Executive Committee's agenda full for May 5-6 meeting

Championships committee reports from all divisions will be among the major discussion topics when the NCAA Executive Committee meets May 5-6 in Kansas City, Missouri.

The Division I Championships Committee will hold its first meeting before reporting to the Executive Committee its recommendations for its championships in 1986-87.

The Divisions II and III Championships Committees will present block-grant funding proposals for their respective championships.

These reports are included in a full

agenda for the Executive Committee, which also will hear reports on the development of postseason drug-testing protocol, Association antigambling efforts, NCAA insurance coverage and initial planning for the 1987 Association Convention.

Among the reports by sports committees is one by the Men's Soccer Committee that recommends expansion of the Divisions II and III championships fields. Division II is seeking a 13-team bracket, and a bracket expansion from 24 to 28 teams is sought for Division III. Division I is recommending that its 1986 championship final be played in the Tacoma

Also being recommended is conference automatic qualification for all men's soccer championships.

A proposal is being made to reduce the field of the National Collegiate Women's Soccer Championship from 14 to 12 teams since the first Division

III 12-team play-off will be inaugurated in 1986. The Women's Soccer Committee is recommending that both championships be held at oncampus sites

An expansion of the Division III Women's Softball Championship from 16 to 18 teams is being requested for a third straight year. The Women's Softball Committee report states that "the quality of competition merits an increase in the championship bracket."

In tennis, the Division III men's committee is seeking an increase in the maximum number of participants from 90 to 112, effective in 1987.

The Division I Women's Volleyball Committee will not request permission to seed the top four teams for its championship in 1986, but an expansion of the championship bracket from 28 to 32 teams is being recom-

The Division II Men's Basketball Committee is requesting that its championship be conducted separately from the women's championship in 1988 and that the play-off date be scheduled one week later than the current date.

However, the Division II Women's Basketball Committee is recommending that the common-site championship with the men continue and the play-off date be the same as the men's. It also recommends that the women's bracket be expanded from 24 to 32 teams and that additional transportation costs be subsidized by participat-

An expansion of the Division III Men's Basketball Championship from 32 to 48 teams is being recommended, with the proviso that participating teams would pay first-round transportation expenses. Partial or full reimbursement would be made from gross net receipts generated by firstround games.

The Division III Football Commit-

tee is asking that the 16-team championship format be retained, in view of a survey of chief executive officers in the division who responded overwhelmingly (83 percent) in favor of the 16-team play-off.

If the 16-team bracket is retained, the committee recommends that firstround revenue be distributed as follows: 1. Pay the game expenses first; 2. pool the remaining receipts and reimburse the transportation expenses of visiting teams on a prorated basis, and 3. include any remaining receipts in the championship gross receipts.

The Division III committee also recommends that the official travel party for the championship be reduced from 57 to 50, with a maximum squad size of 48; that the semifinal pairings be arranged in a more economically feasible manner, and that individual awards be presented to semifinalists and finalists only.

Members to get more help with drug education

Education, testing and counseling all are important components of successful drug-education programs for student-athletes, members of the NCAA Drug Education Committee agreed during a meeting April 24 in New Orleans.

In keeping with that belief, the committee will step up its efforts to provide NCAA member institutions with information and materials they can use in starting or improving drugeducation and testing programs on their own campuses.

"One of the goals of the committee is to share what member institutions are doing in drug education," explained committee chair Dr. Robert J. Murphy, team physician at Ohio State University. "We want to be available to institutions and try to provide them with information on what others are doing."

Therefore, besides producing educational brochures, posters and videotapes, the committee plans to collect and distribute more detailed information from institutions on how they are approaching the tasks of education and testing.

Taking a step in that direction, the committee recently surveyed institutions about their drug-education and

testing programs. Of the 517 schools responding to the survey, 94 (18 percent) reported they currently operate drug/alcohol educational programs for student-athletes, and 86 (17 percent) said they utilize drug testing. Another 15 percent of the institutions reported they have made progress in planning an educational program and 13 percent said they actively are planning to install drug-testing programs.

Few (nine percent) of the schools have an educational program for coaches and other staff, but 13 percent are planning one. Nearly 80 percent of the schools that test for drug use said the testing is mandatory for student-athletes, and nearly onefourth reported that coaches and staff also are checked

After reviewing results of the survey in New Orleans, committee members discussed whether the panel should assume any responsibility for drug testing. Members generally agreed that although drug testing in NCAA championships and football bowl games is governed by the Special NCAA Postseason Drug-Testing Committee, the Drug Education Committee should be concerned with testing conducted independently by institu-

"You cannot entirely separate drug testing from drug education," Murphy said. "It is my own opinion that drug testing is an integral part of drug education at the institutional level.

"Consistent, fair drug-testing programs at the institutional level can be

a deterrent to drug usage and they also can help prepare student-athletes for drug testing at the NCAA level,"

In pursuing its interest in drug testing, the Drug Education Committee will take a different approach than the postseason drug-testing committee, Murphy added. The education committee will concern itself more with such "street drugs" as

marijuana and cocaine, while the drug-testing committee's emphasis will be on performance-enhancement drugs, including anabolic steroids.

"My opinion, speaking as a team physician, is that the primary problems in college athletics are marijuana and cocaine," Murphy said in support of the emphasis on street drugs.

The reasoning behind that approach is that institutions are in a position to help rehabilitate studentathletes when street-drug use is disco-

Committee members devoted much of the meeting in New Orleans to discussion of various means of collecting and distributing information about education and testing programs. Recommendations included publishing descriptions of some existing programs in The NCAA News and other publications and sending new surveys to the 94 institutions that reported they already have drug-education programs to obtain more detailed information on materials they find effec-

In its continuing efforts to promote drug education, the committee hopes to produce two videotapes by fall. One would be aimed at student-ath-See Members, page 5

drug-testing plan to be discussed in depth at forums

NCAA drug-testing legislation and several proposals to curb major recruiting abuses headline NCAA Current Issues Forums scheduled for three regional sites in May.

Atlanta's Marriott Marquis Hotel will host the first session Monday and Tuesday, May 12-13. Chicago's Westin O'Hare Hotel will be the site for the second forum on Tuesday and Wednesday, May 27-28, and a third will be conducted Thursday and Friday, May 29-30, at the Los Angeles Airport Hilton.

The forums are intended to bring institutions' and conferences' top athletics administrators together with selected NCAA staff members and individuals with special expertise to discuss current issues of greatest concern in intercollegiate athletics.

Implications of the drug-testing plan adopted at the 1986 Convention will be discussed in three parts:

Newly developed drug-testing protocol will be outlined by Dr. Daniel F. Hanley, Dartmouth University, who serves as a member of the Special NCAA Postseason Drug-Testing Committee. Dr. Hanley chaired related international Olympic and United States Olympic committees and directed drug testing at the most recent Pan American Games in Caracas, Venezuela.

Related eligibility considerations will be the focus of remarks by William B. Hunt, NCAA assistant executive director for legislative services. Hunt will describe how student-athletes' eligibility may be jeopardized under drug-testing legislation, the restoration process once an individual's eligibility has been jeopardized and the manner in which subsequent positive tests will be treated.

Legal issues will be addressed by John S. Black, attorney for Swanson, Midgley, Gangwere, Clarke and Kitchin (Association legal counsel). Black, who specializes in business and sports law, will focus on developing case law in the area of drug

Time will be allotted following each presentation for questions and answers.

Major alternatives to current NCAA recruiting rules will highlight sessions devoted entirely to legislative issues on the forum's second day. Those in attendance will hear several proposed revisions to recruiting regulations and have an opportunity to discuss the merits of each.

The extent to which boosters or other institutional athletics representatives should be involved in recruiting will be a primary area of emphasis. In addition, Hunt will discuss the NCAA Council's action in April to create a special committee to review in detail the entire recruiting process.

Opening remarks will be presented in Atlanta by Wilford S. Bailey, NCAA secretary-treasurer. John R. Davis, NCAA president, will open

the forum in Los Angeles, and Walter Byers, executive director, will offer opening remarks in Chicago.

Sharing the program with drugtesting issues on the first day will be the following topics (primary presenters are noted in parentheses): Gambling—Security Measures and Safeguards (Michael S. Glazier, assistant director of enforcement, and Stanley Schall, Integrated Services and Integrity Systems), and Compliance Services - Financial Audit Guidelines, Academic-Reporting Procedures and Institutional Self-Study (John H. Leavens, director of compliance ser-

Other legislative topics to be discussed the second day include new legislation; the legislative and interpretive process; financial aid and amateurism (a separate session will be held for Division III members); academic standards, and transfer eligibil-

General question-and-answer ses-

sions will conclude each day's business. In addition, the NCAA will host a reception for all forum attendees at each site from 6 to 7 p.m. the evening of the first day.

To attend, complete the registration form that accompanies the advertisement found on page 5 and forward it with a \$20 check or money order (made payable to the NCAA) directly to John H. Leavens at the national

The registration fee (\$20 in advance or \$30 at the site) covers attendance at all forum sessions, the reception, access to all written materials and one copy of a cassette recording to be mailed following each forum. Registration packets for both pre- and onsite registrants will be available the morning of the first day.

Individuals who will attend the forums are responsible for making hotel reservations. Special rates may be obtained at each hotel by mentioning the NCAA Current Issues Forum.

Cullen saves an 'old Indian game' from getting the ax at Duke

Richmond Times-Dispatch

Five years ago, Tony Cullen turned down a lucrative job in industry for one-tenth the salary, he says, to revive the Duke University lacrosse program. Actually, it was worse than that. He was given a six-month, make-good contract. After that, the program would be re-evaluated. Show us this old Indian game is worthwhile, that we are better off with it than without

rity was not to be tolerated anymore.

commendation for two years, it seemed to mark the end of Duke lacrosse. Morale reached an all-time low. The former coach quit three days after school started, fed up with the foot-dragging. The team's juniors and seniors were angry. There were no

Into this tenuous situation came Cullen—Duke, class of '80; former attackman, the country's leading scorer and all-America.

His father had been a coach at Cornell for more than 40 years. From Duke. Cullen went to Cornell to acquire his M.B.A. He already had a fruitful business, selling lacrosse sticks. A bank wanted him to conduct seminars. The year was 1982. It was

"This was something I always wanted to do," Cullen says, "and Duke, with its blend of academics and athletics, was perfect for me."

It wouldn't be farfetched to suggest that Cullen saved lacrosse in Durham, North Carolina. Others who applied for the position told Duke athletics director Tom Butters they required maximum scholarships (14) and recruiting budget to have any chance of competing with Atlantic Coast Conference rivals Virginia, Maryland and Carolina, which already were fully funded. "I was the first who said you can win without it," Cullen says.

"I sold them some ideas they hadn't heard. I took a more business ap-

nue-producing sport, so let's look at the ancillary benefits to the school."

Had he taken a hard line, too, "there's a realistic possibility they would have dropped the program," Cullen recalls. "They were pretty disgusted. The program was about as low as it could be."

At 23, he was the youngest NCAA Division I coach in the country. To begin with, Cullen had to overcome the rumor: Duke was eliminating lacrosse as a varsity sport. In the game's hotbeds such as Baltimore and Long Island, New York, that hampered recruiting enough to make it nigh impossible. So Cullen originally concentrated on what he calls "the fringe areas - Philadelphia, Connecticut. The first two years, I had to do a lot of salesmanship."

Cullen evidently sold well. "Our next recruiting class will be our best. Next year, we should be loaded for bear. In some ways, we've exceeded our own expectations."

Duke, with an 11-3 record as of April 21, has been ranked among the top teams in the country all season.

Tony Cullen

Butters, it seems, exhibited the same patience with Cullen he has with basketball's Mike Krzyzewski and football's Steve Sloan. "He didn't put pressure on me," Cullen recalls. "All he said was don't use junior wasn't expected to win the first two or three years.'

He still doesn't have maximum scholarships. Cullen has four, which he spreads among 13 players. The original idea, he says, was to treat lacrosse the way Duke did soccer. "Let's see what you can do...if you can beat somebody." Make significant strides, and you'll get more. Soccer now is fully funded. Butters knows Cullen will be coming to see him about more help, too. His budget already has "increased drastically," Cullen says.

Cullen recalls asking Butters, "How good do you want to be?" There was the Ivy League route, a sort of Division I middle ground, or they could go after the biggies - Johns Hopkins, Virginia, Syracuse, etc. They chose the biggies, and Cullen wouldn't have had it any other way.

"The way I look at it," he says, "we don't have to sell Duke lacrosse as pie in the sky anymore. For the first time, we have the ability to beat Virginia or Carolina on any given

"Here's one. The NCAA has banned sponsors of collegiate track and field events - including the University of Kansas Relays last week - from handing out medals to winners in high school competition. The reasoning is that the medals might entice the athletes to attend the sponsoring school, giving it an unfair advantage over others.

"This is not clear thinking. The medals are little more than pats on the back to the best performers of the day. Most athletes won't get college scholarships in track and field anyway; there simply aren't that many to go around.

"The really good performers, of course, will have their pick of schools. In that case, a dinky medal can't possibly be considered much of a recruitment ploy. It would take something larger and probably illegal to get an athlete to unfairly favor one school over another. That's when the NCAA should get

Letter to the Editor

College athletics are for students

This is in response to David Broder's column, "Organize College Sports Another Way." He makes the point that "nothing compels us to think competition among students must be organized among colleges."

In agreement, I would note that professional basketball and football leagues flourish without the equivalent of baseball's grapefruit league because college athletics serves this purpose. An established league should be set up to provide competition for those skilled postsecondary athletes who have neither the ability nor the inclination to obtain a college education. Funds for these leagues should be provided by the NBA and the NFL.

On the other hand, many highly skilled athletes are more than capable of competing well on both the athletics fields and in the college classrooms. Bill Bradley, a Missouri native, immediately comes to mind. These students are the ones that college athletics are designed for. It would be criminal to deny them this opportunity to compete.

Colleges and universities must begin to support the notion that intercollegiate athletics are for college students. This may mean that some talent on the fields may be lost initially, but the integrity of the programs will be upgraded.

Students will represent their schools instead of paid semiprofessionals. It may also mean that these same colleges and universities may need to subsidize their athletics programs, but does anyone expect a freshman English class to generate a profit?

Bailey reviews decade preceding Bylaw 5-1-(j) requirement

[Editor's Note: NCAA Secretary-Treasurer Wilford S. Bailey, faculty athletics representative at Auburn University, was a panelist April 11 at a meeting sponsored by the National Association for Equal Opportunity in Higher Education (NAFEO) in Washington, D.C. Following is an excerpt from his presentation at that meeting.]

The new academic requirements for freshman eligibility to be effective this year in NCAA Division I institutions have the overwhelming support of the membership. This is obvious from the votes by which the requirements were adopted by that division in 1983 and only slightly modified in

However, it is apparent that few are happy with the regulation. On the one hand, there are those who object strongly to the use of minimum standardized test scores as a part of such a requirement. On the other, there are many who feel strongly that the requirements should be considerably more rigorous. Among those who support in principle the use of standardized test scores as part of such a requirement, there are many who express considerable discomfort with the new freshman eligibility regulation in view of the available evidence about its value in identifying those capable of academic success.

