

# Our corporate sponsors: a handshake but no embrace

While commercialism is becoming more prevalent in all types of sporting events, the NCAA is attempting to prove, with some apparent success, that successful corporate sponsorship programs can be beneficial to all parties without diluting the integrity of National Collegiate Championships competition.

"In the beginning, I believe there was a perception on the part of some companies that there eventually would be corporate-name association with some NCAA championships," said W. James

Host, head of Host Communications, which handles the day-to-day administration of the Association's corporate sponsorship program. "Now," he added, "those companies are convinced that's never going to happen."

Instead, companies like Greyhound Lines, National Car Rental and Gillette provide funds to support many NCAA programs, including—for the first time this year—the Final Four Foundation. In return, they receive advertising time on radio and TV broadcasts of championships events, print adver-

tising in game programs and The NCAA News, and an opportunity to work with each other to everyone's benefit—including the Association's.

Other NCAA corporate sponsors include American Airlines, Coca-Cola, Fugazy International Travel, Mitsubishi Electric and Pizza Hut. **A corporate 'YES'**

"The NCAA YES (Youth Education through Sports) clinics were born because of the corporate sponsors," Host noted. "The story of how (the clinics) came about really says a lot about what has made the

program work from day one.

"Walter Byers (NCAA executive director emeritus), Dave Cawood (assistant executive director for communications) and now Dick Shultz want the sponsors to interact with each other. For that reason, meetings are held at least twice a year that involve the marketing staffs of corporate sponsors and representatives of Host Communications and the Association. It was during one of those meetings that YES came about."

Host said the concept has been to promote sponsors' goods and servi-

ces in a first-class way. This year, that will include:

- Taped public service announcements featuring corporate officers.
- Primary funding of the Final Four Foundation.
- Sponsorship of banquets and hospitality activities held at each NCAA championships site.
- Support of a new promotional campaign for NCAA championships.
- Continued support of NCAA youth programs.
- The advertising time and space

*See Our corporate, page 2*

## The NCAA News

Official Publication of the National Collegiate Athletic Association

September 26, 1988, Volume 25 Number 33

### The championship season

#### A new beginning

**NCAA member institutions will be vying for national championships in 21 sports during the 1988-89 academic year, beginning with cross country, field hockey and soccer championships competition in early November. Above, members of the Concordia College (Minnesota) team (from left, Mary Lee Legried, Jessica Beachy and Cheri Beyer) celebrate the 1988 Division III Women's Basketball Championship title. A listing of 1988-89 championships dates and sites appears on page 12.**

### Changes suggested in officers' duties

Concerned regarding the time commitment involved in serving as an elected NCAA officer, the NCAA Committee on Review and Planning will recommend some controls in that area when it reports to the NCAA Council at the latter's October meeting.

Specifically, the planning committee—which consists of six former NCAA officers and one former student-athlete—will propose the following:

- That a secretary-treasurer be prohibited from being elected president of the Association until at least one year has elapsed since the end of the term as secretary-treasurer.
- That in the future the NCAA president not serve on any NCAA committees, standing or special, and that the secretary-treasurer not serve on any standing committees and only in an ex officio capacity on special committees or subcommittees.
- That a system be developed that would share the duties of presiding at Council and Executive Committee meetings and Convention business sessions, all currently handled by the president.

The committee, meeting September 19-20 at Hilton Head Island, South Carolina, chose those approaches rather than recommending establishment of a president-elect position.

#### Legislative issues

The committee voted to support

changes in the Association's legislative calendar to permit more time for consultation on and refinement of proposed amendments to NCAA legislation.

It did not support the concept of having a voting Convention only every other year, however. Instead, it will suggest to the Council that annual Conventions be continued until the effects of an extended legislative calendar are known.

"In a related discussion, we also agreed to compliment the Council on its decision to sponsor less legislation at NCAA Conventions," John R. Davis of Oregon State University, committee chair, reported. "And we want to compliment the Council,

*See Changes, page 2*

### Amendment deadline is November 1

Amendments to be considered at the NCAA's 83rd annual Convention next January in San Francisco must be submitted by November 1.

The procedures for proposing changes in NCAA legislation are set forth in NCAA Constitution 7-1 and Bylaw 13-1, pages 53 and 185-186 of the 1988-89 NCAA Manual.

Any six active member institutions may submit proposed legislation, and the NCAA Council, any division steering committee and the Presidents Commission also have that privilege.

Legislation to be sponsored by a member institution must be submitted by the institution's chief executive officer or the CEO's previously designated representative. A conference is permitted to submit proposed legislation on behalf of its member institutions without the signatures of the institutions' CEOs, per Case No. 176, page 363 of the NCAA Manual.

To comply with the November 1 deadline, any proposed amendment must be received in written form in the NCAA national office by 5 p.m. on that date. If a submission arrives

*See Amendment, page 3*

### Nominations open for Today's Top Six awards

Nominations are open for NCAA Today's Top Six awards for outstanding student-athletes competing during the 1988 fall sports season and for the Association's Award of Valor.

Nomination forms will be mailed to member institutions this week and must be returned by November 1.

The Today's Top Six awards are presented as part of the College Athletics Top XII program, which provides the Association the opportunity to honor the top six outstanding senior student-athletes of

the preceding calendar year and to recognize six distinguished former student-athletes on the silver anniversary of their graduation from college. Nominations are open to men and women. Winter/spring Today's Top Six and Silver Anniversary awards nominations already have been received.

Nominees for Today's Top Six must be seniors who have earned a varsity letter. Institutions may nominate more than one individual in a sport or sports. There is no limit on the number of winners from an institution, but not more than three

winners may come from the same sport.

Selection of winners will be based 50 percent on athletics ability and achievement; 25 percent on academic achievement, and 25 percent on character, leadership and activities.

The Award of Valor is presented on an irregular basis. Selection is based on the calendar year ending just prior to the NCAA Convention. The award may be presented to a coach or administrator currently associated with intercollegiate athletics or a current or former varsity letter winner at an NCAA institution

who, when confronted with a situation involving personal danger, averted or minimized potential disaster by courageous action or noteworthy bravery.

The College Athletics Top XII, the Award of Valor and the Theodore Roosevelt Award are part of the honors luncheon program, which is held annually at the NCAA Convention.

Completed nomination forms should be returned to David E. Cawood, assistant executive director for communications, at the NCAA national office.

# Our corporate

*Continued from page 1*  
mentioned earlier.

It will not include on-site banners or title sponsorship.

"We are up front with potential sponsors," Host said. "They know going in that there is a lack of title sponsorship, and they know that the NCAA will have the right of refusal concerning any kind of product-related tie-in they might want to set up for certain championships. We attempt to show them that the Association can provide so many other avenues for them."

## Credibility a factor

"These companies got involved in the program because of the NCAA's credibility," Host added. "And I believe it is important to note that, in soliciting sponsors, we have only gone to names in corpo-

## Changes

*Continued from page 1*

the Legislation and Interpretations Committee, and the national office staff on their success in reducing the number of interpretations of NCAA legislation being issued in recent months."

In a legislation-related referral from the Council, the committee considered several questions regarding institutional payment of expenses for medical services unrelated to athletics participation. Essentially, it concluded that NCAA legislation should not be liberalized in that regard except that it should be permissible to pay doctor bills and the cost of diagnostic examinations and hospital care if there is doubt as to whether the condition is related to athletics participation.

The committee did not favor permitting institutional payment of dental services when the condition is not athletically related.

## Other actions

In other actions at the September meeting, the committee:

- Agreed to develop a statement regarding the need to strengthen the roles of the chief executive officer and the athletics director and to enhance the development of institutional positions on athletics matters. That statement will be submitted to the Council and the Presidents Commission and will be reported in The NCAA News when it is completed.
- Favored investigation of means by which moneys from professional sports organizations could be used to benefit intercollegiate athletics.
- Supported the concept of establishing a standing advisory committee of student-athletes in the NCAA structure, suggesting that the committee include both current and recent student-athletes and have appropriate involvement by representatives of member institutions.
- Reviewed the National Forum discussions, the revision of the NCAA Manual, conference alignments for men's and women's athletics, NCAA public relations activities, and its twice-a-year compilation of trends and emerging issues that may affect intercollegiate athletics.

Joining Davis, a former NCAA president, on the committee are Alan J. Chapman, Rice University; William J. Flynn, Boston College, and James Frank, Southwestern Athletic Conference, all former NCAA presidents; Asa N. Green, Livingston University, former Division II vice-president; Kenneth J. Weller, Central College (Iowa), former Division III vice-president, and former student-athlete Tracy Caulkins.

rate America that immediately elicit good feelings anyway."

Host said that in most cases, NCAA corporate sponsorship was not an "easy sell."

"Once people had an opportunity to review our presentation in detail, however, they began to understand the concept of our program and have been very receptive," he said.

And that has been good for corporate sponsors and NCAA member institutions alike.

"Many of our corporate sponsors are in a position to offer member institutions substantial savings on a day-to-day basis," noted Cawood. If Greyhound's experience is any indication, athletics administrators have taken advantage of those savings in a big way.

"Our business in providing ground transportation to colleges and universities has grown about 83 percent through last year," said J. W. Haugland, president of Greyhound Travel Services, Inc., the charter/tour division of the well-known transportation giant. "We wanted to be known as the official ground-transportation provider of the NCAA, and I don't believe we've even begun to tap the market the way we can."

Haugland said NCAA corporate sponsorship was "a natural" for Greyhound, whose executives saw idle equipment that could be filled with football, basketball and

other teams. "You need to understand that our off-peak period coincides, for the most part, with the school year," he explained.

"Our (general passenger) business starts to slow down in September and October, and it doesn't pick up again until April and May. The only exception is during the holidays, but most teams are not going to be traveling then. We saw (corporate sponsorship) as an opportunity to get some idle equipment in service.

"Plus," he added, "we're really very proud to be associated with the NCAA and the programs that are supported by the corporate sponsors."

Bob Vecchione, director of national contracts for National Car, said the company's field staff uses NCAA corporate sponsorship as a sales tool. "We are very pleased about the fact that money we contribute as a corporate sponsor goes to a fantastic cause—the YES clinics—and we encourage our sales staff to note that fact when it visits college campuses and administrators," he explained.

"The program has been very good for National Car. We were one of the very first corporate sponsors on board three years ago, and we recently renewed our agreement for another three years."

Host added that the meetings among sponsors, the NCAA and his company have fostered new

ideas for tie-ins between companies. "All of these sponsors are interested in moving product...that's why they're in business."

"Our meetings give them an opportunity to get together and come up with ideas to promote their businesses," he added. "Later this month, for example, our next meeting will be held in Minneapolis at the headquarters of National Car. Vince Waslik, who, by the way, lettered in baseball at Michigan State, is going to show the representatives from the

other sponsors through the facility.

"I'm sure that somebody will come away from that meeting with a new idea," Host continued. "It may help the NCAA, one of the other sponsors or everyone involved. That's the real positive aspect of this program."

"From the start, the NCAA has insisted that corporate sponsors work together on every aspect of the program. In my opinion, that is why the program has been so successful."

## Corporations list benefits of supporting NCAA events

As part of its presentation to potential NCAA corporate sponsors, Host Communications asked representatives of companies already involved in the sponsorship program what they believed their company was getting in return for its financial support.

Among the list of perceived benefits were:

- Exposure through drug-education programs and YES clinics.
- Broadcasting of public-service announcements featuring sponsors' corporate officers.
- Use of the NCAA logo (subject to approval) and association with the NCAA in other markets.

- Exclusive access to national radio networks (through advertising on game broadcasts).

- Communications in NCAA game programs and other publications.

- Final Four and other NCAA championships tie-in promotional opportunities.

- Cross-promotion opportunities, especially with other NCAA corporate sponsors.

- Access to university athletics departments and administrators.

- A forum for the discussion of sports-marketing issues among corporate leaders of a noncompetitive group.

## Legislative Assistance

1988 Column No. 33

### NCAA Bylaw 1-9—official visits

Member institutions are reminded of the following official interpretations regarding official visits per Bylaw 1-9.

#### Duration of visit

The 48-hour period of the official campus visit as set forth in Bylaw 1-9(a) begins at the time the prospect arrives on the institution's campus rather than with the initiation of the prospect's transportation by a coach or the time of the prospect's arrival at the airport or elsewhere in the community, thus enabling the prospect to receive a full 48-hour visit to the institution's campus regardless of the transportation arrangements involved. The prospect's transportation to and from the campus under such circumstances must be by direct route, without delay for personal reasons or entertainment purposes; further, the institution may not pay any expenses for entertainment (other than the actual cost, provided it is reasonable, of meals) in conjunction with the prospect's transportation to or from its campus. Finally, the provisions of Case No. 225 (page 379, 1988-89 NCAA Manual) stipulate that at the completion of the 48-hour visit, the prospect must depart the institution's campus in order to receive the cost of return transportation to the prospect's home; otherwise, if the prospect remains for personal reasons after the permissible 48-hour period in the locale in which the institution is located, the institution may not pay any expenses incurred by the prospect upon departure from the institution's campus, including the cost of the individual's transportation home.

#### Transportation

The provision of transportation for prospects by helicopter or limousine would be contrary to the requirements of Bylaw 1-9(j)-(3), inasmuch as these modes of transportation would exceed the normal standard of automobile and commercial-air transportation and would represent excessive entertainment of a prospective student-athlete.

According to Bylaw 1-9(g), an athletics department staff member may provide transportation to a prospective student-athlete from the bus or train station or major airport nearest the campus on the occasion of the prospective student-athlete's expense-paid visit. An athletics department staff member also may provide transportation for a prospective student-athlete to return to the bus or train station upon completion of the prospective student-athlete's expense-paid visit.

#### Publicity

The provisions of Bylaw 1-4(a)-(3) prohibit a member institution from publicizing or arranging publicity of the visit of a prospective student-athlete to the institution's campus. As set forth in Case No. 200 (page 371, 1988-89 NCAA Manual), it is not permissible for a member institution to make a general introduction of a visiting prospect at any function or gathering (e.g., the institution's sports awards banquet or an intercollegiate athletics contest) that is attended by representatives of the news media or is open to the general public. In addition, it would not be permissible for a visiting prospect's name or picture to appear on an institution's scoreboard or electronic screen that is viewed by those in attendance at an intercollegiate contest.

#### Entertainment

Under the provisions of Bylaw 1-9(j) and Case No. 235 (page 382, 1988-89 NCAA Manual), a prospective student-athlete's entertainment shall take place only in the area within a 30-mile radius of the institution's main

campus, and such entertainment must be at a scale comparable to that of normal student life and not excessive in nature.

Additionally, according to the provisions of Case No. 236 (page 382, 1988-89 NCAA Manual), it is permissible to provide entertainment for a prospective student-athlete (as well as his or her brother or sister and parents or legal guardians) on an expense-paid visit in the form of a luncheon, dinner or brunch at the home of an institutional staff member (e.g., the director of athletics, a coach, a faculty member or the institution's president) or at another site on the institution's campus or within a 30-mile radius of the institution's main campus, it being understood that the entertainment is at a scale comparable to that of normal student life and not excessive.

Finally, the provisions of Bylaw 1-9(j) would preclude a member institution from providing additional housing and meals for the brother or sister of a prospective student-athlete on an official visit; however, Bylaw 1-9(j) would not preclude the brother or sister of a prospective student-athlete from staying in the room or from receiving transportation to view off-campus practice and competition sites within a 30-mile radius of the institution's campus with the prospective student-athlete or the prospect's parents (or legal guardians), provided the arrangement does not result in the member institution utilizing any additional funds.

#### Complimentary admissions

For purposes of Bylaw 1-9, complimentary admissions provided to prospective student-athletes by Division I member institutions must be issued only through a pass list, thus precluding hard tickets from being issued to prospective student-athletes or the student host during the prospect's official visit to a Division I member institution.

#### Student hosts

Under the provisions of Bylaw 1-9(j)-(2)-(i), an institution may provide a student host with a maximum of \$20 (Division I) or \$10 (Divisions II and III) for each day of a prospective student-athlete's official campus visit for the purpose of covering the actual and necessary costs to entertain the prospect. The money provided to a student host is for entertainment purposes only and may not be used for the purchase of souvenirs such as T-shirts or other institutional mementos. Also, each day of the visit is defined as a 24-hour period. Therefore, the maximum entertainment amount for the 48-hour visit would be \$40 in Division I and \$20 in Divisions II and III.

