Convention will focus right away on restructuring

Page 10

This is the second of six articles on legislation that has been submitted for the 90th annual NCAA Convention January 6-10 in Dallas. This installment features the 35 proposals identified by officers of the NCAA Presidents Commission for inclusion in the Commission's special legislative grouping and scheduled for action January 8 on Presidential Agenda Day.

Delegates will get right down to business during the first legislative session of the 1996 Convention by tackling Proposal No. 7 — the proposal to restructure the NCAA into a more fully federated Association with increased presidential control.

Work will begin on the morning of January 8 — Presidential Agenda Day — with a general business session devoted exclusively to consideration of nonfederated aspects of restructuring. Then, division-specific components of the proposal will be considered in subdivision and division business sessions — including consideration by Division I members of 11 proposed amendments of the basic restructuring proposal.

In all, 13 proposed amendmentsto-amendment pertain to Proposal

No. 7. Two of those amendments-toamendment will be considered in the general business session. Also on the agenda for the general business session are two resolutions related to restructuring.

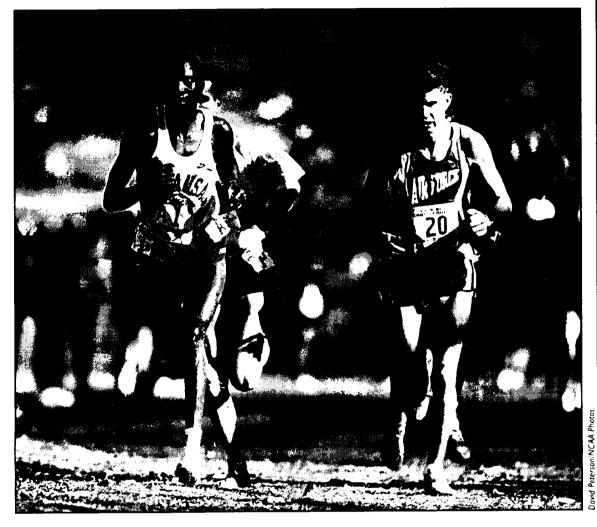

And that is only the beginning of what will be a busy and eventful day for Convention delegates - a day on which the membership will address 35 proposals identified by the Presidents Commission as being of particular interest to chief executive

Sportsmanship and ethical conduct has been identified as a major topic at this year's Convention by the Presidents Commission. Delegates will consider two proposals that directly address that subject and others involving the Association's existing unethical-conduct legislation.

Those proposals will be considered during a second general business session later in the day on Janu-

Other highlights of the day include consideration of proposals dealing with eligibility of transfers from two-year institutions, initial-eli-

Silver Anniversary Award recipients are announced

Six record-setting collegiate stars who have enjoyed prominent professional careers in athletics, politics, medicine and education are this year's NCAA Silver Anniversary Award recipients.

The Silver Anniversary Award recognizes former student-athletes who have distinguished themselves since completing their college athletics careers 25 years ago. The award winners were selected by the NCAA Honors Committee, which is composed of athletics administrators of member institutions and distinguished citizens who are former student-athletes.

This year's honorees are Marty Liquori, Villanova University,

Colorado, Boulder, basketball; Kurt L. Schmoke, Yale University, football and lacrosse; Joseph Theismann, University of Notre Dame, football and baseball; and Herbert Jackson "Jack" Youngblood, University of Florida, football.

cross country and track and field; Thomas Lewis Lyons,

University of Georgia, football; Cliff B. Meely, University of

These individuals will be recognized January 7 at the honors dinner during the NCAA Convention in Dallas.

Following are biographical sketches of the six Silver Anniversary Award winners:

Rainbow Coalition study reflects involvement of minorities

BY RONALD D. MOTT STAFF WRITER

Just under half of the NCAA Division I membership responded to a Rainbow Commission for Fairness in Athletics (RCFA) questionnaire designed to gauge how Blacks are represented and faring in athletics administration, higher education administration and other areas.

The "Fairness Index," released November 16, evaluated athletics programs in 20 categories, ranging from the graduation rate of black student-athletes to the number of Blacks who are tenured faculty members to whether the athletics department patronizes minority-owned businesses.

Of the 305 current NCAA Division I members, 152 responded to the questionnaire. The overall average rating was 57.95, with 200 being the maximum possible rating.

An institution's rating was determined by totaling its score in each of the 20 categories. In Division I-A, the index average among respondents was 60.78; in Division I-AA, it was 60.74; and in Division I-AAA, it was 50.13.

"This 'fairness index' is a way for our children and our entire community to judge how individual institutions are treating us," said the Rev. Jesse L. Jackson, president and founder of the

National Rainbow Coalition. "We are not ranking the institutions in our initial survey. We want to see how they will respond to the challenge of improving opportunities for minorities in the coming years. However, we must make it clear that we will use whatever means necessary to steer black athletes away from those institutions that continue to be bastions of racism.'

From a research perspective, there are concerns about the way the index was formulated, says Ursula R. Walsh, NCAA director of research. A primary problem has to do with the scoring

A weekly summary of major activities within the Association

1996 initial-eligibility proposals

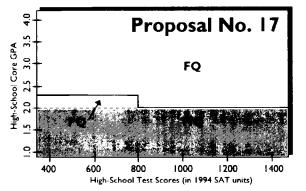

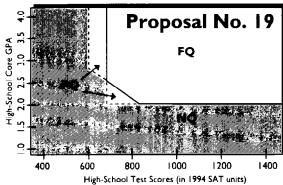

NCAA Bylaw 14.3, which will become effective in August 1996, and three initial-eligibility proposals that will be considered at the January Convention would have substantially different effects on the percentages of prospective student-athletes who would be classified as partial qualifiers.

Bylaw 14.3 will determine eligibility through the completion of 13 high-school core courses and compliance with a sliding scale keyed to a grade-point average of 2.500 (4.000 scale) and an SAT score of 700 (1994 units) or ACT score of 17.

With Proposal No. 17, a prospect would qualify with a GPA of 2.250 in 13 core courses or a 2,000 GPA in 13 core courses and an SAT of 800 or ACT score of 19. It also would define a partial qualifier as an individual with a GPA of at least

2 000 in 13 core courses.

Proposal No. 18 would revise the definition of a partial qualifier to include students who present a core-curriculum grade-point average of 2,500 and an SAT score of 690 or ACT score of 17 and to include students who present core-curriculum GPAs from 2.475 to 2.250 and an SAT of 700 or ACT of 17.

Proposal No. 19 would modify the definition of a partial qualifier to include student-athletes who previously would have been qualifiers but now are nonqualifiers based on the adoption of 1995 NCAA Convention Proposal No. 36-A.

Legend: FQ = Full qualifier; PQ = Partial qualifier; NQ = Nonqualifier.

Restructuring

Knight Commission endorses proposed plan

The Knight Foundation Commission on Intercollegiate Athletics is urging college presidents to work for adoption of the membership restructuring plan at the 1996 NCAA Con-

The commission announced its endorsement of 1996 Convention Proposal No. 7 after hearing details of the proposal from Cedric W. Dempsey, NCAA executive director; Judith E. N. Albino, chair of the NCAA Presidents Commission; and Joseph N. Crowley, chair of the Oversight Committee on the NCAA Membership Structure.

Dempsey said the Knight Commission has played a valuable role in reform of intercollegiate athletics and continues to do so by supporting restructuring.

For more information, see page 4.

Staff contacts: Stephen R. Morgan or Tricia Bork (Division I), Stephen A. Mallonee (Division II), Daniel T. Dutcher (Division III), or Mike L. Racy (overall).

A guest editorial by the cochairs of the Division III Task Force to Review the NCAA Membership Structure appears on page 4. Commentary from the Division II task force will appear in the December 4 issue, and a guest editorial from the Division I task force will appear December 11. Joseph N. Crowley, chair of the Oversight Committee on the NCAA Membership Structure, will comment December 18.

Legislation

35 proposals to be considered on Presidential Agenda Day

A total of 35 proposals will be considered January 8 during Presidential Agenda Day of the

1996 NCAA Convention.

Presidential Agenda Day features proposals identified by the NCAA Presidents Commission as being of significant interest to chief executive officers. Sessions January 8 will be devoted to those proposals, first in an early morning general business session dedicated to restructuring and then in midmorning subdivision and division business sessions. The day will continue in afternoon division business sessions and then conclude with a second general business session.

The proposals in the Presidents Commission grouping are summarized in a story that begins on page 1.

In all, 133 proposals are contained in the Official Notice of the 1996 Convention, which was mailed to the membership November 15.

For more information, see page 1.

Staff contacts: Nancy L. Mitchell or Daniel T. Dutcher.

Convention

Flat \$100 fee to be used for delegates to '96 event

A flat registration fee of \$100 per person will be charged for the 1996 NCAA Convention in

The only exception will be for representatives of commercial enterprises, in which cases a \$200 fee will be charged.

The registration fee covers delegate entertainment costs, such as the delegates reception, luncheons and the honors dinner.

Chief executive officers are reminded that NCAA Bylaw 5.1.3.1 stipulates that institutions or conferences that designate both a male and a female as voting or alternate delegates on the appointment-of-delegates form will be allowed to appoint four accredited delegates. In all other circumstances, institutions will be limited to not more than three delegates. They may have any number of visiting (nonvoting) delegates.

Registration fees will be collected at the registration counters at the Wyndham Anatole in

Dallas. American Express, MasterCard and Visa credit cards will be accepted, along with personal or institutional checks.

The dates of the Convention are January 6-10, 1996.

Equipment

Baseball committee recommends bat standard

The NCAA Baseball Rules Committee has voted to recommend a maximum level of baseball bat performance for the 1996 season to the NCAA Executive Committee.

If approved, the standard would affect the performance of bats for regular-season and NCAA championship competition in 1996.

The rules committee agreed to recommend that a bat with a maximum Bat Performance Factor of 1.14, with a .01 margin of error, may be used in intercollegiate baseball competition in

The Bat Performance Factor is the increase in the liveliness of a ball hitting a bat compared to throwing a ball against a solid wall. In this case, a ball that hits off a stationary bat that has a BPF of 1.15 will rebound 15 percent faster than a ball that hits off a solid wall (a solid wall has a BPF

■ Briefly in the News

Hall digs deep to find success

Nikki Hall is the type of person who constantly is digging for something, whether it's digging inside for the strength to excel in academics and athletics or digging outside in search of ancient artifacts.

The junior at Longwood College is the consummate student-athlete. She maintains a 3.781 grade-point average as a double major in anthropology and biology, and she is a key member of the women's basketball team. Last scason, she averaged 13.1 points, 5.3 rebounds and 2.7 steals per game for the Lady Lancers.

Last May, Hall was rewarded with the Advanced Honors Program Scholarship, the most lucrative grant-in-aid based on academic achievement offered by the institution.

"She does it all with grace, too," **James Jordan**, an anthropology professor at Longwood, told **Hoke Currie**, sports information director at Longwood

"Nikki never cuts a class and if she misses class because of a basketball trip, she finds out the work to be covered and does it in advance. Plus, she never seems flustered by the pressure. She's always relaxed.

"Among anthropology majors, Nikki is in the top three percent in grade-point average. When you add in a double major in biology and athletics, what she is doing is miraculous."

What she found in the summer of 1994 is also something of a miracle. While participating in an archeological dig at the Morris Field Prehistoric Indian Site on the Appontatox River in Buckingham County, Virginia, Hall uncovered a projectile point that turned out to be the gem of the adventure. The arrowhead ranked among the oldest artifacts ever found at the site.

"That was real exciting," Hall said. "People actually made that 2,000 years ago. That's exciting to me."

Hall's basketball coach, **Shirley Duncan**, is excited about the potential Hall displays as she begins her junior season.

"Nikki is one of the best all-around players we've had at Longwood," Duncan said. "She has done an outstanding job in two seasons, and we look for her to step up even more this season."

Up against cancer

The Women's Basketball Coaches Association (WBCA) has joined its brother organiza-

Nikki Hall, a junior at Longwood College, cannot stop digging for excellence—both in the classroom and on the basketball court. She also digs a lot as an anthropology student.

tion — the National Association of Basketball Coaches — in fighting cancer.

The WBCA chose November 15 — date of the Great American Smokeout in which Americans who smoke are encouraged to kick the habit for one day — to announce its participation in the Coaches vs. Cancer program to benefit the American Cancer Society.

The WBCA's participation follows its executive committee's motion — passed last year — stipulating that all of the association's events would be smoke-free.

"Our relationship with the American Cancer Society is very exciting for the association," said **Betty F. Jaynes**, WBCA executive director. "Coaches vs. Cancer gives us an opportunity to help conquer this dreaded disease that has affected and afflicted many of our coaches in some manner over the past few years."

James A. Haney, NABC executive director, said he is excited about the WBCA's participation in the program. "Coaches vs. Cancer unites men's and women's basketball coaches in the fight against cancer," Hancy said. "We are very pleased to have the WBCA's participation."

More than a 'token'

George Koonce considers the donation he recently made to his alma mater a small token.

East Carolina University squarely disagrees.

Koonce, a star defensive end for the Pirates in 1989 and 1990 who now plays for the Green Bay Packers, contributed \$50,000 to the Shared Visions fund-raising campaign for the Dowdy-Ficklen Stadium expansion project.

"As a former student and athlete, this is only a small token of my appreciation for the direction and education I received at ECU," Koonce said.

To the university, however, the gift was no small effort: "George's generous gift to the Educational Foundation's Shared Visions campaign effort is significant in that, as a former ECU student-athlete, he has set an example for others to follow," said **Dennis A. Young**, executive director of East Carolina's Educational Foundation

Swimathon fund-raiser

Members of the Salisbury State University men's and women's swim teams may have grown Popeye-like forearms during a weekend in October.

The teams took the water October 20-21 for 24 consecutive hours to raise money for the Maryland Wheelchair Games. They reached their goal of swimming 70 miles with careful strategy. A new swimmer entered the pool every 100 meters. The teams raised \$500 for the charity.

Brenda Levy, a paralympic swimming champion, joined the teams in the event. Salisbury State swimmers say they will commit to volunteering for swimming events when the Maryland Wheelchair Games are held at the campus in April.

Rain can't spoil streak

Mother Nature tried, but she, too, was cast aside like the others.

Four-time defending NCAA Division III women's volleyball champion Washington University (Missouri) had to overcome a rain delay, but the Bears won their 88th consecutive home match by defeating Southwestern University recently in the Division III Women's Volleyball Championship.

It seems the roof sprung a leak.

"I've always said I coach volleyball so that I can stay dry," Washington coach **Teri Clemens** said. "So much for that theory."

The win was the Bears' 19th straight in NCAA championship play.

— Compiled by Ronald D. Mott

■ Milestones

Bill Lessig, men's soccer coach at Connecticut College, recorded his 200th victory October 26 in a 5-2 win over Eastern Connecticut State University. Lessig concluded his 25th season at the college this year.

Sue Leonard, women's volleyball coach at Elon College, earned her 200th career victory November 3 when the Lady Fightin' Christians defeated Lenoir-Rhyne College. She has led the program to four straight 30-win seasons.

University of Wisconsin, Whitewater, women's volleyball coach **Kris Russell** was honored recently for earning her 500th career victory. It happened October 27 against Wheaton College (Illinois). Russell is in her 15th season at Wisconsin-Whitewater.

Dave McCracken posted his 100th coaching victory during his 11th season as men's soccer coach at Gordon College. McCracken reached the milestone October 19 in a 4-1 triumph over Western New England College.

Fran Kalafer, women's volleyball coach at Hofstra University, registered victory No. 400 in an October 28 victory over Northeastern University.

U.S. Air Force Academy men's soccer coach **Luis Sagastume** posted his 200th career win with a 5-1 victory over California State University, Sacramento. Sagastume is in his 19th season of coaching — including the last 17 at Air Force.

Joe Seid, women's volleyball coach at Emmanuel College (Massachusetts), captured his 100th victory October 24 as the Saints defeated Atlantic Union College. Seid, in his sixth season at the school, guided Emmanuel to a second-place finish in the Great Northeast Atlantic Conference.