As we strive to make informed judgments about where we are on this very complex matter and wise decisions about where we should go and how to get there, perhaps it will help for us to step back and reflect as objectively as possible on some of the countervailing forces that have combined to give birth to Bylaw 5-1-(j) and to its reaffirmation with but slight modification.

What happened between 1973, when the old 1.600 rule was eliminated and replaced by the requirement of merely a 2.000 overall high school grade-point average, and 1983, when "Proposition 48" was adopted by a strong majority in Division I?

The significance of the answer to this question takes on added importance when it is remembered that the principal arguments against Proposition 48 (i.e., that standardized test scores are racially biased and that there is no objective evidence that the academic standards in the requirement have validity for identifying students who will be successful academically) were the same ones used successfully for several years to defeat repeated efforts to increase the academic standards required for eligibility.

Moreover, it seems quite clear that a major consideration in the decision to eliminate the 1.600 rule was the concern that retention of that requirement would result in reduced opportunities for minority students to participate in intercollegiate athletics, since an increasing number of colleges were adopting open-door admissions policies and Federally financed college aid programs for disadvantaged students were being expanded.

Obviously, a number of things happened, some of which had a potential good but the combined effect has resulted in a marked erosion of academic credibility in many institutions, which has seriously impaired the image of higher education generally.

First, a brief comment about "the potential for good." Just as professional sports provided opportunities for Blacks to overcome barriers that had resulted from segregation, college sports served to open doors of opportunity for Blacks who otherwise would not have had those opportunities because of their social, economic and educational backgrounds. Therefore, a strong case can be made for preferential treatment of black students in admissions in order to achieve better representation for them in the nation's colleges and universities. Unfortunately, that commendable objective has been thwarted by the ramifications of developments during the past dec-

Of the many things transpiring during the decade 1973-1983, perhaps nothing had a greater influence in this area than the marked commercialization of sports. This, combined with the need for ever more resources to support expanding nonrevenue sports programs and our nation's passion for winning, increased markedly the pressures to win, especially in those college sports that brought greatest recognition and produced the greatest financial return. Given these circumstances, it is not surprising that more and more highly skilled athletes with not only marginal but in many instances woefully inadequate academic preparation for college-level work were recruited under special-admissions policies (formal or informal).

Contributing to the problem was the fact that before the adoption of the national satisfactory-progress regulation (applicable only to students enrolling since August of 1981), it was possible for student-athletes in many

institutions to remain eligible by taking relatively few rigorous courses, with the result that little if any progress was made toward a designated degree.

At that time, when such major changes were occurring in college sports, athletics programs were permitted all too frequently to operate with a considerable degree of autonomy, without sufficient control by the chief executive officer and the rigorous monitoring of programs now recognized as necessary. Klitgaard [former Harvard University professor Robert Klitgaard] alludes to the attitude so prevalent during that period in this observation: "A leading educator once remarked to me that there were two issues about which many university presidents deluded themselves or lied: preferential admissions for athletes and affirmative action."

The results are painfully evident, not only from the many anecdotal and some specific public reports of individual cases, but also from the results of the NCAA research on

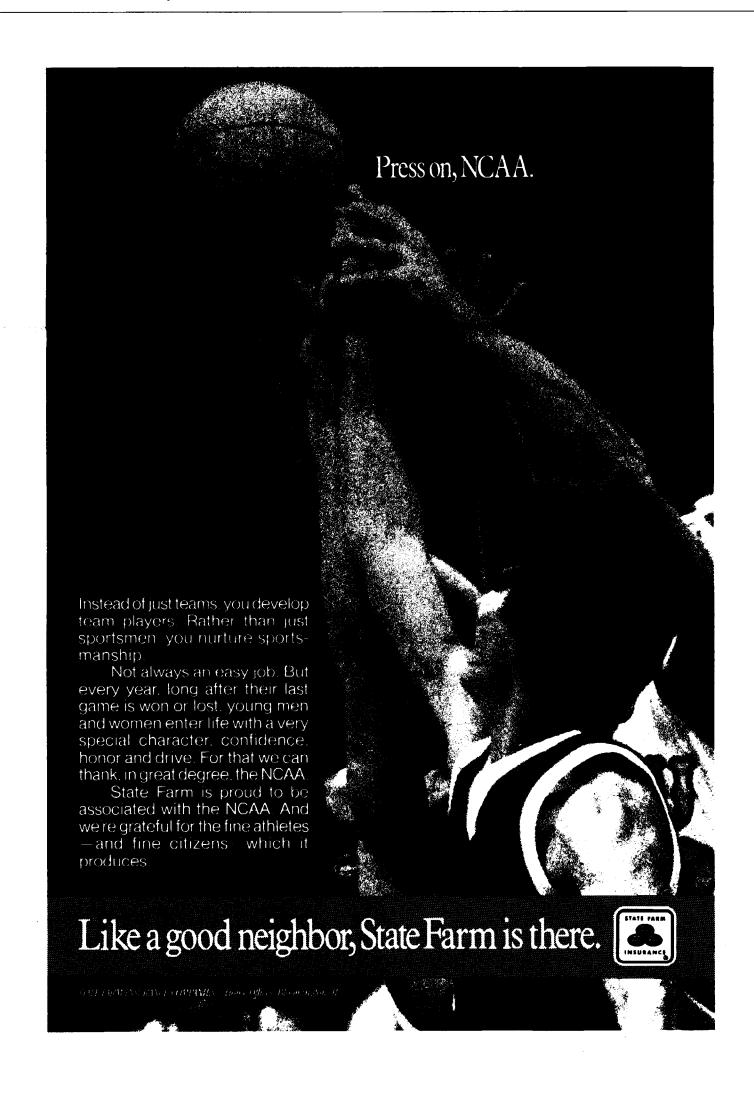

institutions in 1977 and in 1982. Time does not permit, nor is it necessary, to review the data from that research. It is abundantly clear that a very high percentage of Division I institutions, especially those with major football and basketball programs, recruited large numbers of student-athletes, both white and black, who were so illprepared for college work that there was little hope for them to succeed as students in those institutions.

Recent events have emphasized the nature and extent of abuses of preferential treatment for student-athletes in ways that support the conviction held by many that all too often student-athletes have been used and exploited for the financial gain or sports preeminence of institutions.

Certainly, there can be no disagreement with the fact that such conditions violate the fundamental policy of the NCAA that "...competitive athletics programs of the colleges are designed to be a vital part of the educational

system" and that "a basic purpose of this association is to maintain intercollegiate athletics as an integral part of the educational program and the athlete as an integral part of the student body....

It is not surprising, in retrospect, that as these conditions became more widely known and publicized, both within and outside colleges and universities, chief executive officers were galvanized for action in an effort to restore academic credibility. Over the past three years, the many studies critical of the quality of education at all levels in our nation (especially of public education at the elementary and secondary levels), the rising tide of demands by legislatures and publicinterest groups in all states for the enhancement of quality of public education, and the pressures for universities to toughen admissions standards and eliminate remedial courses have served to reinforce the actions taken by Division I institutions in

Olympics will be closed to pros at least through '88 games

The dispute over amateurs and professionals competing together in the Olympics will last through at least one more set of games, the head of the International Olympic Committee said April 24 in Seoul, South Korea.

IOC President Juan Antonio Samaranch said delays in dealing with the matter meant that no action would be taken on drastically revised athlete-eligibility rules, known as the athletes' code, in time for the 1988 winter games in Calgary or the summer games in Seoul.

"The athletes' code will not be

possible until after Seoul," he told the Associated Press.

There is the possibility, Samaranch said, that eligibility problems with three of the international sports federations—tennis, ice hockey and soccer—will be resolved in time for the '88 games. But that would be far from the revolutionary change some Olympic officials had been expecting

Earlier, the IOC's executive board voted to ban the use of diuretics by athletes and tighten the limits on caffeine use.

And a worldwide group of national Olympic committees called on all countries to participate in the Olympics in 1988.

The Association of National Olympic Committees decided April 23 to study further the proposed athletes' code, which would give eligibility determination to the 23 international sports federations.

If implemented, the plan could open the Olympics to outright pro athletes.

The IOC is scheduled to consider the athletes' code in October.

But April 24, ANOC President Mario Vazquez Rana gave all 161 of the NOCs 60 days to submit their opinions for the study, and Samaranch said that wouldn't leave enough time for the IOC to reach its decision.

In turn, with less than two years before the '88 games, that would mean any new eligibility rules for the Olympics would not take effect until 1992.

For much of his six years in office, Samaranch has pressed for a resolution of the amateur-professional issue.

But at the opening session of ANOC April 22, Samaranch warned his colleagues to go slow in changing key parts of the Olympic movement.

A week before, it appeared certain that the code would win ANOC approval. On April 23, 23 speakers in three hours of debate attacked the athletes' code. Just two delegations—Britain and New Zealand—spoke in its favor.

Marat Gramov, the Soviet Union's Olympic committee president, led the attack, but he was followed by speakers from both the Eastern bloc and Western industrial countries.

They said they were worried that allowing professionals into the games would eliminate any chance developing nations might have of winning Olympic medals and that it could turn control of the Olympics over to commercial promoters and television networks.

Before adjourning its three-day session, ANOC reelected Rana as president and issued a bulletin calling on all 161 national Olympic committees to send teams to Seoul. If that happens, it will be the first time since 1972 that a summer games is not hit by some kind of political boycott.

The IOC executive board accepted a report from its medical commission that diuretics should be banned. Diuretic drugs remove water from the system and are often used in weightloss and heart-disease medicines.

The board also agreed with a medical commission recommendation to lower the caffeine limit from 15 grams to 12 grams. Although an exact estimate is impossible, the new rule would limit caffeine intake to about seven cups of coffee in any one day, according to Michele Verdier, and IOC spokeswoman.

Judge will let jury determine fate of NFL's TV contracts

A Federal judge has refused to void the NFL's contracts with the three major television networks, ruling that the USFL has yet to show that the contracts violate Federal antitrust law

U.S. District Judge Peter K. Leisure rejected the USFL's demand for a summary judgment, which would have voided the contracts even before the new league's \$1.32 billion antitrust case against the NFL is tried.

Leisure ruled that the question of whether the television agreements with CBS, NBC and ABC are an illegal restraint of trade will have to be decided by a jury after the case goes to trial May 12, the Associated Press reported.

"This court holds that the mere existence of the three NFL network contracts does not exceed the scope of the antitrust exemption created by the Sports Broadcasting Act of 1961," Leisure wrote. In that law, Congress granted the NFL the right to negotiate television deals on a league-wide basis, rather than team by team.

The struggling USFL filed its suit in 1984, charging that the NFL engaged in conduct aimed at making it impossible for a rival league to thrive.

In three related decisions issued April 24, Leisure laid down the ground rules for the trial. He narrowed the issues by refusing to allow the USFL to present some of its claims to the jury, among them charges that the NFL illegally monopolized the supply of available game officials, that it tried to prevent USFL clubs from gaining favorable stadium leases and that it "disparaged" the new league in an illegal attempt to harm its prospects.

He also refused to allow the USFL to present past charges of anticompetitive conduct leveled against the NFL, among them the claims raised by the American Football League before it merged into the NFL.

The television issue has received much attention in the case, especially because of the USFL's plan to switch from a spring to a fall schedule in direct competition with the NFL this autumn. With all three major American networks committed to broadcasting NFL games, the USFL complained, the new league was frozen out.

USFL lawyers argued that the 1961 law authorized the NFL only to sign contracts with one network at a time and that the fact that the league has simultaneous contracts with three networks is an automatic antitrust violation. Leisure disagreed.

"Nothing in this opinion should be construed as indicating that an absolute antitrust exemption extends to the circumstances surrounding the three NFL network contracts," he wrote. "This decision merely holds that the bare fact of the three network contracts does not constitute a violation of the antitrust laws.

"Whether the intent or effect of such arrangements is to exclude a competing league, such as the USFL, from selling any of its television rights presents material questions of fact that cannot be decided on a summaryjudgment motion. These questions will be addressed, presumably, in the upcoming trial in this case."

Team up with Greyhound and see what kind of sports we really are.

Charter Greyhound, and we'll return up to 10% of your school's billings.

Every time you ride with us — from athletic teams to the band and other college organizations — you're helping to build the total amount of NCAA charter billings on Greyhound. And that adds up to big returns for your school.

With our new game plan, as the total NCAA volume figure grows, the percentage of billings that are returned to you will grow as well.

Up to a maximum 10% rate of return that goes directly to the athletic department.

So when you go Greyhound, you're getting more than our reputation for safety, service and reliability. You're getting a new way to keep expenses down.

When you're ready to plan your charters for the season, call us at 1-800-USA-NCAA. We'll give you more information and immediate charter quotes. And your Greyhound NCAA sales representative will contact you soon afterwards.

This year, put a good sport on your team. Choose Greyhound charters all season long.

Legislative Assistance

1986 Column No. 18

Amateur status (international competition)

The NCAA Council noted during its April meeting that any student-athlete must meet the Association's standards of amateurism as set forth in NGAA Constitution 3 to be eligible at a member institution for intercollegiate athletics competition. Particularly in the case of an international student-athlete, it should not be assumed that an individual who is considered an amateur by his or her native country's national sports governing body is automatically eligible under NCAA legislation. All student-athletes should be made aware of the fact that there are differences in the amateur regulations of various national sports organizations and care must be exercised to ensure that each individual is eligible under NCAA amateur regulations.

As set forth in Constitution 3-1-(a), an individual shall not be eligible for participation in any intercollegiate sport if the individual takes or has taken pay, or has accepted the promise of pay, in any form for participation in that sport. This includes the promise of pay when such pay is to be received following completion of the intercollegiate career. This legislation also is applicable to the time prior to matriculation at a member institution. As indicated in O.I. 2, the term "pay" specifically includes the receipt either directly or indirectly of any salary, gratuity or comparable compensation; division or split of surplus; educational expenses not permitted by governing legislation of the Association, and excessive or improper expenses, awards and benefits. Expenses received from an outside amateur sports team or organization in excess of actual and necessary travel and meal expenses for practice and game competition shall be considered pay. In accordance with NCAA Constitution 3-1-(g)-(2), money received by individuals for unspecified or unitemized expenses would constitute "pay" for participation. Please note that under the provisions of Case No. 10 (page 290, 1986-87 NCAA Manual), a student-athlete may not receive payment of expenses based upon the place finish achieved in competition. It is strongly suggested that member institutions review the status of international student-athletes under these provisions before they are certified eligible for intercollegiate competition.

Member institutions also are reminded of the provisions of NCAA Constitution 3-1-(d) concerning participation with or against professional athletes. An individual may participate singly or as a member of a team against professional athletes. However, the individual no longer will be eligible for intercollegiate athletics in that sport if he or she participates or has ever participated on a team known to the individual or that reasonably should have been known to the individual to be a professional team in that sport. O.I. 3 defines a professional team as any organized team that is a member of a recognized professional sports organization, is directly supported or sponsored by a professional team or a professional sports organization, is a member of a playing league directly supported or sponsored by a professional team or a professional sports organization, or on which there is an athlete receiving, directly or indirectly, payment of any kind from a professional team or professional sports organization for the athlete's participation.