A nonqualifier [per Bylaw 5-1-(j)] or a partial qualifier [per Bylaw 5-1-(j)-(2)] would not be permitted to serve as a student host under the provisions of Bylaw 1-9(j)-(2).

An institution is permitted to identify more than one student-athlete as a student host for a prospect per Bylaw 1-9(j)-(2)-(i) and (ii) but no more than \$20 per day may be allocated among all of the student hosts for one prospect, and only one student host may receive the complimentary admission to accompany the prospect to a campus athletics event.

*This material was provided by the NCAA legislative services department as an aid to member institutions. If an institution has a question it would like to have answered in this column, the question should be directed to William B. Hunt, assistant executive director for legislative services, at the NCAA national office.*

## Staff changes announced

Two staff changes have been announced at the Association's national office.

Alfred B. White has been named director of promotions, a chief-aide position in the NCAA communications department. White has been on the national office staff since September 1983.

James A. Marchiony, director of media services since November 1984, has been named director of communications.

A 1979 graduate of Texas Tech University, White earned his undergraduate degree in broadcast media operations. Before joining the national office staff, he served three years as assistant sports information director at his alma mater and handled publicity for the school's football, basketball and baseball programs.

White joined the NCAA as assistant director of communications. He was named associate director of communications in October 1987. He is responsible for administration of the promotion and merchandising of NCAA championships, television research, and assisting with the Association's corporate sponsor program. He also is a staff liaison to the Special NCAA Council Subcommittee to Review Minority Opportunities in Intercollegiate Athletics.

Marchiony is a 1976 graduate of St. Bonaventure University. He joined the NCAA from Georgetown University, where he had been regional director of development and also served as the Hoyas' sports information director.

Alfred B. White

James A. Marchiony

He is a former president of the Eastern College Athletic Conference Sports Information Directors Association and chaired the College Sports Information Directors of America (CoSIDA) postgraduate scholarship committee.

Marchiony will continue to be responsible for media relations and NCAA Productions. He also will continue as staff liaison to the NCAA Communications Committee.

## Johns Hopkins to renew 'rivalry' with a baseball team from Moscow

Although the teams first played only a few months ago, Johns Hopkins University and the Soviet Union's D. I. Mendeleyev Institute of Chemical Technology are set to renew what can be billed as the oldest U.S.-Soviet rivalry in collegiate baseball.

The Moscow-based Mendeleyev team will become the first Soviet baseball squad ever to play in the United States when it faces Johns Hopkins October 12 in Baltimore. The game will be a rematch of a three-game series played by the teams last spring in Moscow, when Johns Hopkins became the first American baseball team to play in the Soviet Union.

The Blue Jays easily won that game, but Johns Hopkins coach Robert Babb expects that the Mendeleyev team will be improved considerably after practicing all summer.

However, when asked by a Johns Hopkins publicist whether he is worried about the rematch, Babb replied diplomatically: "Well, I'd hate to be the first American coach ever to lose to the Soviet Union."

The Mendeleyev team will be in the United States for two weeks, beginning October 6. Baseball will be the main focus of the visit, which is built around a schedule of clinics, practices and games. The trip is part of Soviet efforts to field a team for the Olympic Games in 1992, when baseball officially becomes a medal sport.

But the Soviets (guided by undergraduates from nearby Goucher College) also will tour historic sites in Washington, D.C.; New York City, and Baltimore, as well as Maryland's eastern shore. Along the way, they will be introduced to such features of American culture as fast food, discotheques, shopping malls

ments in the national press.

However, while the Soviets are good athletes and enthusiastic about the sport, they are plagued by a lack of facilities and equipment, Babb said.

"They basically have nothing," he said. "No fields (makeshift diamonds were created on soccer fields), catcher's mitts or batting helmets, only a few tattered gloves, and they play with field hockey balls, except for a couple of baseballs that are black from use."

The Mendeleyev team is considered the Soviet Union's strongest, but it recently was upset in the final game of a Moscow tournament by a Ukrainian squad. The tournament was suspended at one point because a player hit the last of three available balls into a nearby pond. An announcer urged spectators to wade into the pond and retrieve the balls, so play could continue.

Still, Mendeleyev should be better prepared for its rematch with the Blue Jays.

"They've been practicing and playing all summer in preparation for this trip, and I'm expecting the games to be competitive this time around," Babb said.

This "home-and-away series" to top them all grew out of a friendship between Rick Spooner, Mendeleyev's American-born coach, and Max Flaxman, a Johns Hopkins alumnus who is a fur trader in Moscow.

When Spooner said he'd like his team to sharpen its skills against an American squad, Flaxman suggested the Blue Jays, who were coming off a 26-12 record and a divisional championship in the Middle Atlantic States Collegiate Athletic Conference.

## Sports facilities opened to public

Florida International University will open Sunblazer Arena and its athletics facilities to the public.

Athletics director Richard A. Young announced that the university has opened its athletics facilities for public use in an attempt to play a larger role in the community and to become more civic-minded.

The second purpose is to increase the attendance at the athletics events at the university.

"The feeling is that once you get the public into the arena and using the facilities, they will begin to identify with the university's athletics teams," said John Pedersen, director of campus recreation.

The facilities at the University Park campus and the North Miami campus will be open.

Both facilities offer access to tennis and basketball courts, aerobic classes and locker rooms. University Park also offers access to indoor racquetball courts.

## Departments consolidated

George Washington University, one of the small number of universities in the nation with separate athletics departments for men and women, has consolidated its athletics operations.

Steve Bilsky, former director of men's athletics, has been named executive director of athletics and

and barbeques, just as Johns Hopkins' players encountered Russian culture during their visit to Moscow.

In Moscow, the Blue Jays defeated a Mendeleyev team that featured some of the nation's best athletes. Many members of the team were recruited through advertise-

## Subscription rates for News raised

Subscription prices for The NCAA News have been increased for the first time in four years. The new rates, which went into effect September 1, represent a 20 percent increase.

Member institutions, conferences, and affiliated and corresponding members will continue to receive the same number of subscriptions as before as part of their dues. The value of those subscriptions has been increased from \$10 per subscription to \$12.

Accordingly, the price for a full-paid subscription has been increased to \$24 and the first-class mailing charge has increased from \$23 to \$26.

For the first time, a special subscription rate has been added for students, faculty and staff at member institutions. Individuals associated with a member institution can purchase a subscription for \$12, half the full-paid subscription.

Students majoring in programs associated with intercollegiate athletics soon will receive information about the new subscription rate.

Also, a \$15 rate has been established for subscriptions from individuals associated with high schools and junior colleges.

Subscriptions may be ordered by sending remittance to NCAA Publishing, P.O. Box 1906, Mission, Kansas 66201.

## Amendment

Continued from page 1

after that time, it will be rejected unless it was sent by certified or registered mail postmarked no later than October 25.

All properly submitted proposals will be included in the Official Notice of the Convention, which must be mailed from the NCAA office no later than November 29.

Questions regarding specific

amendments or the legislative process in general should be directed to William B. Hunt, assistant executive director for legislative services, or Daniel T. Dutcher, legislative assistant, at the national office.

The NCAA News 1988 Legislative Assistance Column No. 32 (September 19 issue, page 2) covers procedures for amending NCAA legislation.

## Questions/Answers

Readers are invited to submit questions to this column. Please direct any inquiries to The NCAA News at the NCAA national office.

**Q** Is it possible for an individual or institution to order additional participant awards for NCAA championships?

**A** An institution whose athletes receive individual awards as a result of its team's performance in an NCAA championship may purchase any number of commemorative awards, but additional participant awards may not be purchased. All commemorative awards shall be ordered through the NCAA national office.

## NBA 'sends a message' about drugs to college players

The National Basketball Association, citing a problem of drug abuse among college basketball players, has announced a new drug-testing policy for rookies that will suspend without pay for one year any first-year player who tests positive for heroin or cocaine.

"In recent years," said David Stern, NBA commissioner, "it has become clear that players entering the NBA from college present a particular problem that should be specifically addressed. Rather than bring people into the league with existing drug problems, we think that the concept of preemployment testing will enable us to identify and treat players with drug problems before their NBA careers begin."

"We also think this sends the

appropriate message to college players that drug use may cost you your

**"We're trying to let them (college players) know ahead of time that they had better get their act together."**

Larry Fleisher,  
general counsel  
NBA Player Association

NBA career," Stern said.

Urinalysis tests will be given on a random basis to all first-year players in NBA training camps, Stern told

Bob Keim of United Press International. Any player who tests positive and is suspended will have his treatment and rehabilitation costs paid by the league.

The policy becomes part of the league's antidrug program enacted in 1983. The new policy, which applies to any player without prior NBA experience, was worked out in conjunction with the NBA Players Association.

Training camps open October 7.

"We're trying in effect to let them (college players) know ahead of time that they had better get their act together," said Larry Fleisher, general counsel to the NBA Players Association. "I think what the players decided was based upon the problems that occurred two years

ago, where four or five of the first 10 players drafted ran into drug trouble — (that) a preemployment testing program would help them."

The league and the players association have agreed on the concept of rookie drug testing for about six weeks, Stern said. Once a rookie passes the test, he then becomes subject to the existing NBA drug policy.

That allows a player with chemical-dependency problems to come forward and receive help from the league. The first time, the player receives his salary and has his treatment paid for.

The second time, the player is not paid but his treatment is paid for. The third time, the player is suspended for life but can petition for

readmission to the league after two years. If a player does not ask for help and is found to be using drugs, he is suspended for life.

In addition, the NBA operates a rookie orientation program prior to the opening of training camp and has a seminar with the top 15 collegiate players prior to the college draft each spring.

Stern emphasized that he believes the league's drug program has been a success and that the incidence of drug use in the NBA is less in terms of percentage than in society as a whole.

"Our view is that people should be able to report to NBA training camps free of traces of these drugs," Stern said. "If not, they don't belong in the NBA."

## Tenure seen as benefit by most coaches in poll

Well over half of Division I-A head football coaches responding to a poll by The Dallas Morning News say they favor granting head coaches tenure such as that awarded to professors.

When asked, "Should coaches be given tenure?" 61 percent voted yes, 27 percent voted no and 12 percent were undecided. The coaches with at least 20 years of experience favored tenure 70 to 26 percent. The vote among coaches with less experience was 52 to 28 percent.

Only half of the coaches favored tenure for assistant coaches, 50 to 34 percent. Those with 20 years' experience voted 56 to 37 percent in favor, while coaches under 20 years' experience voted yes 45 to 31 percent, with 24 percent undecided.

Some coaches said they favored "better retirement" over tenure or long-term contracts instead of tenure.

### Drafting players

Three of four coaches say that any policy to draft undergraduates for professional football would be unfair to the athletes. Currently, the National Football League does not draft college players until their eligibility expires.

Of the 57 head coaches responding to the poll, 42 (73.7 percent) said an undergraduate draft would be unfair to the student-athlete.

University of Wyoming coach Paul Roach said such a policy would be "educationally disruptive," and he also said that, in some cases, the athletes are not

mentally or physically prepared for professional football.

That sentiment was shared by Tom Osborne of the University of Nebraska, Lincoln. He said, "Most players are not ready for pro ball until after four years of college. College degrees are more important than pro football."

However, Joseph V. Paterno, head coach at Pennsylvania State University, disagreed. "I believe that at times, it is in the best interest of an athlete to go into the NFL before he finishes his education."

### No to a play-off

A solid majority — 57 percent — said they would not favor a national-championship play-off for Division I-A. Forty-one percent voted yes, and one coach was undecided.

Syracuse University coach Dick MacPherson suggested that the NCAA poll players about a play-off in Division I-A.

"I will be in favor of it as soon as I see the kids want it," MacPherson said. "A national survey should be undertaken of all senior and junior starters in Division I-A football."

Among those coaches who favor a play-off, the two-team, single-game format is popular because it would maintain the attraction of postseason bowl games while satisfying those who want the championship decided on the field.

Duke University coach Steve Spurrier said, "It's a downright shame that Division I college football is the only league in all

See *Tenure*, page 5

## Rhetoric aside, football is a game

Jon Gale, varsity football player  
Colby College

NCAA College Football Media Kit

"I've heard many people try to justify taking football so seriously, as they do by stating that the game is a metaphor for life itself.

"They miss the point. On the field, there are no guns, no starving people. We play because we love it; but it is a game, and that should never be forgotten."

Lou Pavlovich Jr., managing editor  
Collegiate Baseball

"The NCAA can use the \$1.5 million or so earmarked for drug testing this academic year in a much better way. Let each institution across America handle the problem itself. If drugs are proven to be a serious problem, a sampling of the entire student body should be given drug tests.

"My guess is that alcohol is much more of a problem on college campuses today.

"Drugs are only a small pimple on the buttocks of life."

Don Pierson, columnist  
Chicago Tribune

"National Football League kickoffs still will be 'brought to you by' your favorite beer this Sunday. But not the kickers and kick returners.

"Alcohol is 'without question the most abused drug in our sport,' according to the (NFL's) drug policy. But that knowledge and admission doesn't prevent the league from happily accepting advertising dough

generated by breweries.

"NFL players, coaches and other employees should not endorse or appear in advertisements for alcoholic beverages or tobacco products," the drug policy states.

"While fully recognizing that the use of alcohol and tobacco is legal, the NFL nevertheless has long been of the view that participation in ads for such substances by its employees — particularly players, who are prohibited by Federal law from appearing in such ads —

## Opinions

may have a detrimental effect on the great number of young fans who follow our game."

"Yet, the ads themselves are all right."

Bob Frederick, athletics director  
University of Kansas

The Kansas City Times

"The (graduation rate for student-athletes) data we send to the NCAA, you can look at it and not make much sense of it at all.

"I know the legislators (seeking to require schools to publish graduation rates of student-athletes) are after a particular piece of information. I think it would be hard to pick out an individual school and show graduation rates.

"The biggest problem with all these graduation rates is, how do you define graduation?"

## Letter to the Editor

To the Editor:

I strenuously take exception to Mr. John H. Harvey's comments in the August 31 issue of The NCAA News that championships in Division III either be eliminated or replaced with regional competition. I state my case as follows:

First, and most important, each institution within Division III has the option of deciding for itself whether to participate in postseason competition leading to the national championships provided by the NCAA. Mr. Harvey and his institution can solve their apparent problem by simply notifying the NCAA of their intention not to compete in postseason competition. I would argue that my institution, as well as all others, has the right to determine whether we shall take advantage of the privilege of participating in national-championship competition.

Second, it is my belief that student-athletes deserve the right to demonstrate their competencies at the national-championship level. Part of the educational process and the opportunities facing student-athletes rest in the fact that they are faced with the challenge of successfully juggling the academic, athletics and social demands and commitments of college and university life. Thus, it is not unreasonable to allow student-athletes to take advantage of national-championship competition; in fact, it is an educational experience in itself and has great value to the individual participant.

Third, academic excellence and postseason competition are not mutually exclusive. Just examine the history of any number of institutions, such as Notre Dame, Duke, SUNY Brockport, Augustana (Illinois),

Ohio State and others, that have been able to successfully combine academic respectability with athletics excellence in postseason competition. Additionally, Division III institutions are not alone in their belief that the academic responsibilities are of paramount value to the student-athletes. Mr. Harvey's statements tend to infer that only Division III institutions desire to allow "sports to interface with the primary academic responsibilities of its students."

Fourth, not all institutions or athletes are involved in national-championship competition — within any of the divisions. The number of actual colleges and student-athletes involved in national-championship competition (postregional) is only a small percentage of the total number of institutions that belong to the NCAA.

In summary, to make a decision restricting postseason competition to regional play is similar to throwing out the baby with the bath water. Rather, I propose that those institutions that wish to limit their competition to regular-season play do just that. However, for those institutions, like my own, that view national-championship competition as a vital part of the total learning process, the national championships should remain as a viable option. I am confident that the vast majority of institutions (in all of the divisions) prefer to retain the national-championship format, in all divisions.

