, Minnesota, Iowa, Arkansas and Louisiana be shifted from the West region to the South/Mideast.

The committee will make a decision in February on the site of the 1984 semifinals and championship. The format for the 1984 championship will not be changed; however, the committee, at the direction of the Executive Committee, did examine

on-campus play for the semifinals and/or final and will report to the Special Championships Standards Committee, in August.

A recommendation was passed to expand the championship bracket to 14 teams, but the committee will delay sending the recommendation to the Executive Committee until May, while additional data is gathered.

The committee also discussed its designation of the Intercollegiate Soccer Association of America weekly poll as the official rating to be carried in The NCAA News. The committee agreed to continue to designate the ISAA poll; however, it expressed concern that the poll was being viewed as an NCAA poll and that the soccer community should be aware of the difference.

## Limits

*Continued from page 1*

not award financial aid based upon athletic ability.

Of the 15 recruiting proposals, the Council also is sponsoring two that deal with recruiting contacts and evaluation in basketball.

Proposal No. 100 would eliminate October 10-31 from the contact period and add June 15-30 to the evaluation period in Divisions I and II men's basketball.

Proposal No. 101 would apply the contact and evaluation restrictions in women's basketball beginning August 1, 1984, rather than August 1, 1985.

In Proposal No. 99, all members of the Pacific-10 Conference are asking that in-person contact (rather than evaluation only) with a prospective student-athlete in men's basketball be allowed during July and that the fall contact period be ended October 10 rather than November 1. The legislation would become effective immediately.

In football recruiting, Proposal No. 104, sponsored by eight members in the Pacific-10 Conference, would eliminate May from the evaluation period for Divisions I and II.

One additional proposal concerning recruiting contact is Proposal No. 108. Sponsored by the Council on the recommendation of the NCAA Eligibility Committee, this legislation would prohibit institutional staff contacts in person outside the permissible periods with prospects in football and basketball at the sites of

practice or competition in high school all-star games, effective immediately.

The Council is asking in Proposal No. 98 that the employment of a high school or junior college coach by a Division II or III institution's coaching staff be allowed, even though the employee remains associated with the other school. The proposal has the recommendation of the Divisions II and III Steering Committees and would be effective immediately.

Proposal Nos. 105, 106 and 107 concern complimentary admissions and meals.

Six Big Eight Conference institutions are asking in Proposal No. 105 that a regular-season, off-campus game in any sport played out of state not be subject to the current in-state restrictions so that an institution would be allowed to provide complimentary admissions to prospective student-athletes. The effective date would be August 1, 1984.

Proposal Nos. 106 and 107 would allow an institution to provide complimentary meals in its on-campus facilities to a prospect without the visit being considered an expense-paid visit so long as the prospect is visiting the campus at his or her expense.

Proposal No. 106 would grant that right to those Division I institutions that do not offer athletically related financial aid, and Proposal No. 107 would include all Division I-AA schools. Both proposals are sponsored by the Ivy Group and would become effective immediately.

specify that it is permissible for an institution to pay the travel expenses of a team invited to the national or state capital for special recognition by the President or governor.

The initial legislation in the amateurism grouping, Proposal No. 114, would specify that a student-athlete's eligibility is not jeopardized by the use of the student's name or photograph in an educational sport skill demonstration under certain conditions.

The proposal, to be effective immediately, is sponsored by 30 member institutions.

Proposal No. 121, sponsored by the Council on the recommendation of the Extra Events Committee, would allow a student-athlete to receive additional types of recognition awards such as pen and pencil sets, luggage, and cameras, provided the items are permanently marked to identify the institution and the award.

The final proposal in the amateurism grouping, No. 122, asks that the dollar limitation on a national-championship award be increased from \$150 to \$300, effective immediately. The proposal is sponsored by six member institutions.