The Pittsburg State University football team garnered the program's 500th victory October 21 when the Gorillas defeated Emporia State University, 48-12. Pittsburg State captured the milestone victory in its 88th season of football. The Gorillas are the second Division II team to accomplish the feat. Hillsdale College celipsed the mark earlier this season.

Bill Russo earned his 100th football coaching victory when Lafayette College defeated the State University of New York at Buffalo. Russo, after 17 seasons as coach, is the all-time coaching-victories leader at Lafayette.

FARA membership discusses restructuring issues

Group's executive committee stresses need for greater faculty viability within conferences

The Faculty Athletics Representatives Association (FARA) spent a significant portion of its recent annual meeting reviewing the proposed NCAA restructuring plan.

Both the FARA executive committee and the general membership discussed restructuring at the group's November 16-17 meeting in Atlanta.

The executive committee noted that 1996 NCAA Convention Proposal No. 7 does not guarantee positions for faculty athletics representatives on the Division I Management Council. The executive committee, along with the general membership, noted the need for faculty representatives to enhance their viability within the conferences in order to make their election to the Division I Management Councils more certain.

In division breakout sessions on restructuring, Divisions II and III seemed generally comfortable with the restructuring proposal. Representatives continued to express some concerns, especially re-

garding diversity issues.

NCAA President Eugene F. Corrigan and Stephen R. Morgan, NCAA group executive director for membership services, also addressed the meeting about restructuring issues. The division breakout sessions were led by two members of each NCAA division task force.

The FARA executive committee reviewed a number of other matters, including the following:

- Revision of FARA bylaws that will provide for vice-presidents from Divisions II and III. A draft of the proposal, designed to enhance the voice of Divisions II and III within the association, will be distributed to the FARA membership soon and will be voted on at the group's January meeting in Dallas.
- Noted that it is proceeding with a brochure that is designed to clarify the role of the faculty representative for campus constituencies, such as stu-

dent-athletes and other faculty.

- Agreed to support a suggestion that faculty athletics representatives be the contact persons for an NCAA survey on drug use in intercollegiate athletics.
- Discussed a survey of the FARA membership that will provide the association with more information about faculty athletics representatives (the types of individuals who are being selected to serve in the role, factors that encourage or discourage individuals to become faculty representatives, impediments that may exist to being effective representatives).
- Identified meetings of higher education and professional associations at which faculty representatives should be present to discuss intercollegiate athletics matters.

About 200 faculty athletics representatives attended the meeting, including approximately 65 who are new to their positions.

Guest editorial

Proposal deserves Division III's support

BY JAMES R. APPLETON AND DANIEL L. BRIDGES
DIVISION III TASK FORCETO REVIEW THE

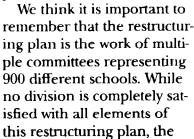

Since it was established in 1994, we have cochaired the Division III Task Force to Review the NCAA Membership Structure.

During this time, we have worked closely

Appleton

Bridges

with our colleagues in Divisions I and II to negotiate a new governance structure for the Association that will benefit all three divisions. As a result of the highly cooperative discussions and compromises that have occurred, we believe that the membership restructuring proposal (1996 NCAA Convention Proposal No. 7) to be considered by the membership in Dallas this January deserves Division III's absolute support.

Division III Task Force to Review the NCAA Membership Structure and the Division III subcommittee of the NCAA Presidents Commission unanimously and enthusiastically endorse this proposal.

Both groups believe the proposal sets a firm foundation for the successful future of the Association as a whole. Just as important, both groups acknowledge that important compromises have occurred during the last few months that assure Division III will have the opportunity and resources needed to address Division III intradivisional issues at a future date.

From the beginning, the Oversight Committee to Review the NCAA Membership Structure has envisioned restructuring the Association as a two-step process. First, the membership at the 1996 Convention will consider a legislative proposal, with a delayed effective date, that alters the framework and changes the foundation of the Association's governance system. Next, the membership at the 1997 Convention will consider legislation that provides specifics and details to this new

Proposal No. 70 merits special review

BY DENNIS WILSON

AND BERNIE DEPALMA

NCAA COMMITTEE ON COMPETITIVE SAFE-GUARDS AND MEDICAL ASPECTS OF SPORTS

The NCAA's Committee on Competitive Safeguards and Medical Aspects of Sports regularly reviews proposed legislation to determine the impact it may have on the safety and medical welfare of student-athletes

One proposal for the 1996 NCAA Convention (No. 70 in the Official Notice, "Playing and Practice Seasons—Weekly Hour Limitations Out of Season") may affect student-athletes and sports-medicine staffs at Division I institutions. The committee wants to ensure that member institutions fully understand the ramifications of the legislation, especially as the proposal relates to out-of-season sports-time commitment by student-athletes and demand on sports-medicine staffs.

To summarize the proposal's intent requires an understanding of the term "safety exception." A "safety exception" allows a coach to be present during voluntary individual workouts in certain sports [fencing, gymnastics, rifle, skiing, swimming and diving, track and field (field events only), water polo, and wrestling]. The coach may spot or provide safety or skill instruction but cannot conduct the individual's workouts.

Generally, Proposal No. 70 would limit to eight hours a week the time an athlete would be able to participate with a coach present in out-of-season safety-exception activities. Currently, athletes in these sports have no time restrictions on out-of-season workouts and coaches may remain present, in a non-instructional capacity, for an

indefinite period of time.

Additionally, Proposal No. 70 would allow all other sports except football to increase from two to eight the total weekly hours for which a coach may be present for individualized skill instruction. Currently, a maximum of eight hours a week is permissible for individual out-of-season conditioning and skill instruction in these sports, with skill instruction by coaches limited to two hours a week.

The competitive-safeguards committee believes that two groups would be particularly affected by this proposed legislation: student-athletes and sports-medicine staffs. In sports with a safety exception, student-athletes sometimes practice much more than eight hours a week in the off-season, with some pressure to do so because of the presence of coaches. Proposal No. 70 would limit a coach's presence during out-of-season workouts, possibly limiting the time for which a student-athlete felt obligated to participate in "voluntary" activities and possibly limiting the associated load on the sports-medicine staff.

A potential area of concern in the legislation is that all other sports except football now would be allowed up to eight hours of individual skill instruction as well. Such an increase may:

- Intensify the pressure on student-athletes in these sports to work on skill instruction for more than the currently legislated two hours a week;
- Increase the workload for the medical staff, especially athletics trainers, to support the skill instruction activities in addition to the in-season sports;
- Diminish the organized off-season conditioning programs since every

hour spent on skill instruction is one less that can be spent on organized conditioning.

In summary, the competitive-safeguards committee is not certain whether the net effect of Proposal No. 70 will be an increase or decrease in out-of-season practices for student-athletes. While the proposal has appeal in that all sports except football would be treated similarly with regard to out-of-season workouts, each school needs to reflect on how the proposed changes would affect the demands placed on student-athletes for out-of-season practice and on the sports-medicine staff for additional medical coverage to support such activities.

If the net effect at an institution would be an increase in practice opportunities beyond what is appropriate for the studentathlete or, just as important, beyond what can be adequately supported by sportsmedicine personnel, then the committee would not support the proposed legislation.

If you have any questions about the competitive-safeguards committee's comments related to this legislative proposal or about other competitive safeguards or medical aspects of sports questions, please do not hesitate to call on the committee or the NCAA sports-sciences staff.

Dennis Wilson is director of physical education at Auburn University and is chair of the NCAA Committee on Competitive Safeguards and Medical Aspects of Sports. Bernie DePalma is head athletics trainer at Cornell University and a member of the competitive-safeguards committee.

Rules helpful, but taunting must be stopped early

Dale Meggas, columnist

Lakewood (Ohio) Sun Post

Discussing measures the NCAA has taken to limit taunting and show boating:

"The NCAA has taken some big steps in the right direction with the rules changes and its video (that was released earlier this fall to aid officials).

"Those who have to step up now are high-school coaches, who can prevent these taunting shows from ever starting. You can't tell me that players learn it all after they receive their high-school diplomas.

"It starts in grade school and festers because too many coaches turn their heads during acts of unsportsmanlike conduct. We strongly suggest that any high-school coach out there who wants to see what changes are being made on the college level get a copy of the NCAA tape and show it to his team during first practice next summer.

"It's worth the 20 minutes of time to show your team before it watches too many more NFL games."

Division I-AA football playoff

Opinions about the Ivy League not participating in the Division I-AA Football Championship:

Brock Harvey, quarterback Princeton University

The New York Times

"I would at least like to have the opportunity. It's great to win your respective league then go on and see how you compare to the rest of Division I-AA. Especially with the stigma you get with the Ivy League, that we're a lower level than the rest of the division. I've always been curious to see how we would stack up against those other teams."

Steve Bilsky, director of athletics University of Pennsylvania

The New York Times

"What are we going to do about Ivy League football? It's a tug of war. One side wants to re-emphasize football; another side

wants to keep it the way it is, with very little energy and dwindling interests..."

About the desire of some individuals in the Ivy League to shorten seasons and lessen postseason competition:

"You tell our athletes that they will have the opportunity to stretch academically and athletically with no barriers, then you restrict them. You can do both well. Northwestern is proving it this year, and if the eight Ivy presidents show up in Philadelphia on Saturday for a championship-level game, they'll see that we can do it, too."

Harold T. Shapiro, president Princeton University

The New York Times

"The issue is what we ought to do about the ever-present tendency to extend the length of playing seasons....The issue is not who we play or the level of play, but length of season and the amount of time taken away from academic work."

Turning pro

Dean Smith, men's basketball coach University of North Carolina, Chapel Hill The Sporting News

"The players need to do what's best for them. That's why a person comes to college — to prepare himself for the future. If someone can be financially set for life after two years of college, there's no reason he shouldn't take advantage of that."

Ice hockey face mask

Joe Cavanagh, youth ice hockey coach

The Boston Globe
Discussing the full face mask used in men's ice hockey:

"There's no question the mask has brutalized the game. We grew up learning to keep our sticks below our knees. For the players growing up today, that's not a factor. Players get hit with sticks full in the face or hit their face against the glass, and it doesn't hurt. Today, players just run into each other because they're wearing full body armor."

Southland Conference program aids in certification

As more and more Division I institutions undergo the NCAA athletics certification process, it has become apparent that many lack written gender-equity and minority plans.

The Southland Conference is helping its members toward that end through its Athletics Certification Assistance Program (ACAP). It introduced the three-part program to offer hands-on assistance to institutions in satisfying athletics certification requirements.

One component of the program is an area of review called "Commitment to Equity," in which institutions are required to:

- Designate an individual on campus to serve the institution as an equity coordinator.
- Attend a workshop designed to educate participants in the area of Title IX as it relates to intercollegiate athletics.
- Develop a broad-based campus panel to participate with the conference office in a process designed to culminate in development of an institutional plan to address gender and

'The Committee on Athletics Certification made it very clear that its expectation was that institutions have a plan for gender equity and Title IX," said Britton B. Banowsky, commissioner of the Southland Conference. "Our goal is the development of a five-year plan on gender and minority equity for all of our schools."

One member of the U.S. House of Representatives — echoing concerns expressed by football interests and nonrevenue-sport coaches associations that the future of intercollegiate athletics hangs in the balance - is encouraging the Department of Education's Office for Civil Rights (OCR) to incorporate a number of

compliance test.

Rep. J. Dennis Hastert, R-Illinois, responded to the OCR's solicitation for comments and suggestions about its "Clarification of Intercollegiate Athletics Policy Guidance: The Three-Part Test." Hastert offered Norma V. Cantu, assistant secretary of education, eight recommendations for altering the three-part test

Among those recommendations is the concept of "opportunity slots," in which, Hastert wrote, institutions "should be able to count each slot as a participant even if a student does not

Title IX Ticker

fill it." He also recommended a "Z" test be used relevant to participation rates to allow deviations from strict proportionality when there are "reasons a school may not be meeting strict proportionality.

Hastert suggested that surveys used to gauge whether the interests and abilities of the underrepresented sex arc fully and effectively met (prong three) also should be administered to the overrepresented sex. He said a presumption that interests and abilities of the underrepresented sex should be accommodated to a greater degree is "predicated on the belief that a numerical disparity alone proves discrimina-

Women compose 51 percent of the undergraduate enrollment at the University of Connecticut but only 38 percent of the school's studentathletes. That disparity led the university to

suggestions regarding its three-part Title IX retain a consultant to study the intercollegiate athletics program and its Title IX compliance

> The report recommends the elevation of two of Connecticut's women's club sports — lacrosse and ice hockey — to varsity status. It also suggested decreasing the number of men on the track and field and cross country teams. The report also analyzed operating budgets, grantsin-aid, equipment, travel expenses, coaching salaries, recruiting expenses and office space.

> "We want to be a leader (in this area) because it is the right thing to do," Harry J. Hartley, president of the university, told The Associated

Senior associate athletics director Jeff Hathaway said a five-year implementation plan will be prepared and forwarded to the university's board of trustees for its review next spring.

The court has ruled, but the story may not be over in a Title IX case involving the State University of New York at Albany.

New York Supreme Court Judge Lawrence E. **Kahn** — who earlier issued a temporary injunction, called an Article 78 hearing, prohibiting Albany (New York) from discontinuing four sports — ruled officially in the case in late August. His ruling allows the institution to proceed with the athletics cuts it announced in

As a result, men's and women's swimming, men's tennis, and wrestling were discontinued effective with the 1995-96 academic year. The court order had restored them to varsity status for the 1994-95 academic year.

As part of the athletics department's plan to work toward Title IX compliance, two women's sports have been added. Field hockey is in its second year as a varsity sport at Albany (New York) and women's golf was added for the 1995-96 academic year, said Brian DePasquale, assistant athletics director for media relations at Albany, Currently, the school offers 17 varsity sports — 10 for women, seven for men

"We won," athletics director Milton E. Richards told the Albany (New York) Times-Union. 'We're glad it's behind us.'

Last winter, the university's Intercollegiate Athletics Board reviewed the athletics program and recommended to former President H. Patrick Swygert that only wrestling should be spared from the proposed cuts, and that women's crew should be added. In March, Swygen, now president at Howard University, responded to the board that adding any programs was financially prohibitive because of state budget concerns. He authorized the discontinuation

Another lawsuit was filed in May, but Kahn's most recent ruling brought an end to the 18month legal episode.

But Stephen A. Garnock may not be ready to lay the issue to rest. Garnock is the father of a former men's tennis player at the school whose final year of eligibility was saved by the 1994 injunction order.

"I'm getting my oar in the water," Garnock said. "Somebody's got to start caring.'

Division III

Task force has examined questions and is satisfied that proposed plan is best for division and entire Association

➤ Continued from page 4

governance structure.

The specifics and details (including intradivisional issues) have been purposefully delayed until the 1997 Convention to allow each division to continue to study its membership issues and to seek input from its

The oversight committee has identified three fundamental objectives to be featured in the restructuring proposal that will be considered at the 1996 Convention: (1) Presidents will be vested with the direct and ultimate control of the governance of the NCAA; (2) each division will be in greater control of its own destiny through increased division federation; and (3) a simplified administrative framework will be established. In addition to these principles, the restructuring proposal that you will consider in Dallas incorporates the guarantees that each division has identified as important to its mem-

The Division III task force entered the Association's restructuring efforts with extreme caution. We agreed that we would not stand in the way of our colleagues in Division I as they attempted to develop a new structure that provides institutions with political authority commensurate with their financial contributions to the Association. However, we also agreed that we would listen to the Division III membership and develop a list of specific guarantees that we would require in order for Division III to support the restructuring plan.