William F. Stier Jr.  
Director of Intercollegiate Athletics  
Professor of Physical Education and Sport  
Brockport State University College

# Researcher cites dangers of snuff use by student-athletes

Ralph Barclay  
Exercise Physiologist and Coach  
Wayne State College (Nebraska)

For years, cigarette smoking was the primary form of tobacco use seen in athletics. Recently, however, the "in" thing has become the oral use of snuff, a preparation of finely ground tobacco that's chewed or placed next to the gum. Young athletes consider this the only safe form of tobacco (or nicotine) abuse since there is no damage to the lungs from smoke.

But there are other problems resulting from snuff use that should be of great concern to coaches, parents and athletes.

First, there is potential damage to the mouth, which can include dental problems and oral cancer. Nicotine in any form will increase heart rate. Also, recent studies (including one done on this campus) show an apparent increase in blood pressure due to snuff use. As many athletes are aware, decreased blood pressure and heart rate (within reason) are indicators of better physical fitness and are what the athlete strives for.

The relationship between snuff use and blood pressure has only recently been explored.

Blood pressure is an indicator of the overall health of the cardiovascular system. A blood-pressure reading consists of two numbers (such as 120/80). The first, or top, number is the systolic pressure. This number tells the pressure of the blood against the arterial walls during the heart's contraction. The second number indicates the pressure during the heart's period of relaxation (diastolic pressure). A reading that is higher than normal indicates excess pressure on the arterial walls and may signal hypertension.

It is a well-known fact that cigarette smoking increases blood pressure, but little research has been done to identify the effects that chewing tobacco or snuff might have.

I studied a sample of Wayne State students in an attempt to determine these effects. The sample consisted of 448 students, male and female, who first completed a questionnaire concerning nicotine habits. Then, the blood pressures of the subjects were monitored.

Because snuff use was the main concern of the study, more males than females were surveyed. Of the 448 students, 350 were male and 98 were female. Students in the survey have an average systolic pressure relatively higher than the national average (130 compared to 120), yet the diastolic pressure was extremely close to the national average (81

Ralph Barclay

compared to 80).

Forty-one percent of the population studied used some form of nicotine. As we expected, students in this group (both snuff users and cigarette smokers) had an average blood pressure higher than the non-user (137/84 compared to 122/80).

To view the focus of the study,

snuff use, the male population was singled out. Of the 350 males, 33 percent used snuff, 12 percent smoked and the remaining 55 percent used no form of nicotine. The average systolic pressure of the snuff users (130) was eight points higher than that of the nonusers. Snuff users also had a higher diastolic pressure (84), an average of four points higher.

Upon separating out the "heavy" snuff users (a can or more per day), we noted a drastic difference. Among the heavy-user group, we found some blood pressures as high as 160/85; the mean was 142/86. This average pressure was the highest group average of all categories, including smokers. In contrast, the smokers' average blood pressure of 138/86 compared to snuff users' 130/84 and nonusers 122/80.

The female population reinforced

## Blood pressure readings

National avg. for age group ... 120/80  
WSC student average ..... 130/81

WSC nicotine users average  
(smokers and snuff users) ..... 137/84  
WSC nonusers average ..... 122/80

Male smokers average ..... 138/86  
Male snuff users average ..... 130/84  
Heavy snuff users average ..... 142/86  
Male nonusers average ..... 122/80

Female smokers average ..... 130/82  
Female nonusers avg ..... 122/74

this finding. The average blood pressure among female smokers was 130/82, while nonusers of tobacco averaged 122/74. (There were no female snuff users.)

Of the 448 students surveyed, 166 were athletes. Thirty-three percent

of the athletes (all males) used snuff. Their average blood pressure (135/84) was higher than the average for male snuff users as a whole and nearly as high as the average for male smokers (138/86). A few athletes were considered heavy snuff users.

Our survey appears to indicate that nicotine in all forms does indeed raise blood pressure and that the greater the quantity of nicotine, the higher the pressure. The tell-tale snuff ring seen on the jeans pockets of students from eighth grade through college takes on a new meaning. This prevalent habit is taxing the cardiovascular system of its users.

Because nicotine is an addictive drug, tobacco use begun early in life can develop into a habit that's hard to break. Athletes must learn it's a habit that's best not to start.

## Tenure

Continued from page 4  
of sports, that I know of, that doesn't have a play-off system to determine its champion."

### New rule rejected

The coaches were solidly against the new point-after-touchdown rule, 65 to 32 percent.

The rule awards a defensive team two points if it returns a blocked kick or an intercepted pass on a point-after-touchdown attempt to the offensive team's end zone.

Baylor University coach Grant Teaff said, "Like most rule changes, a la the pass-interference rule, blocking with the hands and the kickoff return, there was much negative talk, and all three rules have been very positive."

# Fortune smiles on majority of new I-A coaches

By James M. Van Valkenburg  
NCAA Director of Statistics

Three of the four first-year head coaches in Division I-A football are off to winning starts, thanks to the good fortune of winning close games. On September 24, for instance, Curley Hallman's Southern Mississippi team won over East Carolina, 45-42, in the last 12 seconds, while Tulane under Greg Davis won a second straight cliffhanger.

By first-year, we mean no previous head-coaching experience at a four-year college. All have plenty of coaching experience. The first-year coaches in Division I-AA have not been so fortunate, nor have the new-job coaches in both divisions (by new job, we mean previous head-coaching experience at the four-year level but new in their current jobs).

Both Hallman and Davis are 3-1, Hallman losing only to Florida State and Davis to Iowa State. Davis' team rallied in the last quarter to edge Memphis State, 20-19, September 24, after a last-minute touchdown beat Kansas State, 20-16, a week earlier. Arizona State's Larry Marmie took his first loss at Nebraska September 24. Tulsa's Dave Rader has dropped two straight close ones, 27-24 to UTEP and 30-26 to Arkansas. Here are the records of the first-year coaches in both divisions through September 24, listed alphabetically by college:

Division I-A (4)	W	L	T
Larry Marmie, Arizona St.	2	1	0
Curley Hallman, S. Miss.	3	1	0
Greg Davis, Tulane	3	1	0
Dave Rader, Tulsa	1	2	0
Division I-AA (6)	W	L	T
Paul Brewster, Aust. Peay	1	2	0
Mike Foley, Colgate	1	2	0
Don Riley, East Tenn. St.	2	1	1
Garth Hall, Idaho St.	0	3	0
Jim Heacock, Illinois St.	0	4	0
Joe Peace, La. Tech	1	3	0

Preseason prospects were only so-so at Arizona State after 11 players moved on to pro football. Then, the first two tight ends were lost for the season with injuries in the first two games. But Marmie's team won both, then rallied from a 9-0 deficit to lead Nebraska, 13-9, before the Huskers took over. He was defensive coordinator under John Cooper, who left for Ohio State.

Marmie is a quiet man, in contrast to the charismatic Cooper. He plays to the players, not alumni and press. He motivates one-on-one. If a player misses a study hall, he is on the carpet the next morning. Bob Hurt of the Arizona Republic in Phoenix compares him to the studious Washington coach, Don James: "Both were quarterbacks from that great football state of Ohio, both turned to defense and worked their way up the ladder at a variety of schools, and both are so well-organized and detail-conscious that they drive their wives nuts."

Hallman adopted a "12th man" kickoff coverage team at Southern Mississippi, illustrating his team's lack of depth. As a Texas A&M assistant, he helped organize and coordinate the 12th-man unit of walk-ons from the student body. "It helps interest; plus, we need numbers," he said. But he noted that Texas A&M has about three times as many students. Southern does not have to take a back seat in tradition, though, with just four losing years in the past 47.

Davis was assistant head coach at Tulane under Mack Brown, who moved to North Carolina. "I think, realistically, we'll be a bowl team again," he said before the season. Quarterback Terrence Jones leads the way. Rader, a 1979 Tulsa graduate, was assistant head coach at his alma mater last season.

**Houston's Jason Phillips leads Division I-A receivers with 13 catches per game**

**Scott Davis of North Texas tops Division I-AA in total offense with 338.33 yards per game**

**Joel Nelson, Augustana (South Dakota), heads the Division II passing-efficiency list**

**Hofstra's Tom Salamone leads Division III punters with a 44.6-yard average**

In Division I-AA, East Tennessee State's Riley, returning to his alma mater after 12 seasons as an assistant at UCLA, is 2-1-1, the only first-year coach with a winning record so far in I-AA. Austin Peay State's Brewster, an East Tennessee graduate, moves up from seven years as a defensive line coach at Austin Peay, while Colgate's Foley was offensive coordinator there the past seven years. Both started 1-2. Louisiana Tech's Peace got his first victory September 24, beating Nicholls State. Idaho State's Hall and Illinois State's Heacock are winless. Heacock came from James' Washington staff, Hall was offensive coordinator

eligible for the season because he signed with an agent.

Down 33-20 with 4:29 left after LSU scored a fluke touchdown on a tipped pass, Ohio State stormed back. Cooper's team was picked in the middle of the Big Ten Conference in the preseason, but expectations will be higher now, with other conference teams having hard luck in nonconference play.

"People ask me if there is pressure being the head coach here," Cooper says. "My answer is, 'Only 24 hours a day.'" But the Iowa State graduate thrived on this at Arizona State, and he produced its first Rose Bowl team. His career record is 81-41-2

go-ahead touchdown against the Jayhawks until 1:36 remained.

"He made the point that it was going to be tough, and if we wanted to play football, we were going to go through the worst," quarterback Kelly Donohoe said. "He's tough, he's strict and that's what we need. He came in and said there'll be no tourists, and he got rid of all of them."

Mason played at Ohio State under the legendary Woody Hayes and was offensive coordinator there under Earle Bruce before taking over at Kent.

## 'I love to coach'

In Division I-AA, the new-job coaches include Earle Bruce at Northern Iowa and Rick Rhoades at Southern Illinois. Rhoades, who led Troy State to the Division II national championship last year, is the only I-AA new-job coach with a winning record so far. He is 2-1 after a 24-23 victory over Heacock's Illinois State team September 24. Two have started 2-2—Bill Hayes at North Carolina A&T and Haney Catchings at Prairie View.

Bruce has a 127-60-1 career record entering this season. He never won fewer than nine games at Ohio State until a 6-4-1 finish last year. "If I'd stayed in Columbus, I might have gone into insurance or become a salesman or a securities guy, but I'm a coach," he says. "I love coaching; I like to teach."

Rhoades was 28-7-1 at Troy State. Hayes came from Winston-Salem State and boasts a career mark of 89-40-2. Morgan State's Ed Wyche is 55-45-3 and came from Alabama A&M. Before that, he turned Hampton around. Boston's Chris Palmer came from New Haven, where he was 16-4 for two seasons. Catchings took over before midseason and finished 3-4. His team upset Southern-Baton Rouge September 24.

## A record low

The nine coaching changes in I-A (four first-year, five new-job) for 1988 are the fewest since this compilation was started back in 1947. That is just 8.65 percent (there are 104 I-A teams), lower than the 9.82 percent (11 for 112 teams) in 1961.

Of course, it runs in cycles. Just a year ago, the turnover rate was 23.1 percent, second highest in history to the 28.6 percent in 1973. The average annual rate since 1947 is 17.1 percent.

In I-AA, the rate is 13.8 percent compared to 15.1 for the past seven years.

## Quotes of the week

Former Texas coach Darrell Royal, who had 16 bowl teams and three national championships: "I see only one big difference in players today. They write more books."

Dubuque coach Don Turner after his team lost at Wisconsin-Platteville (49-7): "Our best drive of the evening was the 25-mile trip to Platteville. As Mrs. Lincoln said, 'It wasn't a pleasant evening.'" (Rick Hecker, Dubuque SID)

John Bunting, former Philadelphia Eagles player, after his Glassboro State coaching debut, a 37-13 loss to Newport News Apprentice School: "Is this how Knute Rockne started? We had nice new uniforms, brand new (helmet) decals and new phones, but that was about it. The new phones on the sidelines were about the only things that worked." (Sheila Stevenson, Glassboro State SID)

## First in I-AA

The first defensive two-pointer under the new rule in Division I-AA was scored September 24 when Claude Pettaway, a sophomore strong safety at Maine, ran 90 yards with a blocked conversion kick. Cornerback Steve Luke blocked the kick. New Hampshire won the game, 44-23.

No defensive two-pointers have been scored in I-A. There have been only a handful of attempts in both divisions.

## Great starts

Duke is Steve Spurrier's second season is 4-0-0 for the first time in 17 years. Mike McGee's team opened that fall by beating Florida, South Carolina, Virginia and Stanford, then finished 6-5-0.

Fordham opened with back-to-back shutout victories, the first time that has happened in varsity play since 1939, when the Rams did it to Indiana and St. Mary's (California). The Rams beat Division I-AA Davidson, 9-3, September 24, to make their record 3-0-0. (Joe Pagnotta, Fordham SID)

Massachusetts Institute of Technology, playing its first varsity football game since students voted in 1901 to abolish the sport, beat Stonehill, 29-7, September 24 with Shane LaHousse gaining 260 yards rushing.

Northern Illinois got its first victory over a Big Ten opponent in 14 years by defeating Wisconsin, 19-17, September 17 for a 3-0-0 record, its best in 23 years (before Minnesota ended the streak September 24, 31-20). Said coach Jerry Pettibone: "We got out of the Mid-American Conference to play in this kind of arena. This is a big step in arriving." Western Illinois is 4-0-0 for the first time since 1976, when Bill Shanahan's team beat South Dakota State, Weber State, Central State (Ohio) and Youngstown State en route to a 7-3 season.

## Football notes

at Oregon State and Peace was Tech's running backs coach.

In preseason polls, Idaho State was voted fourth in the Big Sky Conference and East Tennessee seventh in the Southern Conference. Brewster lost his starting quarterback to injury at the outset of the season.

## New-job coaches

The new-job coaches are having a tough time so far. Only Ohio State's Cooper in I-A has a winning record at 2-1, after a last-minute, 36-33 upset over previously unbeaten Louisiana State September 24. Kent State's Dick Crum is at the break-even, 2-2 level and Illinois' John Mackovic is 1-2, but Kansas' Glen Mason and North Carolina's Brown are winless. Alphabetically by colleges, through September 24:

Division I-A (5)	W	L	T
John Mackovic, Illinois	1	2	0
Glen Mason, Kansas	0	3	0
Dick Crum, Kent St.	2	2	0
Mack Brown, North Caro.	0	3	0
John Cooper, Ohio St.	2	1	0
Division I-AA (6)	W	L	T
Chris Palmer, Boston U.	1	2	0
Ed Wyche, Morgan St.	0	4	0
Bill Hayes, N.C. A&T	2	2	0
Earle Bruce, N. Iowa	1	2	0
Haney Catchings, Pr. View	2	2	0
Rick Rhoades, So. Ill.	2	1	0

Cooper waved a towel over his head at Arizona State to get the crowd aroused. He is doing the same thing at Ohio State, this time with a red towel. "You don't need (crowd) support when you make great plays," he explained. "The crowd needs to learn that when things aren't going well is when you need help."

It has been a roller-coaster ride so far, as Ohio State opened with a victory over Syracuse, unbeaten last year. But after a 42-10 whipping at Pittsburgh, Buckeye tailback Vince Workman, the team's leading rusher for two seasons, was declared in-

over 11 seasons.

Mackovic, a former pro head coach in Kansas City, has some healing to do at Illinois after the turmoil over the departure of the athletics director Neale Stoner and the firing of Mike White. "I never take a job thinking about the bad things," he says. "Do you say the glass is half empty or half full?" He led Wake Forest (his alma mater) to its first bowl in 31 years in 1979 and led Kansas City to its best season in 15 years. "We've got to earn respect," he says.

Brown and North Carolina were turned back by Louisville, 38-34, September 24 in a bid for their first victory of the season. His biggest problems are a green defense and a tough schedule. "We can't do anything about the schedule," he says.

Crum went to Kent with a 14-year career record of 106-51-4, most of it at North Carolina. He inherited a team from Mason that was rated No. 1 just ahead of defending Mid-American Athletic Conference champion Eastern Michigan in the preseason polls. After two victories, Kent lost a 21-14 battle at Eastern September 17, then lost at Kentucky.