Questions recently have been posed concerning the effect that a professional athlete competing on an amateur team may have on other team members particularly when the competition is limited to the summer months. The amateur status of the individual student-athletes on the same team will not be affected as long as such a professional athlete is not receiving, directly or indirectly, any payment of any kind from the professional team or professional sports organization to compete on that particular team.

Outside basketball competition

NCAA Constitution 3-9-(b)-(1) states that a student-athlete may compete in organized basketball competition only during the period between June 15 and August 31 on a team in a league approved by the NCAA Council. Member institutions should advise any student-athlete who is returning home for the summer that unless the league is approved by the NCAA Council, competition on a team in that league will jeopardize the student-athlete's intercollegiate eligibility. All student-athletes are reminded that if they are in doubt concerning the application of the Association's legislation relating to outside competition, they should consult their athletics director or other appropriate institutional representative.

This material was provided by the NCAA legislative services department as an aid to member institutions. If an institution has a question that it would like to have answered in this column, the question should be directed to William B. Hunt, assistant executive director, at the NCAA national office.

Executive Committee's

Continued from page 1

The Men's and Women's Track and Field Committee is requesting that the Division III Women's Cross Country Championships field be increased from 116 to 136, noting that regularseason participation in the sport has increased eight percent annually since the current field size was established.

A recommendation also is being made to add a six-team 1,600-meter relay to the Division III Men's and Women's Indoor Track Champion-

The Executive Committee also will hear reports from the Men's and Women's Golf Committees, Men's Water Polo Committee Men's Gymnastics Committee, and Men's Fencing Committee.

Following are recommendations by the Divisions II and III Championships Committees for block-grant funding:

Division II

- 1. Guarantee 100 percent transportation expenses for all team cham-
- 2. Guarantee 50 percent transportation expenses for all individual championships
- 3. Establish a five percent contingency fund and prorate the remaining funds to increase the transportation allocations for the individual cham-

The committee also is considering the possibility of guaranteeing transportation for teams and one coach in men's and women's tennis, men's and women's cross country, and men's

Division III

- 1. Each institution participating in a team championship would be assessed a \$500 fee per championship (not per round of competition), including the host institution, if it participated.
- 2. Each institution participating in an individual championship would pay its actual transportation expenses up to a maximum of \$500.
- 3. Transportation expenses would be reimbursed only for squad members and not for the nonathletes in the official traveling parties.
- 4. Receipts remaining after games expenses are paid would accrue to the block grant rather then be distributed to the participating institutions in the form of per diem or shares of net
- 5. The current mileage restriction, which requires institutions within 250 miles of the competition site to travel by ground rather than air transportation, would be increased to 400 miles. (Note: This figure may be reconsi-

dered by the committee at its May meeting.)

- 6. Institutions that sponsor both indoor and outdoor track would be required to declare once every three years whether they wished to receive reimbursement for transportation expenses to the indoor or the outdoor championships, but not both.
- 7. A Division I or Division II institution that either reclassifies a program into Division III or participates

in a Division III championship per Bylaw 10-(6)-(c) would be reimbursed from the Division III grant; converselv. if Division III institutions or individual(s) participate in a National Collegiate Championship, they would be reimbursed from the Division III

8. The committee requests that consideration be given to increasing the Division III block grant to take into account the annual inflation rate.

LSU votes to reprimand Brodhead

The Louisiana State University Board of Supervisors has voted to reprimand athletics director Bob Brodhead and freeze his salary because he bugged his office to eavesdrop on NCAA investigators.

The 15-1 vote, with one abstention, came after a three-hour, closed-door

"The recommendations of the athletic council are, in my opinion, too severe," Brodhead said in a prepared statement delivered after the meeting.

Brodhead pleaded guilty in Federal Court to the "petty offense" of conspiracy to intercept radio communications. Brodhead signed a statement filed with the court saying he planted hidden microphones in his office to listen in on NCAA interviews with LSU players. He was fined \$1,000 plus court costs and ordered to do 200 hours of community service work.

NCAA CURRENT ISSUES FORUMS

opportunity to discuss with NCAA staff members critical issues facing intercollegiate athletics in Current Issues Forums at three regional sites in May.

Six NCAA administrators representing four departments at the national office are slated to make presentations at each site concerning the Association's new compliance programs, drugtesting and gambling, as well as a full day's presentation of legislative issues, including proposed major revisions to current

These sessions are open to institutions' chief executive officers, directors of athletics, primary woman athletics administrators, faculty athletics representatives and associate or assistant directors of athletics as designated by the institution.

letes and the other at coaches seeking information on how to detect drug abuse and on confrontation and rehabilitation methods.

Other goals are to step up efforts to arrange "professional development seminars" for coaches and to provide speakers on drug education for events such as coaches conventions and to establish a drug "hot line" for Association members, to be manned by NCAA personnel.

All of these pursuits represent the committee's wish to deal "positively" with drug abuse, said Murphy, noting regretfully that little attention is paid to the "80 to 85 percent of studentathletes who are drug-free and who are responsible in their use of alcohol."

Through its efforts, the committee is trying to develop systems "through which we can encourage kids who aren't on drugs to support those who are on drugs," he said.

"Kids on drugs usually really want to get off drugs, but their friends may be people for whom drug use is a life style. We're seeking to provide these kids with solid reasons why they do not want to be on drugs."

Expansion of I-AA field to 16 teams requested

The NCAA Division I-AA Football Committee, noting the financial success of the division's postseason championship, will submit a recommendation to the NCAA Executive Committee to expand the play-off field from 12 to 16 teams.

The committee, meeting April 21-24 in Kansas City, Missouri, reported that the championship, without network television rights fees, had produced net receipts of \$78,956 and \$178,038 from the 1984 and 1985 play-offs, respectively.

If bracket expansion is approved, first-round byes for the top four teams would be eliminated so that the length of postseason play (four weeks) would not be extended. The committee would continue to seed the top four teams and place the other 12 teams according to geographic location.

University of Rhode Island coach and Division I-AA Football Coaches Association representative Bob Griffin informed the committee that expanding the bracket to 16 teams received overwhelming support from his asso-

If a 16-team field is approved, the ratio of championship participants to total sponsoring institutions would be 1-5.3. The current ratio is 1-7.

commended that automatic qualification privileges be awarded to the Big Sky, Mid-Eastern Athletic, Ohio Valley, Southern, Southland and Yankee Conferences.

Pairings clarified

In an article on the Division I Women's Volleyball Committee meeting in the April 16 issue of The NCAA News, it was stated that the committee voted to pair teams from different regions in the championship tournament bracket if such a pairing would result in economic savings to the championship.

To clarify this statement, the committee has agreed that it may pair teams from different regions if such a pairing would result in economic savings and the matchups were compara-

Summary of NCAA Council actions

Following is a listing of all actions taken by the NCAA Council in its April 14-16, 1986, meeting in Kansas City, Missouri.

Interpretations

All new or revised interpretations approved by the Council will appear in The NCAA News, which constitutes official circularization per Constitution 6-2. Several appeared in the April 23 issue and others are included elsewhere in this issue.

In addition to those, the Council:

Sustained the Administrative Committee action specifying that the limitation on dates of competition in field hockey is applicable to indoor field hockey contests scheduled after the traditional fall season in that sport. The Field Hockey Committee will be contacted to determine its interest in pursuing legislation to treat out-of-season participation opportunities in that sport comparable to the current circumstance in soccer

Approved these interpretations regarding the transfer-waiver provisions of Bylaw 5-1 (m)-(14)-(ii): A student-athlete does not qualify for the waiver if the student's financial aid was renewed in the same amount but on a different payment schedule, or if the aid-renewal notification was received after July I (although the institution's responsibility in that regard could be treated under the enforcement procedures); a student-athlete would qualify for the waiver if the financial aid was reduced in any amount.

Upheld Administrative Committee decisions in denying requests for Bylaw 7-1-(h) waivers for graduate assistant coaches at Southern Methodist University and the University of Nebraska, Lincoln; also denied a similar request for a graduate assistant coach at the University of Notre Dame.

Affirmed the Administrative Committee ruling that the Bylaw 3-3-(e) waiver provisions are available only to members of Divisions I and II, noting that Division III institutions should propose legislation to include that division in those provisions, if desired.

Upheld the Administrative Committee's actions in regard to presentation of awards to participants in collegiate-sponsored competition involving high school athletics events, including refusal of a specific request in that regard for the Penn Relays. The Division I Steering Committee will consider legislation in August to make the awards provisions in Bylaws 1-6-(c)-(2) and (3) consistent by deleting the reference to awards in subparagraph (3).

Sustained the Administrative Committee's confirmation that the exception provision of Bylaw 5-1-(d)-(3) regarding time spent in the U.S. armed services does not relate to participation in the armed services of another nation; agreed to review legislation in August to apply that provision to service in the armed forces of any nation

Clarified an Administrative Committee ruling regarding Bylaw 1-2-(a)-(1)-(iv) by specifying that an institutional or conference financial aid form can be sent with the National Letter of Intent but cannot be signed by the prospect before the initial signing date stipulated for that sport in the National Letter of Intent

Sustained the Administrative Committee's earlier actions regarding dental care and drugrehabilitation expenses.

Referred to the Administrative Committee further review of the definitions of "open" and "collegiate" competition as they relate to a circumstance in which a student-athlete participated in an "open division" in 1984 track and field meets involving member institutions, including the one in which the individual was enrolled

Agreed to review in August an interpretation that would extend the expense provisions of Case Nos. 87 and 92 to NCAA championships.

Directed the staff to review previous interpretations as they might relate to participation in events such as "swim-a-thons" and other competition related to "celebrity" events in behalf of a member institution, to consider the provisions of Bylaw 3-3-(k) in that regard, and to report its findings to the Administrative

Sustained a 1985 action of the Administrative Committee and Council specifying that ar individual who had attended two four-year institutions, interrupted by attendance at a junior college, did not qualify for a waiver under the provisions of Bylaw 5-14m141414it

Determined that the provisions of Bylaw I-9-(g) permit an institution to transport a new student-athlete to the campus from the bus or train station or airport nearest the campus at the time of the student-athlete's initial arrival at the institution to attend classes or to begin preseason practice, but not on the occasion of job or to attend classes in the institution's summer school.

Agreed that the sport of crew may be considered a team sport for purposes of the sports sponsorship criteria if it is approved as a non-NCAA sport under the provisions of Bylaw 11-

Membership

The Council and division steering committees took the following actions regarding membership applications and requests:

Denied a request by Buena Vista College for approval of its out-of-state grant program as an award of circumstance per Bylaw 11-3-(a)-

(4)-(ii); granted a similar request by Simpsor College for its church-member grant program.

Elected the University of Missouri, Kansas City, and Scouting Report, Birmingham, Alabama, to corresponding membership; elected the Amateur Basketball Association of the USA to affiliated membership.

Agreed that the minimum-contest require ment (four) for approval of crew as a non-NCAA sport per Bylaw 11-4-(b)-(7) should remain unchanged. Asked that all institutions utilizing the Bylaw 11-4-(b)-(7) provision be listed in a future issue of The NCAA News and in the next printing of the NCAA Directory.

Approved continuation of the use of non-NCAA sports per Bylaw 11-4-(b)-(7) at University of Hawaii; Jacksonville University; Oregon State University; St. Mary's College (California); University of San Diego, and University of Wisconsin, Green Bay; approved the use of women's crew per Bylaw 11-4-(b)-(7) at Oregon State University.

Approved continuation of Constitution 4-2-(g)-(2) waivers for the University of Alaska, Anchorage, and the University of Alaska,

Granted a geographical waiver per Bylaw 11-2-(g) to Chaminade University.

Approved continuation of Bylaw 11-2-(g) waivers for the University of Denver; University of Wisconsin, Parkside, and Winona State University.

Granted geographical waivers per Bylaw 11-2-(g) to the University of Minnesota, Duluth, and University of Wisconsin, Milwaukee, through the 1986-87 academic year only.

Approved continuation of the Pomona-Pitzer Colleges consortium membership.

Postponed until August a review of Asbury College's waiver under the provisions of Constitution 4-2-(g)-(2), pending additional infor-

Approved continuation of Bylaw 11-3-(f) waivers for Berea College; Bishop College; University of California Santa Cruz: Colorado College, and Nebraska Wesleyan University.

Appointments

Rescinded the Council's October 1985 actions regarding appointment procedures to fill vacancies on Council-appointed committees, thus returning those procedures to their original form. It was understood that renewed emphasis will be placed on obtaining appropriate biographical information on nominees and providing that information to the Council; further, the Administrative Committee will consider means of developing that information and will consider a suggestion that the Council not be informed of the identities of those nominating candidates.

The Council appointed the Nominating Committee and the Men's and Women's Committees on Committees as reported in the April 23 issue of the News.

The Division III Steering Committee appointed Jane Betts, Massachusetts Institute of Technology, to the Public Relations and Promotion Committee, replacing Judith M. Sweet, University of California, San Diego, resigned. It also appointed Susan Zawicki, Amherst College, to the Division III Women's Basketball Committee replacing Nancy J. Latimore, no longer at a member institution

The Division 1 Steering Committee appointed Albert M. Witte, University of Arkansas, Favetteville, to replace Secretary-Treasurer Wilford S. Bailey on the Council Subcommittee on Eligibility Appeals for its April 15 meeting only; the Division II Steering Committee appointed Louise Albrecht, Southern Connecticut State University, to that subcommittee replacing Bob Moorman, Central Intercollegiate Athletic Association, and will make a permanent ap pointment in that regard in August.

Legislation

The Division 1 Steering Committee will consider legislation in August to eliminate Division I from the provisions of Bylaw 5-1-(m)-(14).

The Council will review possible legislation in August to require that a club sport be conducted in compliance with NCAA regulations for a minimum period of time prior to the designation of that sport as a varsity sport for NCAA purposes.

It was agreed that every legislative proposal to amend division membership criteria in the future will contain an explicit statement of when the institution must be in compliance with the new or revised criteria.

The Council decided not to propose legislation to specify that participation by a dual member in both the NCAA and NAIA championships in a sport would be counted as one contest or date of competition for the purposes of Bylaw 3-3, thus affirming that such dual participation will not count against the season limitations.

The Council took the following actions on unsuccessful proposals at the 1986 NCAA Convention:

Took no action to resubmit Proposal No. 25. to permit an undergraduate student-athlete to receive financial aid beyond the five-year period of eligibility, suggesting that it be reviewed by a special committee to be appointed to consider financial aid issues.

Took no action to resubmit Proposal No. 37, to eliminate the Divisions I and III Men's and Women's Indoor Track Championships.

Took no action to resubmit Proposal No. 64, to establish a three-year waiting period from the time an institution's change of membership

NCAA Secretary-Treasurer Wilford S. Bailey (left), Auburn University faculty athletics representative, visits during the April Council meeting with Thomas M. Kinder, director of athletics at Bridgewater College (Virginia), and Jack V. Doland (right), president of McNeese State University.

division becomes effective before the institution is eligible to compete in NCAA championships in the new division.