In our discussions with the Division III membership, it became clear that Division III's support for restructuring was conditioned on the following: (1) The Association must have a central governing body to assure that

the Association's basic purposes, fundamental policies and general principles are protected; (2) Division III must be guaranteed representation on this central governing body; (3) Division III must be guaranteed the continuation of national office services and programs at their current levels; (4) Division III must be guaranteed access to national championships at least at current levels; (5) Division III must be guaranteed a percentage of the Association's general operating budget to maintain the quality of its current national championships; (6) there must be assurances that certain general committees will be maintained in the new structure and have Association-wide duties and responsibilities; and (7) there must be assurances that an influx of members to Division III will be treated as an Associationwide issue and not just a Division III Our discussions also made it clear

that the Division III membership did not want wholesale changes made to the Division III governance system. Accordingly, the task force has developed a Division III structure that mirrors Division III's representation in the Association's current structure. The composition and duties of the Division III Presidents Council are similar to those of the current Division III subcommittee of the NCAA Presidents Commission, except that this group now will more clearly exercise the ultimate authority over the affairs of Division III. In addition, the duties of the Division III Management Council are similar to those of the current Division III Steering Committee. However, the composition has been altered to 16 members to provide for more adequate representation ratios and greater diversity.

Due to the cooperative nature of

our discussions with our colleagues in Divisions I and II, virtually all key issues identified by Division III have been adequately and appropriately addressed. As a result, the restructuring proposal and/or the oversight committee restructuring report include provisions for all of the aforementioned guarantees and assurances.

For example, the legislation establishes an Executive Committee composed of chief executive officers from all three divisions to oversee Association-wide issues and to ensure that each division operates its governance system consistent with the basic purposes, fundamental policies and general principles of the Association. The legislation also provides Division III with two representatives to this Executive Committee. This guarantee provides Division III with substantially the same ratio of representatives that it has on the Association's current Executive Committee. These Division III representatives will be selected from the Division III Presidents Council.

In addition, the legislation guarantees that Division III will continue to receive services and special programs provided through the national office at least at the level provided at the time the restructuring legislation is adopted. Such Association programs will include catastrophic-injury insurance. Further, the legislation guarantees that Division III will have access to national championships at least at current levels.

Last spring, based on an additional compromise reached by the Presidents Commission, Division III was guaranteed an additional .25 percent of the Association's general operating budget if the restructuring proposal is adopted. Therefore, Division III will be constitutionally guaranteed at least 3.18 percent of the restructured Association's general operating revenue. This guarantee includes a percentage of all existing sources of revenue and, thus, will include a guaranteed percentage of any modified, extended or successor contracts to these existing sources (for example, the CBS basketball

Due to the recent sizable increase in the Association's basketball television contract, this 3.18 percent allocation will provide a financial cushion that will enable Division III to consider championships reorganization and expansion. In addition, this cushion will accommodate a reasonable amount of Division III membership growth. In this regard, we have analyzed projected Division III championship expenses (factoring in an annual inflation rate of five percent and an estimated \$800,000 championships expense increase) and compared it to Division III's projected allocation from the restructured Association's budget over a sixyear period. The net results of this analysis shows that Division III will have \$1 million to \$1.5 million annually in projected surplus to accommodate division growth and/or championships reorganization.

Recently, the oversight committee made it clear that a number of current committees will continue to function as Association-wide committees in the new governance structure. Understanding that the intent of the restructuring plan is to hold off legislation regarding the Association's substructure until the 1997 Convention, the oversight committee nevertheless believed it important to include in its report a preliminary list of 11 committees that all three divisions have agreed should be maintained as having Association-wide duties and responsibilities.

There also has been significant action taken by the NCAA Council and the oversight committee to address issues concerning Division III membership growth. First, the Council adopted noncontroversial legislation not to accept new applications for provisional membership until proposed changes in the governance structure considered at the 1996 and 1997 Conventions are implemented. Second, the oversight committee agreed to specify in its report that significant post-restructuring growth within a division will be viewed as an Associationwide issue. Under such circumstances, the affected division may petition the new Executive Committee for additional funding beyond the constitutionally guaranteed percentage. These developments provide Division III with a landmark opportunity to review and consider all membership issues and to take action (as it deems necessary) related to Division III membership growth.

Restructuring the Association surely will present numerous challenges in the years ahead. However, given the various Association-wide agreements and documented assurances provided thus far, we are confident that restructuring will provide Division III with the necessary autonomy and long-term financial resources to affect many positive changes within our division. Consequently, the Division III task force and the Presidents Commission representatives strongly encourage the adoption of Proposal No. 7 at the January 1996 Convention in Dallas.

James R. Appleton is president of the University of Redlands and Daniel L. Bridges is director of athletics at the California Institute of Technology. They are cochairs of the Division III Task Force to Review the NCAA Membership Structure.

BY GARY T. BROWN STAFF WRITER

Imagine swimming almost the entire length of the pool underwater during competitive races, surfacing briefly just once or twice to grab

Sounds far-fetched to most, but some swimmers are buying into the scientific fact that underwater propulsion is faster due to reduced drag — and they're breaking records by not breaking the surface.

The idea of racing underwater isn't entirely new. David Berkoff of Harvard University found a way to swim a majority of the backstroke submerged in the late 1980s and triggered a rule change by FINA, swimming's international governing body, which stipulated that backstrokers must break the water surface at all times except for a distance of 15 meters after the start and each turn. The NCAA Men's and Women's Swimming Committee later adopted the same

Now swimmers are finding ways to do in the butterfly what Berkoff did in the backstroke and that has rules-making bodies pondering more restrictions.

Fundamental battle

At issue is a fundamental battle over how much rules should restrict an athlete's ability to be creative. As swimmers become faster, the stroke rules are pushed farther and farther to the limit — too far, according to some people.

A proposal on last year's NCAA swimming and diving rules survey called for similar 15meter restrictions to be placed on butterfly and freestyle events. The proposal garnered a good deal of support from the membership — more than 60 percent of coaches who responded said they favored the change — and that support was consistent across division lines.

But the swimming committee at its annual meeting in September was reluctant to adopt any restriction until further study was conducted. During its discussion, in fact, the committee considered revisiting the backstroke rule rather than restricting other strokes.

"The proposal seemed to be a back door approach," said Clark Yeager, athletics director at Kutztown University of Pennsylvania and a member of the committee. "They (proposal advocates) don't like the restrictions on the backstroke, so they're saying let's restrict the other

Specifically, the proposal called for the swimmer to break the water surface at all times in the butterfly and freestyle, except for a distance of not more than 15 meters after the start and each turn. The committee defeated the proposal, then approved, by a straw vote, the concept of modifying the 15-meter restrictions in the backstroke on turns only.

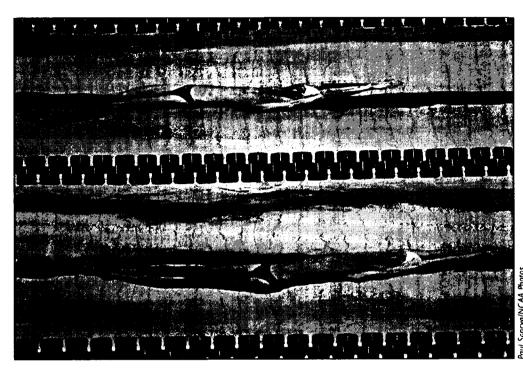

Subcommittee studying issue

Yeager and fellow committee members Jill Sterkel, women's swimming coach at the University of Texas at Austin, and George Kennedy, swimming coach at Johns Hopkins University, formed a subcommittee charged with investigating the issue further.

That group has devised a survey posing the following options in backstroke events: (a) keep the current rule; (b) place no restrictions on the start and the first length, but then require the swimmer to break the water surface after no

underwater ADVENTURE

Swimming examines whether restricting creative strokes is in the sport's best interest

Racing beneath the water's surface is just one way swimmers are recording faster times. At issue is how much rules should restrict such creative strokes.

more than 15 meters after each turn; (c) place no restrictions on the start and the first length, but then require the swimmer to break the water surface after no more than 20 yards (use backstroke flags as a guide) after each turn; or (d) place no restriction on the distance that a swimmer can remain submerged.

"I felt the consensus during the meeting was that we weren't going to mess with the butterfly and freestyle but that we needed to take a look at the backstroke," said Kennedy. "The key thing is that we were thinking of opening up the backstroke more so that the first length you could do what you wanted.

"There are a lot of people who feel it would be important to limit what you do coming off the turn walls vs. limiting what happens off the start. But I would hate to see a restriction on the start in the butterfly and freestyle just to conform with FINA's backstroke rule, which I think is really what's happening."

Advocates of the proposal cite safety as a concern — that encouraging swimmers to stay underwater longer is a risk. According to Yeager, the safety issue may be exaggerated.

You want to make sure you look at all the safety issues, but you don't want them to become smoke screens, either," he said. "The matter may boil down to balancing the creativity and the ability of certain individuals to see what they can do in a slightly different way with maintaining conformity to a less creative international rules-making body that appears willing to legislate certain talents out."

Sport needs creativity

John Trembley, men's swimming coach at the University of Tennessee, Knoxville, thinks any additional stroke restrictions would hamper a sport that is in need of a shot in the arm. He points to the excitement that Berkoff's innovations created at the 1988 Olympic Games in Seoul as an example of how creativity gave swimming a spectator boost.

"I recall vividly that there were only two races for which the entire gallery stood," Trembley said. "They were the men's 50-meter free and the men's 100-meter backstroke, because everyone wanted to see Berkoff. And during the race I remember looking at another guy under the water, Daichi Suzuki from Japan, and I turned to one of my colleagues and said, 'You know, whoever comes up last is going to win this race.' And he said, 'No, you're crazy, Berkoff's gonna win.' Well, Suzuki surfaced after Berkoff and the race was history. Berkoff got the silver.

"But that creativity is exciting — it adds an interesting appeal in terms of training and creativity of coaching. I don't think we should restrict creativity — it adds excitement to the

One of Trembley's former swimmers — Mel Stewart, who won NCAA championships in the 200-yard butterfly in 1989 and 1991, then went

on to win a gold medal at the 1992 Olympics, introduced the underwater style in the butterfly last year and set short-course American records in the 100- and 200-meter events. Stewart swam nearly two-thirds of the 100-meter race submerged.

There is speculation that FINA will consider banning that strategy as it did the backstroke. Berkoff, victimized by such a decision once, thinks another ban would be a mistake.

"The idea of extra restrictions just points out how ridiculous the whole ban on underwater backstroke was," Berkoff said. "It was a total knee-jerk reaction to a piece of creativity that kind of blew everyone's mind.

"I wasn't the one who invented it — I was the one who took it to a new limit — and I think it surprised people that someone could make a change that was so effective that almost everyone would have to change with me to keep up. You see that in the breaststroke now — the breaststroke (Mike) Barrowman invented is now the breaststroke everyone has to do or they're not going to keep up. And if FINA and anybody else involved in governing the sport is going to be in the habit of turning swimming into a boring activity, then it's not going to hold much interest for anybody."

Allow for evolution

Berkoff argues that the creative aspect of working within the rules to enhance strokes is what breathes new life into the sport. He said that the butterfly came from the breaststroke; the idea to do an overarm recovery on breaststroke and add a dolphin kick created a new

"There needs to be an allowance for swimming to evolve," he said. "If you're against any creativity, basically what you're saying is that genetic engineering and creating the best monster is going to be the way of the future in swimming. I don't think that's the way it should be and I don't think that's the way most people, including the swimmers and the coaches, feel that's what we want."

"It seems to me that everyone is different," Yeager said. "Everyone has different skills. In other sports where you have different skills basketball, for instance — they've not yet legislated against taller people or the ones who can jump higher. We have to look carefully at not stifling creativity within the sport and within the rules. There ought to be some basic rules that make the sport what it is and then there ought to be room for different things within those

Any retraction of the 15-meter restriction in backstroke would represent a major change. The committee in the past has been encouraged by its constituents to align closely with FINA rules whenever possible, but Yeager said that sentiment may be changing.

"I think more people are saying, 'Hey, let's cut this loose and let people show us what they can do - however they do it," he said. "When you restrict creativity, you limit one of the things that's kind of neat about sports — and that is, 'How do I get better?' It's not like they're cheating - they're just figuring out how to do something in a different way."

The committee encourages feedback from coaches regarding use of 15-meter restrictions on any stroke. Coaches should provide comments to regional committee representatives.

NACDA recognizes four participants from Kickoff and Pigskin Classics

Association will provide four \$5,000 grants

The National Association of Collegiate Directors of Athletics Foundation will provide a special scholarship grant to one member of each team that participated in two NACDA-sponsored preseason football games — the 1995 Kickoff Classic and Pigskin Classic.

Four \$5,000 grants are awarded annually to a varsity football letterwinner from each of the participating teams. The student-athlete must be in his final year of eligibil-

Hoying

ity and carry a grade-point average

The recipients are quarterback

Bob Hoying of Ohio State Univer-

of at least 3.000 (4.000 scale).

Rainbow Commission for Fairness in Athletics says survey results should be interpreted in the appropriate context

➤ Continued from page 1

methodology used to calculate final indices, Walsh said. She also said some questions were loosely worded.

The RCFA solicited Walsh's comments earlier this year on a draft of questions proposed for the survey, but she was not involved in determining how the fairness indices would be calculated.

With regard to the scoring methodology, there is a special concern with the way football is treated in the survey. Question No. 2 asks, "Number of varsity football players?" and Question No. 9 asks, "Graduation rate of varsity football players?" An institution not sponsoring football was unable to respond to either question and therefore received no credit for questions that make up 10 percent of the scoring, which primarily explains why Division I-AAA institutions scored 17 percent lower than Divisions I-A and I-AA institutions.

Further, since the index is an unadjusted total of the 20 categories, the result is that historically black institutions have the highest scores (the responding historically black institutions were five of the top six scorers, averaging 134.6). Such numbers reflect the quantitative matter of minority involvement at an institution, but they do not necessarily address the more qualitative issue of fairness.

Of 20 questions on the distributed survey, Walsh said the final two are most problematic.

Question 19 of the survey asked, "Does athletic department buy goods/services from minority business?" If answered "yes," the survey then sought information on how many vendors. Points in that category were awarded based on how many vendors were checked.

Question 20 asked, "Does athletic department have separate

equal employment policy?" A "yes" answer merited 10 points; a "no" found zero points.

Walsh said: "For the vendors, it could have said something like, 'What's the percentage of your budget that you spend on minority vendors?' You could be buying 10 cents worth of merchandise from a minority vendor. You want to give a substantial part of your business to minority vendors. What part are you giving? It's good for (athletics departments) to have to check that out. So I didn't like how that question was worded.

"On question 20, there wouldn't be any reason for you to have a separate (from the rest of the university) equal-employment policy for athletics that I can think of."

Each of the questions, with the exception of Nos. 19 and 20, sought information across six ethnic lines — "White," "Black," "Latino," "Asian," "Native American," and "Other."

"If they showed us what percentage of black professors we have or what percentage of the student body was black, I think that would have been more meaningful than these (indices)," Walsh said. "But I see that they wanted to get some cumulative score, and there are benefits in doing that."

Charles Whitcomb, chair of recreation/leisure studies and faculty athletics representative at San Jose State University and chair of the NCAA Minority Opportunities and Interests Committee (MOIC), also found the index troublesome.

"I think the idea behind it has some value," Whitcomb said. "But there are some ambiguities there."

Charles Farrell, executive director of the RCFA, said criticisms of how the indices were reached should not cloud the purpose of commissioning the survey. He said all of the institutions were held to the same scoring standard. "If you had the numbers there, then you got points; if you didn't have the numbers there, you didn't get points," he said.

He also said that other factors, such as location, may play a role in how well or poorly an institution may have scored on the index. However, he said he was concerned about the number of institutions where a significant percentage of the black students on campus are student-athletes.

"If there is not a large black population in that state, then certainly, we would not expect a student body to be heavily populated with African-Americans," Farrell said. "However, in context, where you see low numbers for black student population and see huge numbers in football and basketball, then that suggests to us that this school has made a very concentrated effort to recruit black athletes, but has not made the effort to recruit black students.

"We found instances where one in three black students at an institution was an athlete. In a couple of places, it was one in two. That raises concerns about, in what role are you bringing black students to your campus? Are you bringing them there to play football and basketball? You couple that with the question of 'are they graduating?' When you add those numbers up, we think you get some idea of what happens to black athletes at that institution."