Mason helped bring Kent up from the depths, but his task at Kansas probably is the toughest facing any new-job coach. The Jayhawks have not beaten a I-A foe since early in the 1986 season; freshmen make up half the squad, and he has only about 55 scholarship players, just 18 of them juniors and seniors. Thirteen players have quit in the aftermath of his super-tough conditioning, three after the second game. Yet, after a week of controversy over his methods, Mason's team surprisingly led California in the third quarter September 24 before a series of turnovers. Earlier in the season, Baylor did not get the

# Participation in high school athletics continues to grow

Participation in high school athletics increased in 1987-88 for a fourth consecutive year, with more than 5.2 million boys and girls involved in interscholastic sports.

Figures obtained from the 50 state association offices and the District of Columbia and compiled by the National Federation of State High School Associations show that 5,275,461 boys and girls were involved in high school athletics last year, an increase of 75,023 from 1986-87.

Boys' participation increased 61,695, and girls' participation was up 13,328. Overall, boys' participation was 3,425,777, the highest total since the 3,503,124 mark in 1980-81. Total girls' participation was 1,849,684, the most since 1,853,789 in 1980-81.

## Play-offs available on videotapes

Three new collections of NCAA championships highlights are now available on video cassette.

The videotapes offer the best action from both the men's and women's 1988 Division I basketball championships and from the 42nd College World Series.

"Goin' to Kansas City" contains highlights of the 50th Final Four, in which Danny Manning and upstart Kansas defeated national powers Duke and Oklahoma in the friendly surroundings of Kemper Arena.

"High Tech in Tacoma" describes Louisiana Tech's second victory in Division I women's basketball, including its rally from a 14-point deficit against Auburn in an exciting finish at the Tacoma Dome.

"Baseball Is in the Air" contains highlights of the first edition of the new two-division format at the College World Series in Omaha. Stanford was unfazed by the change, winning its second straight title.

The videotapes are available for purchase in VHS or Beta format for \$30. The basketball programs also can be rented in a 16-millimeter film version. The cost is \$50 for a 30-day rental.

The tapes may be obtained by contacting NCAA Productions at the national office.

## MVC to assist members with rules compliance

The Missouri Valley Conference staff has been restructured to provide its members with more support in the areas of NCAA compliance and rules education, Commissioner Doug Elgin has announced.

"With the availability of NCAA conference grant funds, we hope to provide our institutions with much better support in areas of compliance and rules education," Elgin said.

The conference plans to install a computer network among institutions and will add new programs in public relations, drug education and basketball-officiating enhancement.

Joe Mitch, former MVC assistant commissioner, will oversee the NCAA compliance efforts and the installation of the conference's computer system in his new role of associate commissioner.

Ron English will assume the position of director of communications to oversee all public relations.

Helen Heugel, who has been named assistant to the commissioner, will serve as business-office manager and coordinate various conference programs.

The overall increase of 75,023 is the largest single-year increase in 10 years. Participation in high school athletics programs reached an all-time high of 6,450,482 in 1977-78 and then began a general decline until the reversal four years ago. Figures have remained slightly above five million since 1980.

Among boys' sports, football is still the most popular activity in terms of participants with slightly less than one million. After football (949,279), basketball remains No. 2 with 524,606 participants, followed by outdoor track and field at 431,009.

The rest of the top 10 remains unchanged from a year ago. Following outdoor track are baseball (407,630), wrestling (246,771), soccer (208,935), cross country (157,306), tennis (136,083), golf (124,486) and

swimming (94,199).

Participation in all of the top 10 boys' sports increased, with the exceptions of outdoor track and wrestling. Football registered the largest numerical gain with an additional 18,103 participants, although the biggest percentage gains were in swimming (9.3 percent) and golf (8.7 percent).

Boys' basketball remained No. 1 in popularity among schools, with 16,769 high schools offering the sport. The remainder of the top 10, which is unchanged in order from last year, is as follows: outdoor track and field (14,246), football (14,068), baseball (13,589), cross country (9,823), golf (9,360), tennis (8,844), wrestling (8,358), soccer (6,159) and swimming (3,919).

Soccer continued its recent growth with an additional 179 high

schools sponsoring the sport, the largest increase among top-10 sports.

Basketball once again is the most popular sport for girls, in terms of both participants and schools offering the sport. With 392,047 participants, basketball continued its lead over outdoor track and field (326,694). Other top-10 sports in terms of participants are volleyball (292,883), fast-pitch softball (208,344), tennis (126,586), cross country (104,975), soccer (103,173), swimming (83,964), field hockey (47,701) and slow-pitch softball (40,539).

Volleyball (10,770) and soccer (10,139) gained the most participants in 1987-88. Other top sports that experienced increases in participants are tennis (5,246), cross country (5,951) and slow-pitch softball

(1,053).

In terms of number of school programs, basketball (16,196) retained its lead over outdoor track and field (13,804), followed by volleyball (11,834), cross country (8,747), tennis (8,426), fast-pitch softball (8,314), swimming (3,897), golf (3,719), soccer (3,697) and indoor track (1,165).

Soccer also had the largest gain in school sponsorship among girls' sports with an additional 275 schools. Other sports that increased sponsorship over last year were volleyball, fast-pitch softball, golf and swimming.

Copies of the complete 1987-88 sports participation survey are available by contacting the National Federation, 11724 Plaza Circle, P.O. Box 20626, Kansas City, Missouri 64195.

## Our clout counts... for you!

It's teams with **clout** that stand apart . . . just like those you see at these NCAA Championships. How did they get here? Through the champs of the travel business — **Fugazy International Travel** — official travel agent for NCAA Championships!

With 115 years in the business, we've achieved the influence — the **clout** — to negotiate special unpublished travel and accommodations prices to save you money.

And, there's no charge for this unique attention! Anyone, anywhere can request a **free** quote on sports, group or corporate travel.

# NCAA Record

## CHIEF EXECUTIVE OFFICERS

**Robert A. Corrigan** named president at San Francisco State. He is a former chancellor at Massachusetts-Boston... **Tilden J. LeMelle**, acting president at Hunter, appointed acting president at New York City Technical College.

## DIRECTOR OF ATHLETICS

**Cal Kuphall** selected at Wisconsin-Stevens Point, his alma mater. He previously was assistant AD for operations and business management at Tulsa, where he also served earlier as sports information director. Kuphall also has served in various posts at West Texas State.

## ASSOCIATE DIRECTORS OF ATHLETICS

**Paul Moyer** promoted from assistant AD at Manhattanville, where he will continue to serve as head men's soccer coach... **Alden H. "Whitey" Burnham** announced his retirement as associate AD for development and alumni affairs at Dartmouth, effective June 30, 1989. Burnham coached soccer and wrestling at Delaware, then coached those sports and lacrosse at Dartmouth before moving into athletics administration in 1969. Burnham is a former NCAA Men's Soccer Committee secretary-rules editor and a past president of the National Soccer Coaches Association of America... **Joe Donahue** and **Joan Martin** promoted from assistant AD at Monmouth (New Jersey). Donahue will continue to coach men's soccer while becoming more involved in marketing, promotions and development... **Ann Marie Lawler** promoted from assistant to associate AD for women's sports at Florida, which also announced the promotion of **Keith Tribble** from assistant to associate AD for men's spring sports.

## ASSISTANT DIRECTORS OF ATHLETICS

**Scott Roeker** and **Mark Mazzoleni** appointed at Wisconsin-Stevens Point, where Roeker will continue to serve as sports information director and Mazzoleni retains his position as head men's ice hockey coach... **Bernie Greenberg** promoted at Monmouth (New Jersey), where he will retain his duties as the school's sports information director... **Denise Stevens** promoted from business and finance controller to assistant AD/controller and **John Humenik** elevated from sports information director to assistant AD/sports information at Florida... **Chris Peterson** selected to serve as assistant AD for marketing and promotions at Kansas State. He previously was director of marketing and promotions at Pacific.

## COACHES

**Baseball**—**Michael McCarthy** named at Manhattanville. He is a former Cortland State assistant who also has coached in the Northern Collegiate Baseball League.

**Baseball assistants** **Kevin Anderson** and **Chuck Faris** appointed at George Mason, where Anderson played before serving as an assistant at James Wood High School in Winchester, Virginia. Faris previously coached the amateur Reston (Virginia) Raiders club, which won a national title in 1986... **Ed LaMarr** named at St. John's (New York)... **David Trussell** and **Mark Garcia** appointed pitching coach and infielders and outfielders coach, respectively, at Cal State Dominguez Hills. Both coached at Consumes River College in California last season and Garcia is a former assistant at UC Davis.

**Men's basketball**—**Peter Girolamo** selected at Vassar, succeeding **Denis Gallagher**. Girolamo previously coached at Lowville (New York) Academy.

**Men's basketball assistants** **Tom Crowley** appointed at Stanford after three-year stints as an assistant at Xavier (Ohio), Pennsylvania and, most recently, Rutgers... **Tim McConnell** stepped down as graduate assistant coach at Canisius to seek a high school position in the Pittsburgh area... **Rich Marshall** selected at Mansfield. He is a former head coach at Caldwell College who also has served as an assistant at Arizona State, Florida Southern and William Paterson... **Herb Krusen** and **Brian Ellerbe** appointed at George Mason, which also named former Patriot player **Brian Miller** graduate assistant coach. Krusen was interim head coach last season at Western Carolina and is a former assistant at Wake Forest. Ellerbe was on the staff at Bowling Green for the past two seasons... **Michael Doyle** selected as graduate assistant coach at St.

**Wisconsin-Stevens Point named Cal Kuphall AD**

**Tim Hicks appointed by Pan American for women's basketball**

Joseph's (Pennsylvania). He played the past four seasons at Philadelphia Textile, where he was an honorable mention all-America.

**Women's basketball**—**Tim Hicks** named at Pan American, where he served during the 1984-85 season as a graduate assistant coach for the men's team. Hicks served the past three seasons as a men's assistant at Coffeyville (Kansas) Community College.

**Women's basketball assistants**—**Russell Harrell** hired at Georgia Tech after nine years as head girls' coach at Central Gwinnett High School in Lawrenceville, Georgia... **Tina Moynihan** added to the staff at California (Pennsylvania). She was a four-year starter in basketball and also played volleyball at Slippery Rock... **Dawn Cady** hired at Lake Superior State, where as a player she led teams to appearances in the Division II Women's Basketball Championship in 1986 and 1988... **Maureen Donovan** appointed graduate assistant coach at St. Joseph's (Pennsylvania). She holds game, season and career assist records at Virginia Tech, where she was a 1987 graduate... **Angel Wells** appointed at Cal State Dominguez Hills, where she recently completed her playing career.

**Men's and women's cross country** **Sue Schulte** named men's and women's coach at Quinnipiac, where she ran as an

pleted a master's degree in sports psychology at Columbia.

**Women's soccer assistants** **Pam Cornell**, former head coach at Catholic, named at George Mason, where she was a three-time all-America and played on the Patriots' 1985 national-championship team... **Lisa Pleban** appointed at Quinnipiac. She is a Yale research assistant and a former player at Fairfield.

**Women's softball**—**Ed Aronin** selected at Loyola Marymount. He coached St. Bernard High School to a league championship last season in southern California.

**Men's and women's swimming and diving** **Stephen Smith** hired to coach the men's and women's teams at Centre. Smith is a former Auburn all-America... **Mike Skowronski** appointed men's and women's coach at Niagara. He is vice-president of operations for Niagara USA Resorts and a former high school assistant coach.

**Men's and women's swimming and diving assistants**—**Stuart "Jasper" Adams** appointed at Buffalo, where he will coach men's diving.

**Men's and women's tennis** **Bill Cole** named women's coach at San Jose State. The former Cal State Fullerton coach recently has taught physical education at San Jose City College... **Amy Stubbs** appointed women's coach at Sam Fran-

**Rich Marshall picked for Mansfield men's basketball staff**

**Darcy Way named men's ice hockey aide at Michigan Tech**

undergraduate. She works as a physical therapist in Hamden, Connecticut.

**Field hockey**—**Lynne Harvel** hired at Centre. She is a former head coach at Salisbury State (1970-73) and Eastern Kentucky (1978-81), where her teams compiled a combined 74-37-16 record.

**Men's golf**—**Bob Lynch** appointed at St. Joseph's (Pennsylvania). He is a 1979 La Salle graduate.

**Men's gymnastics**—**Mike Willson** dismissed for unspecified reasons at Ohio State, effective October 7. Willson's teams compiled a 151-34 record through 11 years and won three Big Ten Conference titles, in addition to an NCAA team title in 1985.

**Men's ice hockey assistant**—**Darcy Way** selected at Michigan Tech, where he was a goaltender from 1978 to 1982. He has worked with a firm in Calgary, Alberta, for the past seven years and served the past two seasons as a coach for junior teams in Calgary.

**Men's lacrosse**—**Brion Salazar** hired at Denver. The former Syracuse lacrosse and football and Colorado football player has been head lacrosse coach at Denver South High School since 1985. He succeeds **Sam Carpenter**, who was named assistant coach at Cornell. Carpenter served stints as an assistant at Middlebury, Princeton, Washington and Lee, and Denver before guiding Denver to a 6-4 record in his only season as head coach.

**Men's soccer**—**Gerry Linn** named at Quinnipiac after coaching at St. Basil's Preparatory Schools in Stamford, Connecticut, and at Jonathan Law High School in Milford, Connecticut.

**Men's soccer assistant** **Brian Flynn** selected at Quinnipiac after serving as women's coach at Jonathan Law High School in Milford, Connecticut.

**Women's soccer**—**Paul Harbin** appointed at Mercer, where he is a former player and assistant. He recently com-

cisco, replacing **Byron Nepomuceno**, who was named to coach the school's men's team. Nepomuceno, who has been women's coach since 1985, succeeds **Chuck White**, who was named director of recreational sports at San Francisco's Koret Health and Recreation Center. Stubbs is a former tennis instructor in Amherst, Massachusetts, and Sunnyvale, California... **Leanne Palmisano** given additional responsibilities as men's coach at Denver, where she continues to coach the women's team.

**Men's and women's track and field assistants**—**John Powell** hired at Stanford, where he will work in the throwing events. The former San Jose State assistant was a world-record holder in the discus, a four-time Olympian and a two-time medalist in the games... **Sheila Nicks** appointed women's assistant at Nevada-Las Vegas, where she set several school records as a long jumper from 1984 to 1986.

**Women's volleyball**—**Julie Bacher** selected at Sacred Heart. The former Eastern Connecticut State player and assistant was head coach last year at Coventry High School in Connecticut... **Patricia A. Gindling** named at Centre. The former Morehead State volleyball standout previously was an engineer with a firm in Danville, Kentucky... **Debbie Myrick-Dorsey** appointed at Philadelphia Textile. The former Kutztown standout is manager of a store in Doylestown, Pennsylvania.

**Wrestling**—**Andy Noel** stepped down after 14 years at Cornell to become assistant director of the Cornell Athletics Campaign. His teams compiled a 108-82-1 record and won four of the last six Ivy Group team titles.

**Wrestling assistant** **Tom Kane** joined the staff at George Mason. He is a former Bucknell wrestler.

## STAFF

**Academic coordinator**—**Doug**

**Woods** hired for the new position at Monmouth (New Jersey), where he is a graduate student.

**Advancement director**—**Michael Gargano Jr.**, director of advancement and recreation at Rhode Island, appointed assistant director of advancement at George Washington. He also has been an assistant athletics director at Hartford.

**Aquatics director**—**Bob Krotee** named at St. Joseph's (Pennsylvania), where he will oversee operation of the school's natatorium. He previously was a head swimming coach at the high school level.

**Controller**—Florida's **Denise Stevens** promoted to assistant athletics director/controller. She has been controller since 1980.

**Equipment managers** **James Gay** appointed at Centre, where he also will be assistant trainer... **Barbara McCabe** named at Philadelphia Textile after serving as a teacher at a Philadelphia elementary school and as a recreation leader at a local recreation center.