Agreed that Division I will consider legislation comparable to Proposal No. 70, to delete Bylaw 5-1-(m)-(14), but that Divisions II and III wish to retain that legislation as it applies to

Took no action to resubmit Proposal Nos. 56 and 69, to specify that indoor and outdoor track and field constitute one sport for NCAA purposes in Division I.

sustained the Administrative Committee's earlier decision not to resubmit Proposal Nos. 32, 33, 34 and 35, dealing primarily with the Association's litigation costs; noted that the failure to adopt Proposal No. 35 does not invalidate the Association's current policy specifying that the restitution provisions of Section 10 of the enforcement procedure may be applied if the lawsuit in question is declared to be moot or if a restraining order or injunction otherwise ceases to be enforceable.

Decided not to resubmit Proposal No. 84, to base membership on the committees on mittees on NCAA regions rather than NCAA

The Division III Steering Committee asked to see an alternative to Proposal No. 13 for review in August. That proposal affirmed the existing interpretation that teams in a sport in a division that has a national championship in that sport shall not be counted toward meeting the minimum sports sponsorship percentage necessary to continue or establish a National Collegiate Championship in that sport.

Authorized the Administrative Committee to appoint a special committee to review financial aid issues, including Proposal No. 22 (to move the Association's financial aid legislation from the constitution to the bylaws), as well as related issues such as Pell Grant exemptions, other possible exempted expenses (e.g., dental care, drug rehabilitation), the period in which a student-athlete should be permitted to receive aid (1986 Proposal No. 25), and amateurism issues relating to expenses received by student-

Authorized the Administrative Committee to appoint a special committee to study the entire recruiting process, including 1986 Convention Proposal No. 40 (to prohibit noninstitutional personnel from on-campus recruiting contacts), an alternative to that proposal that would prohibit any involvement by noninstitutional personnel in any recruiting activities in football and basketball, and other appropriate recruiting considerations.

Took no action to resubmit Proposal No. 68, to nermit five, rather than four, years of eligibility within the five-year period set forth in Bylaw 4-1, noting that the Presidents Commission did not support the proposal.

Authorized the Administrative Committee to appoint a special committee to address a study of seasons in all sports, inncluding a Presidents Commission request for a model study in baseball, including the provisions of 1986 Convention Proposal No. 91 and including concerns regarding outside competition in various sports. The study will include numbers of contests or dates of competition, scheduling patterns, lost class time and the effects of open or club competition on current season limita-

Presidents Commission Noting that the Commission's Division I subcommittee did not choose to propose legislation to control coaches' outside income arrangements (when the institution's facilities or properties are involved), the Council voted to appoint a special committee to consider recommendations regarding possible reporting and/or control of such arrangements

Approved a statement of "Proposed Operating Guidelines" that had been approved earlier by the Commission. The statement was designed to define more clearly the relationships between the Commission and the Council and to minimize any conflicts in that regard that

Committee Reports

Postseason Football: The Council approved certification of the same 18 bowls as conducted in 1985-86 and of one new bowl, as reported in the April 23 issue of the News.

The Division I Steering Committee will review in August an amendment to Bylaw 2-2-(g), as recommended by the Postseason Football Committee, to permit each competing institution in a bowl game to claim tickets for up to one-sixth of the total scats in the stadium, with those tickets to be the responsibility of the institution except that a maximum of 1,000

could be returned within 10 days of the game. The Executive Committee will consider in its May meeting a recommendation for an NCAA indemnity agreement with the bowls to cover any liability resulting from a bowl's involvement

in the Association's new drug-testing program The Division II Steering Committee will review legislation in August to amend Bylaw 3 to permit member institutions of two Division Il conferences to participate in a conference championship football game in addition to 11

regularly scheduled games in a season. The committee and the Council agreed that they do not support a 1985 proposal by the National Operating Committee on Standards for Athletic Equipment that a 50-cent surcharge be placed on the price of each ticket to postseason football games to help fund NOCSAE's research efforts.

Academic Requirements: The Divisions I and II Steering Committees will consider legislation in August to eliminate the 12-hour averaging provisions in the satisfactory-progress legislation and to change the reference in Bylaw 5-1-(j)-(6)-(ii)-(2) from the studentathlete's last season of competition to the institution's last season of competition; in addition, they will review a revision of the portion of Case No. 329 dealing with remedial courses that would limit the use of such courses to 12 semester or 18 quarter hours and to the

The Division I Steering Committee approved the following:

That at least 75 percent of the instructional elements in mathematics for purposes of the Bylaw 5-1-(i) core-curriculum requirement be in algebra, geometry, calculus, trigonometry and statistics, with other core areas to b treated similarly, effective for the 1987-88 academic year.

That a Bylaw 5-1-(j)-(2) nonqualifier be allowed and encouraged to take advantage of all academically related support services, including study tables, tutoring and special advising.

That the Academic Requirements Committee is authorized to deal with the need for nonstandard (nontimed) SAT or ACT tests for students with legally defined and documented disphilities

In addition to the recommendations of the

Academic Requirements Committee, the Division I Steering Committee dealt with other Bylaw 5-1-(i) considerations as follows:

Authorized the Administrative Committee to act for the Council in regard to the SAT/ ACT requirement as it applies to foreign students and possibly to American students living abroad, as well as a suggestion that a student-athlete who has signed a letter-ofintent to attend a given institution be required to take any SAT or ACT test after that signing at an institution other than the one that had signed the individual, and to require a statement from the testing officer at the testing institution verifying that the student in question actually took the test there on the specified date.

Referred to the Administrative Committee a specific instance of a prospective studentathlete who may have been disadvantaged by advice received from the NCAA office that later was negated by an official interpretation.

Measuring Athletics Program Success: The Council directed the special committee to proceed with a field test of its questionnaire with an appropriate sample of the membership, asking that the institutions involved review both the questionnaire and the procedures to be used in this project; also, that the special committee develop an appropriate method of evaluating the questionnaires.

Eligibility Appeals: The Council subcommittee sustained the Eligibility Committee in not restoring the eligibility of a women's basketball player at Northeast Louisiana Univer-

The Council affirmed the Eligibility Committee's policy of declaring a student-athlete either eligible or ineligible (i.e., not restoring eligibility for certain periods of time) in a case in which the involved institution enjoyed a definite recruiting advantage.

Long Range Planning: The Council took these actions regarding the committee's recom-

Asked the Research Committee to consider research regarding the reasons member institutions eliminate sports, as well as an attempt to determine the numbers of individuals in each year of enrollment who participate in each

Recommended to the Executive Committee development of an annual publication for enrolled student-athletes similar to that currently produced for prospective student-ath-

affirmative action to appointments of women to NCAA committees and to continue recognition of the position of primary woman administrator of athletics programs.

Agreed to review legislation in August to establish a standing NCAA committee to consider opportunities for women in intercollegiate athletics, as well as other women's interests, with that committee to include both men and women and to include in its charge women's involvement at the conference level.

Agreed that the special committee to be appointed to review various financial aid issues should consider a recommendation that the Council publicly reaffirm the Association's commitment to its traditional principles of amateurism.

Declined to reconsider its earlier rejection of a recommendation for legislation to require an institution to specify in writing that a prospective student-athlete appears to be admissible to

See Summary, page 10

Watching young players develop—that's what it's all about'

By Don Bradley

Pomona, California, Progress Bulletin

Now in his 39th year of coaching baseball and with more than 1,000 victories under his belt, Cal Poly-Pomona's John Scolinos loves the game and coaching as much as ever.

"When I quit enjoying it, that's when I'm gonna hang it up," Scolinos says with a grin. "We've got a young ballclub this year. It's a challenge to the coaching staff. But the team is playing better than I figured. So who wouldn't enjoy it?"

A coaches' hall of fame member, Scolinos still gets his biggest thrill from seeing young players improve their skills

"Watching young players develop—that's what it's all about," he said. "Winning will take care of itself. You work them on fundamentals and get them to develop a good attitude, and winning will take care of itself.

"Our program is a developmental program. We work awfully hard on fundamentals... on hitting fundamentals, pitching fundamentals, fielding fundamentals and base-running fundamentals.

"This year, we've got a very inexperienced ball club. When you have an inexperienced club, you struggle. Sometimes, you start off slow with an experienced club, but you still come around faster with an experienced team than an inexperienced team. I tell our coaches the name of the game is patience. If you don't have patience, forget it."

You can't be an excellent teacher without patience, and Scolinos and his staff grade out as excellent teachers.

"I've got good coaches," Scolinos said. "If I didn't have those guys, forget it. I listen to them. I figure I don't know everything, so I tell 'em, 'If you got an idea, tell me.' With coaches like these, a guy can go on forever."

Scolinos' assistants are Bob Wagner, who has been with Scolinos 15 years and is in his sixth season as pitching coach; Jim Ramos, who is in his 11th year with Scolinos; Chuck Belk, in his third year, and Steve Osaki, the hitting and jayvee coach, who is in his ninth year.

"These guys know what they're doing," Scolinos explained. "I have confidence in them, and the players have confidence in them. We agree on the philosophy of what we're trying to do. It's a good situation." The Broncos won NCAA Division II championships in 1976, 1980 and 1983.

Under Scolinos and his staff, the players are in a learning process just about all the time they're in uniform.

Kemp award reduced by judge

A Federal judge has chopped a \$1.9 million, nearly 75 percent, from a jury's award to former University of Georgia instructor Jan Kemp, who claimed she was fired for protesting preferential academic treatment for athletes.

U.S. District Judge Horace Ward upheld the \$279,681.95 in compensatory damages awarded to Kemp but said the punitive damages against two university officials should be no more than \$200,000 each.

The jury had awarded \$1.5 million in punitive damages against Virginia Trotter, vice president for academic affairs, and \$800,000 against Leroy Ervin, director of the Developmental Studies Program in which Kemp

If Kemp does not agree to the new total award of \$679,681.95 within 20 days, Ward's order said, there will be a new trial to determine punitive damages.

"As a coach, you're teaching all the time." Scolinos said. "That includes during the game. But you've also got to let the players play and enjoy the game. You do a certain amount of teaching (during a game), but you don't want them worrying about something so much they aren't in the game mentally or aren't enjoying playing it.

"You don't want to take the game away from them. You want them to keep their heads in the game. But you can't let them keep using bad technique. You can't wait until the Fourth of July, or they'll form bad habits."

What Scolinos does to keep his players "in the game" is encourage them to watch the other team's players closely to see if they can pick some habit or mannerism that will help the Broncos in the game, and report it to him.

Recently, the Broncos were pretty sure an opposing pitcher was throwing a spitball. They also thought he was balking, so they worked hard trying to have the umpire catch the pitcher throwing a spitball or call a balk.

They weren't successful on either attempt, but the players were watching that pitcher like a hawk. They did knock the pitcher out, and Pomona won the game.

"If you're not mentally in the game, you're not going to play well," Scolinos said. "And if you don't play well, you probably don't win, especially the big games. It isn't just whooping it up (cheering your teammates); you've got to do a certain amount of that. More important, you've got to watch what is going on out there. You've got to be mentally in the game."

Scolinos is pretty happy with the way his baseball program is supported at Pomona. But he would like to see one thing happen.

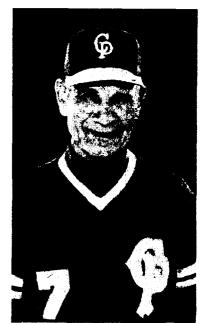

"I think we have one of the best (playing) fields in the country," he said. "It would help if we had lights, but that is a long way down the road. The administration is real good to us. That would really help us and our

The NCAA has made a move that pleases Scolinos. Next year, teams will be allowed to play more "winter" games.

"We only played about three games this winter," he said. "The NCAA limited us to a total of 60 games. But next season, we can play 20 in the winter and 60 in the spring. So we're going back to doing things the same way we used to.

"With the type of program we have, we work on fundamentals an awful lot, and we need those (winter) games to use—in game conditions—the things we practice. We play intrasquad games, but it's not like playing an actual game."

This article was written for the Associated Press.

Chapman could be headed toward another men's tennis title

Chapman, the defending national team champion in Division II men's tennis, continues to lead the 1986 field as the May 12-18 national championships at Cal State Northridge approach. The Panthers, now 19-10, were preseason favorites of the Intercollegiate Tennis Coaches Association (ITCA) and recently topped its midseason rankings.

Chapman boasts four all-Americas, including four-time honoree Troy Turnbull. The senior has been the ITCA's top-ranked singles player all season and has compiled a 20-7 record. Turnbull teams up with Paul Wekesa, the fifth-ranked singles player, in doubles, and the pair currently is ranked ninth. Teammates John Soldat and Olivier Amerlink, a

freshman from Belgium, are ranked sixth nationally in doubles.

The Panthers' main threat appears to be Cal Poly-San Luis Obispo. The two schools traded victories in California Collegiate Athletic Association conference play. Chapman's loss to the Mustangs was its only Division II defeat, while No. 2-ranked Cal Poly-San Luis Obispo also fell to seventhranked UC Davis.

The Mustangs, third in 1985, are 17-7 this season. All-America Paul Landry leads the team with an 18-3 record at the No. 1 slot. He and all-America Bob Zoller are ranked fourth in the country in doubles and have compiled a 15-3 record.

Third-ranked Rollins, 14-6, tops the South region competitors. The

singles champion Brian Talgo from their fourth-place 1985 team. Sophomore Pat Emmet, No. 7 in the ITCA singles rankings, has played to a 14-6 record at the No. I position. He and teammate Pat Johnson are ranked fifth in doubles.

The Hampton Pirates, who have advanced to the national championships 13 of the past 15 years, were runners-up in 1985. Although they dropped from a 1986 preseason No. 2 ranking to No. 4 at midseason, the Pirates have won their last 19 matches. Their overall 24-4 record, which includes a seventh consecutive Central Intercollegiate Athletic Association conference title, probably will earn them the East region berth in the

Juniors Greg Williams, third in the country, and Rozzelle Lightfoot, ranked 13th, are the country's thirdranked doubles team

Stephen F. Austin State, listed as No. 5 nationally, features the nation's top-ranked doubles team of Tom Goles and Chris Langford. The two won the Division II doubles title in 1985, enabling them to compete in the Division I doubles championships. They advanced to the quarterfinals and were named Division I all-Americas. This season, they have a 12-7 record. Goles, at No. 1 singles, is 15-4.

Overall, the Lumberjacks are 15-5, with four losses to Division I schools and the fifth to one of the NAIA's top

ranked teams - Texas-Tyler.

Leading the Midwest region and ranked No. 6 in the country is Tennessee-Martin. The Pacers are 17-7 overall and feature the No. 2-ranked doubles team of Martin Bromfield and Phillip Treen. Bromfield is ranked sixth in singles.