The RCFA said the inspiration for its index was the NCAA's Four-Year Study of Race Demographics of Member Institutions, coordinated by the MOIC. The RCFA created the Fairness Index and formulated a seven-point affirmative action plan for institutions.

"The Minority Opportunities and Interests Committee noted that there had been no significant changes in hiring over the four years of the study," Jackson said. "It is time for that to change. Affirmative action must be put into play at NCAA institutions. Blacks must develop and prosper beyond the playing field."

Legislation

Restructuring tops presidents' agenda; other proposals focus on sportsmanship, transfer eligibility and financial aid

➤ Continued from page I

gibility standards, Divisions I and II financial aid models and Division II athletics certification.

Restructuring

Adoption by the membership of Proposal No. 7 would provide the basic framework for a restructured Association. That framework would establish governance structures in each division in which chief executive officers will serve as the primary decision-makers. The governing bodies of each division would have unprecedented independence to set the policies, rules and regulations of a division.

The proposal, however, also would establish an Executive Committee to oversee Association-wide issues and ensure that each division operates consistent with the basic purposes, fundamental policies and general principles of the Association.

The proposal also provides each division constitutionally guaranteed opportunities for championships competition, administrative services and membership programs. It also would provide minimum budget allocations for Divisions II and III, alterable only by a two-thirds vote of the Association's membership, and would preserve current revenue-distribution formulas for Division I, alterable only by a two-thirds vote of the Division I membership.

Three of the proposed amendments to Proposal No. 7 address details of those constitutional guarantees. Five amendments-to-amendment address details of representation in the Association's and divisions' governance structures. The other five amendments-to-amendment address voting or override procedures in the Division I governance structure.

Featured among the amendments addressing constitutional guarantees is one proposed by seven Divisions I-AA and I-AAA conferences that would include in the revenue-distribution formula all gross revenues received by the Association, except for revenue specifically excluded (such as revenue from a new Division I-A football championship). The amendment also would specify elements of the revenue-distribution formula in the NCAA Constitution.

The amendments addressing representation in the governance structures include measures to permit selection of alternates to represent the same constituent body as a member who is unable to attend a meeting of three governing bodies — the Association's Executive Committee and the Division I Board of Directors and Management Council. Proposal No. 7 otherwise would leave selection of alternates for meetings of the Association's Executive Committee to members of a division's presidential governing body and make no provision for alternates on the Division I bodies.

Another amendment involving governance structures — this one sponsored by the NCAA Council — would specify that a current Division I-AA or I-AAA conference represented on the Board of Directors or Management Council will retain that position as long as it meets Division I membership requirements. The amendment also would provide more flexibility in filling Divisions I-AA and I-AAA positions on the Management Council by permitting more than one representative from the same conference.

All of the amendments addressing voting or override procedures pertain to Division I.

Two of the amendments are sponsored by Division I-AA conferences and seek either to end the existing constitutional provision authorizing Division I-A to act separately and Divisions I-AA and I-AAA to act together on federated issues unrelated to football (Proposal No. 7-9), or revise the vote needed to override legislative changes by the Division I Board of Directors to a simple majority, rather than the five-eighths majority specified in Proposal No. 7. The conferences believe that the Division I-A majority on the Board of Directors otherwise would be able to adopt legislation impacting constitutional guarantees.

The other amendments involving procedure are sponsored by the Council. Included is an amendment that would establish requirements for notification to the Division I membership of proposed changes in legislation; another would provide means to suspend legislation upon receipt of 100 requests for an override vote.

Rounding out proposals related to restructuring are two resolutions that will be considered by Division I — one directing the development of a plan to achieve diversity (particularly in the absence of prescribed minimum gender representation on the Division I Management Council, cabinets and committees) and another sponsored by the Council to direct a study of the issue raised by Divisions I-A and I-AA conferences in Proposal No. 7-9.

Sportsmanship and ethical conduct

After acting on restructuring proposals, the Convention will consider two proposals resulting from the work of the Presidents Commission Committee on Sportsmanship and Ethical Conduct in Intercollegiate Athletics.

One of the proposals would amend the NCAA Constitution's principle of ethical conduct to include a reference to sports-

manship. The other is a resolution that would direct the NCAA Committee on Athletics Certification to work with the Presidents Commission committee to develop legislation that would include "sportsmanship and ethical conduct" as a specific component of the athletics certification process.

Those are the only proposals on the agenda resulting directly from the efforts of the Presidents Commission committee. Other NCAA committees, however, have recommended legislation involving examples of unethical conduct that also will be considered at the Convention.

Two of those proposals come from the NCAA Professional Sports Liaison Committee. One would include in unethical-conduct legislation a prohibition against an institutional staff member receiving benefits to arrange contact between a student-athlete and an agent, financial advisor or "runner." The other would extend a prohibition against gambling by student-athletes to include betting on professional sports.

The NCAA Committee on Infractions is the source of a proposal that would extend unethical-conduct legislation to include former institutional staff members, and also would include as unethical conduct offering or providing improper financial aid to prospective or enrolled student-athletes.

Two-year college transfers

Proposals addressing abuses of rules establishing academic standards for transfers from two-year colleges also promise to generate considerable debate on Presidential Agenda Day. The Council is sponsoring all five proposals addressing that topic; some are cosponsored by the Presidents Commission.

The key measure — Proposal No. 23 — would require junior college football or men's basketball student-athletes who were partial qualifiers or nonqualifiers coming out of high school to sit out one academic year upon transferring to a Division I institution. Eligibility for practice and financial aid during the year out of competition would depend on meeting all other two-year transfer rules.

Protests from organizations representing the two-year college community — specifically, that the proposal is excessive and unfairly impugns the reputations of all two-year institutions — contributed to a Council decision to propose an amendment-to-amendment for the proposal. That amendment would permit immediate eligibility for a student-athlete who successfully has completed at least 40 percent of the course requirements established by the university to which a student is transferring for that student's specific baccalaureate degree program.

But even that move has prompted protests that the 40 percent figure is unrealistic. A group of Division I institutions — arguing that nonqualifiers and partial qualifiers typically are unable to "preselect" the university to which they will transfer and therefore often are unable to predict and fulfill degree requirements — have proposed an amendment-to-amendment that would set the requirement at 35 percent.

Another Council proposal for Division I would require partial qualifiers and nonqualifiers to earn at least 40 percent, rather than the current standard of 25 percent, of the credit hours needed to receive an associate of arts degree at the two-year college that awards the degree. A Council-sponsored amendment-to-amendment would limit that requirement to the sports of football and men's basketball.

The Council also is proposing in Division I to limit the number of two-year college summer-school transferable hours for student-athletes who were partial qualifiers or nonqualifiers. It also proposes, in both Divisions I and II, to prevent two-year college transfers from using correspondence courses to meet transfer requirements.

Division II members will consider a proposal cosponsored by the Council and Presidents Commission that would effectively increase the minimum amount of transferable degree credit required of a nonqualifier or partial qualifier who has attended a two-year college for more than two semesters/three quarters.

Initial eligibility

Several proposals recommend various modifications of the Division I initial-eligibility requirements — a major focus of last year's Convention in San Diego.

The Mid-Eastern Athletic Conference is proposing legislation to permit a student to qualify for initial eligibility either by achieving a 2.250 grade-point average in 13 core courses, or by achieving a 2.000 GPA and a score of 800 on the SAT (920 on the recentered SAT) or 19 on the ACT. The proposal would define partial qualifiers as prospects who achieve a core-course GPA of 2.000.

Other proposals also suggest alterations of initial-eligibility requirements that currently are scheduled to become effective in August 1996.

One proposes an index for partial qualifiers, based on a combination of core GPAs ranging from 2.250 to 2.500 and corresponding test scores. Another would include as partial qualifiers all student-athletes who previously would have been qualifiers but now are nonqualifiers as a result of the adoption of 1995 Convention Proposal No. 36-A.

Several Division I institutions are sponsors of a proposal to climinate the provision permitting partial qualifiers to practice on campus, in exchange for the opportunity to earn a fourth season of eligibility by meeting satisfactory-progress requirements.

There also is once again a proposal to permit partial qualifiers a fourth season of eligibility — a concept that was defeated at the 1995 Convention by only 12 votes. This proposal would grant a fourth season to a student-athlete who receives a baccalaureate degree before the beginning of the fifth academic year following the student's initial, full-time enrollment.

The Presidents Commission is opposing all of these proposed modifications of initial-cligibility legislation.

Division II institutions also are being asked to consider a proposal dealing with initial-eligibility requirements. The proposal would permit Division II partial qualifiers to participate in practice, as in Division I.

Financial aid models

Proposals dealing with financial aid models in Divisions I and II also are on the Presidential Agenda Day docket.

Division I members will have an opportunity to adopt a need-based financial aid model developed by the NCAA Committee on Financial Aid and Amateurism, despite the fact that the Council does not support the proposal.

The proposal would require that institutional aid beyond the value of tuition and fees and course-related materials be awarded on the basis of need as determined by a central processing agency, or "need-analysis assessment center." It also would permit student-athletes to receive institutional aid up to the cost of attendance. (An amendment-to-amendment sponsored by the Council would base the receipt of supplies, transportation allowances and miscellaneous expenses on a determination of need.)

The Council believes that a shift in climate since the financial aid committee was directed in 1994 to study need-based aid has made adoption of the proposal inadvisable. It is sponsoring the proposal, however, to give Division I members the opportunity to vote on the concept of need-based aid.

The financial aid committee also addressed Division II interests in its study, but that work did not result in a proposed need-based aid model. However, Division II conferences are sponsoring proposals addressing the issue.

One is a resolution that would direct the preparation of a report on financial aid models to the 1997 Convention. The report would include recommendations on whether to adjust the current Division II financial aid model or adopt an alternative model.

Division II institutions also may consider a need-based aid model proposed by the Rocky Mountain Athletic Conference.

The entire NCAA membership will consider a proposal that would incorporate into the Association's constitution the principle that a student-athlete may receive athletics aid limited to the full cost of attendance as defined and published by each institution.

The proposal has ramifications for a restructured Association because it would subject any future effort by a division or subdivision to grant aid beyond cost of attendance to a vote of the full membership.

Other

Various other issues are addressed in the remaining Presidential Agenda Day proposals. Foremost among those proposals is a measure to implement a certification program in Division II. The program bears many similarities to the Division I certification program but would require certification once every 10 years, rather than the five years mandated in Division I.

Other proposals would:

- Exempt from the grant-in-aid limit in Division I legitimate on- or off-campus earnings from employment occurring during the nontraditional or out-of-season segment of a student-athlete's sport.
- Permit Division I student-athletes to earn up to \$1,500 in legitimate on- or off-campus employment income beyond the grant-in-aid limit. This Big West Conference proposal is similar to a Council proposal that was defeated at the 1995 Convention
- Exclude a Pell Grant from calculation of the permissible amount of a full grant-in-aid in Division I.
- Permit Division I institutions to award athletics aid to a student during the summer before initial, full-time enrollment. The membership proposal, which includes limits designed to prevent increased costs, is cosponsored by the Council and supported by the Presidents Commission.
- Reinstate the grant-in-aid limitation of 14 counters in Division I men's basketball (an increase from the current limit of 13). Previous attempts to reinstate the limitation have been defeated or withdrawn. The Council and Presidents Commission oppose the proposal.
 - Address uncertainty created by a recent court ruling that

Legislation

➤ Continued from page 8

the Association's limits on compensation to restricted-earnings coaches violate federal antitrust law. Proposals include a measure calling for restricted-earnings coaches to be replaced with graduate assistant coaches, who would be permitted to recruit off campus in sports other than lootball and basketball. Other proposals would replace restricted-earnings coaches in all sports, or in I-AA football only, with part-time assistant coaches. The Council and Presidents Commission oppose all of the proposals, as well as a proposal in Division I men's ice hockey to convert the restricted-earnings coach into a third head or assistant coach.

■ Permit Division III institutions to begin basketball practice on the fourth Saturday preceding the first permissible contest date. Another Division III proposal would exempt participation in one preseason football scrimmage against outside competition from limits on the number of football contests, provided certain conditions are met. Both proposals are supported by the Council and Presidents Commission.

Summary

Following is a summary of the 35 proposals — and accompanying amendments-to-amendments — in the Presidents Commission grouping. All votes involving these proposals will be by roll call. Also indicated in the summary are sponsors, positions (if any) taken by the Council and Presidents Commission, actions resulting from committee review of a proposal (if any), and the business session in which a proposal will be acted upon.

No. 7: Revise the NCAA membership structure. Sponsored by the Council and Presidents Commission; recommended by the Oversight Committee on the NCAA Membership Structure. General business session with all divisions voting together; also, Divisions I, I-A, I-AA, I-AAA, II and III business sessions.

No. 7-1: Amend No. 7 to define general operating revenue. Sponsored by the New York Collegiate Athletic Conference. General business session; all divisions vote together.

No. 7-2: Amend No. 7 to specify the Division I revenue-distribution formulas that will be constitutionally protected. Sponsored by the Metro Atlantic Athletic, Midwestern Collegiate, Big South, Northeast, Missouri Valley, Southland and Southwestern Athletic Conferences. Division I business session.

No. 7-3: Amend No. 7 to specify the access to national championships guaranteed to Divisions I-AA and I-AAA. Sponsored by the Council; recommended by the Division I Steering Committee. Division I business sessions.

No. 7-4: Amend No. 7 to permit in Division I an Executive Committee member's constituent body to select an alternate to attend an Executive Committee meeting when the Executive Committee member is unable to attend. Sponsored by 16 Division I institutions. General business session; all divisions vote together.

No. 7-5: Amend No. 7 to confirm the commitment to assure diversity of representation in the new governance structure. Sponsored by the Presidents Commission. Division I business session.

No. 7-6: Amend No. 7 to specify that Divisions I-AA and I-AAA conferences that currently meet appropriate membership criteria should continue to be represented on the Division I Board of Directors or Management Council as long as they meet such criteria; specify that other Divisions I-AA and I-AAA conferences that meet the appropriate membership criteria in the future also shall be represented as long as that is possible; and delete the prohibition against more than one representative from the same conference serving on the Management Council at the same time. Sponsored by the Council; recommended by the Division I Steering Committee. Division I business session.

No. 7-7: Amend No. 7 to permit in Division I a Board of Directors member's constituent body to select an alternate to attend a meeting when the board member is unable to attend. Sponsored by 16 Division I institutions. Division I business session.

No. 7-8: Amend No. 7 to permit in Division I a Management Council member's constituent body to select an alternate to attend a meeting when the Management Council member is unable to attend. Sponsored by 16 Division I institutions. Division I business session.

No. 7-9: Amend No. 7 to eliminate the authority for Division I-A to act separately and for Divisions I-AA and I-AAA to act together on federated issues unrelated to football. Sponsored by the Metro Atlantic Athletic, Mid-Continent, Southland and Trans America Athletic Conferences. Division I business session.

No. 7-10: Amend No. 7 to require notification to the membership following subcommittee, committee or cabinet action concerning Division I legislation. Sponsored by the Council; recommended by the Division I Steering Committee Division I business session

No. 7-11: Amend No. 7 to specify that legislative action taken pursuant to Constitution 5.3.2.2.3 (Division I-A autonomy on issues unrelated to football) is subject to an override vote by a simple majority, rather than a five-eighths majority. Sponsored by the Metro Atlantic Athletic, Southern, Southland and Southwestern Athletic Conferences. Division I business session.

No. 7-12: Amend No. 7 to permit conferences to file requests for a vote to override Division I legislation on behalf of their member institutions. Sponsored by the Council; recommended by the Division I Steering Committee. Division I business session.

No. 7-13: Amend No. 7 to establish a process to suspend Division I legislation when requests for an override vote are made by 100 member institutions. Sponsored by the Council; recommended by the Division I Steering Committee. Division I business session.