**Fund-raising assistant** **Andy Noel** named assistant director of the Cornell Athletics Campaign after 14 years as head wrestling coach at the school.

**Facilities coordinator** **Larry Steele** selected at Buffalo after 11 years as the school's sports information director.

**Marketing and promotions director** **Mike Hartung** promoted from sports information director at Pacific.

**Promotions director** **Chet Dalgewicz** appointed at Princeton, where he has been an assistant wrestling coach and administrator for 21 years.

**Sports information directors** **Nicholls State's Larry Dougherty** named assistant SID at St. Joseph's (Pennsylvania), his alma mater. He was information director for the East Coast Conference before moving to Nicholls State in 1987... **Bradford W. Brubaker** appointed at Elizabethtown, succeeding **Arthur F. George III**, who was promoted after two years in the post to assistant director of college relations and manager of publications. Brubaker previously was sports editor of The Chronicle in Elizabethtown, Pennsylvania, and the Hershey Chronicle... **Tom Koller** selected at Buffalo, replacing **Larry Steele**, who was named facilities coordinator at the school. Koller previously worked in public relations for the New York State Office of Parks and was a sportswriter with the Niagara Falls (New York) Gazette... Florida's **John Humenik** promoted to assistant athletics director/sports information. He has been Florida's SID since 1982... **Doug Smiley** promoted from assistant SID at Pacific, succeeding **Mike Hartung**, who was promoted to marketing and promotions director at the school... **S. Andrew Baumbach** named at Adelphi after serving as assistant SID at Rochester Institute of Technology. He also has been SID at Montgomery County (Pennsylvania) Community College and an intern with the Philadelphia Eagles... **Mike Quan** appointed sports information coordinator at South Alabama. He joined the school's staff as assistant SID in June 1987 and was named interim SID earlier this year... **Michael Mahon** named at Drake after 11 years as SID at South Dakota. He has worked at NCAA and U.S. Olympic Committee athletics events.

**Sports information assistant**—**Karen Rosenzweig** appointed at San Jose State after working in sports information at California.

**Sports medicine director**—**Jim Murdock** promoted from head trainer at Monmouth (New Jersey).

**Trainer**—**Robin E. McClurkin** named at Philadelphia Textile. She previously was senior trainer at a physical therapy and sports medicine clinic in King of Prussia, Pennsylvania.

**Assistant trainers**—**James Gay** selected at Centre, where he also will be equipment manager. He is a former graduate assistant trainer at Virginia... **Jim Crawley** promoted from assistant to associate trainer at Monmouth (New Jersey)... **Priscilla Lowther** named at San Francisco, replacing **Cheryl Borden**, who resigned. Lowther is a former trainer at Oregon.

## CONFERENCES

**Tom Shirley**, athletics director at Allentown, reelected to a second two-year term as president of the Eastern States Athletic Conference.

## ASSOCIATIONS

**Cindy Munro** promoted from assistant

executive director to executive director of the U.S. Field Hockey Association, where she has served on the staff for 9½ years. She replaces **Carrie A. Haag**, who resigned after four years in the post.

## NOTABLES

**Bob Carpenter** joined ESPN as a play-by-play announcer for college football and basketball broadcasts. He has been a commentator for USA Network since 1980.

## CORRECTION

Due to erroneous information received by The NCAA News, the name of the new baseball coach at Manhattan was misspelled in the Record section of the September 12 issue. The coach's name is Nick Nikou.

## POLLS

### Division II Men's Cross Country

The top 20 NCAA Division II men's cross country teams as listed by the Division II Cross Country Coaches Association through September 20:

1. South Dakota State, 2. Southeast Missouri State, 3. Edinboro, 4. Mankato State, 5. Cal Poly San Luis Obispo, 6. Cal State Los Angeles, 7. Lowell, 8. St. Cloud State, 9. UC Riverside, 10. Keene State, 11. Southern Indiana, 12. Shippensburg, 13. Northeast Missouri State, 14. North Dakota State, 15. Troy State, 16. Lewis, 17. Augustana (South Dakota), 18. Cal State Hayward, 19. Southern Connecticut State, 20. Cal Poly Pomona.

### Division II Women's Cross Country

The top 20 NCAA Division II women's cross country teams as listed by the Division II Cross Country Coaches Association through September 20:

1. Cal Poly San Luis Obispo, 2. Seattle Pacific, 3. Navy, 4. Cal State Northridge, 5. Mankato State, 6. Southeast Missouri State, 7. Air Force, 8. Cal State Los Angeles, 9. Army, 10. Indiana (Pennsylvania), 11. Cal State Chico, 12. Edinboro, 13. North Dakota State, 14. Ferris State, 15. UC Davis, 16. Springfield, 17. South Dakota State, 18. Millersville, 19. Southern Illinois-Edwardsville, 20. Troy State.

### Division III Men's Cross Country

The top 20 NCAA Division III men's cross country teams as selected by the Division III Cross Country Coaches Association through September 19, with points:

1. North Central, 140; 2. Wisconsin-Oshkosh, 128; 3. St. Thomas (Minnesota), 118; 4. Rochester, 113; 5. Wisconsin-LaCrosse, 112; 6. St. John's (Minnesota), 91; 7. Wisconsin-Stevens Point, 88; 8. Brandeis, 84; 9. St. Joseph's (Maine), 82; 10. Cortland State, 76; 11. Augustana (Illinois), 73; 12. Calvin, 53; 13. Glassboro State, 50; 14. Luther, 45; 15. Carnegie-Mellon, 42; 16. St. Lawrence, 38; 17. Washington (Missouri), 34; 18. Rochester Institute of Technology, 28; 19. Otterbein, 14; 20. (tie) Case Reserve, Colby and Messiah, 13.

### Division III Women's Cross Country

The top 20 NCAA Division III women's cross country teams as selected by the Division III Cross Country Coaches Association through September 19, with points:

1. Wisconsin-Oshkosh, 139; 2. St. Thomas (Minnesota), 134; 3. Ithaca, 122; 4. Wisconsin-LaCrosse, 120; 5. Rochester, 105; 6. St. Olaf, 100; 7. Wisconsin-Stevens Point, 87; 8. Carleton, 82; 9. Bates, 75; 10. Hope, 72; 11. Cortland State, 66; 12. Smith, 64; 13. Messiah, 58; 14. Brandeis, 47; 15. Gettysburg, 36; 16. Claremont-Mudd-Scripps, 33; 17. Luther, 30; 18. Washington (Missouri), 24; 19. Occidental, 21; 20. Mary Washington, 18.

### Division I Field Hockey

The top 20 NCAA Division I field hockey teams through September 18, with records in parentheses and points:

1. North Caro. (4-0) ..... 119
2. Old Dominion (4-0) ..... 113
3. Delaware (4-0) ..... 110
4. Northwestern (4-1) ..... 102
5. Massachusetts (3-0) ..... 96
6. Penn St. (4-0) ..... 90
7. Iowa (6-1) ..... 84
8. Maryland (3-2) ..... 78
9. Stanford (2-0) ..... 67
10. Rutgers (5-0) ..... 67

# NCAA championships dates, sites listed for 1988-89

Hobart and Kenyon Colleges will attempt to make NCAA championships history in 1988-89 by winning 10th consecutive Division III men's championships in lacrosse and swimming and diving, respectively.

Hobart has won every Division III men's lacrosse title since the inaugural championship in 1980.

The championships get under way during the first week of November with first-round or regional competition in Division I women's soccer, Division II men's and women's cross country, Division III field hockey, and Division III men's and women's soccer.

Several other institutions have noteworthy championships traditions. Abilene Christian University's men's outdoor track and field team has won seven consecutive Division II team championships, and California Polytechnic State University, San Luis Obispo, has won six Division II women's cross country team titles. Five consecutive team championships have been won by the University of Texas, Austin, women's swimming team; Kenyon's women's swimming team (Division III), the University of Arkansas, Fayetteville, men's indoor track team and the California State University, Stanislaus, men's golf team (Division III).

The following list of dates and sites will be updated in The NCAA News as new information becomes available.

## National Collegiate—Men's and Women's

Rifle: Murray State University, Murray, Kentucky, March 10-11, 1989.

Skiing: University of Wyoming, Jackson, Wyoming, March 2-5, 1989.

## National Collegiate—Men's

Fencing: Northwestern University, Evanston, Illinois, March 30-April 1, 1989.

Gymnastics: University of Nebraska, Lincoln, Nebraska, April 13-15, 1989.

Volleyball: University of California, Los Angeles, California, May 5-6, 1989.

Water polo: Belmont Plaza Pool, Long Beach, California (University of California, Irvine, host), November 25-27, 1988.

## Division I—Men's

Baseball: Regionals—on-campus sites, May 24-29, 1989; finals—Rosenblatt Municipal Stadium, Omaha, Nebraska (Creighton University host), June 2-10, 1989.

Basketball: First and second rounds—Fast at Greensboro Coliseum, Greensboro, North Carolina (Atlantic Coast Conference host), March 16 and 18, 1989, and the Providence Civic Center, Providence, Rhode Island (Providence College host), March 17 and 19, 1989; Southeast at Vanderbilt University, Nashville, Tennessee, March 16 and 18, 1989, and The Omni, Atlanta, Georgia (Metropolitan Collegiate Athletic Conference host), March 17 and 19, 1989; Midwest at the Indiana Hoosier Dome, Indianapolis, Indiana (Midwestern Collegiate Conference and Butler University hosts), March 16 and 18, 1989, and Reunion Arena, Dallas, Texas (Southern Methodist University host), March 17 and 19, 1989; West at Boise State University, Boise, Idaho, March 16 and 18, 1989, and McKale Center, Tucson, Arizona (University of Arizona host), March 17 and 19, 1989; regionals—East at Meadowlands Arena, East Rutherford, New Jersey (Rutgers University, New Brunswick, host), March 24 and 26, 1989; Southwest at Rupp Arena, Lexington, Kentucky (University of Kentucky host), March 23 and 25, 1989; Midwest at Hubert H. Humphrey Metrodome, Minneapolis, Minnesota (University of Minnesota, Twin Cities, host), March 24 and 26, 1989; West at McNichols Sports Arena, Denver, Colorado (University of Colorado host), March 23 and 25, 1989; finals—The Kingdome, Seattle, Washington (University of Washington host), April 1 and 3, 1989.

Cross country (common sites): Regionals (all November 12, 1988)—Districts 1 and 2 at Yale University, New Haven, Connecticut; District 3 at Furman University, Greenville, North Carolina; District 4 at the University of Illinois, Champaign, Illinois; District 5 at Iowa State University, Ames, Iowa; District 6 at

the University of North Texas, Denton, Texas; District 7 at the University of Utah, Salt Lake City, Utah; District 8 at California State University, Fresno, California; finals—Iowa State University, Ames, Iowa, November 21, 1988.

Football (I-AA): First round—on-campus sites, November 26, 1988; second round—on-campus sites, December 3, 1988; semifinals—on-campus sites, December 10, 1988; finals—Minidome, Pocatello, Idaho (Idaho State University host), December 17, 1988.

Golf: Oak Tree Country Club, Edmond, Oklahoma (University of Oklahoma and Oklahoma State University hosts), June 7-10, 1989.

Ice hockey: First round—on-campus sites, March 17-19, 1989; quarterfinals—on-campus sites, March 24-26, 1989; finals—St. Paul Civic Center, St. Paul, Minnesota (University of Minnesota, Twin Cities, and University of Minnesota, Duluth, hosts), March 30-April 1, 1989.

Lacrosse: First round—on-campus sites, May 17, 1989; second round—on-campus sites, May 21, 1989; finals—University of Maryland, College Park, Maryland, May 27 and 29, 1989.

Soccer: First round—on-campus sites, to be completed by November 13, 1988; second rounds—on-campus sites, November 20, 1988; third rounds—on-campus sites, November 27, 1988; finals—on-campus site, December 3-4, 1988.

Swimming and diving: Diving regionals (common sites, all March 10-11, 1989)—Districts 1 and 2 at Villanova University, Villanova, Pennsylvania; District 3 at the University of Alabama, Tuscaloosa, Alabama; District 4 at the University of Wisconsin, Madison, Wisconsin; Districts 5 and 6 at the University of Nebraska, Lincoln, Nebraska; Districts 7 and 8 at Arizona State University, Tempe, Arizona; finals—Indiana University Natatorium, Indianapolis, Indiana (Indiana University, Bloomington, host), March 30-April 1, 1989.

Tennis: University of Georgia, Athens, Georgia, May 19-28, 1989.

Indoor track (common site): Hoosier Dome, Indianapolis, Indiana (The Athletics Congress and Midwestern Collegiate Conference hosts), March 10-11, 1989.

Outdoor track (common site): Brigham Young University, Provo, Utah, May 31-June 3, 1989.

Wrestling: Regionals—East site to be determined, March 3-4, 1989; West at Drake University, Des Moines, Iowa, March 3-4, 1989; finals—Myriad Convention Center, Oklahoma City, Oklahoma, (University of Oklahoma and Oklahoma State University hosts), March 16-18, 1989.

## Division II—Men's

Baseball: Regionals—on-campus sites, May 17-21, 1989; finals—Paterson Stadium, Montgomery, Alabama (Troy State University host), May 25-June 2, 1989.

Basketball: Regionals—on-campus sites, March 17-18, 1989; finals—Springfield Civic Center, Springfield, Massachusetts (American International College and Springfield College hosts), March 23-25, 1989.

Cross country (common sites): Regionals (all November 5, 1988)—East at Indiana University of Pennsylvania, Indiana, Pennsylvania; South at Mississippi College, Clinton, Mississippi; Central at St. Cloud State University, St. Cloud, Minnesota; Great Lakes at Southern Illinois University, Edwardsville, Illinois; West at California Polytechnic State University, San Luis Obispo, California; finals—Mississippi College, Clinton, Mississippi, November 19, 1988.

Football: First round—on-campus sites, November 19, 1988; quarterfinals—on-campus sites, November 26, 1988; semifinals—on-campus sites, December 3, 1988; finals—Brady Municipal Stadium, Florence, Alabama (University of North Alabama host), December 10, 1988.

Golf: Gannon University, Erie, Pennsylvania, May 16-19, 1989.

Soccer: First round—on-campus sites, to be completed by November 13, 1988; second rounds—on-campus sites, November 20, 1988; finals—on-campus site, December 2-3 or December 3-4, 1988.

Swimming and diving (common site): State University of New York, Buffalo, New York, March 8-11, 1989.

Tennis: Site to be announced, May 15-21, 1989.

Indoor track (common site): University of South Dakota, Vermillion, South Dakota, March 10-11, 1989.

Outdoor track (common site): Hampton University, Hampton, Virginia, May 25-27, 1989.

Wrestling: Regionals (all February 17-18, 1989)—Northeast at Springfield Col-

lege, Springfield, Massachusetts; Mideast at Ferris State University, Big Rapids, Michigan; Southeast at Longwood College, Farmville, Virginia; Midwest at Southern Illinois University, Edwardsville, Illinois; West at Portland State University, Portland, Oregon; Finals—site to be announced, March 3-4, 1989.

## Division III—Men's

Baseball: Regionals—on-campus sites, May 25-28, 1989; finals—Muzzy Field, Bristol, Connecticut (Eastern Connecticut State University host), June 1-4, 1989.

Basketball: Regionals—on-campus sites, March 3-4, 1989; quarterfinals—on-campus sites, March 11, 1989; finals—Wittenberg University, Springfield, Ohio, March 17-19, 1989.

Cross country (common sites): Regionals (all November 12, 1989)—New England at Southeastern Massachusetts University, North Dartmouth, Massachusetts; New York at Rensselaer Polytechnic Institute, Troy, New York; Mideast at Allentown College, Center Valley, Pennsylvania; South/Southeast at the University of the South, Seawee, Tennessee; Great Lakes at Earlham College, Richmond, Indiana; Midwest at University of Wisconsin, LaCrosse, Wisconsin; Central at Wartburg College, Waverly, Iowa; West at Occidental College, Los Angeles, California; finals—Washington University, St. Louis, Missouri, November 19, 1988.

Football: First rounds—on-campus sites, November 19, 1988; quarterfinals—on-campus sites, November 26, 1988; semifinals—December 3, 1988; finals—Amo Alonzo Stagg Bowl, Phenix City, Alabama, December 10, 1988.