Other top-ranked teams by region include: UC Davis (West), Cal State Bakersfield (West), Ferris State (Midwest), Southern Illinois-Edwardsville (Midwest) and East Texas State (South). Khalid Outaleb of the Florida Institute of Technology, Segun Balogun of Mercyhurst and Aleco Preovolos of UC Davis are top-ranked singles players, while Preovolos and Elliott Dun are ranked seventh in

Cal State Northridge going for fourth straight softball title

Kathy Slaten, Cal State Northridge

It is getting to be a habit for the Cal State Northridge Matadors, this winning the NCAA Division II Women's Softball Championship. They have won it three consecutive years, and they will be in the thick of the action again this year.

But it is a habit that 11 other teams would like to see the Matadors break. The championship will begin May 9 at four campus sites with three teams each playing in double-elimination competition. The finals will be held May 16-18 at the University of Akron.

Six of the 12 teams will be league champions from automatic-qualifying conferences, and the other six will be selected at large.

The tournament structure automatically puts coach Gary Torgeson's Matadors in the championship. They won the California Collegiate Athletic Association title despite losing three of four games to Cal Poly-San Luis Obispo, the No. 1-ranked team in the nation (as of April 22) and the top contender for one of the at-large

Depending on the number of teams selected from the West, the two teams could meet in the West regional, which probably would provide the Matadors with their stiffest test in defending their national championship.

Not only did SLO win three of four games from Torgeson's crew, but the Mustangs swept both of the games played at Northridge, getting 14 hits off Matador pitcher Kathy Slaten.

Slaten, a senior, is legendary at Northridge. As a freshman, she pitched three shutouts to lead the Matadors to the national title, and she repeated the performance as a sophomore. In 1985, she had two more shutouts under her belt but lost a 15-inning, 2-1 game to Akron before coming back less than an hour later to pitch another seven innings for the victory.

Slaten has a 19-4-1 record this year, with 10 shutouts and an 0.32 earnedrun average. But there has been help on the mound this year from Delanee Anderson (13-3, 0.40), who has pitched 911/3 innings (through April 15) without an earned run, and Lisa Martin (11-2, .385), a transfer from Arizona State

The offense for Northridge comes from Barbara Jordan (.383, 12 runs batted in, and 27 stolen bases), Beth Onestinghel (.323, 29 RBI, four triples) and Kelly Winn (.277, 23 RBI).

SLO coach Becky Heidesch has a pair of outstanding pitchers. The veteran is Randie Hill (17-7-1, 0.50). "She doesn't throw many strikeouts, but she also doesn't walk many," Heidesch said.

The other pitcher is Patie Zoll, who is 12-6.

Offense may the key to SLO's success. The Mustangs have four players hitting over .300, led by shortstop Lisa Houk (.400). Right behind her are Jill Hancock, leftfield (.380); Kelia Gorman, catcher (.350), and Lorie Norcia, cenferfield (.300).

Another regional battle to keep an eye on is in the Midwest, where conference foes Stephen F. Austin State and Sam Houston State are in a deadlock for the league title.

S.F. Austin State was third in the nation a year ago and returns pitcher Pam Clay (16-6, 0.89). Joining her has been Kirsten Upgraft (10-5, 0.61). But the hitting has not been as solid for the Ladyjacks this spring. Stella Castro is the leader at .298.

Sam Houston State won three of four games from Austin this year and has found an outstanding new pitcher in Elaine Devlin, Devlin is 19-4 overall and unbeaten in the conference. She has an 0.36 ERA and nine shutouts.

The leader on the hill has been JoAnne Graham, whose 10-5 mark is not up to her usual standard but who has been contributing as the designated hitter.

Shortstop Sandy Mader is the offensive leader. Her .336 average, two doubles and four triples make her the spark plug on the team

The other leading contenders from the automatic-qualifying conferences are Southeast Missouri State, Northwest Missouri State and Northeast Missouri State in the Missouri Intercollegiate Athletic Association; Augustana (South Dakota) and Nebraska-Omaha in the North Central Intercollegiate Athletic Conference; Lowell and Sacred Heart in the New England Collegiate Conference; American International in the Northeast-Eight Athletic Conference, and Bloomsburg and Lock Haven in the Pennsylvania State Athletic Confer-

Top independent contenders, in addition to Sam Houston and S.F. Austin State (ranked third and fourth, respectively), are Wayne State (Michigan) (27-14); Florida Southern (34-14); Akron (19-11), host for the finals; Chapman (25-10), and Winthrop (28-

Top-ranked Kalamazoo men seek a third team tennis crown

Kalamazoo, runner-up in the 1985 Division III Men's Tennis Championships team competition, will be look-1986 tournament gets under way May 12 at Claremont-Mudd-Scripps. The Hornets are ranked first in the latest Intercollegiate Tennis Coaches Association (ITCA) poll.

Kalamazoo also topped the ITCA rankings going into the 1985 national competition but was upset by Swarthmore, 5-4, in the championship finals. This year, with the help of No. 1 Timon Corwin and No. 2 Alex Palladino, the 17-1 Hornets hope to add 1986 to their 1976 and 1978 crowns.

Corwin, 13-2, is ranked second in the ITCA singles rankings, while Palladino, 14-2, is fourth. Nationally fourth-ranked Corwin and doubles partner Jack Hosener are 10-3 on the year.

Whitman holds the ITCA's No. 2 spot, after having defeated at least three top-10 ranked Division III teams.

The Missionaries are 21-2 overall and are led by Chris Gregerson (seventh ranked).

poll, may have the personnel to win its fourth national championship team title. The Little Ouakers won championships in 1977, 1981 (tied with Claremont-Mudd-Scripps) and 1985.

No. 1 Shep Davidson is ranked third in the country, and he and partner Vivek Varma are the seventhranked doubles team. Davidson, a senior from Lexington, Massachusetts, was runner-up in the 1985 individual singles championship to Principia's Toby Clark, who also returns. The Little Quakers have missed Jeff Krieger, who won the 1985 doubles championship with Davidson. Krieger suffered a foot injury in early March. Swarthmore is 11-9, and Davidson is 12-7 and undefeated in Division III

West Coast power UC Santa Cruz is fourth in the nation. Led by Andres

Medus, the Sea Lions are 13-7 overall. Two other contenders, Washington and Lee and Washington (Maryland). The two are ranked fifth and sixth, respectively. Washington and Lee is 13-7 overall, led by 16th-ranked Dave McLeod. The 20-3 Washington Sho'men recently won the Middle Atlantic Conference championship. Alejandro Hernandez, 15th in the ITCA singles rankings, paces Washington. He and doubles partner Enrique Leal are No. 1 in the country and have a 17-2 record.

Emory, ranked seventh, is 23-6 overall but has won 15 of its last 16 matches. Steve Gittleson, ranked 10th nationally, is 15-12.

At No. 8, Carleton is 14-6 overall. The Carls recently lost two tough matches, however, to Washington (Missouri) and Gustavus Adolphus, both by 5-4 scores. Returning all-America David Treichel and freshman Tom James lead the team. Treichel

and partner Chris Gustilo are the sixth-ranked doubles team in the nation.

All eight bids to the championships will come on an at-large basis to be announced May 5. Other top contenders include Gustavus Adolphus, Claremont-Mudd-Scripps, UC San Diego, MIT, Rochester, Washington (Missouri), Wheaton (Illinois), Wisconsin-Stout, Denison, DePauw, Redlands and Wisconsin-Whitewater.

For the individual portion of the championships, a minimum of four singles players and two doubles teams will be selected by the Division III

Iowa State University plans to erect an inflatable practice dome over Jack Trice Field, ISU officials have announced.

The dome would serve as an allweather practice facility for Iowa State teams, officials told the state board of regents meeting in Iowa doubles teams will be chosen on an Other top singles players include

subcommittee from each region. The

remaining 32 singles players and 16

Pat Guerry, University of the South; Jon Burnham, Wheaton (Illinois); Duncan Seay, Washington (Missouri), and Joachim Hammer, Rochester. Other top doubles teams are John Mapes-Marc Sandknop, UC San Diego; Burnham-Russ Polender, Wheaton (Illinois); Dave Treichel-Chris Gustilo, Carleton; Ramy Rizk-Ben Spehlman, MIT, and Bill Briggs-Ben Ward, Millsaps.

Cyclones to practice under dome

ISU's inflatable dome, to be paid for out of athletics department funds, is expected to cost less than \$2 million.

Iowa State also plans to expand the student recreation facilities at Beyer

Allegheny, riding 20-game victory streak, takes aim at title

Coach Kay Gould still cannot believe it, but her Allegheny Gators are ranked No. 1 in the nation and are among the contenders to challenge defending champion Eastern Connecticut State in the NCAA Division III Women's Softball Championship.

The tournament begins May 9 with 16 teams playing in six regionals. Five of the 16 will be the champions from automatic-qualifying conferences, and the balance will be selected at large. Six teams will advance to the double-elimination national championship May 15-18 at Buena Vista in Storm Lake, Iowa.

"I never thought we would be where we are," said Gould. "We are very young. Our top two pitchers and our catcher are all freshmen. Obviously, we are over-achieving."

Nonetheless, the Gators are 20-1 with a 20-game winning streak. They have received outstanding pitching from Shelley Brown, 13-1, 0.25 earned-run average, and Erika Renwick, 6-0, 0.33. "And their performances have been enhanced by freshman catcher Melissa Handrick, who is excellent at reading hitters," Gould said.

"In fact, we have been very strong up the middle with a freshman catcher, two sophomores at short and second, and a junior center fielder."

Second baseman Gia Celuaro is the leading hitter at .369, and shortstop Nancy Nelson is second at .362.

Another team that is likely to give Eastern Connecticut State a run for the title is three-time runner-up and 1983 national champion Trenton State. The No. 2-ranked Lions are 37-4 and also have had to rely on a young team.

"We are winning more than we thought we would this year," said coach June Walker. "We lost six starters, including four all-Americas. I thought we would be rebuilding this

Sophomore pitcher Donna O'Connell is 17-3 for the year and junior Cindy Woodward is 14-1. As a team, the Lions are hitting above .300 and are led by freshman Diane Kluge

(.455, 37 runs batted in) and Tracy Warren (.408).

For Walker's Lions to get a shot at Eastern Connecticut State, they must first get out of the regional, or out of the conference, for that matter. To win the automatic berth from the New Jersey Athletic Conference, Trenton had to win at least one of two games April 29 against Glassboro State, tied for 12th in the national rankings; and two other conference teams are ranked among the top 10. Kean (26-7) and Montclair State (19-8) are fifth and six, respectively.

Kean coach Cyndi Covello is another coach surprised at how well her freshman recruits have produced. At times, she has as many as five on the field at one time.

The pitching staff is led by rookie Janice Lemchak, 19-6; and the offense is led by freshman shortstop Maureen Flannery (.345)

Montclair coach Willie Rucker has relied on her lead-off combination of Donna Brooks and Andrea Peters to produce runs for the Indians. Brooks' .359 average gets her on base, and Peters' .447 mark brings her home.

The pitching staff is led by Dina DeAquino (12-6) and Debbie Emery (7-2), the latter undefeated until the April 26-27 weekend games when she lost to Trenton Saturday and Kean Sunday.

Eastern Connecticut State coach Clyde Washburne thought that this would not be a rebuilding year for the Warriors; only one starter would be missing. By the time the season got under way, they were missing two pitchers, an all-America catcher and a third baseman.

The Warriors (22-10) have managed to get by, however. Most of the credit goes to senior pitcher Julie Bacher, 11-3; sophomore hurler Kim Durocher, 11-7 (the two have pitched every inning this season), and senior center fielder Trish Wodatch, who is hitting .427.

"Actually, I think the coaching staff believes that the team is coming together now," said Washburne, "and now is the time to do it. I think we are in a good position."

Allegheny's competition in the Central region likely will come from Ohio Northern (24-0) and Methodist (36-13).

Wisconsin-Whitewater is the topranked team in the Midwest region (No. 4 as of April 22). The Warhawks are 20-3 after winning their own tournament April 27.

Coach Irv Madsen believes the Warhawks' secret is balance. He has three pitchers— Mary Haugen (8-1, 0.98), Lori Nelson (5-0, 0.68) and Terri Roemer (4-2, 0.40)—who have rotated on the mound; and his team is hitting .311, with five players hitting better than .300. The offense is led by outfielder Mary Haugen, .400.

The other nationally ranked contender from the Midwest is Aurora (25-6). The team is led on the mound by Amy Baudouin (5-2) and at the plate by Baudouin (.475) as a first baseman and designated hitter when she is not pitching.

In the West, St. Thomas (21-5) is ranked No. 7. The Tommies go out of

their way to keep pitcher Ann Nye healthy. Her 21-5 record matches the team's mark. She also has an 0.98 ERA.

St. Thomas leads the Minnesota Intercollegiate Athletic Conference, one of the automatic-qualifying conferences

The chief competition in the region probably will come from Whittier (26-11). Kathy Rodrigues (15-4) and Laura Hoty (11-6) have handled most of the pitching duties for the Poets. The hitting is lead by Julie Curtis, whose .479, 56 RBI, 13 homers, 13 doubles and five triples make her one of the top offensive performers in the nation.

The other conference leaders from those with automatic berths are Central (Iowa) (21-15-1) and Buena Vista in the Iowa Intercollegiate Athletic Conference, Bridgewater State (Massachusetts) in the Massachusetts State College Athletic Conference, and Albany (New York) (13-2-1) in the State University of New York Athletic Conference

II women's tennis title up for grabs

When the Division III Women's Tennis Championships take place May 13-17 at Kalamazoo, the field will be wide open.

Davidson, the preseason favorite to clinch the title, will not compete in the championships because of a petition to reclassify to Division I. And UC San Diego, the defending champion, should not be as dominant because of the loss of five 1985 starters.

That could leave the door open for some new names in the records book.

Since each of the division's four regions will receive an automatic berth and the remaining four teams will be

selected on an at-large basis, here is a look at some of the nation's top teams by region.

East—Trenton State, ranked fourth in the preseason, is 20-1 for the year, with the one loss in the fall to Division I Penn State. Debbie Daniel, one of Division III's top singles players, is 42-3 overall and has tournament victories in the New Jersey Collegiate Championships, Eastern Small College regionals and the Eastern Collegiate Invitational.

Skidmore, 12-0 in the spring and 24-2 overall, is led by Pamela Thompson (30-3). Some of the Thoroughbreds' major victories have been

over Redlands (8-1), Mount Holyoke (9-0), Williams (7-2), UC Riverside (9-0) and St. John's (New York) (6-3). Skidmore's No. 1 doubles team of Valerie Alliger and Krista McShane is 21-4 overall.

Another top team from the East is Franklin and Marshall.

South — Emory, 22-7 overall, suffered a 7-2 loss to Davidson early in the year but then defeated the Wildcats, 6-3. All other losses were at the hands of Divisions I and II schools. Sandy Stein, 9-10, paces Emory at the No. 1 singles position, and she See III women's, page 10

Outdoor Track, Women's: Division I, 5th, Indianapolis, Indiana (Indiana University, Bloomington, host), June 4-7, 1986; Division II, 5th, California State University, Los Angeles, California, May 21-24, 1986; Division III, 5th, University of Wisconsin, La Crosse, Wisconsin, May 21-24, 1986.

Volleyball, Men's: 17th championship, Pennsylvania State University, University Park, Pennsylvania, May 2-3, 1986.