No. 8: A resolution directing that, after adoption of the proposed NCAA governance structure, the Division I transition team review the authority of Division I-A to act separately and for Divisions I-AA and I-AAA to act together on issues unrelated to football; also, directing that appropriate recommendations be submitted to the Council and Presidents Commission for possible sponsorship of legislation for consideration by the Division I membership at the 1997 Convention. Sponsored by the Council; recommended by the Division I Steering Committee. Division I business

erecion

No. 9: A resolution directing the Division I transition team to develop a specific written plan for achieving the stated goals of diversity of representation in a restructured Association and to submit appropriate recommendations to the Council and Presidents Commission for possible sponsorship of legislation for consideration by the Division I membership at the 1997 Convention. Sponsored by nine Division I institutions. Division I

No. 10: Incorporate into the Association's "Principles for Conduct of Intercollegiate Athletics" the principle that the maximum athletics aid an individual student-athlete may receive is the full cost of attendance as defined and published by each institution. Sponsored by the Midwestern Collegiate Conference. Committee on Financial Aid and Amateurism position; None. Opposed by the Council (proposal modified to address Council's concern). General business session; all divisions vote together.

No. 11: Amend the principle of ethical conduct to include a reference to sportsmanship. Sponsored by the Council and Presidents Commission; recommended by the Presidents Commission Committee on Sportsmanship and Ethical Conduct in Intercollegiate Athletics. General business session; all divisions vote together.

No. 12: A resolution directing the Committee on Athletics Certification to work with the Presidents Commission Committee on Sportsmanship and Ethical Conduct in Intercollegiate Athletics to develop legislation for consideration at the 1997 Convention that will include "sportsmanship and ethical conduct" as a specific component of the Division I athletics-certification program, effective in the second five-year cycle of the program. Sponsored by the Council and Presidents Commission; recommended by the Presidents Commission Committee on Sportsmanship and Ethical Conduct in Intercollegiate Athletics. Division I business session.

No. 13: Confirm that the unethical-conduct legislation applies to former institutional staff members and that unethical conduct may include offering or providing improper financial aid to prospective or enrolled studentathletes. Sponsored by the Council; recommended by the Committee on Infractions. General business session; all divisions vote together.

No. 14: Include as unethical conduct the receipt of benefits by an institutional staff member for facilitating or arranging a meeting between a student-athlete and an agent, financial advisor or "runner." Sponsored by the Council; recommended by the Professional Sports Liaison Committee. General business session; all divisions vote together.

No. 15: Prohibit student-athletes from participating in any gambling activities associated with professional sports contests. Sponsored by the Council; recommended by the Professional Sports Liaison Committee. General business session; all divisions vote together.

No. 16: In Division II, specify that once every 10 years an institution shall complete a prescribed institutional self-study, verified and evaluated through an external peer-review process administered by a Division II Committee on Athletics Certification. Sponsored by the Presidents Commission and Council; recommended by the Special Committee to Study Division II Athletics Certification. Division II business session.

No. 17: In Division I, specify that a qualifier is a student who graduates from high school with a minimum grade-point average of 2.250 in 13 core courses or a student who graduates from high school with a minimum grade-point average of 2.000 in 13 core courses and achieves at least an 800 on the SAT (920 on the recentered SAT) or 19 on the ACT; also, change the definition of a partial qualifier to a student who presents a cumulative grade-point average of at least 2.000 in 13 core courses. Sponsored by the Mid-Eastern Athletic Conference. Academic Requirements Committee position: Oppose. Opposed by the Council and Presidents Commission. Division I business session.

No. 18: Revise the definition of a partial qualifier to include students who present a core-curriculum grade-point average of 2.500 and an SAT score of 690 (810 on the recentered SAT) or an ACT score of 17 (or appropriate SUMACT score), and to include students who present core-curriculum grade-point averages from 2.475 to 2.250 and SAT scores of 700 (820 on the recentered SAT) or above or ACT scores of 17 (or appropriate SUMACT score) or above. Sponsored by nine Division I institutions. Academic Requirements Committee position: Oppose, Opposed by the Presidents Commission. Division I business session.

No. 19: In Division I, modify the definition of a partial qualifier to include student-athletes who previously would have been qualifiers but now are nonqualifiers based on the adoption of 1995 Convention Proposal No. 36-A. Sponsored by the Big West Conference and eight Division I members. Academic Requirements Committee proposal: Oppose Opposed by the Presidents Commission. Division I business session.

No. 20: In Division I, eliminate the opportunity for a partial qualifier to practice during the initial year in residence; also, permit a partial qualifier to earn a fourth season of competition, provided the student meets satisfactory progress at the beginning of the student's fifth academic year. Sponsored by nine Division I members. Academic Requirements Committee position: Oppose. Opposed by the Council and Presidents Commission. Division I business session.

No. 21: In Division I, permit a partial qualifier to earn a fourth season of competition, provided the student receives a baccalaureate degree prior to the beginning of the fifth academic year following the student's initial, full-time collegiate enrollment. Sponsored by the Atlantic 10 Conference. Academic Requirements Committee position: Oppose. Opposed by the Presidents Commission Division I business session.

No. 22: In Division II, permit a partial qualifier to participate in practice activities at the institution during the first academic year in residence. Sponsored by the Rocky Mountain Athletic and West Virginia Intercollegiate Athletic Conferences and 11 Division II members. Academic Requirements Committee position: Support. Division II business session.

No. 23: In Division I, specify that a two-year college transfer student in the sport of football or men's basketball who was not a qualifier shall be required to spend one academic year in residence at the certifying institution prior to being eligible for competition, and maintain the current academic requirements regarding eligibility upon transfer for practice and institutional financial aid in those sports. Sponsored by the Council; recommended by the Academic Requirements and Two-Year College Relations Committees. Divisions I, I-A and I-AA business sessions.

No. 23-1: Amend No. 23 to maintain in Division I the current transfereligibility requirements applicable to a two-year college transfer in the sport of football or men's basketball who was not a qualifier, provided the student successfully has completed at least 40 percent of the course requirements in the student's specific baccalaureate degree program at the certifying institution. Sponsored by the Council; recommended by the Division I Steering Committee. Divisions I, I-A and I-AA business sessions.

No. 23-2: Amend No. 23 to maintain in Division I the current transfereligibility requirements applicable to a two-year college transfer student in the sport of football or men's basketball who was not a qualifier, provided the student successfully has completed at least 35 percent of the course requirements in the student's specific baccalaureate degree program at the certifying institution. Sponsored by 14 Division I institutions. Divisions I, I-A and I-AA business sessions.

No. 24: In Division I, specify that a two-year college transfer student who was not a qualifier shall be limited to using a total of 18 semester or 27 quarter hours of transferable degree credit from summer terms in order to meet transfer-eligibility requirements and that not more than six semester or nine quarter hours of the transferable credit may be earned during the summer term(s) immediately prior to transfer. Sponsored by the Council and Presidents Commission; recommended by the Academic Requirements and Two-Year College Relations Committees. Division I business session.

No. 24-1: Amend No. 24 to specify in Division I that a two-year college student who was not a qualifier may carn not more than nine semesters or 12 quarter hours of transferable degree credit during the summer term(s) immediately prior to transfer. Sponsored by the Council; recommended by the Two-Year College Relations Committee. Division I business session

No. 25: In Division I, specify that for partial qualifiers and nonqualifiers, at least 40 percent of the credit hours needed to fulfill the academic degree requirements of a two-year college transfer student must be earned at the two-year college that awards the degree. Sponsored by the Council and Presidents Commission; recommended by the Academic Requirements and Two-Year College Relations Committees. Division I business session.

No. 25-1: Amend No. 25 to specify in Division I that for partial qualifiers in the sports of football and men's basketball only, at least 40 percent of the credit hours needed to fulfill the academic degree requirements of a two-year college transfer student must be earned at the two-year college that awards the degree. Sponsored by the Council; recommended by the Two-Year College Relations Committee. Division I business session.

No. 26: In Division II, specify that a two-year college transfer student who was not a qualifier and who has not graduated from the two-year college shall have completed successfully an average of at least 12 semester or quarter hours of transferable degree credit for each semester/quarter of full-time attendance at the two-year college in order to fulfill transfer-eligibility requirements. Sponsored by the Council and Presidents Commission; recommended by the Division II Steering Committee. Division II business session.

No. 27: In Divisions I and II, preclude the use of correspondence courses to satisfy the transferable-degree-credit component of the two-year college transfer-eligibility requirements. Sponsored by the Council and Presidents Commission; recommended by the Academic Requirements and Two-Year College Relations Committees. Divisions I and II business sessions.

No. 28: In Division I, require that institutional aid awarded beyond the value of tuition and fees and required course-related books be awarded on the basis of a student-athlete's demonstrated need as determined by a central processing agency utilizing federal methodology; permit student-athletes to receive institutional financial aid up to the cost of attendance; redefine the value of a full grant-in-aid; alter the calculation of equivalency values; and permit a Division I student-athlete to receive academic honor awards without affecting the student-athlete's cost-of-attendance calculation. Sponsored by the Council (Council does not support the proposal); recommended by the Committee on Financial Aid and Amateur ism. Division I business session.

No. 28-1; Amend No. 28 to specify that a student-athlete's receipt of supplies, transportation allowances and miscellaneous expenses from the institution shall be based on the student-athlete's demonstrated need as calculated by federal methodology. Sponsored by the Council; recommended by the Committee on Financial Aid and Amateurism. Division 1 business session.

No. 29: A resolution directing the Division II transition team that would be formed after adoption of restructuring and/or the Division II Steering Committee to present a progress report at the 1997 Convention on the topic of financial aid models, including whether appropriate legislation to adopt an alternative model or adjust the current model will be proposed to the Division II membership not later than the 1998 Convention. Sponsored by the Rocky Mountain Athletic and West Virginia Intercollegiate Athletic Conferences. Division II business session.

No. 30: In Division II, permit a student-athlete in specific sports to receive financial aid up to the cost of attendance as determined by the Federal Needs Analysis Methodology; limit to the cost of tuition, fees and books the amount of institutional athletics aid a student-athlete may receive without demonstrating need or qualifying for an honorary academic award; calculate equivalencies based on the value of countable aid received by the student-athlete divided by the value of tuition, fees and books for the student-athlete; establish new equivalency limits in selected Division II sports; and charge a subcommittee of the Committee on Financial Aid and Amateurism with reviewing and approving the professional judgment of the campus financial aid director for a Division II student-athlete who has received athletically related financial aid. Sponsored by the Rocky Mountain Athletic Conference. Committee on Financial Aid and Amateurism position: Oppose. Division II business session.

No. 31: Permit Division I student-athletes to exempt legitimate on- or off-campus employment earnings from their full grant-in-aid limit, provided the employment occurs during the nontraditional or out-of-season segment of the playing season in the student-athlete's sport and neither the institution's athletics department staff members nor representatives of the institution's athletics interests are involved in arranging the employment. Sponsored by the Big Ten Conference. Committee on Financial Aid and Amateurism position: None. Not supported by the Presidents Commission. Division I business session.

No. 32: Permit Division I student-athletes to earn up to \$1,500 in legitimate on- or off-campus employment income in excess of a full grant-in-aid, provided the institution's athletics department staff members and/or representatives of the institution's athletics interests are not involved in arranging the employment. Sponsored by the Big West Conference. Committee on Financial Aid and Amateurism position: None. Not supported by the Presidents Commission. Division I business session.

No. 33: Specify that a Pell Grant shall not be included when determining the permissible amount of a full grant-in-aid for a student-athlete. Sponsored by eight Division I members. Committee on Financial Aid and Amateurism position: None. Division I business session.

■ Championships previews

Men's Water Polo

Trojans look tough in new format

Event: 1995 National Collegiate Men's Water Polo Championship.

Overview: The 1995 championship features for the first time in its 26-year history a four-team format — a reduction from last year's eight-team bracket. Southern California hopes for another first — a team title. Runners-up at the last two championships, the Trojans (who have finished second and third four times each) are in position to end their title drought. Ranked No. 1 in the top-25 poll for the first time since 1984, Southern California claimed 16 of its first 19 games. Hrvoje Cizmic, Mateo Juric and Marko Zagar lead a potent Trojans offense that has racked up 223 goals — a 10.1 goals-per-game average. Brendan Grubbs is the point-man of the Southern California defense, which has limited opponents to six goals or less on 10 occasions....Southern California's road to the title will not be easy. Mountain Pacific Sports Federation (MPSF) rivals UCLA, UC Irvine, California and Pepperdine — ranked Nos. 2 through 5 nationally, respectively also are bidding for the league's sole automatic berth....UCLA strives to end a 22-year stretch without a title. The Bruins, who won three of the first four championships, finished MPSF play with an 8-0 record and approach the championship on a nine-game winning streak. The Bruins boast a balanced attack led by juniors Jeremy Braxton-Brown and Corbin Graham and senior Adam Kirkorian. The trio has compiled 73 goals in 20 games, led by Braxton-Brown's team-high 24 goals. Defensively, the Bruins are led by goaltender Matt Swanson, who has registered a 6.73 goals-against average....UC Irvine, which has advanced to 21 of 26 championships, hopes to return to championship play after missing last year. UC Irvine has won seven of its last eight games, including victories against UCLA, Southern California and California. Matt Maunz is the Anteaters' top scoring threat with 36 goals through 18 games. Maunz, a senior, is joined by Ryan Bailey (34 goals) and Omar Amr (26 goals), the squad's top defender. Tom Davis, who played every game for UC Irvine last season, once again bolsters the defense....Navy and Massachusetts are front-runners for the Eastern Water Polo Association's automatic

Hrvoje Cizmic (top) is part of an explosive Southern California offense.

berth. Massachusetts, which has advanced to the last two championships, won 28 of its first 33 games, including an 8-4 triumph over Navy November 4. The Minutemen, who have scored 20 or more goals 11 times, are led offensively by Luis Limardo (108 goals) and Brian Stahl (71 goals)....Air Force, which represented the Western Water Polo Association last year, again is seeking that league's automatic berth. The Falcons, 18-9 overall, are led by John Christ, Brian Pendergast and

Field: The championship features a fourteam, single-elimination format. One team each from the Mountain Pacific Sports Federation, and Eastern Water Polo and Western Water Polo Associations automatically will qualify. The remaining team will be selected at large

Dates and site: The championship will be December 1 and 3 at Stanford.

Results: Championship results will appear in the December 11 issue of The NCAA

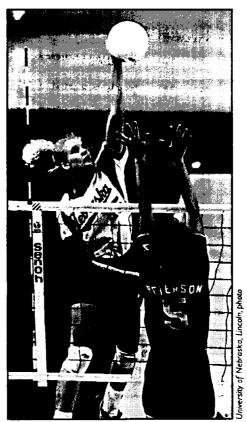

Championship notes: UCLA went undefeated in MPSF play this year for the first time in 23 years....UC Irvine posted a 3-1 regular-season record against Southern California and UCLA....California has advanced to the last nine championships, the longest current streak....Teams currently competing in the MPSF have finished Nos. 1 and 2 at all 26 championships.

Division I Women's Volleyball

Nebraska heads pack of contenders

Event: 1995 Division I Women's Volleyball Championship.

Overview: Top-ranked Nebraska is 24-1 and has won 23 straight matches since an carly-season loss to Stanford, which was ranked No. 1 at the time. The Cornhuskers won 68 consecutive games during the streak before Florida managed to win twice in Nebraska's 3-2 victory at Lincoln. Senior and two-time first-team all-American middle blocker Allison Weston (342 kills, .383 percentage) and sophomore Lisa Reitsma (323 kills, .374) are two reasons Nebraska is among Division Headers in hitting percentage....Florida was unbeaten before its loss at Nebraska, but the Gators are now 28-1 and feature all-American middle blocker Aycan Gokberk, who returns after two knee injuries. Gokberk leads the nation in hitting

Nebraska is among the Division I leaders in hitting percentage, thanks in part to sophomore Lisa Reitsma.

percentage at .467....The lone unbeaten team in the country is Hawaii at 25-0 (including wins over Texas and UCLA). The Rainbow Wahines are ranked No. 2 behind two-time second-team all-American Angelica Ljungquist, who ranks sixth nationally with 1.75 blocks per game and is hitting .367....The Big Ten Conference boasts three top-10 teams — No. 6 Ohio State, No. 7 Michigan State and No. 8 Penn State. Michigan State is 27-2 and leads the Big Ten at 15-1. The Big Ten race is far from over as the Spartans still must face Ohio State and Penn State....In the West, Stanford dropped consecutive matches to Texas and Texas A&M after downing Nebraska, then put together a 20-match win skein that included 15 victories over ranked opponents....Texas, UCLA, Washington State and Pacific (California) head a lengthy list of additional contenders.