Golf: Central College, Pella, Iowa, May 23-26, 1989.

Ice hockey: Quarterfinals—on-campus sites, March 10-11 or March 11-12, 1989; semifinals—on-campus sites, March 17-18 or March 18-19, 1989; finals—on-campus site, March 24-25 or March 25-26, 1989.

Lacrosse: First round—on-campus sites, May 10, 1989; semifinals—on-campus sites, May 14, 1989; finals—on-campus site, May 20, 1989.

Soccer: First and second rounds—on-campus sites, November 6, 1988; third round—on-campus sites, November 13, 1988; finals—on-campus site, November 18-19 or November 19-20, 1988.

Swimming and diving: Site to be announced, March 16-18, 1989.

Tennis: Site to be announced, May 14-21, 1989.

Indoor track (common site): Bowdoin College, Brunswick, Maine, March 10-11, 1989.

Outdoor track (common site): North Central College, Naperville, Illinois May 24-27, 1989.

Wrestling: Regionals (all February 17-18, 1989)—East at Ithaca College, Ithaca, New York; Midwest at Wabash College, Crawfordsville, Indiana; West at the University of Wisconsin, Oshkosh, Wisconsin; finals—John Carroll University, University Heights, Ohio, March 3-4, 1989.

## National Collegiate—Women's

Fencing: Northwestern University, Evanston, Illinois, April 2-4, 1989.

Golf: Stanford University, Stanford, California, May 24-27, 1989.

Gymnastics: Regionals (all April 1, 1989)—Northeast at Pennsylvania State University, University Park, Pennsylvania; Southeast at University of Kentucky, Lexington, Kentucky; Central at University of Alabama, Tuscaloosa, Alabama; Midwest at University of Utah, Salt Lake City, Utah; West at California State University, Fullerton, California; finals—University of Georgia, Athens, Georgia, April 14-15, 1989.

Lacrosse: First round—on-campus sites, May 13, 1989; semifinals—site to be determined, May 20, 1989; finals—site to be determined, May 21, 1989.

## Division I—Women's

Basketball: First rounds—on-campus sites, March 15, 1989; second round—on-campus sites, March 17, 18 or 19, 1989; regionals—East at Western Kentucky University, Bowling Green, Kentucky March 23 and 25, 1989; Mideast at Auburn University, Auburn, Alabama, March 23 and 25, 1989; Midwest at Louisiana Tech University, Ruston, Louisiana, March 23 and 25, 1989; West at the University of Texas, Austin, Texas, March 23 and 25, 1989; finals—Tacomadome, Tacoma, Washington (University of Washington host), March 31 and April 2, 1989.

Cross country (common sites): Regionals (all November 12, 1988)—Districts 1 and 2 at Yale University, New Haven, Connecticut; District 3 at Furman University, Greenville, North Carolina; District 4 at the University of Illinois, Champaign, Illinois; District 5 at Iowa State University, Ames, Iowa; District 6 at

the University of North Texas, Denton, Texas; District 7 at the University of Utah, Salt Lake City, Utah; District 8 at California State University, Fresno, California; finals—Iowa State University, Ames, Iowa, November 21, 1988.

Field hockey: First rounds—on-campus sites, November 12-13, 1988; finals—University of Pennsylvania, Philadelphia, Pennsylvania, November 19-20, 1988.

Soccer: First round—on-campus sites, to be completed by November 6, 1988; second rounds—on-campus sites, November 13, 1988; finals—on-campus site, November 19-20, 1988.

Softball: Regionals—on-campus sites, May 19-20, 1989; finals—Twin Creeks Sports Complex, Sunnyvale, California (University of California, Berkeley, host), May 24-28, 1989.

Swimming and diving: Diving regionals (common sites, all March 10-11, 1989)—Districts 1 and 2 at Villanova University, Villanova, Pennsylvania; District 3 at the University of Alabama, Tuscaloosa, Alabama; District 4 at the University of Wisconsin, Madison, Wisconsin; Districts 5 and 6 at the University of Nebraska, Lincoln, Nebraska; Districts 7 and 8 at Arizona State University, Tempe, Arizona; finals—Indiana University Natatorium, Indianapolis, Indiana (Indiana University, Bloomington, host), March 16-18, 1989.

Tennis: University of Florida, Gainesville, Florida, May 10-88, 1989.

Indoor track (common site): Hoosier Dome, Indianapolis, Indiana (The Athletics Congress and Midwestern Collegiate Conference hosts), March 10-11, 1989.

Outdoor track (common site): Brigham Young University, Provo, Utah, May 31-June 3, 1989.

Volleyball: First rounds—on-campus sites, December 1, 2 or 3, 1988; regionals—on-campus sites, December 8-11, 1988; finals—University of Minnesota, Twin Cities, Minneapolis, Minnesota, December 15 and 17, 1988.

## Division II—Women's

Basketball: Regionals—on-campus sites, March 10-11, 1989; quarterfinals—on-campus sites, March 17 or 18, 1989; finals—Site to be determined, March 24-25, 1989.

Cross country (common sites): Regionals (all November 5, 1988)—East at Indi-

# Majority of secondary infractions cases are self-reported

During the period June 16, 1988, to September 19, 1988, the NCAA enforcement staff processed 82 secondary infractions cases. The total number of secondary cases processed since September 1, 1985, is 526.

The vast majority of secondary cases have been self-reported by member institutions and have involved errors, misinterpretations or unintentional mistakes that resulted in no or very limited benefits to the institution. Penalties may be imposed in such cases by the NCAA enforcement staff, or actions taken by institutions and conferences may be accepted as sufficient, after consultation with a designated member of the NCAA Committee on Infractions.

Seventy-two of the cases pro-

cessed during the third quarter of 1988 were self-reported by the involved institutions or their conferences. Violations that continue to recur in the processing of secondary cases fall in three general areas—eligibility certification, recruiting and extra benefits to student-athletes.

In the area of eligibility certification, six institutions permitted student-athletes to practice, participate or receive athletically related financial aid for limited periods while ineligible due to inadequate high school academic records.

Six institutions permitted student-athletes to participate during their first year in residence after transferring from other collegiate institutions; six institutions permitted students to compete while enrolled

in fewer than 12 hours, and two institutions permitted student-athletes to participate while ineligible under the NCAA five-year rule.

In the area of recruiting, seven institutions violated the "dead-period" legislation associated with National Letter of Intent signing dates; 11 institutions were involved in inadvertent recruiting contacts at times when such contacts were not permissible, and seven institutions permitted prospective student-athletes to participate in physical activities in the presence of coaching staff members.

In addition, eight institutions violated recruiting legislation when coaches appeared in newspaper photographs with prospects or were quoted in newspaper articles concerning the recruitment of prospects;

six institutions were cited for improper advertisements in publications or high school programs, and five institutions printed sports brochures that contained more than one color of ink inside the covers.

Violations of the extra-benefit legislation included four coaches who paid bonds for student-athletes who had been arrested, five coaches who were involved in the provision of local automobile transportation to enrolled student-athletes and one student-athlete who received a loan of cash from a coach.

Additional miscellaneous violations included the out-of-season practice legislation in soccer, a violation of the game limitation by one institution in women's basketball and violations by two institutions that failed to comply with the tech-

nical provisions of the financial audit legislation.

NCAA penalties were not imposed in these infractions cases due to the actions taken by the involved institutions and conferences.

Institutional or conference actions included forfeiture of all games involving ineligible student-athletes, repaying the cost of improper benefits received by student-athletes and reimbursement to an institution of improper expenses claimed by a coaching staff member.

Several institutions initiated workshops or educational programs for athletics department staff members to reemphasize the requirements of NCAA legislation. In four cases, the individuals responsible for violations were not permitted to continue to perform certain duties associated with athletics.

## Calendar

September 27	Ad Hoc Committee to Administer the Conference Grant Program, Kansas City, Missouri
September 27-28	Presidents Commission, Kansas City, Missouri
September 28-29	CCA-UCA Joint Meeting, Kansas City, Missouri
September 30-October 2	Committee on Infractions, Kansas City, Missouri
October 10-12	Council, Kansas City, Missouri
October 14-15	Committee on Financial Aid and Amateurism, Kansas City, Missouri
October 14-17	National Youth Sports Program Committee, Kansas City, Missouri
October 29-30	Committee on Infractions, Kansas City, Missouri
November 11-13	Committee on Infractions, Tucson, Arizona
November 28	Presidents Commission Ad Hoc Committee on the National Forum, Washington, D.C.
December 1-2	Special Committee on Deregulation and Rules Simplification, Kansas City, Missouri
December 4	Divisions I, II and III Championships Committees, Kansas City, Missouri

## Scholarship deadline is October 26

Nominations for NCAA postgraduate scholarships in football must be mailed to district selection committee chairs by the October 26 deadline.

A total of 25 awards, each worth \$4,000, will be given to student-athletes in the following categories: Six awards will be presented to Division I student-athletes, and six will go to Division II and Division III student-athletes. The remaining 13 awards will be given at large.

The following guidelines should be followed in nominating candidates:

- Nominate no more than two candidates.
- Use the forms recently mailed from the NCAA national office and provide complete information.
- Include a copy of the nominee's transcript with each application.

Also include any entrance or placement examination scores and a Graduate Record Examination score, if possible.

• Mail the complete forms and other information to the appropriate district selection committee chair by the October 26 deadline.

Final selections will be made by the NCAA Postgraduate Scholarship Committee in December.

Scholarships will be awarded to 100 student-athletes during the 1988-89 academic year.

In addition to the 25 football awards, 20 will be presented to basketball players (10 men and 10 women) and 55 (30 men and 25 women) will be awarded in sports other than football or basketball in which the Association conducts championships competition.

## U.S. field hockey training center to be constructed by '89 at Drew

Drew University is breaking ground in more than the traditional sense with the building of the \$2 million National Field Hockey Center.

The center will serve as home to Drew's men's and women's soccer, women's field hockey, and men's and women's lacrosse teams. The facility also will enable the university to expand its intramural and recreational programs.

The center also will be the first exclusive training site in the United States for the men's and women's national field hockey teams. The United States Field Hockey Association (USFHA) and the Field Hockey Association of America (FHAA) each received a \$250,000 grant from the United States Olympic Foundation (USOF) in conjunction with the project. The two associations will host national and international competition at the center, in addition to conducting camps and training the national and Olympic teams.

The German-originated Poligras artificial surface will be used outdoors in the United States for the first time. It rests on a composition base rather than on asphalt or concrete and is completely water permeable. The Poligras field will be 380 feet by 245 feet. The center will feature lighting of up to 50 foot candles, a press box, circumference fencing and a special drainage system. The seating capacity will be 1,500.

The center will be located on the site of Drew's current women's field hockey and lacrosse field but will have a different orientation from the current field.

In April 1986, Drew was one of 10 institutions to express interest in housing the center. During the summer of 1987, the USFHA and FHAA agreed to create a common training site for the men's and women's national teams. In October of that year, the USOF approved the grants and designated Drew as the proposed site. The Madison, New Jersey, Planning Board approved the site plans in August.

All phases of the project should be complete by the spring of 1989, and Drew athletics teams will begin using the facility during the 1989-90 academic year.

"Thanks to the unselfish efforts of Maureen Horan-Pease, women's athletics coordinator, we have a benchmark for U. S. field hockey, Drew athletics and the university as a whole," said Richard E. Szlasa, director of athletics. Horan-Pease is the field hockey and women's lacrosse coach and is a member of the NCAA Women's Lacrosse Committee.

## Players will meet agents

The Southwest Athletic Conference has announced that all of its schools except the University of Arkansas, Fayetteville, will schedule days that agents can meet with student-athletes who have completed their eligibility or are in their last year of eligibility.

Conference officials said the move was prompted by the Texas Athlete Agent Act, a new state law that requires registration of athlete agents operating in the state. Because it is a state law, the agent act doesn't apply to the state of Arkansas.

Those contacting student-athletes without proper registration in Texas could be jailed for up to one year and fined up to \$2,000.

"We are in complete support of

the Texas Athlete Agents Act," Kevin Lennon, the SWC's assistant commissioner for compliance, said. "The Southwest Conference plans to be a leader in this area."

"In turn, our student-athletes will be well-informed as to the provisions of the law and the implications involved," Lennon said. "It's a two-way street, and all parties must be responsible for their actions."

SWC officials said illegal contracts and compensation from agents to athletes have resulted in the forfeiture of eligibility and team awards to more than 80 athletes representing more than 20 colleges on all levels since the case of Villanova University basketball player Howard Porter in 1971.

## Legislation and Interpretations Committee minutes

Acting for the NCAA Council, the Legislation and Interpretations Committee:

### Tentative telephone conference schedule

1. Confirmed the following dates for Legislation and Interpretations Committee conference calls to be conducted between September and December 1988: September 15, September 30 (Friday), October 20, November 1 (Tuesday), November 17, December 6 (Tuesday) and December 20 (Tuesday). It also was determined that a post-convention meeting of the committee will be held in San Francisco at 6 p.m. January 12, 1989.

### Awards

2. Awards in recognition of special attainments or contribution to a team's competitive season. Agreed that the provisions of NCAA Constitution 3-1-(i)-(2) and (3) would permit student-athletes to receive awards (in addition to the regular annual participation awards) in recognition of special attainments or contribution to a team's competitive season (e.g., scholar athlete, most improved player, most minutes played), with the value

of each additional special recognition award limited to \$100 per Constitution 3-1-(i)-(2).

### Institutional promotion

3. Distribution of institutional player cards. Reviewed the provisions of Constitution 3-1-(e), Case No. 44, and a previous Legislation and Interpretations Committee

Conference No. 14  
September 1, 1988

interpretation (reference: Item No. 5 of the minutes of the committee's September 28, 1987, conference), and determined that Case No. 44 should be revised to permit an institution to have a distributor market permissible institutional items (i.e., paper products) with the names or pictures of student-athletes; recommended that the Council review this interpretation in its October meeting.

### Professional contests

4. Use of funds from professional contests. Reviewed a previous committee decision (reference: Item No. 7 of the minutes of the committee's September 3, 1987, conference) and a Council decision (reference: 1987 Legislative Assistance Column No. 37, Item No. 1), and agreed that those precedents would permit an institution to place the proceeds from a professional basketball exhibition contest (including gate receipts and program sales) played on its campus in its basketball scholarship fund.

Camps, coaching schools and clinics  
5. Coach as guest lecturer at invitational camp. Agreed that the provisions of Case No. 215 would permit a member institution's basketball coach to serve as a guest lecturer at an institution's invitational camp, coaching school or clinic when high school seniors are in attendance, provided the seniors participate in no physical activities while the coach is present.

### Playing and practice seasons

6. Traditional and nontraditional segments. Confirmed a previous interpretation (reference: Item No. 5 of the minutes of the

committee's November 18, 1987, conference) that a member institution must complete all of its contests played during a nontraditional segment in the fall by January 1 of the academic year involved; conversely, if a sport has a traditional segment conducted during the fall term, the institution would not be permitted to participate in a contest during its nontraditional segment until after January 1; noted that these restrictions would not preclude the completion of permissible practice activities in either segment after January 1.

### Financial aid

7. Cost of attendance and exempted financial aid. Reviewed a previous committee interpretation (reference: Item No. 3 of the minutes of the committee's July 28, 1988, conference) and information submitted through the conference contact program, and recommended to the Council that the appropriate application of Constitution 3-1-(g)-(1) and Bylaw 6-1-(b) should permit a member institution to exempt all items as listed in Bylaw 6-1-(b)-(2) from its calculation of Constitution 3-1-(g)-(1); further, as a secondary recommendation, suggested that only Pell Grant funds be included in the

Constitution 3-1-(g)-(1) calculation; finally, suggested that the Council review this item during its October meeting and propose legislation to clarify the issue for review by the membership in January.

### Playing and practice seasons

8. Indoor and outdoor track seasons (Division III). Reviewed the provisions of Bylaw 3-1-(a)-(3) per the NCAA Division III Steering Committee's request and opposed the idea of permitting separate playing and practice segments for indoor and outdoor track or extending the "track season" (for both sports) to 42 weeks; proposed to the steering committee that it sponsor legislation combining these sports and limiting participation to a 26-week period with a scheduled starting date.