19-foot three-pointer a 'cheap' shot, some coaches say

The new three-point shot, basketball's equivalent of the home run, draws few complaints from some of the top college coaches in the country, except that the distance is wrong.

"Nineteen feet is a little cheap," said St. John's (New York) coach Lou Carnesecca. "It should be 22."

Eddie Sutton, Kentucky coach and 1986 Associated Press coach of the year, said the three-point shot will revolutionize college basketball.

"The three-point shot is going to change the game a lot, in my opinion,"

Sutton told the Associated Press.

"I've never played with the threepoint shot, so I don't know whether it'll be bad or good," Sutton said. "I think you'll see more coaches playing 'man' defense. It'll reduce the congestion under the basket."

Sutton, Carnesecca, Nevada-Las Vegas coach Jerry Tarkanian, Oklahoma City's Abe Lemons, Seton Hall's P. J. Carlesimo, Miami of Florida's Bill Foster, North Carolina State's Jim Valvano and others were in Iowa City April 26 for a coaching

singles for the Sage Hens.

clinic sponsored by Nike shoes.

Tarkanian said the three-point play has been in effect in his conference for three years, and it won't make much difference in his game.

"I just think it's too close. I think the NBA is too far and ours is too close," Tarkanian said.

Fewer teams will be relying exclusively on the zone defense, but that will not affect Kentucky much, Sutton said. "We play 'man' all the time anyway," he said.

"We've seen so many teams playing zones," Tarkanian said. "I think more people will be forced to play 'man' defense."

Sutton said hitting 33.3 percent of the time on three-point shots figured out to be the same number of points as hitting 50 percent from inside the 19-foot line.

He said that would change recruiting patterns, creating a spot on Division I teams for players who might be a half-step slow but who can shoot the three-pointer.

Sutton, who served on the NCAA Men's Basketball Rules Committee for six years, said the adoption of the three-point shot was unexpected.

"The three-point shot took everybody by surprise," he said.

The Kentucky coach said other rules changes, like the adoption of the 45-second clock, had improved the game.

"The 45-second clock took what I called the 'farce' game away," Sutton said of the deliberately slow game to keep the ball out of the hands of a superior opponent.

Lemons said a lot of players could hit the three-pointer 33 percent of the time. He said most recent rules changes in college basketball have improved the game, but he does not endorse the three-point shot.

"The game is getting away from the game," Lemons said. "It's a promo-

Lou Carnesecca

tion. They're liable to make you wear clown hats next, giving three points for the player who hits while wearing a clown hat."

III women's

Continued from page 9

and Debbie Herbert have compiled a 10-8 record at the No. 1 doubles spot.

Suzie Groah, 24-17, has helped Mary Washington reach a 23-5 record. Mitzi Kimball, 34-6, plays No. 2 for the Blue Tide.

Other top teams in the South are Emory and Henry and Hollins.

Midwest Grace Beard, 26-12, leads Luther, which is 21-3 for the year. Key victories for the Norse have been over Gustavus Adolphus, UC San Diego, Principia, Carleton and St. Olaf. The major Division III loss was to Pomona-Pitzer.

Gustavus Adolphus, 10-4, is paced by Leslie Good. Besides the Luther loss (5-4), the Gusties were defeated by regional competitor Principia (6-3). Recent regional victories were over St. Olaf (8-1) and Wisconsin-Whitewater (6-3).

Kalamazoo returned five of its top six players this season, although No. 1 Linda Topolsky has been ill most of the time. She should be back in coming weeks. The Hornets are 10-6.

West — Occidental, Colorado College, Pomona-Pitzer and UC San Diego top the West region lineup.

Occidental's Tigers are 20-3 and have clinched the Southern California Intercollegiate Athletic Conference (SCIAC). Two of the three losses were to Division I schools, while the third was to a Division II institution.

Sue Hulse leads the Tigers at No. 1, with Kristin Carter at No. 2. Occidental won the first Division III women's tennis championships team title in 1982.

Colorado College, 14-3, lost to Occidental and Gustavus Adolphus in Division III action. Regional victories include 7-2 scores over UC San Diego and Claremont-Mudd-Scripps. Karen Reuhl (12-4) and the Reuhl-Laura Hoven doubles team (15-2) lead the team.

Pomona-Pitzer is 20-5 and 10-2 in the SCIAC, with both losses to Occidental. Elizabeth Watts plays No. 1

Summary

Continued from page 6

an institution at the time the prospect signs a national, conference or institutional letter-of-intent to attend that institution.

Research: The Council approved a recommended committee policy regarding release of data from the study conducted earlier by Advanced Technology, Inc., to qualified faculty, graduate students or others under certain conditions.

The Council also received reports from the Special Committee on Deregulation and Rules Simplification, the Ice Hockey Developmental Funding Committee, and the Insurance Committee

Miscellaneous

The Council directed that the Association's revised policy regarding announcements of Council and committee actions be sent to the chair of each NCAA committee.

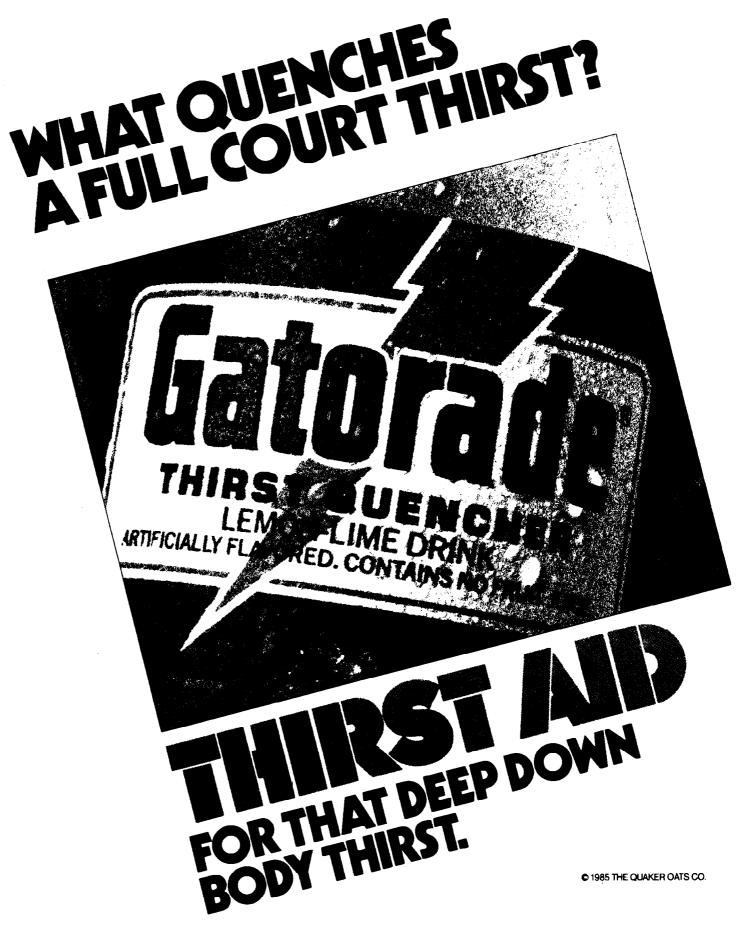

The Division I Steering Committee asked the Division I-AA Football Committee to determine how automatic qualification would be affected and how previously executed, enforceable game contracts would be treated under its recommendation to the Executive Committee that an institution not be permitted to play more than two opponents that are not classified in Division I-A or I-AA if it wishes to be considered for selection to the Division I-AA Football Championship.

The Council approved the certification of comptiance and student-athlete statement forms for 1986-87.

Colorado College. Jessica Vernon, 9-7, was ranked fourth in the preseason, and she and partner Maggie Merickel were listed at No. 2 nationally.

UC San Diego is 8-9, including

losses to Pomona-Pitzer, Luther and

Basketball class of 1986 'graduates' with numerous honors

By James M. Van Valkenburg NCAA Director of Statistics

The class of '86 did just fine, thank you, in men's Division I basketball.

This year's seniors were an outstanding group from any angle, even without a dominating tower like Georgetown's Pat Ewing or a machine-gun scorer like Oklahoma's Wayman Tisdale, both three-time consensus all-Americas a year ago (when Tisdale turned pro as a junior).

After all, a record-high 19 players reached 2,000 career points this season (breaking the 18 set in 1981) and 18 were seniors.

Three seniors were unanimous choices on the consensus all-America team - Duke's Johnny Dawkins, Maryland's Len Bias and Kentucky's Kenny Walker. Dawkins led the 2,000pointers at 2,537—17th all-time

Basketball notes and statistics

followed by Virginia Tech's Dell Curry at 2,385 and Richmond's John Newman at 2,383.

Next at 2,377 was Miami's (Ohio) Ron Harper, who had 1,119 rebounds to lead a group of three seniors with at least 2,000 points and 1,000 rebounds, bringing that select group to just 50 players in Division I history. The others were Montana's Larry Krystkowiak (2,017 and 1,105) and Utah State's Greg Grant (2,124 and 1.003).

Three others came close—Ohio State's Brad Sellers (1,960 and 1.153—most rebounds in this year's group), Navy's Vernon Butler (1,952 and 1,115) and North Carolina's 6-11 Brad Daugherty (1,912 and 1,003), and Villanova's Harold Pressley had

Daugherty also shot 62 percent from the field for his career-19th all-time-while Centenary's Albert Thomas (only 6-3) at 61.2 and Nebraska's Dave Hoppen at 60 (also a 2,000-pointer) brought to 33 the number of 60 percent career shooters in Division I history. And there were many more outstanding seniorsmore about them later.

Projecting Robinson, Lewis

This also was a big year for many

underclassmen, led by Navy's 6-11 David Robinson and Northeastern's Reggie Lewis, both juniors.

Robinson had the most impressive season, statistically, of any Division I player. He led the nation in rebounds at 13 per game and simply dominated the picture in blocked shots at 5.9 per game (first year of official national rankings). Consider that his 207 blocks were more than the totals for 281 Division I teams. Only national champion Louisville, with 213 blocked shots, surpassed Robinson's individual total. In addition, Robinson was 16th nationally in fieldshooting accuracy at 60.7 and 14th in scoring at 22.7. He was the only player to score above 20, average above 10 rebounds and shoot above 60 percent in 1986. In the NCAA tournament, he averaged seven blocks and devastated Syracuse on its home court with a 35-point game.

If Robinson duplicates his 1986 figures in 1987, he will finish his career with more than 2,500 points and 1,300 rebounds, with a career 62 percent from the field. Only five players in Division I history have topped 2,500 and 1,300, and none shot close to 60 percent.

Those five were Oscar Robertson (Cincinnati '60) at 2,973 and 1,338, Elvin Hayes (Houston '68) 2,884 and 1,602, Michael Brooks (La Salle 80) 2,628 and 1,372, Dickie Hemric (Wake Forest '55) 2,587 and 1,802, and Elgin Baylor (Seattle '58) 2,500 and 1,559. Only Brooks and Hemric played four seasons; the others did it in three. Brooks shot 53.8 percent, Hayes 53.6 and Robertson 53.3 to lead this group. Robinson is now at 62.5.

Even if Robinson does not reach 2,500 and 1,300, he seems certain to join the 2,000 and 1,000 club mentioned above; and in that 50-man group, just two - Ewing and UCLA's Lew Alcindor (now Kareem Abdul-Jabbar) shot above 60 percent from the field. Alcindor, playing just 88 games (1967 to 1969), scored 2,325 and grabbed 1,367, while shooting 63.9. Ewing in 143 career games had 2,184 and 1,316, while shooting 62

The 6-7 Lewis, seventh nationally in scoring at 23.8, is just the seventh player since 1976 to have more than 2,000 points entering his senior season. The others are Tisdale at 2.661. Freeman Williams (Portland State 78)

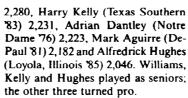

Kim Scamman (left, in white), Northwest Missouri State

Terrance Bailey

Wanda Ford

Lewis has 2,032 career points; and if he duplicates his 1986 figures in 1987, he would end with 2.746ninth on the all-time list (Louisiana State's Pete Maravich leads at 3,667, followed by Williams 3,249, Kelly 3,066, Robertson 2,973, Hughes 2,914, Hayes 2,884, Indiana State's Larry Bird 2,850 and Houston's Otis Birdsong 2,832).

Underclassmen win titles

Of seven individual statistical championships in 1986, two were won by seniors - Daugherty in field-goal accuracy at 64.8 percent and Chicago State's Darron Brittman in steals at five per game. Four titles went to juniors-Robinson winning two as mentioned, Mark Jackson of St. John's (New York) taking the assists crown at 9.1 per game and Wagner's Terrance Bailey the scoring championship at 29.4. The other title went to a freshman—Dartmouth's Jim Barton in free-throw shooting at 94.2 percent, the fourth highest figure in history, and breaking the freshmanrecord 91.3 by Indiana's Steve Alford in 1984. (Steals and blocked shots were added to the official rankings this year.)

Daugherty, from Black Mountain, North Carolina, is renowned for spinning yarns about the folks back home in the mountains. "He talks about his grandfather being a full-blooded Cherokee, with a ponytail down to the waist," says teammate Kenny Smith. "All his people have done something spectacular in science for the sake of mankind, to hear Brad tell it."

Robinson came to Navy an average 6-7 player from Woodbridge, Virginia, then sprouted to 6-11 while maintaining a B-average (and a 1,300 SAT). At age 19, he had to make a major decision—to pursue pro basketball or stay at the academy. He stayed. "I have no regrets," he says. "I came here for academics." His father

David Robinson

Regina Days

The other champions rose from 1985 obscurity. After two years as a valuable reserve, Jackson became a major factor in St. John's surprising Big East Conference championship season with his playmaking and scoring. He is from St. Albans, New York, where he led his Bishop Loughlin team to the high school state championship.

Bailey, it is true, was a 20.2 scorer in 1985 at Wagner, but even more points were needed after teammate Arthur Redmond broke a leg in the second game of the season against St. John's, Bailey, from Trenton, New Jersey, and only 6-2, developed into a top all-around player in 1986. He ran the offense from point guard, grabbed 5.5 rebounds per game despite his size, led the team in steals and played aggressive defense, while shooting 51.4 percent from the field and 76 percent at the line. His passing sometimes is so sensational his teammates are not ready and do not take advantage and score. He has completely changed from his freshman year, when he was a selfish, one-dimensional player. "I've learned how to communicate and how things work," he says. St. John's coach Lou Carnesecca says: "I'm just really sorry we missed

Barton came to Dartmouth directly from Memphis University High School in Tennessee, where he was a 2,000-point career scorer. He turned down an offer from Memphis State. He is 6-4 and a 13.6 scorer. Brittman is a Chicago native with great passing skills and excellent quickness. Besides his country-leading five steals per game, he led the team in assists and scoring (18.2). Only 6-0, he shot 50.3 from the field and 78.7 at the line in leading Chicago State to a 22-6 sea-

Consensus AA teams

Three seniors, as mentioned, were unanimous choices on the consensus all-America team (Duke's Dawkins, Kentucky's Walker and Maryland's Bias), but the other two were jun-

Darron Brittman

Jim Barton

iors -- Walter Berry of St. John's, another unanimous choice, and Indiana's Alford, whose 90.1 career freethrow percentage makes him a threat in 1987 to break the all-time high 90.9 by Greg Starrick, Southern Illinois

The second team consensus AA includes seniors Daugherty, Harper, Curry and Scott Skiles of Michigan State, plus Kansas sophomore Danny Manning and one junior, Robinson, as a tie created a six-man team. Daugherty and Skiles each made one of the four first teams used in the consensus (Alford the other two; the four arc Associated Press, United Press International, U.S. Basketball Writers Association and National Association of Basketball Coaches). Manning and Harper each made all four second teams. Curry and Robinson tied for the fifth spot, each making two second teams and two third teams.