Field: The 48-team field will include at least one team from each of eight districts. Automatic qualification has been granted to 17 conferences; 14 conferences will compete in play-in competition to fill the remaining seven conference berths. Other teams will be selected at large.

Dates and sites: Sixteen first-round matches will be played November 29 and 16 second-round matches will be played December 2 or 3 on campuses of participating schools. Regional tournaments are December 7-10. The semifinals and final will be December 14 and 16 at Massachusetts.

Television coverage: ESPN2 will provide live coverage of the semifinals at 5:30 p.m. (Eastern time) December 14. The semifinals also will be shown tape-delayed by ESPN (12:30 a.m. December 15 and 16). ESPN2 will televise the final live at 4 p.m. December 16; ESPN will provide tape-delayed coverage at 5 p.m. December 17.

Results: First- and second-round results will appear in the December 11 issue of The NCAA News. Regional results will appear in the December 18 issue and championship results will appear December 25.

Championship notes: This year's championship at Massachusetts culminates a yearlong celebration of the 100th anniversary of the sport of volleyball.

■ Championships summaries

Division II football

First round: Ferris St. 36. Millersville 26: New Haven 27, Edinboro 12; North Ala, 38, Albany St. (Ga.) 28; Carson-Newman 37, West Ga. 26; Pittsburg St. 36, Northern Colo. 17; North Dak. St. 41, North Dak. 10; Tex. A&M-Kingsville 59, Fort Hays St. 28; Portland St. 56, East Tex. St. 35.

Ouarterfinals (November 25): New Haven (10-0-1) at Ferris St. (11-0); Carson-Newman (9-2) at North Ala. (11-0); North Dak. St. (10-2) at Pittsburg St. (10-0-1); Portland St. (8-4) at Tex.

Division III football

First round: Mount Union 52, Hanover 18; Wheaton (Ill.) 63, Wittenberg 41; Wis.-La Crosse 45, Concordia-M'head 7; Wis.-River Falls 10, Central (Iowa) 7; Wash. & Jeff. 35, Emory & Henry 16; Lycoming 31, Widener 27; Rowan 46, Buffalo St. 7; Union (N.Y.) 24, Plymouth St. 7.

Quarterfinals (November 25): Wheaton (III.) (10-0) at Mount Union (11-0); Wis.-River Falls (9-2) at Wis.-La Crosse (11-0); Lycoming (8-2) at Wash. & Jeff. (9-0); Union (N.Y.) (9-1) at Rowan (8-2-1).

Division I

men's soccer

First round: Virginia 2, Rhode Island 1; Hartwick 3, St. John's (N.Y.) 2; Brown 2, Boston U. 1: Lafavette 2, Cornell 0 (2 ot); Maryland 2, Penn St. 0; James Madison 1, Princeton 0; Duke 3, N.C.-Greensboro 0; South Caro. 3, Coastal Caro. 1 (2 ot); UCLA 2, Cal Poly SLO 1; Santa Clara 4, San Diego 1 (2 ot); Portland 1, Washington 0; Butler 1, Indiana 0; Wisconsin 2, Bowling Green 0; William & Mary 2, Creighton 1 (4 ot); Clemson 2, Charleston (S.C.) 0; Southern Methodist 4, St. Louis 1 (2 ot)

Second round (to be completed by November 27 on the campuses of participating institutions): Virginia (19442) vs. Hartwick (13-5-2); Brown (15-3) vs. Lafayette (12-6-2); Maryland (13-6-1) vs James Madison (17-4-1); Duke (13-6-1) vs. South Caro. (16-3); UCLA (18-2-1) vs. Santa Clara (14-2-2); Portland (14-2-3) vs. Butler (18-4-1); Wisconsin (16-4-1) vs. William & Mary (18-5); Clemson (16-5-1) vs. Southern Methodist (14-3-1)

Division I

women's soccer

Second round: North Caro. 4, Vanderbilt 0; Santa Clara 1, Virginia 0; Connecticut 3, Massachusetts 0; Notre Dame 5, Wisconsin 0; Southern Methodist 2, Texas A&M 1; North Caro. St. 2, Duke 1 (8 ot); Maryland 6, James Madison 1; Portland 1, Washington 0.

Third round (to be completed by November 26 on campuses of participating institutions): North Caro. (24-0) vs. Santa Clara (18-3); Connecticut (19-2-2) vs. Notre Dame (18-2-2); Southern Methodist (22-0-1) vs. North Caro, St. (19-4); Maryland (18-5) vs. Portland

Division II

men's soccer

Second round: S.C.-Spartanburg 1, Tampa 0; Mercyhurst 1, Northeast Mo. St. 0; Southern Conn. St. 4. Franklin Pierce 2 (2 ot); Cal St. Bakersfield 5, Grand Canyon 1 (2 ot).

Semifinals (November 30 or December 1

on the campus of a participating institution): S.C.-Spartanburg (16-4-2) vs. Mercyhurst (12-6-3); Southern Conn. St. (19-1-1) vs. Cal St. Bakersfield (18-2-1). Final December 2 or 3.

North Carolina finishes perfect, cruises to I field hockey crown

North Carolina capped an undefeated season and tied a championship-game record for goals in defeating Maryland, 5-1, to win the Division I Field Hockey Championship.

The final was played November 19 at Wake Forest.

The toughest part of the day for the Tar Heels (24-0) may have been getting to the field since players were forced to catch rides with parents after the team bus failed to show up at the hotel. Coach Karen Shelton-Scroggs said her team's poise under unusual circumstances was typical of the entire season.

"This team has faced a lot of adversity, but we've had a lot of things going for us. We've had great team chemistry, great leadership," Shelton-Scroggs said.

The Tar Heels also had an outstanding penalty-corner combination — Susannah Schott finishing on passes from Kim Schroll and Abbi Keller. That lethal combination scored three goals — including two in the second half that turned the game into a rout.

Maryland coach Missy Meharg,

whose Terrapins finished the season 19-5, said that despite the one-sided score, she saw bright spots in her team's fourth loss this year to North Carolina.

"This is an emotionally discouraging time for the team because in the past we have played (them) some pretty tight games," she said. "I felt that in spots, we played better than we ever have this year against them, so I was actually pleased with our performance at times."

Schott ended the championship weekend with four goals and one assist, while Keller and Schroll each chipped in five assists. Nancy Pelligreen had three goals, including one in the final.

The championship is North Carolina's second. The Tar Heels also won in 1989, also under Shelton-Scroggs. North Carolina finished second in three of the past four years.

North Carolina's Schroll, Pelligreen, Barber, Schott, Withrow and Christy Utter were selected to the all-tournament team, along with Maryland's McVicker, DeBow and Kristen Kethcum; Northeastern's Regina Carl; and James Madison's Carole Thate.

North Carolina's Kim Schroll races away from the Maryland defense on the way to a 5-1 victory.

Arkansas men, Providence women win in I cross country

Youthful Razorbacks dominate men's field

Championships typically are times when experience and maturity win out over inexperience and youth.

Don't tell that to the Arkansas men's cross country team.

With a squad featuring four freshmen, two sophomores and one senior, the Razorbacks ran away from the field to win a championshipsrecord-tying eighth Division I Men's Cross Country Championships title November 20 at Iowa State.

Paced by individual champion Godfrey Siamusiye and Ryan Wilson, the Razorbacks claimed five of the top 36 team scoring places to score 100 points, 42 better than runner-up

See complete results: Page 13.

Northern Arizona.

The championship was Arkansas' fifth in six years and eighth in the last 12. The Razorbacks share the championships record for most titles with Michigan State.

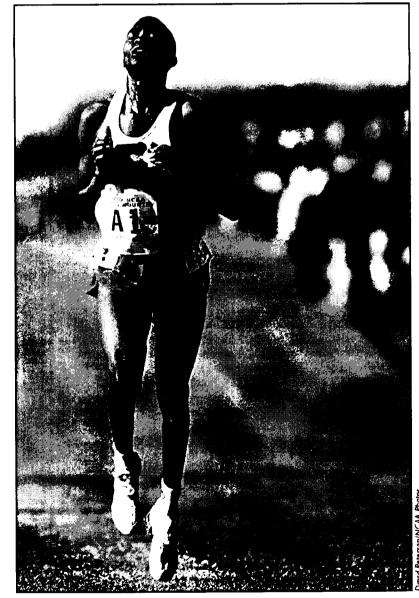

Northern Arizona, fourth in 1994, earned its second runner-up showing. The Lumberjacks placed second in 1988.

Oklahoma State (150 points), Colorado (181) and Stanford (209) rounded out the top five.

Siamusiye, the squad's only senior, became the second Arkansas runner to claim the individual championship. Siamusiye, who also claimed a 10,000-meter run crown at the 1995 Division I outdoor track championships, finished with a time of 30 minutes, 9 seconds — 36 seconds better than runner-up Mark Carroll of Providence.

Joe Falcon claimed Arkansas' first individual title in 1987.

Wilson, who placed 69th at the 1994 championships, climbed 64

Arkansas' Godfrey Siamusiye approaches the finish line — some 36 seconds faster than the second-place competitor.

spots to finish in fifth place for Arkansas coach John McDonnell. A sophomore, Wilson covered the 10,000-meter course in 30:57.

Freshman Sean Kaley, sophomore Phillip Price and freshman Matthew Kerr accounted for the remainder of the Razorbacks' points. Kaley placed 38th overall, while Price — who finished 118th as a freshman — and Kerr finished Nos. 43 and 50, respectively.

Freshmen Adam Dailey and Seneca Lassiter were the sixth- and seventh-place runners for Arkansas, finishing 65th and 86th, respectively.

Friars end Villanova's six-year string of victories

Over the last six years, the biggest question at the Division I Women's Cross Country Championships has been, "Which team will end Villanova's reign?"

The answer is Providence.

Earning four of the top-25 team scoring places, the Friars scored 88 points to blow away the field and claim its first team championship November 20 at Iowa State.

The Friars, whose previous best finish was a runner-up showing at the 1990 championships, ended a sixyear victory string by Villanova.

Colorado was second with 123 points — its highest finish. Villanova placed third with 151 points, while Brigham Young and Oregon rounded out the top five.

Kathy Butler of Wisconsin claimed individual honors. The championship was Butler's first and the second ever for Wisconsin. Cathy Branta earned the first title for the Badgers in 1984.

"I felt if we could match Villanova four-for-four, we would have a chance to win the meet," said Providence coach Ray Treacy. "This is our first NCAA title in any sport, so this is very exciting.

"Our strategy was to go out easy because the first half of the course is more difficult. We needed to control the course."

The Friars accomplished that objective.

Junior Marie McMahon and sophomore Maria McCambridge set the tone for the Friars, garnering fourthand sixth-place overall finishes. McMahon, who placed 20th overall in 1994, finished in 17 minutes, 9 seconds, while McCambridge covered the 5,000-meter course in 17:22.

The Friars clinched the title when Susan Murnane, Moira Harrington and Krissy Haacke placed among the top 44 overall finishers. Murnanc See complete results: Page 13.

placed 13th, clocking in with a time of 17:34, while Harrington and Haacke finished 28th and 44th, respectively.

Butler, a senior, finished at 16:51, four seconds better than runner-up Amy Skieresz of Arizona. Butler also is a track champion; she won the 3,000-meter run at the 1995 Division I outdoor track championships.

"We had a good lead pack. We all ran together, and then three or four of us pulled away," Butler said. "Two of them pulled away from me and I thought they were gone, but when we hit the hill, I got a kick. That's all I had. But it was good enough to catch them. It's not very common to fall back and then get back into the race. But, they didn't keep pulling away. Their move wasn't strong enough and I managed to stay in it."

Wisconsin's Kathy Butler wrapped up the individual title in 16 minutes, 51 seconds.

/ Peterson/NCAA Phot

Adams State women claim II cross country

Perfect. That's the best way to sum up Adams State's performances at recent NCAA Division II Women's Cross Country Championships.

In four years of NCAA competition, the Indians have won four times. In short, they have been perfect.

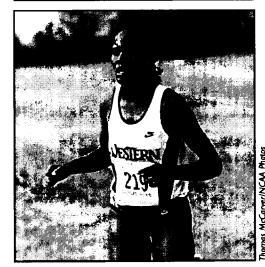

Adams State's latest perfect performance came November 18 at South Carolina-Spartanburg.

Paced by Nikole Sterling and Denise Summers, the Indians recorded the championships' most lopsided victory ever, outdistancing runner-up Abilene Christian by 81 points (62 to 143). The largest previous margin of victory was in 1984, when Cal Poly San Luis Obispo outdistanced runner-up South Dakota State by 75 points to win its third consecutive team title.

Western State, Mankato State and Wisconsin-Parkside rounded out the top five, totaling 147, 161 and 163 points, respectively.

Tumaini Urio of Western State was equally impressive in the individual championship, claiming her first and the Mountaineers' third

■ See complete results: Page 14.

consecutive title.

Adams State, which lost three of its 1994 championships performers to graduation, placed five runners among the top 23 finishers — including four of the top 16 — in putting together its record-breaking performance.

Sterling, 11th individually at the 1994 championships, climbed six spots to place fifth overall, while Summers placed 12th overall.

Joining Sterling and Summers at the head of the Indians' corps were Janelle Olson and Kim Bugg, who placed 15th and 16th, respectively. Nara Hawker accounted for Adams State's final points with a 23rd-place showing overall.

Urio, who placed ninth overall at the 1994 championships, secured Western State's third consecutive individual title by finishing the 5,000-meter race in 16:54.85. The time was nearly nine seconds better than runner-up Casi Florida of Abilene Christian.

Urio's former teammate, Elva Dryer, won consecutive individual titles in 1993 and 1994 for Western State.

Williams men beat Methodist, win III soccer

The third time was a charm for Williams.

After losing in the championship game two years ago and being bumped off in the first round last year, the host Ephs parlayed two second-half goals into a victory over top-ranked Methodist, 2-1, in the Division III Men's Soccer Championship November 19.

Williams, out of the New England Small College Athletic Conference, had been ineligible for the field until 1993, when a NESCAC ban on team competition in NCAA postseason play was lifted.

Williams made the most of its third opportunity, scoring early in the second half when Brad Murray converted a cross from Paul Burke for a 1-0 advantage. The Ephs scored again when Jason Horowitz took a cross from Nick Trebat and pushed the ball past Monarch goal-keeper Justin Terranova for a 2-0 lead.

Methodist cut the deficit in half on a long-range goal by Kari Reynisson with 12 minutes remaining, but Williams goal-keeper Erin Sullivan made a key save down the stretch and the Eph defense rode out the victory.

It was the first title for coach Mike Russo's Ephs, who completed a 17-0-2 campaign. It also was a record-setting title for Murray, who established Division III tournament marks for goals in a single tournament (8) and career (11).

Murray's goal in the semifinals against Muhlenberg (16-1-4) tied the match and enabled the Ephs to advance on the basis of penalty kicks after the two teams battled through a scoreless overtime.

Williams won the penalty-kick tiebreaker when Trebat converted Williams' winning kick, then Sullivan smothered an attempt by opposing goalkeeper Ron Moser, who, ironically, took Muhlenberg's final penalty kick.

Methodist (21-1) rolled over Chapman in its semifinal match as the Monarchs scored three unassisted goals, including two within a four-minute span midway through the second period. Chapman (17-4-1) was making its first appearance in the tournament.

Williams' championship run culminated a season dedicated to Eph tricaptain Matt Stauffer, who was diagnosed with leukemia before the beginning of the season.

"The team says that I've been their inspiration for the year," Stauffer said. "But they've been my inspiration, too. Just like they won the NCAA title, I will beat leukemia."

Since joining the NCAA in 1992, Western State has established itself among the premier teams in Division II men's cross country by garnering three top-three team finishes — including two runner-up showings.