### Satisfactory progress

9. Missed-term exception (Divisions I and II). Agreed that the phrase "...the student has fulfilled the satisfactory-progress requirements of Bylaw 5-1-(j)-(6) for the terms the student was in attendance..." as listed in Case No. 325-(a) [missed-term exception] was intended to permit a student to utilize credits earned after (as well as before) the missed term.

# Pennsylvania considering state board to regulate agents

A proposal to strictly regulate dealings between sports agents and college athletes scored high points with Pennsylvania university officials at a state Senate Consumer Committee hearing September 21.

But a lawyer who heads a firm that represents athletes told committee members that the legislation would do little to halt the undesirable practices of unscrupulous sports agents.

Before the committee are two House-passed bills, introduced by Rep. Nicholas Colafella, D-Beaver,

sites, May 13, 1989; semifinals—sites to be determined, May 20, 1989; finals—site to be determined, May 21, 1989.

Soccer: First round—on-campus sites, November 5, 1988; second round—on-campus sites, November 6, 1988; finals—on-campus site, November 12-13, 1988.

Softball: Regionals—on-campus sites, May 12-14, 1989; finals—Trenton State College, Trenton, New Jersey, May 19-22, 1989.

Swimming and diving: Site to be announced, March 9-11, 1989.

Tennis: Site to be announced, May 8-13, 1989.

Indoor track (common site): Bowdoin College, Brunswick, Maine, March 10-11, 1989.

Outdoor track (common site): North Central College, Naperville, Illinois May 24-27, 1989.

Volleyball: Regionals—on-campus sites, November 10-12, 1988; finals—on-campus site, November 18-19, 1988.

to establish a state board to regulate and license sports agents operating in Pennsylvania.

The legislation also would make it a crime for agents to offer gifts to student-athletes or their families to entice students into contracts before their college eligibility expires, United Press International reported.

Violations would be punished by fines of up to \$10,000 and one year in jail.

"The most significant aspect of the legislation is the protection it affords the student-athlete," said Edward E. Bozik, athletics director at the University of Pittsburgh and a member of the NCAA Executive Committee.

## Buckeyes' tailback loses eligibility after signing with agent

Vince Workman, Ohio State University's starting tailback and the team's leading rusher each of the last two seasons, was declared ineligible September 21 for the rest of his senior season because he signed with an agent.

University athletics director Jim Jones announced the move, saying Workman's action was a clear violation of Big Ten Conference and NCAA rules. It marked the second time in two seasons that an Ohio State football player has been declared ineligible.

NCAA rules prohibit athletes with eligibility remaining from signing with or accepting money from

The NCAA has a voluntary registration program for sports agents.

Bozik said an unscrupulous agent often lures a youthful, inexperienced or poor collegiate athlete into "one-sided and usurious contracts" that may ultimately cost the student his chance to finish college or play professional sports.

Colafella told committee members that since no state laws penalize agents for improper activities, risks from those activities are borne solely by the athlete while an agent stands only to make large sums from future fees.

Sports lawyer Ralph Cindrich said the law unfairly focused on agents and would be largely ineffec-

tive in battling the problem.

"If they (collegiate athletes) do not know right from wrong, they should not be in an institution of higher education," Cindrich said. "There is no reason to penalize the bulk of competent and reasonable agents, and that is what this bill does."

Cindrich said ethical sports agents likely would comply with state regulations but those targeted by the bill could easily sidestep it by conducting business outside Pennsylvania.

"We're not penalizing agents. We're after the bad apples," said committee chair Clarence Bell, R-Delaware. "This problem with bad agents is like cancer; it can destroy

Edward E. Bozik

the body."

Bell predicted the committee would not act on the two bills until after the November election.

in college athletics, told him in a July 1987 phone call to destroy the contract they had signed in February.

Lueddekke was named in the same indictment as Norby Walters and Lloyd Bloom, who were charged with giving money to Cris Carter, the leading receiver in Ohio State history. Carter, now a member of the NFL's Philadelphia Eagles, pleaded guilty September 16 to mail fraud and obstruction of justice for accepting money from Bloom and Walters, which caused him to be suspended last season.

Workman said he probably would stay at Ohio State and work toward

his graduation next year.

Head coach John Cooper said he supported legislation now in the Ohio House of Representatives to regulate the activity of agents.

"They're termites, and they have got to be eradicated like termites," Cooper said.

Jones said Ohio State had advised the Big Ten and the NCAA and Syracuse University and the University of Pittsburgh, the Buckeyes' opponents during the first two games of the current season, about Workman's situation. Workman played in both games, a 26-9 victory over Syracuse and a 42-10 loss to Pittsburgh.

# The Market

Readers of The NCAA News are invited to use The Market to locate candidates for positions open at their institutions, to advertise open dates in their playing schedules or for other appropriate purposes.

Rates are 55 cents per word for general classified advertising (agate type) and \$27 per column inch for display classified advertising. Orders and copy are due by noon five days prior to the date of publication for general classified space and by noon seven days prior to the date of publication for display classified advertising. Orders and copy will be accepted by telephone.

For more information or to place an ad, call 913/384-3220 or write NCAA Publishing, P.O. Box 1906, Mission, Kansas 66201.

## Positions Available

### Athletics Director

**University Athletic Director.** Biola University, currently a strong NAIA School, is seeking a person who is willing to lead in expansion and development of its men's and women's athletic program. Qualifications: Minimum of master's degree, doctorate preferred, experience in areas of athletic administration and fund-raising. Salary and benefits dependent on qualifications. Biola University is a private evangelical Christian university. Biola University does not discriminate on the bases of race, national or ethnic origin, age, sex or physical handicap in its employment practices. Send for applications: Marvin K. Mayers, Biola University, 13800 Biola Avenue, La Mirada, California 90639. Applications will be accepted until November 15, 1988.

### Associate A.D.

**Associate Athletic Director.** University of Missouri-Columbia. The University of Missouri is seeking applicants for the position of Associate Athletic Director. Qualifications: Baccalaureate Degree, advanced degree desirable. Six to eight years of athletic administrative experience is necessary, with considerable knowledge of athletics at the Division I/A level preferred; experience in financial management; personnel directing and supervising; knowledge of NCAA rules; ability to communicate effectively; the capacity of supervising with honesty and integrity in a major athletic program. Application deadline October 26, 1988. Please send letter of application and resume to: University of Missouri-Columbia, Personnel Services, 201 South 7th Street, 130 Heinkel Building, Columbia, Missouri 65211. AA/EOE.

### Academic Counselor

**Academic Counselor.** St. Joseph's University is seeking an individual to assist with a newly established academic support program. Responsibilities include but are not limited to academic advising and counseling, coordinating tutorial services and monitoring study halls. Excellent opportunities for a graduate

student. Stipend is negotiable. Send letter of application, resume, and names of three professional references to: Paul Hightower, Director of Academic Services for Student-Athletes, St. Joseph's University, 5600 City Avenue, Philadelphia, Pennsylvania 19131. Equal Opportunity/Affirmative Action Employer.

### Athletics Trainer

**Assistant Athletic Trainer.** Yale University. Immediate opening. The athletic program is supported at the NCAA Division I level. The program consists of 18 men's and 17 women's varsity teams and 17 junior varsity teams. Ten month appointment. Reports to the head athletic trainer. Major responsibilities include assessment of injury and first aid medical care for men and women varsity athletes. BS degree required. Physical therapy preferred. NATA certification required along with current CPR certification. Salary commensurate with experience and qualifications. Direct applications to: Daphne Benas, Head Athletic Trainer, Yale University, Box 402A Yale Station, New Haven, Connecticut 06520. Yale University is an Equal Opportunity/Affirmative Action Employer.

**Trainer.** Rider College is seeking a full-time Head Athletic Trainer responsible for care, prevention and rehabilitation of injuries to varsity athletes and supervision of assistant trainers. Qualifications: NATA certification

and bachelor's degree in sports medicine, physical education or related field. Salary commensurate with experience. Send vitae and three letters of recommendation by October 7, 1988, to: John C. Carpenter, Athletic Dept., Rider College, 2083 Lawrenceville Road, Lawrenceville, NJ 08648-3099. Affirmative Action/Equal Opportunity Employer.

## Marketing

**Director of Marketing.** Davidson College is currently accepting applications for the position of Director of Marketing for the Department of Athletics. This person will develop, coordinate, and implement a marketing plan for the sale of football and basketball season tickets and single game tickets. This will include the creation and purchase of various forms of advertising, the development of group sales and promotional partnerships, the production of ticket brochures and the creation and promotion of a coordinated common theme to run through each item of the plan. The successful candidate will also coordinate and/or implement the sale of advertising for all special events programs including scheduling cards, posters, and billboards. Other duties will include scheduling and coordinating pregames, halftime, and post-game activities for football and basketball games and coordinate the athletic association speaker bureau. The successful candidate must have a bachelor's degree in Business, Athletics, Communications or related field or equivalency with a minimum of three years of experience with sales and marketing required. Demonstrated written and verbal communication skills also required. Experience in an athletic related area is preferred. Submit application and/or two copies of resume along with names, addresses and telephone numbers of three references to: Christopher B. Morris, Director of Athletics, Davidson College, Post Office Box 1750, Davidson, North Carolina 28036.

## Sports Information

**Assistant Sports Information Director (Sports Information Officer I).** Responsibilities: Under supervision of Director, Sports Information, Marketing & Promotions, plan, arrange and coordinate media coverage of athletic events with emphasis on women's sports. Prepare

press releases, promotional publications and maintain statistical and reference files. Minimum Qualifications: Bachelor's degree in journalism or related field, or equivalent combination of education & practical experience necessary to acquire a skill in writing; public relations skills; interest in sports. Experience in college sports information desirable. Salary: \$17,880-\$27,860; starting salary normally not to exceed \$20,010. Send resume (non-citizens must include current visa status) by October 7, 1988, to: Michael Bruckner, Director of Athletics & Recreational Sports, Field House, University of New Hampshire, Durham, NH 03824. Women and minorities are encouraged to apply. UNH is an AA/EOE Employer.

## Basketball

**Assistant Men's Basketball Coach.** Duties include on the floor coaching, recruiting of student athletes and other duties assigned by the head basketball coach. Candidates should contact Ed Green immediately, Roanoke College, 703/375-2336. Salary: \$1,500 and must secure other part-time work outside the college. Equal Opportunity/Affirmative Action Employer.

## Fencing

**Part-Time Assistant Coach—Men's & Women's Fencing Programs.** Summary: Assist with coaching duties at all practices and competition for the teams. Assists with recruiting and alumni relations efforts and handling of general administrative details. Teaches fencing classes as assigned. Qualifications: Competitive experience preferred in all three weapons with significant achievement in at least one weapon. Competitive

and/or coaching experience with a highly successful collegiate or club program and experience in group instruction. Motivation to become a fully qualified fencing coach. Applications: D. Elton Cochran-Fikes, Associate Athletic Director, University of Pennsylvania, 235 South 33rd Street, Philadelphia, PA 19104. Application Deadline: September 30, 1988.

## Golf

**Director of the Golf Course.** Bowling Green State University has an opening for the position of director of the golf course. Bachelor's degree required, PGA Class A license preferred. Responsible for the total operation of the golf course. Responsibilities include: initiating and supervising programs for promotion of business, budgeting of income and expenses; purchasing merchandise and supplies; administration, hiring and training personnel; accounting and bookkeeping; golf professional. This is a full-time, 10-month, contract position. Salary commensurate with experience. Send letter of application, resume, three letters of recommendation and official college transcripts to: Chair, Search and Screening Committee, Director of the Golf Course, c/o Athletic Department, Bowling Green State University, Bowling Green, Ohio 43403. Deadline for application has been extended to October 14, 1988. Equal Opportunity Employer.

## Gymnastics

World University Games, Sao Paulo, Brazil.

**August 18-30, 1989.** Resumes are being accepted for the position of Head Coach and Assistant Coach for the United States Women's Team for the World University Games. Interested parties should submit their resumes to the United States Gymnastics Federation's National Office. All resumes must be received by December 1, 1988. Send to: United States Gymnastics Federation, Attn: Tami Holt, 201 South Capitol, Suite 300, Indianapolis, IN 46225.

## Strength/Conditioning

**Strength Coach.** U. of Illinois seeks full-time strength coach to coordinate and supervise individual and team strength and conditioning programs for men and women. Individual workouts, use of Universal, Nautilus-type systems, application of energy systems knowledge and common injuries, and rehabilitation coordination with trainers included in responsibilities. Bachelor's degree in PE, health-related field required; master's preferred. NSCA certification desired; two years' college experience minimum; knowledge of strength training, conditioning, plyometrics, flexibility required. By Oct. 26 deadline, send letter, resume, transcripts, three recommendation letters, names and phone numbers for three additional contact persons to: Karol Kahrs, Athletic Assoc., 505 E. Army, 235-H Army Bldg., Champaign, IL 61820; 217/333-0171. Qualified applicants interviewed during advertising period. AA/EOE.

**Assistant Strength and Conditioning Coach.** Full-time, 12-month appointment. Starting Salary: Commensurate with experience and

See The Market, page 15

## WOMEN'S ATHLETIC ADMINISTRATOR PURDUE UNIVERSITY

Position in Division I Women's Athletic Program. Provide administration of day-to-day operations of program and supervise support services. MA degree in physical education or closely related field is suggested. Demonstrated administrative/fiscal management skills in a university setting. Salary commensurate with qualifications and experience. Starting date negotiable. Send letter of application, resume and three recent letters of recommendation no later than October 31, 1988, to:

Mr. George S. King, Jr.  
Athletic Director  
Purdue University  
Room 31, Mackey Arena  
W. Lafayette, Indiana 47907

Screening to begin immediately.

Equal Opportunity/Affirmative Action Employer

## Physical Education Dept Supervisor

Candidates must possess (or be able to obtain) appropriate N.J. certification. Send resume and copy of certification to: Personnel Dept.

**PLAINFIELD PUBLIC SCHOOLS**  
504 Madison Ave.,  
Plainfield, NJ 07060

equal opportunity/affirmative action employer

## HEAD TRACK COACH

### Indoor & Outdoor Track

Candidates must possess (or be able to obtain) appropriate N.J. certification. Send resume and copy of certification to our Personnel Dept.

**PLAINFIELD PUBLIC SCHOOLS**  
504 Madison Ave.,

Plainfield, NJ 07060

An equal opportunity/affirmative action employer

# Minorities continue to show improvement on SAT scores

Average SAT scores lost ground in 1988 for the first time in eight years, but minority students continued a decade-long pattern of impressive gains, the College Board reported September 19.

Scores on the verbal section of the Scholastic Aptitude Test fell two points, to an average of 428, according to the board's annual report. The average on the mathematics section was unchanged at 476.

Both parts of the multiple-choice test taken each year by 1.1 million college-bound students are scored on a scale of 200 to 800, with a combined 1,600 being perfect.

The combined mathematics-verbal average of 904 marked the first decline in eight years. The national average hit a low of 890 in 1980, recovered a bit to 906 by 1985 and was unchanged until this year's slight decline.

Coincidentally, the release of the SAT averages coincided with the planned departure of U.S. Education Secretary William J. Bennett, who in his 3½ years in office had credited the Reagan administration with spurring reforms that had helped produce gradually improving SAT scores.

In a statement, Bennett blamed the schools establishment for the dip in scores.

"No medals for America in this news," Bennett said. "I said in April that 'the absolute level at which our improvements are taking place is unacceptably low.' Today it's a bit lower, and still not acceptable.

C'mon, team! Back into training." College Board officials nonetheless cheered the "stability" of test scores in recent years.

"We're pleased, frankly, that there

number of test-takers had risen 13 percent since 1986 and the number of minority test-takers was up 23,066 in the last year alone.

Minority students in the class of

**"The gains (by Blacks) were doubly impressive because the number of black test-takers rose 39 percent in three years, from 70,156 in 1985 to 97,483 last year."**

Robert G. Cameron, research director  
College Board

is as much stability in the scores as the data suggest," Donald M. Stewart, board president, told the Associated Press.