Next came Syracuse junior Dwayne Washington and Georgia Tech senior Mark Price, each making one second team and two thirds. Others with at least one third-team selection were Auburn's Chuck Person, Duke's Mark Alarie, Georgia Tech's John Salley, Memphis State's William Bedford, Michigan's Roy Tarpley and UCLA's Reggie Miller. Miller and Bedford were juniors, the other four seniors.

More youth served

Juniors Robinson and Berry were among just four players reaching 20 points per game, 50 percent from the field and 10 rebounds per game in 1986; the others were seniors Krystkowiak and Harper. Krystkowiak, by the way, also was first-team academic all-America.

Five juniors - Alford, Miller, American's Frank Ross, Tennessee's Tony White and Butler's Chad Tucker were among a record 14 players reaching at least 50 percent, 20 points and 80 percent in free throws in 1986. The others, all seniors, were Skiles, Bias, Newman, Person, Johnson, Dawkins, Duquesne's Rick Suder, Lovola Marymount's Forrest McKenzie and California-Irvine's Johnny Rogers (see

See Baskethall, page 12

Basketball

Continued from page 11 table for their figures).

And speaking of underclassmen, do not forget Louisville's Pervis "Never Nervous" Ellison, first freshman to be most outstanding player of the NCAA Division I Men's Basketball Championship tournament since Arnie Ferrin in 1944. Ellison also led the nation's freshmen in blocked shots at 92 for 2.4 per game.

Other career leaders

Other 2,000-point career scorers in addition to those listed earlier (Dawkins, Curry, Newman, Harper, Krystkowiak, Grant and Lewis) were Indiana State's John Sherman Williams at 2,370, Person 2,311, Price 2,193, Hoppen 2,167, Bias 2,146, Alarie 2,136, Skiles 2,120, Walker 2,080. McKenzie 2,059, Holy Cross' Jim McCaffrey 2,017, Fairfield's Tony George 2,006 and Northern Iowa's Randy Kraayenbrink 2,004.

Five seniors reached at least 85 percent in career free throwing-Suder 87.7 (13th highest, all-time), Wisconsin's Rick Olson 87, Brown's Mike Waitkus 86.1, Dayton's Damon Goodwin 86, and Skiles and Price,

Among the juniors, Berry leads in rebound average at 9.9 for his career, is third in field-goal accuracy (58.1) and fourth in scoring (20.1). Lewis, as mentioned, leads in points; but in scoring average, it is Bailey 22, Lewis 21.8 and Virginia Military's Gay Elmore 20.4 (only seniors averaging at least 20 were Williams 21 and McCaffrey 20). In career field-goal accuracy among juniors, it is Illinois' Ken Norman 63.8 and Robinson 62.5. In free throws, it is Alford 90.1 and two at 87.6 — Pennsylvania's Chris Elzey and Harvard's Keith Webster. Robinson's 9.85 is second in career rebound average

Other freshman leaders

Freshman leaders in 1986 besides Barton and Ellison were Kansas State's Norris Coleman in scoring at 21.8, Stetson's Randy Anderson in rebound average at nine, Colorado's Matt Bullard in field-goal percentage at 60.4, Southern Illinois' Randy House in free throwing at 85.5 and U.S. International's Ken Bradford in assists at 4.3 per game.

The freshman scoring top 10 includes three from the Pacific-10 Conference—Southern California's Tom Lewis 17.6, Stanford's Todd Lichti 17.2 and Arizona's Sean Elliott 15.6. The others are Grambling State's Charles Price 18, George Mason's Kenny Sanders 17.9, Morgan State's Thomas Foster 16.9, Miami's (Florida) Eric Brown 16.4, Ohio's Paul Graham 15.9 and Lafayette's Otis Ellis 15.6.

A rare two pair

By the way, Dawkins and Alarie are just the second pair of senior 2,000-pointers on the same team in 39 years of official NCAA Division I record-keeping (other 2,000-pointers have played on the same team without their careers exactly coinciding). And Keith Smith with 1,979 (to McKenzie's 2,059) just missed at Loyola Marymount this season. The first such pair was Mike Olliver at 2,518 and B. B. Davis 2,084 at Lamar in

Single-game highs

San Diego State's Anthony Watson registered the national season singlegame high in scoring with 54 against U.S. International February 20, while Bailey had games of 49 and 46. Robinson had the high in blocked shots at 14 against North Carolina-Wilmington January 4 and shared the rebound high at 25 with Bethune-Cookman's Don Hill, Robinson doing it vs. Fairfield February 12 and Hill against Morgan State February 3. Champion Brittman twice had 11 steals-against St. Xavier February 8 and against McKendree January 24. Middle Tennessee's James Johnson led with 20 assists against Freed-Hardeman January 2.

Team champions

Michigan State was the only double champion in the team statistics and became only the third team in history to win both shooting titles in one season. Its 56.1 percent from the field ranks fourth and its 79.9 percent from the free-throw line ranks fifth highest in 39 years of official record-keeping. The first double shooting champion was Auburn in 1960 with 52.1, a record at the time, and 79.1, second place at the time. Ohio State was the second in 1970 with 54.4 and 80.9, both records at the time.

Duke led the country in won-lost percentage at .925 on 37-3 and its 37 wins set an all-time record, breaking the 36 by Kentucky's 1948 national champions — one of the oldest records in the book. Kansas at 35-4 tied Georgetown's 1985 team for third on the total-victories list. Four more

Basketball notes and statistics

teams won at least 32 games, including national champion Louisville, making 23 in history with at least 32 wins (six in 1986), and a record eight teams won at least 30 games (see table for the others).

Princeton won the scoring-defense title for the sixth time since 1976, barely edging St. Peter's, 54.962 to 54.964. U.S. International won the scoring offense crown at 90.8, St. Peter's led in field-goal percentage defense at 41.1, Cleveland State in scoring margin at 19.3 and Notre Dame in rebound margin at 8.6.

Other team leaders

Team leaders in other categories not included in the tables included North Carolina in assists at 23.5 per game with Kansas second at 21 (Dean Smith, of course, coaches North Carolina and his former player and pupil, Larry Brown, coaches Kansas); Cleveland State in steals per game at 13.2 over Chicago State's 12.6; Navy in blocked shots at 6.7 per game with Louisville, Jacksonville and Marist all at 5.5, and Temple in fewest turnovers at 9.7, with Army's 10.1 next. Eliminating home games

Some coaches and observers think there should be a limit on the number of home games Division I teams are allowed to play—say, 15 or 16 in a season. If this were done, they say, conferences and teams with big arenas would not enjoy a home-game advantage in the Rating Percentage Index at tournament time. But would this really change the conference RPI rankings? Just for fun, let us eliminate all home games from the conference rankings against outside Division I opponents. First, here are the top 12 conferences using all games against outside Division I teams (only 12 finished above

Conference	Won	Lost	Pct.
Atlantic Coast	109	27	.801
Big Ten	81	29	.736
Big East		30	.730
Big Eight		31	.716
Southeastern		31	.702
Metropolitan	76	35	.685
Sun Belt		39	.618
Southland	55	39	.585
Pacific Coast	51	41	.554
Missouri Valley	47	42	.528
Pacific-10		49	.520
Couthwest Athletic	45	44	506

Now let us eliminate all home games and show the top 12 conferences using only games on road and neutral courts (all postseason games included, of course, just as above):

Conference	Won	Lost	Pct.
Atlantic Coast	54	22	.711
Big Eight	37	26	.587
Big East	30	23	.566
Southeastern	33	26	.559
Sun Belt	29	28	.509
Big Ten	26	27	.491
Metropolitan	29	32	.475
Pacific Coast	29	33	.468
Colonial	31	38	.449
Southland	27	34	.443
Missouri Valley	19	31	.380
Atlantic 10		37	.373

Well, it is interesting that only five conferences had winning records on foreign and neutral courts. And there is a little movement—the Big Eight Conference moves to second and the Big Ten Conference drops to sixth, for instance. But there are no new conferences in the top seven, just one in the top 10 (the Colonial Athletic Association, up from 16th at 46-51 for all games to ninth) and just one more in the top 12 (the Atlantic 10 Conference, up from 41-43, 13th, to 12th). The relative conference ranking is largely the same, so the team rankings would not change drasticallly

Only 52 Division 1 teams (of 283) had winning records, road and neutral combined, and just 26 of these had winning road-neutral records against teams ranked in the top 150. Only 11 had winning road-neutral marks against top 50 teams-Duke 13-3, Kansas 12-4, St. Joseph's (Pennsylvania) 6-2, Michigan 6-3, Georgia Tech 9-5, Louisville 9-6, St. John's 5-3, Bradley 3-2, Kentucky 6-4, North Carolina 7-5 and Nevada-Las Vegas

Miller, Ford lead women

The seniors of 1986 in women's Division I basketball included some players with really remarkable careers, topped by Southern California's Cheryl Miller and Drake's Wanda Ford.

The 6-3 Miller finished with 3,018 points, seventh on the all-time career list, and 1.534 rebounds, 13th, and was named to the Kodak all-America team (selected by the Women's Basketball Coaches Association) for the fourth time. Only two others have made it four times - Ann Meyers. UCLA 78, and Lynette Woodard, Kansas '81, now a member of the Harlem Globetrotters. Miller also led her team to two national championships.

Ford, 6-0 and a native of Cleveland. Ohio, became the first Division I player in five years of official NCAA rankings to lead the country in both scoring (30.6 points per game) and rebounding average (16.9). One of seven seniors to reach both 2,000

Earnest Lee

Jeannie Demers

points and 1,000 rebounds in a career, she had 2,636 points and her 1,887 rebounds ranks third all-time (with her 16.1 career average second).

Nevada-Reno's Chris Starr, an academic all-America first-team choice, reached third in career free throws at 86.5 percent and 13th in career fieldgoal accuracy at 60.3 while scoring 2,356 points (she was fourth at 64.6 and second at 92.2 in 1986).

Ohio's Caroline Mast, an NCAA postgraduate scholarship winner and academic all-America first-teamer, had 2,449 points and 1,223 rebounds, while Western Kentucky's Lillie Mason had 2,262 and 1,006. The 10player Kodak team included Miller, Ford, Mason, North Carolina's Pam Leake (2,001 points), Mississippi's Jennifer Gillom (2,185), Texas playmaker Kamie Ethridge, Georgia ju-

nior Katrina McClain (a career 66.9 field shooter, putting her second with a year to go), Georgia's Teresa Edwards, Long Beach State's Cindy Brown and Rutgers' Sue Wicks. More about other top seniors later.

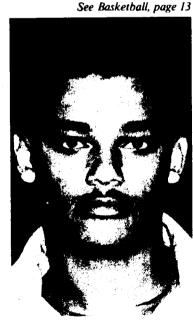

Other individual champions

Joining Ford on the list of individual champions were Georgia Southern sophomore Regina Days with a record 70.5 percent in field-goal accuracy, Cincinnati senior Keely Feeman with a record 92.7 percent in free throwing and Penn State sophomore Suzie McConnell in assists at 10.6 (barely edging East Tennessee State junior Kim Skala, 10.63 to 10.56).

Ford also shot 53.7 from the field and 73.2 at the line in leading her team to a 22-6 season. McConnell, 78.9 at the line and an 11.9 scorer, led

Basketball

Continued from page 12

her team to a 24-8 mark. Only 5-3 and 110, she is a Pittsburgh native who developed into an intelligent point guard whose goal is the national championship. "The first time I played was in the fourth grade—on a boy's team," she said, flashing a big grin.

Days, 5-11 and 165, is from Mount Vernon, Georgia. "Regina is extremely strong under the basket," says coach Jeannie Milling. "She has worked hard with weights and there is not an ounce of fat on her. She is a very determined person who played the last half of the season with a bad ankle." Days set a Division I freshman record of 64.6 in 1985 and her twoseason career figure is 67.6.

Feeman, 5-9 and from Cuyahoga Falls, Ohio, also shot 53.5 from the field and scored at an 18.9 pace in leading Cincinnati to an 18-9 record. She is smooth, smart and appears effortless on offense and strong defensively while leading the team in assists.

Other career leaders

Kansas' Vickie Adkins finished at 61.8 in field-goal accuracy, eighth on the all-time list, while Idaho's Mary Raese had 61.2 for ninth. Feeman ended at 83.3 for eighth in free throws.

Others with 2,000 points and 1,000 rebounds were Pepperdine's Maureen Formico, 2,190 and 1,188, and Ala bama's Carol Smith, 2,028 and 1,076. Others with 2,000 points were Marshall's Karen Pelphrey at 2,746 (19th all-time), Northeast Louisiana's Lisa Ingram 2,601 and teammate Eun Jung Lee 2,208 (fourth such pair in Division I history), Texas' Annette Smith 2,523, and Creighton's Connic Yori 2,010.

The 1986 junior class is led by Tennessee Tech's Cheryl Taylor, 1,733 points and 1,158 rebounds, with Villanova's Shelly Pennefather also at 1,733. Appalachian State sophomore Valorie Whiteside appears headed for big career numbers, averaging 25.5 and 13.4.

Freshman leaders

Morgan State's Rose Willis led all freshman scorers at 24.6—eighth in the country—while Texas' Clarissa Davis led in field-goal accuracy at 58.3, George Washington's Tracey

Earley in free-throw accuracy at 86.4 (sixth nationally, with another freshman, Furman's Kristi Glenn, next at 86.3) and NcNeese State's Valerie Butcher in rebounding at 12.2 per game.

Multicategory leaders

Butcher also was one of just four players to reach 55 percent, 20 points and 12 rebounds, the others being Southern California's Miller, Missouri's Renee Kelly and East Tennessee State's Katie Beck. Miller at 60.9 was the only one in this group above 60 percent and also led them in free

throwing at 75.3.

Four others shot at least 50 percent plus 80 percent at the line and scored at least 20 per game - Mast, Pennefather, Central Florida's Kristy Burns and Vanderbilt's Jackie Cowan (see table for their figures).

Single-game highs

Ford had the 1986 season's top scoring game at 54 against Southwest Missouri State on January 22, while Beck's 26 rebounds against Charleston December 5 led the list and teammate Kim Skala's 20 assists against Virginia Tech January 20 also was No. 1.

Team leaders

National champion Texas, 34-0 for the first perfect record in five years of NCAA record-keeping, led in winning percentage, field-goal percentage (54.9) and scoring margin (26.6). Long Beach State was the scoring offense champion at 90.8, Montana led in scoring defense at 53.8. Central Michigan in free-throwing at 75.8 and South Carolina State won two statistics crowns-field-goal percentage defense (33) and rebound margin (13.7).