This year, the Mountaineers proved to be the best team.

Despite competing with their No. 1 runner at less than full strength, the Mountaineers amassed 69 points — 29 fewer than runner-up Central Missouri State — to win their first championship November 18 at South Carolina-Spartanburg.

Northeast Missouri State finished third with 104 points, while South Dakota State and Mankato State finished fourth and fifth with 142 _____

Western State wears men's crown for first time

and 166 points, respectively.

Charles Mulinga of Lewis successfully defended his individual crown, becoming the eighth runner to win in consecutive years.

■ See complete results: Page 14.

Western State claimed its first championship without points from Philip Spratley, the 1994 individual runner-up. Spratley, who competed at the championships while suffering from a stress fracture, placed 115th overall for the Mountaineers.

Hector Hernandez-Salazar, a transfer from Adams State, set the pace for Western State by finishing eighth overall. It was HernandezSalazar's second straight NCAA top-10 show-

Joining Hernandez-Salazar at the front of the Mountaineers' pack were Hamish Smith, Mark Burgess and Andrew Bruckner, all of whom placed among the top 20. Smith placed 15th overall in 31:41.63, while Burgess and Bruckner placed 16th and 18th, respectively.

Mulinga claimed his second individual cross country title and eighth NCAA individual championship by blowing away the field with a time of 30:20.12. Mulinga, who has claimed two individual indoor track and four individual outdoor track championships, finished more than 21 seconds ahead of runner-up Thomas Korir of Abilene Christian.

Committee recommends bat standard for 1996

The NCAA Baseball Rules Committee has voted to recommend to the NCAA Executive Committee a maximum level of baseball bat performance for the 1996 season.

This is the first time the rules committee has recommended a performance limit on the baseball bat. If approved, the standard would affect the performance of bats for regular-season and NCAA championship competition in 1996.

The rules committee agreed to recommend that a bat with a maximum Bat Performance Factor of 1.14, with a .01 margin of error, may be used in intercollegiate baseball competition in 1996.

The Bat Performance Factor (BPF) is the increase in the liveliness of a ball hitting a bat compared to throwing a ball against a solid wall. In this case, a ball that hits off a stationary bat that has a BPF of 1.15 will rebound 15 percent faster than a ball that hits off a solid wall (a solid wall has a BPF of 1.00).

"I feel this is a useful step toward reestablishing the game's competitive balance," said Bill Rowe Jr., athletics director at Southwest Missouri State University and chair of the rules committee.

"I hope the effect of this recommendation will lead to maintaining the sound tradition of the game. Our goal is to provide a safe and level playing field for all student-athletes while at the same time ensuring that players' skills not equipment and technology — will determine the outcome of games."

The rules committee based its recommendation on the results of Bat Performance Factor data provided by Richard A. Brandt, a physics professor at New York University. Brandt was engaged by the Sporting Goods Manufacturers Association to conduct both laboratory and field tests in developing his conclusions.

Last July, a group of bat manufacturers proposed that an interim level of performance for the 1996 season would compare to the 1994 regular-season performance level of nonwood bats.

"The committee considers its action an acceptance of the manufacturers' proposal," Rowe said.

In his test, Brandt compared the performance of 14 different bats that were used during the 1995 season to the performance level of 18 bats that were used during the 1994 season. Of the highest-performing 1994 bats, one bat had a BPF of 1.14; the 1995 models revealed four bats with a BPF of 1.15.

"The committee intends to recommend a permanent bat performance standard as soon as possible," Rowe said. "In developing the permanent standard, we will welcome and evaluate other sources of performance data, data on the performance characteristics of the ball and will pursue results of scientific studies on reaction time."

Should the 1997 standards be more restrictive than those for 1996, the committee agreed that it would not exempt bats that met the 1996 standards but instead would hold all bats to the new standards.

The rules committee's recommendation must be approved by the Executive Committee, which will address the issue at its December 7-8 meeting in Kansas City, Missouri. The Executive Committee has the authority to approve, modify or reject playing rules recommendations regarding player safety, financial impact and image of the sport.

Before the Executive Committee meeting, the rules committee will solicit comments on the recommended standard from all interested parties. The rules committee will review pertinent information before the Executive Committee meeting.

The rules committee has asked the NCAA staff to investigate procedures for assuring compliance with the new rule. It is anticipated that Brandt will conduct random and periodic testing of the most popular bat models to ensure compliance with the standard.

Cal State Fullerton's Kotsay wins Golden Spikes Award

Mark Kotsay, an outfielder and relief pitcher for 1995 NCAA Division I baseball champion California State University, Fullerton, is this year's recipient of the Golden Spikes Award.

The award is presented annually by USA Baseball to the most outstanding amateur player in America. The award honors exceptional athletic ability and exemplary sportsmanship, as well as advancement of baseball through participation in the sport.

Kotsay, who is preparing for his junior sea-

son at Cal State Fullerton, provided much of the offensive punch as well as timely relief pitching in leading the Titans to the Division I title in June. He was named most valuable player of the College World Series.

He also was selected player of the year by the National College Baseball Writers Association and coplayer of the year by Collegate Baseball

Kotsay received the award during USA Baseball's Excellence Awards Program lun-

cheon November 14 in New York City.

He was one of nine finalists for the Golden Spikes Award. Other finalists were Clint Bryant of Texas Tech University; Jose Cruz Jr. of Rice University; Darin Erstad of the University of Nebraska, Lincoln; Todd Helton of the University of Tennessee, Knoxville; Geoff Jenkins of the University of Southern California; Jonathan Johnson of Florida State University; Shane Monahan of Clemson University; and Mark Redman of the University of Oklahoma.

Williams makes it two in a row in III men's cross country

Winning back-to-back team titles at the Division III Men's Cross Country Championships has not been an easy task.

In the championships' first 22 years, only two teams accomplished the feat.

Make that three teams.

With three finishers among the top 15 individuals overall, Williams accumulated 83 points to hold off nine-time champion North Central by eight points and successfully defend its team title November 18

See complete results: Page 14.

at Wisconsin-La Crosse.

Williams joined North Central and Wisconsin-Oshkosh as the only teams to win consecutive team titles. North Central has won consecutive crowns on four occasions, while the Titans won three consecutive titles from 1988 through 1990.

Wabash placed third, accumulat-

ing 104 points, while Rochester Institute of Technology and host Wisconsin-La Crosse garnered fourth- and fifth-place finishes, respectively.

North Central's John Weigel secured his first individual title after consecutive runner-up finishes. Weigel edged teammate Matt Brill by four-tenths of a second to carn the Cardinal's fourth individual title. Weigel finished in 23 minutes, 57.5 seconds

Marzuki Stevens, Jeremie Perry

and Tim Billo, the top three returnees from Williams' 1994 championship team, again led the way for coach Peter Farwell's squad. Stevens posted the Ephs' top individual showing, placing fourth overall with a time of 24:23.2.

Perry, the 1994 individual champion, registered his third consecutive top-10 finish, placing eighth overall in 24:32.9, while Billo, 22nd in 1994, improved nine spots to garner a 13th place finish.

Keith Long and Paul Alsdorf sc-

cured Williams' second team title by placing Nos. 26 and 52, respectively. Long, a senior, placed 20th overall in the team scoring, while Alsdorf's 52nd-place individual finish was good enough to place 41st in the team scoring.

North Central, which has claimed a championships-record nine team titles, finished as runner-up for the 10th time. The Cardinals have finished first or second at the last nine championships, winning three times.

Cortland State continues winning ways in III women's event

The Division III Women's Cross Country Championships have become a Cortland State affair.

Since claiming its first team title in 1989, the Red Dragons have dominated the championships, winning six of the last seven team titles.

Cortland State did it again November 18, when the Red Dragons claimed three of the top nine team scoring places to cruise to their fourth consecutive championship at Wisconsin-

See complete results: Page 14.

La Crosse.

Cortland State, which has claimed each of the last three team titles by more than 30 points, totaled 46 points to easily outdistance runner-up Wisconsin-Oshkosh (83 points).

The Titans -- the last team to beat

Cortland State in the championships (1991) — placed second for the third time in seven years.

Moravian scored 194 points to place third, while Claremont-Mudd-Scripps and Calvin tied for fourth with 216 points each.

Jessica Caley of Williams claimed the individual title to become the school's first champion in the meet's 16-year history.

Heather Swarts and Julie Donnelly

led the way for the Red Dragons, finishing second and eighth overall, respectively. Swarts and Donnelly both carned their highest individual showings, finishing in 17:37.9 and 18:01.6, respectively.

Michelle Franklin, a graduate student competing in her first championships since 1989, and Heidi Swarts bolstered Cortland State's title defense with 17th- and 25th-place showings, respectively. Franklin covered the

5,000-meter course in 18 minutes, 7.9 seconds, while Swarts improved on her 28th-place finish in 1994 by clocking in at 18:14.8.

Cindy Lauzon rounded out the Red Dragons' scoring by placing 31st overall and 16th in the team scoring.

Caley, a sophomore, blew away the field to win her first individual title. Caley, who as a freshman placed 16th overall, outdistanced runner-up Heather Swarts by more than 13 seconds.

Bowl-bound Northwestern most-improved in I-A

BY JOHN PAINTER

NCAA STATISTICS COORDINATOR

The surprise team of the college football season and a Division I-AA upstart that captured its first outright conference title in 16 years headline the 1995 list of most-improved teams.

Northwestern is packing for just the second bowl game in school history following a season in which coach Gary Barnett's squad compiled quite a list of superlatives. The Wildcats, 10-1, have their first winning season since 1971 and are assured of no worse than a share of their first Big Ten Conference title since 1936 and they did all of the above against a schedule that included Notre Dame, Michigan and Penn State.

Only a last-second loss in September to Miami (Ohio) kept Northwestern from an undefeated season. The Wildcats' 10 victories are a school record and mark a 6½-game improvement over last season's 3-7-1 fin-

Meanwhile, Murray State sliced its way through the Division I-AA ranks en route an 11-0 record and berth in the NCAA championship playoffs. The Racers captured the Ohio Valley Conference crown outright for the first time since 1979 by improving six games over last season's 5-6 showing.

Houston Nutt is the third coach to lead Murray State into the NCAA championship, following in the footsteps of Mike Gottfried in 1979 and Frank Beamer in 1986. The Racers could equal Boise State's eight-game improvement last season by winning four games and capturing the Division I-AA title, but Montana State's record 91/2-game improvement in 1984 is safe.

Georgia Tech still had an excellent chance of overtaking Northwestern for Division I-A most-improved honors heading into the Thanksgiving weekend. Coach George O'Leary, who stepped onto the sideline late during the 1-10 campaign of 1994, paced the Yellow Jackets to six wins in their first 10 games of 1995 — a 51/2game advancement.

Arkansas State, another 1-10 team from a year ago, won its last four games to finish 6-5 and post the school's first winning record since returning to Division I-A in 1992. Before this season, the Indians were a combined 9-44-2 during the first half of the decade.

Rhode Island faced arguably the

Note: To determine games improved, add the difference in victories between the two seasons to the difference in losses, then divide by two; ties not counted. # First year on job. Includes bowl: *Win, + Loss, @ Tie.

nation's toughest season-ending schedule but still finished with a fivegame improvement. Coach Floyd Keith's Rams came away 7-4 after dropping consecutive games to 10-1 Hofstra and 10-1 Delaware.

New coaches making an immediate impact on this year's lists include Jim Reid of Richmond and Tyrone Willingham of Stanford. Reid returned to the Spiders after one season as defensive coordinator at Boston College and lifted the squad to 7-3-1 this year, a 4½-game improvement over 1994. He was the defensive coordinator at Richmond

for two years before his Boston College appointment and was head coach at Massachusetts from 1986 to

Former running-backs coach Willingham returned to Stanford after three seasons with the Minnesota Vikings. Like Reid, Willingham's efforts also produced a 7-3-1 mark that included victories over Utah, Oregon and archrival California. The fourgame improvement over last year's 3-7-1 finish has the Cardinal tied for fourth among most-improved teams in Division I-A.

Undefeated teams normally dot the

most-improved charts, and 1995 is no exception. In Division I-A, Toledo put together a 10-0-1 mark that is four games better than last year's 6-4-1 showing. The Rockets are headed to the Las Vegas Bowl as outright champion of the Mid-American Athletic Conference for the first time since 1984. As was the case with Northwestern, only Miami (Ohio) spoiled an otherwise perfect season by forging a 28-28 tie in the middle of October.

Ohio State has won 11 games in a season for the first time since 1979 and continues to vie for a Big Ten crown and national-championship ring. Coach John Cooper's eighth season with the Buckeyes has seen a three-game improvement over an already-impressive 9-4 finish last sea-

In Division I-AA, Troy State and Appalachian State join Murray State at 11-0 and right in the thick of the NCAA championship picture. The Trojans are up 31/2 games from last season's 8-4 playoff squad, while the Mountaineers, who also advanced to the 1994 postseason tournament, are three games better than last year's 9-4 record.

PASSING OFFENSE

I-A single-game highs

PLAYER

Rushing and passing yards: 559, Cody Ledbetter, New Mexico St. vs. UNLV, Nov. 18.

Rushing and passing plays: 82, Rusty LaRue, Wake Forest vs. Duke, Oct. 28.

Rushing yards: 314, Eddie George, Ohio St. vs. Illinois,

Rushing plays: 49, Robert Holcomb, Illinois vs. East Caro., Sept. 23.

Passes completed: 55, Rusty LaRue, Wake Forest vs. Duke, Oct. 28.

Passes attempted: 78, Rusty LaRue, Wake Forest vs. Duke, Oct. 28.

Passing yards: 552, Mike Maxwell, Nevada vs. UNLV, Oct.

Passes caught: 18, Alex Van Dyke, Nevada vs. Toledo, Sept. 23; and vs. UNLY, Oct. 28. Receiving yards: 314, Alex Van Dyke, Nevada vs. San Jose

Punt return yards: 225, Chris McCranie, Georgia vs.

South Caro., Sept. 2. Kickoff return yards: 190, Eddie Kennison, LSU vs. Texas A&M, Sept. 2.

TEAM

Points scored: 77, Florida St. vs. North Caro. St., Sept. 16; Nebraska vs. Arizona St., Sept. 16; South Caro. vs. Kent, Oct. 7; Virginia Tech vs. Akron, Oct. 14.

Rushing and passing yards: 797; Florida St. vs. Duke,

Rushing yards: 624, Nebraska vs. Iowa St., Nov. 4. Passing yards: 552, Nevada vs. UNLV, Oct. 28.

Fewest rushing and passing yards allowed: 39, Miami (Ohio) vs. Akron, Nov. 18.

Fewest rushing yards allowed: -44, Okiahoma vs. North Texas, Sept. 23.

Last week's bests

PLAYER

Rushing and passing yards: 559, Cody Ledbetter, New Mexico St. vs. UNLV, Nov. 18.

Rushing yards: 226, Darnell Autry, Northwestern vs.

Passing yards: 546, Cody Ledbetter, New Mexico St. vs. UNLV, Nov. 18.

Passes caught: 16, Geroy Simon, Maryland vs. Florida St., Nov. 18.

Receiving yards: 314, Alex Van Dyke, Nevada vs. San Jose St., Nov. 18.

TEAM

Points scored: 65, Miami (Ohio) vs. Akron, Nov. 18. Rushing and passing yards: 721, New Mexico St. vs.UNLV, Nov. 18.

Rushing yards: 473, Missouri vs. Iowa St., Nov. 18. Passing yards: 546, New Mexico St. vs. UNLV, Nov. 18.

NCAA statistics are available on the Collegiate Sports Network.

I-AA single-game highs

PLAYER

Rushing and passing yards: 614, Bryan Martin, Weber St. vs. Cal Poly SLO, Sept. 23.

Rushing and passing plays: 85, Dave Dickenson, Montana vs. Idaho, Oct. 21.

Rushing yards: 337, Frank Alessio, Massachusetts vs. Boston U., Nov. II.

Rushing plays: 53, Kwame Vidal, Florida A&M vs. Tennessee St., Sept. 23.