He noted that scores were generally holding up even though the

1988, especially Blacks, posted the strongest gains.

Blacks showed an overall score improvement from 728 in 1987 to 737. Hispanics' scores increased from 803 to 810 in the same period.

## Final NCAA ice hockey officiating clinic scheduled October 9

Head men's ice hockey coaches and collegiate ice hockey officials have one more chance to attend an NCAA ice hockey officiating clinic. The last of four regional clinics will be held October 9 at the LeMoyne Manner Restaurant in Syracuse, New York.

"We specifically gave (coaches and officials) three weeks between the third and fourth clinics so they could make travel plans for Syracuse," said Charles A. Holden Jr., NCAA ice hockey officials coordinator. "Coaches have no choice but to get to Syracuse."

The regional clinics and an

NCAA men's ice hockey rules videotape are part of a two-year pilot officiating program recommended by the Men's Ice Hockey Committee and approved by the NCAA Executive Committee last year.

Said Holden, "The response from both groups has been outstanding. I think it is a great sign that we are able to get coaches and officials together in the same room to hear exactly what the NCAA Men's Ice Hockey Committee wants. Overall, the clinics have been a huge success."

Holden said 287 participants attended the first three clinics, including 77 coaches and 179 officials.

Verbal scores among Blacks rose an average of two points, to 353, and mathematics scores rose seven points, to 384.

The gains were doubly impressive because the number of black test-takers rose 39 percent in three years, from 70,156 in 1985 to 97,483 last year, said the board's research director, Robert G. Cameron.

Stewart said it was unclear why minority students were gaining. One explanation is that such Federal programs as Head Start, begun in the 1960s and 1970s, aimed to helping poor students, are now paying off in higher minority SAT scores.

Since 1976, the first year the College Board compiled ethnic data, combined scores by Blacks have climbed 51 points. But they still trail

average white test-takers by 198 points.

Whites averaged 445 on the verbal in 1987-88, down two points, and 490 on the mathematics, up a point.

Among Mexican-Americans, verbal scores were up three points over last year, to 382, and mathematics scores were up four, to 428. Their combined gains since 1976 amount to 29 points.

Men continued to outperform women. Male test-takers scored an average of 498 in mathematics and 435 in verbal, and females scored 455 in mathematics, 422 in verbal.

The one million students who took the ACT last school year averaged 18.8 on a scale of 1 to 36, up slightly from the 18.7 average the year before.

"The communication lines between coaches and officials have opened up like never before," said Holden. "It is exciting to see that we are making progress."

Only head coaches at NCAA member institutions sponsoring varsity men's ice hockey and collegiate ice hockey officials who want to be considered for assignment to the 1989 championships—those who have not attended one of the previous three clinics—are allowed and required to attend the final clinic.

Failure of coaches to attend a clinic may result in a conference

having no officials assigned to officiate the NCAA championship, a maximum assessment of \$500 for each offense per NCAA member institution or withdrawal of automatic-qualification privileges for the involved conference; or, for independent institutions and members of nonautomatic-qualifying conferences, the possibility of not being considered for at-large selection.

Questions should be addressed to Charles A. Holden Jr., 15 West Emerson, Melrose, Massachusetts 02176; telephone 617/662-8000, or to Daniel B. DiEdwardo, NCAA associate director of championships, at the national office.

## The Market

**Denison University.** Granville, Ohio 43023. Need football game, 1989, at Denison: September 2 or September 9.

**Football, Division III.** Guilford College needs game for November 4, 1989. Contact: Alan Platt, 919/292-5511, extension 158.

## UNIVERSITY OF ILLINOIS at URBANA-CHAMPAIGN DIRECTOR OF INTERCOLLEGIATE ATHLETICS NOTICE OF POSITION AVAILABLE

Nominations and applications are invited for the position of Director of Intercollegiate Athletics at the University of Illinois at Urbana-Champaign.

The Director is responsible for the program of intercollegiate athletics at the University of Illinois at Urbana-Champaign. The University's intercollegiate program currently includes eleven men's teams and eight women's teams. The Director, together with other university representatives, serves as a member of the Big Ten Conference Joint Group and as a representative to the National Collegiate Athletic Association and other associated organizations.

A baccalaureate degree is required. Preference may be given to candidates with one or more of the following qualifications: an advanced degree, administrative experience in an intercollegiate athletic program, knowledge of the rules and regulations governing intercollegiate athletics, coaching experience, demonstrated support for faculty governance of intercollegiate athletics and for affirmative action, and demonstrated ability to assume responsibility for budgeting, personnel administration, fund-raising and public relations activities.

The salary for this position is open; the position is available immediately.

In order to insure full consideration, nominations and applications (including a resume) should be submitted by October 10, 1988, to:

Professor John E. Nowak  
Chairperson, Screening Committee for  
the Selection of the Athletic Director  
University of Illinois at Urbana-Champaign  
Swanlund Administration Building - Fifth Floor  
601 E. John Street  
Champaign, Illinois 61820  
ATTN: Associate Chancellor Paul S. Riegel  
217/333-6394

The University of Illinois at Urbana-Champaign is an Affirmative Action, Equal Opportunity Employer.

## BIG TEN CONFERENCE

### COMMISSIONER OF ATHLETICS

The Big Ten Conference, headquartered in Schaumburg, Illinois, is seeking applications and nominations for the position of Commissioner. The Commissioner is the chief operating and administrative officer of the Big Ten and is appointed by the chief executive officers of the ten member institutions. The Commissioner's principal duties and responsibilities are to conduct the business of the Conference and provide leadership for programs of intercollegiate athletics for men and women.

A baccalaureate degree is required. Salary and benefits will be competitive.

Applications and nominations will be reviewed starting October 31, 1988, and should be sent to:

Professor Frederick L. Hemke  
Chairperson, Search Committee  
Northwestern University  
Regenstein Hall, Room 230  
1965 Sheridan Road  
Evanston, IL 60208

An Equal Opportunity, Affirmative Action Employer

## EXECUTIVE DIRECTOR

### National Association for Girls and Women in Sport

The National Association for Girls and Women in Sport (NAGWS) seeks applications from those qualified to serve as the association's Executive Director. NAGWS, an association of the American Alliance of Health, Physical Education, Recreation and Dance (AAHPERD) is headquartered in Reston, Virginia.

The Executive Director provides professional leadership and administrative support to NAGWS Board of Directors, represents AAHPERD as staff liaison to various committees, and generally serves as NAGWS/AAHPERD's key resource person in all matters relating to women's sports and sport education.

Candidates will demonstrate a combination of the following:

- (1) master's degree required, doctorate preferred
- (2) teaching experience, preferably in one or more of the AAHPERD discipline areas or the equivalent
- (3) understanding and capability for association management and service
- (4) familiarity with and experience in women's sports and sport education
- (5) understanding and capability for fund-raising

For consideration qualified candidates should send a resume; names, addresses and phone numbers of at least three references; a statement outlining interest in and capability for the position to: Dr. Becky J. Smith, NAGWS Search Committee, AAHPERD, 1900 Association Drive, Reston, VA 22091.

The position is currently filled on an interim basis with an expectation that the new executive director will be selected early in 1989, and begin work in June 1989 or earlier.

To assure full consideration applications should be received by December 10, 1988. AAHPERD is an Equal Opportunity/Affirmative Action Employer.

# Huskers top '87-88 academic all-America selections

Eleven student-athletes from the University of Nebraska, Lincoln, were named to academic all-America teams selected by sports information directors and sponsored by GTE during 1987-88—the most from one NCAA member institution. Bucknell University, Luther College and Millikin University each had six student-athletes recognized. According to a statistical recap of the program, 437 student-athletes were named to teams in voting by members of the College Sports Information Directors of America (CoSIDA).

Other notes concerning the 1987-88 academic all-Americans:

- Honorees were named from 252 different institutions and hail from 44 states and eight foreign countries on three continents.

- They majored in 123 different areas and played on at least one of 17 varsity sports teams.

- The group produced a collective grade-point average of 3.730 (4.000 scale). The 185 women selected had a combined GPA of 3.780, while the 252 men named had a collective 3.700.

University of Arkansas, Fayetteville, football player **Michael Shepherd** hails from Louisiana, a state whose motto is "A Sportsman's Paradise." Shepherd has experienced firsthand the state's hunting and fishing... he has even landed an alligator on a rod and reel.

"The alligator was in a small house behind our lake," said the defensive tackle. "I was fishing a cricket (under a cork bobber) trying to catch bream (sunfish) when I cast my line out by a log. When I reeled the line in, I noticed that the log had moved and I thought, 'What is that?'"

"So, I threw my line back out there, and I realized it was a small alligator. When I reeled my line in again, he bit it and took the line, and I just reeled him in. He turned out to be about 3½ feet long. It was a lot of fun."

Two matches into her 17th season as head women's volleyball coach at Southwest Missouri State University, **Linda Dollar** notched her 600th career victory. According to **Jon Ripperger**, Southwest Missouri State assistant SID, she and **Al Scates**, men's volleyball coach at the University of California, Los Angeles, are the only coaches with 600 victories.

Dollar's team defeated Baylor (12-15, 15-11, 15-0, 16-14)

Michael Shepherd

Linda Dollar

September 3 at the University of Oklahoma Sooner Invitational for the milestone. Prior to the September 8 home opener against the University of Idaho, Dollar received a framed resolution citing her outstanding achievements and

elected the organization's first woman president. She served as first vice-president of the AAU for the past four years.

Trivia Time: Which state produced the most 1987-88 GTE/CoSIDA academic all-Americans (41)? Answer later.

University of Hartford baseball coach **Don Gooley** will be in Boston September 27 to receive the New England College Baseball Championship Award, presented annually by the BoSox Club, a booster organization for Major League Baseball's Boston Red Sox. The award is given annually to the outstanding college squad in New England.

Led by a \$100,000 pledge from Illinois businessman **Allan Heath**, more than \$200,000 was raised for Eastern Illinois University's "Magic Million" scholarship-endowment fund drive during a September 8 reception/dinner on the Charleston, Illinois, campus. NCAA Executive Director **Richard D. Schultz** delivered the keynote address.

"While the financial cost and support of college athletics is ever increasing," Schultz offered, "I'm particularly encouraged when I see a group such as this direct its energies toward assisting the people who can and should benefit the most... the young men and women who represent Eastern Illinois University. I fully support your efforts and applaud your acceptance of this challenge."

The capacity crowd that watched Pennsylvania State University's football team defeat Boston College at home September 17 included the 10 millionth fan to pass through the Beaver Stadium turnstile.

In a letter that appeared in the game program, Penn State Director of Athletics **James I. Tarman** noted the milestone by telling readers that Nittany Lion fans "have established a reputation for loyalty matched by few other colleges in the country."

Trivia Answer: Ohio produced the most GTE/CoSIDA academic all-America student-athletes during 1987-88 (41). Other states with more than 20 honorees included Illinois (37), Pennsylvania (35), California (20), New York (28) and Minnesota (22).

## Briefly in the News

contributions to college volleyball from **Greg Onstot**, Southwest Missouri State vice-president for university advancement.

"Don Hansen's Football Gazette" premiered September 6. The weekly newsletter includes scores and up-to-date standings of football programs in Divisions I-AA, II and III, as well as NAIA Divisions I and II. Publisher **Don Hansen** also selects national players of the week in those divisions, which are being carried regularly by USA Today.

For information on the Gazette, contact Hansen at P.O. Box 514, Brookfield, Illinois 60513-0514 (telephone 312/485-2268).

During the 101st annual convention of the Amateur Athletic Union (AAU) of the United States September 6-10 in Indianapolis, St. Louis resident **Gussie Crawford** was

# Litigation prompts schools to seek insurance protection

With recent headlines about serious injuries to student-athletes, the NCAA catastrophic-injury insurance program continues to attract interest from member institutions.

An out-of-court settlement between The Citadel and former student-athlete Marc Buoniconti over injuries suffered in a 1985 football game was among the cases drawing attention to the need for comprehensive insurance for institutions against debilitating injury to its student-athletes.

The Citadel, now enrolled in a catastrophic-injury insurance program, had considered the purchase of such a plan before the injury to Buoniconti, according to published reports.

Some 450 institutions now par-

ticipate in the NCAA plan, which is in its fourth year. Action by the NCAA Executive Committee has resulted in extensive funding for the plan. The Association pays 100 percent of the costs of the plan for all participants in men's and women's basketball and 50 percent of premium costs for participants in other sports.

In Divisions II and III, each premium class in the catastrophic-injury program has been reduced 20 percent from the 1986-87 premiums, with the Executive Committee directing that funds from several sources be used to help offset member institutions' insurance costs.

"When the Insurance Committee first designed this program in 1984, the issue was the responsibility of

the institutions toward the health and well-being of the student-athletes and other participants," said Richard D. Hunter, NCAA director of operations. "When these rare catastrophic injuries occur and come to the attention of the public, it just

*"What attracted us to the NCAA program was the provision of lifetime medical payments. We found it far superior to our old plan, which limited the coverage to six years from the time of the accident."*

John W. Hunt, risk manager  
University of Kentucky

underlines the worst of what can happen. The insurance can't prevent the tragic injuries, but it can ease the financial burdens on everyone involved."

The University of Kentucky is among the institutions with first-hand knowledge of catastrophic injury. In 1986, a cheerleader was rendered quadriplegic in a fall before a basketball game. And in 1987, a student-athlete from the University of Tennessee, Knoxville, was struck by a hammer during warm-ups for a track meet on the Kentucky campus. Litigation is pending in the latter case.

The university recently joined the NCAA plan, insured through Lincoln National Health and Casualty Company and administered by National Sports Underwriters, Inc.

"Both of those cases involve long-term medical care," said John W. Hunt, the university's risk manager. "What attracted us to the NCAA program was the provision of lifetime medical payments. We found it far superior to our old plan, which limited the coverage to six years from the time of the accident."

"We also liked the fact that expenses are covered for parents traveling to visit the injured athlete, and we appreciate the company's willingness to be flexible."

"We had some experiences that forced us to look at our coverage," Hunt said. "But I think other universities would benefit by taking a close look at the Lincoln National program if they haven't had occasion to do so, and to recognize the need for long-term benefits."

Thomas F. Wilson, president of National Sports Underwriters, states that the company's goal is to have every NCAA student-athlete insured under the plan.

"Unfortunately, the risk of serious injury is part of intercollegiate athletics, and there are some athletes relying on our coverage right now for medical expenses after catastrophic injuries," said Wilson. "Our plans have had excellent participation and good claims experience, and that results in lower premiums."

Institutions interested in receiving further details about the catastrophic-injury plan or about the NCAA basic athletics-injury or staff programs should write National Sports Underwriters, Inc., at 9300 Metcalf, Suite 2230, Overland Park, Kansas 66212, or call 800/621-2116.

## MAAC plans to add four members

Four institutions have been invited to join the Metro Atlantic Athletic Conference for the 1989-90 academic year to form a 12-team, two-division league that conducts championships in 15 sports.

The four schools are Canisius College, Loyola College (Maryland), Niagara University and Siena College. Conference Commissioner Richard J. Ensor said the schools' applications were approved and formal invitations have been sent to school chief executive officers.

"These institutions all have pres-

tigious academic and athletics programs," Ensor said, "and have been traditional rivals of many of our conference members."

"Additionally, the MAAC is excited about adding the Albany, Baltimore and Buffalo media markets to our marketing and television efforts," Ensor said.

The conference, founded in 1980, will lose three members for the 1990-91 season when the U.S. Military Academy, Forham University and Holy Cross College join the Colonial League.

## Committee Notices

Member institutions are invited to submit nominations to fill interim vacancies on NCAA committees. Nominations to fill the following vacancies must be received by Fannie B. Vaughan, executive assistant, in the NCAA office no later than October 7.

**Special Events Committee:** Replacement for Carl Miller, resigned from the University of the Pacific, effective January 1, 1989. Appointee must be a Division I-A representative from District 8.

**Division I Men's Basketball Committee:** Replacement for Neale R. Stoner, no longer at the University of Illinois, Champaign. Appointee must be from the Division I men's basketball Midwest region.