(Final men's and women's national

statistics trends will be in the May 7 issue of The NCAA News.)

Men's Division II leaders

The four Division II men's individual titles went to Clark (Georgia) junior Earnest Lee in scoring at 29.3 (he also won last year at 34.1), Wayne State senior Raheem Muhammad in rebounding at 13.8, Tampa junior Todd Linder in field-goal accuracy at 70.1 percent and Alaska-Fairbanks senior Todd Mezzulo in free-throwing at 91.2.

On the career charts, Sacred Heart's See Baskethall, page 14

Basketball

Continued from page 13

Robert Younger led seniors with 2,153 points to 2,111 for Mercy's Robert Davis, but in average it was Kevin Catron of St. Cloud State, a two-year player, at 23.1 to 22.5 for Davis. Muhammad led rebounders with 1,271 for 11.1. In field-goal accuracy, it was Tony Brown of Cal State Los Angeles 61 and Tim Thomas of Columbus 60.8. Mezzulo led free throwers with 89.6 but his 180 career-made fell below the 250 minimum needed for career ranking. Among juniors, Lee is averaging 28.3, Linder is shooting 69 percent, Millersville's John Fox is averaging 12.8 rebounds and New Hampshire College's Darrell Johnston is 87.8 at the line.

Men's Division III leaders

The Division III titles were won by UC Santa Cruz junior John Saintignon in scoring at 31.2, Westfield State junior Russell Thompson in rebounding at 15.4, Frostburg State freshman Oliver Kyler in field-goal shooting at 68.8 percent, and Scranton junior Eric Jacobs in free throwing at 93.1 third highest in Division III history.

On the career charts, Curry's Keith Moran led in points (2,406 — seventh) and average (24.1), Nebraska Wesleyan's Dana Janssen scored 2,333 and led seniors with 1,218 rebounds, Eastern Mennonite's Leonard Dow had 2,189 and 1,100, St. Joseph's (Maine) Jeff Creech scored 2,196, Frostburg State's Eddie Rutledge 2,115 and Oberlin's Byron Beard 2,013. Millsaps' Bill Waits shot 62.7 percent from the field (eighth), Jersey City State's Steve Wilder 62.6 (ninth) and Muhlenberg's Reinout Brugman 62.3 (free throwers were below the minimum). Among juniors, Saintignon is averaging 25.9, Thompson 12.2, Otterbein's Dick Hempy is shooting 64.2 percent from the field and Jacobs is 88.8 at the line to lead the way.

Women's Division II leaders

The season championships went to Abilene Christian senior Claudia Schleyer in scoring at 27.5, North Carolina Central sophomore Von Fulmore in rebounding at 17.8. Valdosta State's Candace Fincher in field-goal accuracy at 66.8 and Northwest Missouri State's senior Kim Scamman in free-throwing at 88.1 percent.

On the career charts, Schleyer had 2,700 points (second on the all-time Division II list) and 1,086 rebounds. Her 24.3 scoring average ranks third. Mercy's Stacey Gillespie had 1,617 rebounds (fourth), Bryant's Karyn Marshall ended at 59.8 percent from the field (second) and Hampton's Anita Cooper shot 86.6 percent from the line for a career record.

Philadelphia Textile's Vincene Morris had 2,180 points and 1,335 rebounds, while Florida International's Lynette Richardson scored 2,187, Lock Haven's Tina Martin 2.157 and Alabama A&M's Patrice Jackson 2,020. Fincher owns a career 63.7 percent mark from the field as a

Schleyer also is an academic all-America and NCAA postgraduate scholarship winner.

Women's Division III leaders

Buena Vista junior Jeannie Demers, an academic all-America, won her second straight scoring championship and broke her own Division III record with a 31.1-point average. New York University senior Wanda Davis took the rebound title at 16.9, Millikin junior Queen Dickerson won the field-goal title at 62.4 percent and Hartwick senior Cindy Vigurs took the free-throw crown at 86.4.

Demers also dominates the career charts as her 2,280 points already rank fourth on the all-time list, while her career average of 28.9 is above the record of 28.6. Only one senior reached 2,000 points—Carroll's Amy

Vanden Langenberg at 2,040. Eastern Mennonite's Deana Moren set a division career record in free throwing at 83.7 percent. Illinois College's Carol Johnson reached fourth in rebound average at 14.5 and Mary Schultz of St. Mary's (Minnesota) second in field-goal accuracy at 58.7 (along with 1,988 points and 1,001 rebounds). Gretchen Gates of Chicago (1,924 and 1,056) averaged 22.9 for her career-eighth best. Ramapo's Lorretta Thomas had 1,244 rebounds to lead all seniors.

He was assistant AD in charge of electronic media at East Carolina,

COACHES

Baseball - GENE MENGES of San Jose State has announced his retirement, effective at the end of the season. Since 1970, his teams have won more than 450 games, and his 1971 team won a Pacific Coast Athletic Association title. The former Spartan quarterback also was an assistant football coach at the school from 1952 to 1968 and assistant baseball coach in 1969. He will retain his position in San Jose State's department of human performance.

Men's basketball— LYNN NANCE named

at St. Mary's (California). He was assistant coach in charge of recruiting at Fresno State during the past season. Nance previously was head coach for five seasons at Central Missouri State where his teams compiled a 115-32 record and won the Division Il Men's Basketball Championship in 1982—and for four seasons at Iowa State... Tulsa assistant JIM ROSBOROUGH selected at Northern Illinois. Before serving on first-year coach J.D. Barnett's staff at Tulsa the past year, he was an assistant to lowa athletics director Bump Elliott for two years. He also was an assistant for nine seasons to Lute Olson at Iowa... STEVE NEWTON'S contract extended by one year at Murray State. Newton recently completed the first year of his original four-year contract with the Racers, who finished the season with an 18-12 record.

Men's basketball assistants - NORM LAW and MARK COLEMAN named at Pittsburgh. Law will be a part-time assistant, after having served 17 seasons as head coach at Plattsburgh State, where his teams' record was 175-200. He also will teach in Pittsburgh's physical education department. Coleman previously was on the staff at George Mason. He also has coached at Canisius and Vermont... Tulsa assistants KEVIN O'NEILL and TONY BRANCH have departed to accept positions at other schools. O'Neill was named top assistant at Arizona, and Branch, a member of the 1980 Louisville national championship team and former Purdue assistant, was selected as recruiting coordinator at Lamar. Tulsa graduate assistant RON JIRSA was promoted to succeed Branch

.. JEFF JONES elevated at Virginia, where he has been a graduate assistant and part-time

Wavne Nunnely named interim football coach at Nevada-Las Vegas

Jim Roshorough named head men's baskethall coach at Northern Illinois

coach the past four years. Jones was a fouryear letterman for Virginia from 1978 to 1982, playing on Virginia's 1980 National Invitation Tournament champion and on the 1981 Final Four team... Alabama's RICK BARNES hired at Ohio State. Before joining the Crimson Tide staff as recruiting coordinator in 1985, he coached two years at Davidson and five years at George Mason.

Women's basketball -- ANGELA BECK named at Nebraska after three years at Bradley. Beck's teams at Bradley were 38-44, including a 16-12 mark last year. She previously was head coach at Southeast Missouri State and was an all-America guard during her senior year player at Millikin... MARY E. SCHARFF selected at Immaculata. She played on the Mighty Macs' 1974 national-championship team and was a finalist for the 1976 U.S. Olympic team and the 1978 Pan American Games. Scharff has been working as a senior computer programmer for an automobile manufacturer in New Jersey ... MARY MANDER-FELD named at Augsburg. She was head coach at Robbinsdale-Armstrong High School in Minnesota for three years, compiling a 54-15 record and winning one conference title. The former Minnesota captain also played a year of professional basketball in Italy

.CHERYL RESTAINO resigned at Upsala, where she also will step down from the post of women's athletics director at the end of the academic year. Her teams had a 74-91 record through nine seasons and appeared in four Middle Atlantic States Conference division championship games.

Field hockey-BETSY LOUISE BRUCE named at Hamilton, where she also will be women's lacrosse coach and assistant professor of physical education. She has been head coach for both sports since 1978 at Hartwick, where she also has served for a year as associate athletics director. Hartwick's field hockey teams were 72-57-2 during her tenure ... KRIS EWING named at Kent State after having served one year as interim head coach. The Lady Flashes advanced to the championship game of the Mid-American Conference tournament last season. She returned to her alma mater as an assistant coach in 1984 after serving for one season as an assistant at lowa-

Football GLEN O. MASON selected at Kent State, effective immediately. He has been an assistant at Ohio State, where he served both Woody Hayes and Earle Bruce. Mason coached the Buckeyes' outside linebackers until Bruce was hired in 1979, then was assigned to coach the offensive line ... HARVEY HYDE relieved of his duties at Nevada-Las Vegas. Rebels assistant WAYNE NUNNELY will serve

as interim coach through the 1986 season ... MICHAEL J. VENDETTI resigned at Nichols, where he also will step down June 21 as athletics director. He came to Nichols as head coach in 1962 and compiled a career record of 103-83-5. The Bisons won five New England Football Conference titles during the 1970s.

Football assistants - BUCK BELUE named to coach quarterbacks and receivers at Valdosta State. The Valdosta native was quarterback on Georgia's 1980 national-championship team. Belue also played two seasons for the Jacksonville Bulls of the United States Football League and played minor-league baseball in the Montreal Expos' farm system ... MIKE VAN DIEST hired at Massachusetts. He previously was an assistant at Montana, and he has coached at Wyoming, where he also played...SCOTT VALENTINE appointed to an internship as defensive line coach at Hobart. He was a

Golf -- FRED WEIBOLDT has announced his retirement at Upsala, where he also serves as head soccer coach and intramural athletics director. His retirement is effective at the end

BRUCE selected at Hamilton, where she also will coach the field hockey team and be an

graduate assistant at Ithaca last year.

of the academic year. Women's lacrosse -- BETSY LOUISE

assistant professor of physical education. She

Academic counselor - DAVID LANG-

Michael J. Vendetti resigned as AD, head football coach at Nichols

Mark Coleman selected as a men's basketball assistant at Pittsburgh

formerly coached at Hartwick, where her lacrosse teams compiled a 30-47 record through seven seasons.

DIRECTOR OF ATHLETICS

The University of Hartford invites applications and nominations for the position of DIRECTOR OF ATHLETICS to be appointed by July 1, 1986. The University is located in suburban West Hartford on a beautiful 217-acre wooded campus with approximately 4,000 full-time undergraduates, 2,000 part-time undergraduates, and 2,000 graduate students.

The University's athletic programs are very visible in the community, particularly since joining Division I of the NCAA two years ago (1984-85). Men's basketball has been established as the leading sport in this Division I drive, competing in the ECAC North Atlantic Conference, and playing in the spacious 15,000-seat Hartford Civic Center. Hartford also competes on a Division I level in the following 13 varsity sports: men's and women's soccer, golf and tennis; men's baseball, lacrosse, cross country and track; and women's basketball, volleyball and softball.

The Director of Athletics reports to the Vice President for Administration and Student Services. The Director is the principal spokesperson for Athletics at the University of Hartford and will be encouraged to participate in various national, regional and league organizations. The University is committed to maintaining an appropriate balance of academic and athletic excellence, and, to that end, seeks an individual who possesses the ability to work effectively with the diverse constituencies in an academic setting.

The Director should possess a master's degree, a minimum of 5 years' experience in athletic administration (preferably at the Division I level), and a demonstrated understanding of, and appreciation for, the role of athletics at the college level. Successful experience in fiscal and personnel management, promotion/marketing, and facilities management, as well as public speaking, and knowledge of the NCAA's regulations and governance structure will be characteristics most sought after by the selection committee.

This position offers a competitive salary and an excellent benefit package.

Applications, nominations, supporting credentials and salary requirements should be sent by May 15, 1986, to: Director of Athletics Search Committee, c/o Robert Chernak, Vice President, University of Hartford, West Hartford, CT 06117.

West Hartford, Connecticut 06117

Filling-the-field' proposals made for men's, women's swimming

Two types of "filling-the-field" proposals for men's and women's swimming championships were among the recommendations approved by the Men's and Women's Swimming Committees at their April 21-24 meetings in Jacksonville, Florida

These recommendations and others having to do with NCAA championships administration that were approved in the four-day meetings will be forwarded to the NCAA Executive Committee.

Included in the recommendations

will be dates and sites for 1987 and 1988 championships, qualifying standards in all six meets, the addition of 10-meter tower diving to the Division I program, expansion of the number of divers advancing from the qualifying meet to the championships for Division II from 12 to 16, expansion of the qualifying period for Divisions II and III athletes to meet the Division I standard to include the division championships, and elimination of degree of difficulty as a criterion for divers in qualifying in Division III.

19. Navy (15-13) 50

11. Ball St. (21-15)

.....203

The filling-the-field recommendation approved by the two committees for Divisions I and II men and Division II women would permit an athlete who has qualified in one individual event to participate in any other individual event, regardless of the maximum number of competitors permitted per event, so long as an athlete did not compete in more than three individual events (four for women) or three relays (five for women).

Division I women recommend permitting competitors who have qualified in an individual event to participate in other individual events if the approved number of participants per event has not been exceeded.

The recommended dates and sites for the 1987 Division I men's championships are April 2-4 at the University of Texas, Austin, and for 1988 are April 7-9 at Indiana University Natatorium, Indianapolis.

Division II men and women (common-site championships) will recommend the Belmont Plaza in Long Beach, California, for 1987, with California State University, Chico, serving as host. The recommendation for 1988 is the University of North Dakota.

Qualifying standards that would meet varying participation ratios will be forwarded to the Executive Committee. Divisions I and III men and women have been instructed to move toward a 1-to-16 participation ratio. Because of the low number of institutions sponsoring the sport in Division Il for both men and women, the ratio approved by the Executive Committee

The standards recommended in Division I for men would provide a 1-15.7 ratio (the ratio achieved in 1986 was 1-13.2) and for Division I women, 1-12 (1-10.9); for Division III men, 1-11.4 (1-11.1), and for Division III women, 1-12 (1-12); for Division II men, 1-5.9 (1-8.9) and for Division II women, 1-7 (1-8.9).

Additionally, both committees re-

commended that beginning in 1988 in Division I, the host institutions must guarantee 75 percent of the net receipts as approved on the proposed budgets.

The committees made the following

- rules changes for 1986-87: • Added to the recall procedure in Rule 2-1-3-d the recommendation that a pistol shot should be used to recall swimmers when a false start is called.
- Adopted a new method for the integration of times in Rule 4 when the primary or secondary methods of timing fail (a detailed explanation will be carried in a later issue of The NCAA News).
- Changed Rule 5-1-3-Note to permit the use of fewer than eight lanes for preliminary and final heats even when eight lanes are available.
- Changed the scoring in individual events for pools of six lanes or more from 6-4-3-2-1-0 to 7-4-3-2-1-0. The scoring for relays remains the same.