Passes completed: 48, Clayton Millis, Cal St. Northridge

vs. St. Mary's (Cal.), Nov. 11.

Passes attempted: 72, Dave Dickenson, Montana vs. Idaho, Oct. 21 Passing yards: 558, Dave Dickenson, Montana vs. Idaho,

Passes caught: 20, Tim Hilton, Cal St. Northridge vs. St. Mary's (Cal.), Nov. Π . Receiving yards: 276, Joey Stockton, Western Ky. vs. Austin

Peay, Sept. 16. Punt return yards: 148,Tim Hilton, Cal St. Northridge vs.

Menlo, Sept. 9. Kickoff return yards: 245, Jermaine Sharp, Southern-B.R. vs. Alcorn St., Oct. 21.

TEAM

Points scored: 97, Tenn.-Martin vs. Bethel (Tenn.), Sept. 7. Rushing and passing yards: 714, Delaware vs. Maine, Oct. 28.

Rushing yards: 520, Delaware vs. James Madison, Oct. 21.

Passing yards: 558, Montana vs. Idaho, Oct. 21.

Fewest rushing and passing yards allowed: 25, George town vs.St. Peter's, Nov. 11.

Fewest rushing yards allowed: -33, New Hampshire vs. Lehigh, Sept. 30.

Last week's bests

PLAYER

Rushing and passing yards: 396, Dave Dickenson, Montana vs. Montana St., Nov. 18

Rushing yards: 253, Derrick Cullors, Murray St. vs. Western III., Nov. 18.

Passing yards: 406, Kevin Foley, Boston U. vs. Buffalo, Nov.

Passes caught: 15, Tim Hilton, Cal St. Northridge vs. Cal St. Sacramento, Nov. 18.

Receiving yards: 208, Joe Douglass, Montana vs. Montana \$t., Nov. 18.

TEAM

Points scored: 56, Murray St. vs. Western III., Nov. 18. Rushing and passing yards: 671, Cal Poly SLO vs. Eastern Wash., Nov. 18.

Rushing yards: 506, Hampton vs. Morgan St., Nov. 18.

Passing yards: 511, Cal Poly SLO vs. Eastern Wash., Nov.

NCAA Record

CHIEF EXECUTIVE OFFICERS

Anne Ponder, vice-president for information technology at Kenyon, named president at Colby-Sawyer, effective in January...John A. Synodinos, president at Lebanon Valley, announced his retirement, effective June 1996 or upon selection of a suc-

DIRECTORS OF ATHLETICS

Bill McHenry, director of physical education, athletics and recreation at Wooster since 1991, announced he will retire in July 1996. McHenry has chaired the NCAA Division III Football Committee, Committee on Committees and Committee on Competitive Safeguards and Medical Aspects of Sports. He also served on NCAA rules committees for football and lacrosse. He also has been AD at Lebanon Valley and Washington and Lee...J. H. "Chip" Sherer Jr., who graduated from Erskine in 1989, named AD at his alma mater. He replaced W. W. Lesesne, who retired in June.

ASSISTANT DIRECTORS OF ATHLETICS

Michael Scarano, compliance coordinator and men's and women's cross country coach at Alabama-Huntsville, named assistant director of athletics for compliance there. Scarano was hired at the school in 1985 as assistant men's basketball coach. He also has served as interim head men's basketball coach and assistant women's baskethall coach...Mike Blaser, director of athletics promotions at UNLV, selected as assistant director of athletics for external affairs at Eastern Kentucky, his alma mater.

COACHES

Men's basketball-Glenn Bell named head men's basketball coach at Bard. He re placed Kurt James.

Men's basketball assistant-John Herndon, an assistant with the men's basketball team at Rice for the past two seasons, selected as administrative assistant for the

Women's basketball-Janet Gabriel, head women's basketball coach at Morehead State, signed a contract extension through the 1996-97 season.

Women's basketball assistants—Tom Gibbons, a men's basketball assistant at Clark (Massachusetts) for two seasons from 1991 to 1993, named assistant women's coach at the school, where he also played...Sue Mulligan named assistant women's basketball coach at Emerson-Massachusetts College of Art, which also announced the

MacCabe named for Tennessee soccer

Charlie MacCabe, assistant head men's soccer coach at North Carolina for the past five years, has been selected as head women's

soccer coach at Tennessee. MacCabe succeeds Randy Waldrum, who was hired in June for the new position but resigned in September to handle a family business after his father suffered a heart attack. MacCabe will coach the Lady Vols in their first season of competition in 1996.

During his tenure at Chapel Hill, the Tar Heel men earned four NCAA tournament bids while being ranked in the top 20 nationally in 1990, 1991, 1993 and 1994. MacCabe was involved in all aspects of the program, including scheduling, recruiting and organizing practice.

MacCabe has a wide variety of coaching experience. In 1982 and 1983, he coached the Tucson (Arizona) Sharks, a men's amateur team. He then coached an under-16 team with the Tucson United Soccer Club and at a high school.

MacCabe played three years of varsity soccer at Brown, including two years as a starter. The teams made the NCAA tournament in 1976 1977 and 1978. In 1983, MacCabe earned a master of arts degree in geography at Arizona.

appointment of Sherry Androlewicz...Carol Moore, a girls' high-school head basketball coach, named at Connecticut College...Salve Regina selected Ed Habershaw and Christine Julius as assistant coaches.

Football—LaVell Edwards, head football coach at Brigham Young, signed a multiyear contract extension...Buddy Benson, head football coach at Ouachita Baptist for the past 31 years, announced his retirement as head coach. He will remain at the university in an unspecified capacity. Benson, who holds a career record of 162-139-8 at Quachita, was hired as assistant coach in 1961...Ralph Young, currently assistant football coach with the Iowa Barnstormers of the Arena Professional League, sclected as head coach at Westminster (Missouri).

Football assistants—Stew Krisch resigned as offensive coordinator at West Texas

Men's and women's volleyball---Ulises Noboa, assistant men's coach at New Paltz State, appointed head men's coach at Bard. He replaced Glenn Warnock, who was named head men's coach at New Paltz

STAFF

Sports information director- Terry Logue, formerly director of information for the St. Louis Intercollegiate Athletic Conference, selected as Connecticut College's first sports information coordinator.

Sports information assistant—Stephanie Burchill, sports information director for the past two years at Alaska Fairbanks, selected as assistant at Central Florida.

Etc.

SEMINARS

vidual champion and winner of the outdoor mile three straight years from 1969 to 1971. He also won the indoor mile and two-mile runs in 1971.

A seven-time individual or relay IC4A champion, Liquori also won nine Penn Relays Championship of America watches. In addition, Liquori established five Villanova records during his undergraduate career.

In the 1968 Olympic Games, Liquori became the youngest person to participate in an Olympic 1,500-meter final. He was the American record-holder in the 5,000 meters from 1977 through 1982, but with the boycott of the 1980 Olympic Games, Liquori retired from active competition to pursue broadcasting full time. He is in his 24th year with ABC Sports and has covered four Olympic Games, 14 New York Marathons, and numerous track and field championships. He will be inducted later this month into the U.S. Athletics Hall of Fame.

Liquori also is president of a group of sporting goods stores that now numbers more than

He also has been the national coach and spokesperson for Team in Training, a program of the Leukemia Society of America that raises funds for leukemia research.

Thomas Lewis Lyons Georgia

Football

A two-time all-American and two-time all-Southeastern Conference lineman, Lyons was the recipient of Georgia's William K. Jenkins Award and J. B. Whitworth Award as the Bulldogs' top lineman in 1970. Lyons was elected team captain in 1971.

Lyons was awarded a National Football Foundation and College Hall of Fame post-graduate fellowship and was an NCAA post-graduate scholarship recipient. He was a two-time SEC all-academic choice and a member of the Gridiron and Blue Key honorary scholastic societies at Georgia.

Lyons was drafted by the Denver Broncos and started 49 consecutive games before suffering a leg injury. He attended medical school and completed his internship and residency at the University of Colorado, Boulder, while playing for the Broncos.

Currently the director of the Center for Advanced Videoscopic Surgery in Atlanta, Lyons is widely published in the field of obstetrics and gynecology and is considered a world pioneer in the techniques of endoscopic and laser The Silver Anniversary Award recognizes former student-athletes who have distinguished themselves since completing their college athletics careers 25 years ago. Award winners were selected by the NCAA Honors Committee, which is composed of athletics administrators of member institutions and distinguished citizens who are former student-athletes.

surgery. He is a Fellow of the American Institute of Ultrasound in Medicine and the American College of Obstetrics and Gynecology. He also is a member of several medical organizations, including the American Fertility Society, the Gynecological Laser and Advanced Technology Society, and the International Society for Gynecologic Endoscopy.

Lyons also is an accomplished pianist and once served as a guest conductor of the Denver Symphony Orchestra during his days with the Broncos. He also serves as a volunteer team physician for Georgia's women's varsity sports teams.

Cliff B. Meely Colorado

Basketball

Meely was the Big Eight Conference's leading scorer and most valuable player in 1968 and again in 1970. A three-time all-American center, Meely helped lead the Buffaloes to the 1969 Big Eight championship.

A member of the United States team at the World University Games in Turin, Italy, Meely led the team to a silver medal.

He was a first-round draft pick of the Houston Rockets and played there for more than four years. He then played for the Los Angeles Lakers for a year and a half. Meely went on to play in the Italian League and was named its defensive player of the year in 1980.

Currently a community liaison for the Boulder Valley School District, Meely works in pupil services and dropout prevention.

He also serves on the board of directors for the University of Colorado "C" Club and on the executive committees of the University of Colorado Alumni Association and the Black Alumni Association.

In addition, Meely is a volunteer assistant basketball coach for Fairview High School in Boulder and a volunteer for the Boulder Valley Church Youth Basketball Camp.

Kurt L. Schmoke

Football and lacrosse

Schmoke was elected mayor of Baltimore in 1987 and has served in that office since. He is best known for establishing a cabinet-level city agency and private foundation to fund, coordinate and expand literacy programs throughout the city. He also has overseen the passage of the largest increases ever in the Baltimore's education budgets.

A two-time letter-winner in football and threctime letter-winner in lacrosse at Yale, Schmoke was secretary of the senior class and was recipient of a Rhodes Scholarship, which led him to study at Oxford University.

He earned a juris doctor degree from Harvard University in 1976 and began to practice law in Baltimore that same year. He was appointed to the White House Domestic Policy Staff under President Carter in 1977, then was named assistant United States Attorney for Maryland in 1978. Schmoke then was elected the State's Attorney for Baltimore in 1982, and as the city's chief prosecuting officer, he created a full-time narcotics unit to prosecute drug cases.

Schmoke is an elected successor trustee of the Yale University Corporation, the governing body of the institution. In addition, he has initiated policies designed to improve the participation of women and minority entrepreneurs in the economic life of Baltimore. He also has served on numerous boards of trustees in the civic and cultural life of Baltimore.

Joseph Theismann Notre Dame

Football and baseball

A record-setting quarterback at Notre Dame, Theismann finished second in the Heisman Trophy balloting in 1970 and was named an allAmerican that same year.

He finished his career with 290 completions for 4,411 yards and 31 touchdowns. He also rushed for 1,043 yards and 16 touchdowns in 316 carries. He holds Notre Dame career records for most passes and completions in a season, most passing yards in a season, and most games with 200 or more yards of total offense.

Theismann went on to become a two-time Pro Bowl player and the most productive quarterback in the history of the Washington Redskins. He played 163 consecutive games for the Redskins and threw for 25,206 yards. He led Washington to victory in Super Bowl XVII and was named the National Football League's most valuable player in 1983.

Theismann carried his football expertise to the broadcast booth, serving as an analyst for CBS Sports in 1986 and 1987 and then for ESPN from 1988 to the present.

He also contributes to charitable causes, including the National Medical Center Children's Hospital, the Kidney Transplant Foundation and the Children's Miracle Network telethon. He was named NFL Man of the Year for Community Service in 1982.

Herbert Jackson "Jack" Youngblood Florida

Football

Youngblood was a three-year starter at defensive end for the Gators and was an all-American and all-Southeastern Conference selection in 1970. Named the most valuable player in the 1971 Senior Bowl, Youngblood also was selected in 1975 to the all-SEC Quarter-Century Team (1950-1975).

Youngblood was a first-round draft pick by the Los Angeles Rains and went on to play in seven Pro Bowls. He was selected by his teammates three times as the Rains' most valuable player and holds the club record for playing in the most consecutive games with 201. He finished his 14-year career as the Rains' second all-time leader in sacks and fourth in games played.

He was director of marketing for the Rams from 1985 through 1991, then took the same position with the Sacramento Surge of the World League of American Football. He assumed his current position as vice-president of operations for the Orlando Predators arena football team in 1993.

A spokesman for the United Way and an ambassador for Child Help USA, an organization benefiting abused children, Youngblood was inducted into the College Football Foundation and Hall of Fame in 1992.

■ The Market

Readers of The NCAA News are invited to use The Market to locate candidates for positions open at their institutions, to advertise open dates in their playing schedules or for other purposes relating to the administration of intercollegiate athletics. In addition, individuals seeking employment in intercollegiate athletics also are welcome to place positions-wanted advertisements.

Rates: 65 cents per word for general classified advertising (agate type) and \$32 per column inch for display advertising for member institutions. (Commercial display advertising is available only to NCAA corporate sponsors, official licensees and members, or agencies acting on their behalf.) Positions-wanted advertisements are placed on a prepayment basis only.

Word-counting example: "Position wanted. Retired athletics administrator seeks part-time work. Contact: John P. Doe, 1234 Main Street, Anytown, KS 99999-1234, or call 999/555-5555." (22 words x 65 cents = \$14.30)

Copy restrictions: Advertisements that indicate a closing date for applications and nominations must list a date that does not precede the publication date. The NCAA News reserves the right to refuse advertisements that do not comply with this or other restrictions.

For more information, call The NCAA News at 913/339-1906, ext. 3000, or write: The NCAA News, 6201 College Boulevard, Overland Park, Kansas 66211-2422, Attention: The Market. To fax an ad, call 913/339-0031.

Rich Falk Assistant Commissioner Big Ten Conference 1500 West Higgins Road Park Ridge, IL 60068

Legislative assistance

1995 Column No. 42

Clarification Evaluations/observations — multiple contests

A recent Legislative Assistance column (Column No. 38; October 30, 1995, edition of The NCAA News) indicates that a May 8, 1995, interpretation related to an institution's coach observing multiple competitions in the same facility applies to individual as well as team sports. Please note that the May 8 interpretation applies only to team sports. Thus, the column should read as follows:

NCAA Divisions I and II institutions should note that in accordance with NCAA Bylaw 13.1.9.7, in team sports, observing a contest or practice during the academic year shall count as one of the permissible number of evaluations (set forth in 13.1.9) for each prospect in the contest or practice, even if a contact is made during the same day. [Note: In Divisions I-A and I-AA football, such observation that occurs during a permissible contact period shall count only as a contact pursuant to 13.02.3.1 and 13.02.5.1.1.1 During its May 8, 1995, telephone conference, the NCAA Interpretations Committee determined that an institution's coaching staff member who is attending an event in which multiple competitions are occurring at the same time in the same facility is charged with an evaluation for each prospect participating in the event the coach observes for evaluation purposes (i.e., the coach is assessing the prospect's athletics ability). For example, if three volleyball competitions are occurring simultaneously in the same facility and a coach is observing the competition occurring only on one court, the coach is charged only with an evaluation of all prospects participating on that court, even though prospects participating on other courts in the same facility are within the coach's view. For issues related to the observation of prospects participating in individual sports, please refer to 13.1.9.6.1 for Division 1 or 13.1.9.6.2 for Division II.

NCAA Bylaw 14.7.6.1 Waivers for outside competition

In accordance with 14.7.6.1, the NCAA Council may grant waivers to permit student-athletes to participate in outside competition. Thus, the Council has issued a "blanket waiver" for specified competition sponsored by the following national governing bodies. Please note that directors of athletics of each institution must give written permission to the coordinator of the event in order for the student-athletes to be permitted to participate in the event.
